Liable to Break Up the Western Passenger Association.

CHAIRMAN CALDWELL IS CHARGED

With Prostituting His Office to That of a Mere Partisan.

CHICAGO, Aug. 1.-Chairman Caldwell, of ehe Western Passenger Association well, of ehe Western Passenger Association and placed in the hands of the constables has caused considerable surprise among and the arrests will probably be effected railroad men by refusing to accept E. A. Ford, General Passenger Agent of the Pennsylvania lines, as arbitrator in the Atchison's appeal from his rulings. The Atchison took an appeal in two cases. One was from the Chairman's decision denying that it was justified in making a \$12 rate to Denver and return on account of the Knights Templar Comclave. The other was one from the ruling and action of the Chairman in his authorization of a one-way rate of \$12 to Denver and intermediate points, and the alleged conspiracy by which the Atchison was deprived of its rights under the agreement.

The warrants were immediately placed in the hands of the proper officials, with instructions to apprehend the principals at the earliest date and bring them up for trial. Last night two of the constables left for Washington and Beaver to arrest Streator and Grim, who are charged with being the principals. The arrests will Ford, General Passenger Agent of the

In both of these appeals to arbitration the Atchison nominated E. A. Ford for one of the arbitrators, and asked the Chairman to name his choice for another. The rules provide in such cases that each side shall choose one arbitrator, and the two thus chosen shall select the third. The arbitrators are to be disinterested parties, and either side may object to the other's choice if he has good reason to believe that the party is not free from prejudice.

Caldwell Takes a Retaliatory Step. After the Atchison had nominated Mr. Ford, Chairman Caldwell asked a representative of that company it objection would be made should he name as his choice a member of the Western Passenger Association. The reply was that in all proba-bility such a nomination would not be ac-cepted, as a member of the association would not be a disinterested party. The Chairman then wrote his reply to the

communication of Passenger Traffic Manager White, refusing to accept E. A. Ford as an arbitrator, on the ground that he was an interested party. He explained this by saying that the Vandalia line, which is under Mr. Ford's jurisdiction, and the Illinois Central, which is a member of the Western Passenger Association, each formed

a part of a through passenger route be-tween Chicago and St. Louis.

It appears that this letter was delivered at the Atchison offices after business hours Saturday afternoon, so that it did not fall into the hands of the proper officials until to-day. It was then too late to nominate another arbitrator, as the agreement provides that this must be done within five days after the decision from which an ap-peal is taken has been rendered, and the specified time had expired.

But the Atchison promptly adopted the only course left to save itself from defeat. It appealed from the Chairman's objection to, and his refusal to accept Mr. Ford as an

The Whole Association in Danger, Official notification of this appeal was sent to Chairman Caldwell and the members of the

association by Passenger Traffic Manager White, who offered as his choice of arbitra-tor in this case F. C. Donald, Vice Chairman of the Central Traffic Association. In his communication Mr. White contends that the Chairman's objection to Mr. Ford as an arbitrator is not only utterly groundless, but made for the purpose of barassing and annoying the Atchison Company.

He further says: "It being the duty of the Chairman, as a just judge of controversies between the members of the associaion to hold the scales of justice even, he has prostituted his office to that of a mere partisan to effectuate the sinister purposes of a majority of the members of the association to the injury of a minority."

Atchison officials are confident that this

last appeal will result in their favor whoever may be selected as arbitrators. Some of Chairman Caldwell's friends are afraid that he unnecessarily aggravated the situation in objecting to Ford as an arbitrator, and are of the opinion that no Board of Arbitration will sustain his objection. The controversy has now reached a stage that is regarded as serious, and only a change of tactics on the part of some of those who have been fanning the flames will save the Western Passenger Association from destruction.

The Outlet by the Eric. It has been learned that the Vandalia's outlet to the seaboard by which it is enabled to bill through shipments of grain and sixth-class treight from St. Louis on the basis of 20 cents per 100 from Chicago to New York, is furnished by the Erie road. The Erie has a trackage arrangement with the Cincinnati, Hamilton and Dayton be-tween Indianapolis and a connection with the Nypano, and it has instructed its agents to accept all freight offered by the Vandalia

at Indianapolis on the reduced basis.

