If the weather does not interfere this afternoon there will be quite a big attraction at Exposition Park. The Cleveland team of ball players, Spiders, or whatever title they may be known by, will be there to do battle with our sluggers. Those Cleveland fellows are in first place in the pennant race and have, indeed, very strong pennant winning aspirations, and nothing but real good thumping defeats and lots of them will knock these aspirations out of the Cleveland fellows' heads. Lately they have been carrying everything before them and they come here to-day feeling fully assured that they have little to do but go to the park and fatten their