This discovery puts a new phase on the situation, and a meeting of the joint com-mittee of the Central Traffic and Trunk Line Association will be held next Thurs-day to decide on a line of action. An attempt will be made to bring about an advance in lake and rail rates, in the hope that this may induce the Vandalia to restore its former tariff. Should this plan fail, the Chicago roads will be forced to reduce their rates and meet the competition by way of St. Louis.

Charged With Bigamy,

Mrs. Mary E. Dorsey, alias Nellie Lysle, will have a hearing before Magistrate Gripp to-morrow on a charge of bigamy preferred against her by J. W. Dorsey. Dorsey claims he married the woman some years ago and that she le't him to marry a man named Lysle. The defendant was arrested and held under \$500 bail.

Against Colonel Hawkins, Lieutenant Colonel Streator, Assistant Surgeon Grim and Others-Two Charges Mad -The We reants to Be Served Immediately.

Ex-Private lams has begun the various suits against the commissioned officers of the National Guard of Pennsylvania whom he claims have wronged him bodily and injured his good name. Yesterday he appeared before Alderman Reilly and made informations against Colonel Hawkins, Lieutenant Colonel Streator, Assistant OBJECTS TO FORD AS AN ARBITRATOR Surgeon William Simpson Grim and others unknown to the prosecutor, charging them with aggravated assault and battery and common assault. Warrants were issued

to-day.

There are two informations, one against

Streator and Grim, who are charged with being the principals. The arrests will probably be made to-day, and the hearing will be set for an early date.

Attorney J. D. Watson, who has charge of the prosecution, said: "We have a clear case against all of the defendants. In the first place, if the young man had been guilty as charged he should have been given a court martial trial. This he was not given, but on the word of one officer he was strung up by the thumbs, and was atterward shorn of his hair and mustache. We have evidence that the

of his hair and mustache. We have evidence that the young man was strung up by his hands on the individual order of Colonel Streator, who had not in the meantime consulted the commanding officer.

"Dr. Grim is equally guilty," Mr. Watson went on, "inasmuch as he had no authority to act in the case. He was simply appointed by the Colonel in command, and had no autherity to appoint an officer to act in the place of a regularly appointed surgeon. As soon as the accused are arrested they will be given a speedy trial."

CRAIG BURIED TO-DAY.

Mr. Gillespie Opposed to Giving Money to Help the World's Fair,

Congressman E. P. Gillespie, of Greenrille, registered at the Anderson yesterday. He is one of the Congressional committee appointed to attend the funeral of Mr. Craig at Claysville to-day. Mr. Gillespie couldn't say who his colleagues will be, but they left Washington last night on the Baltimore and Ohio road, and will arrive in the city this morning.

Mr. Gillespie is one of the minority in Congress opposing the appropriation of \$5,000,000 for the World's Fair. He is against the bill on general principles. He doesn't see why Uncle Sam should aid a corporation organized under the laws of Illinois. The bill does not provide for the return of the money. He has no objection to loaning the money, but he questions whether that can be done under the Constiwhether that can be done under the Constitution. He sees no difference between
loaning money to the Fair in Chicago and
giving it to the farmers with grain as security. This is part of the platform of the
People's party. Mr. Gillespie says the
minority is determined, but he is opposed
to filibustering. He believes in bringing
the question to a vote at once and put
every man on record.

The Mercer Democratic County Convention will be held this week, but Mr. Gillespie will be too busy to attend.

GENTLEMEN—I feel it my duty to tender you a testimonial revarding the wonderful curative powers of Rheumacura.

For a period of one year my wife was afflicted with inflammatory Theumatism, and at times the pain was so acute that she could neither sleep nor rest easy in any position.

After trying a number of so-called remedies, all to no purpose, she became almost discouraged. About March I, hearing of Rheumacura and its works through our druggist, Mr. John Wurzel, I induced her to try it, and after taking less than two bottles she was entirely cured, and has had no return of the rheumatism since.

I cheerfully recommend "Hheumacura" to all similiarly afflicted. Believe me,
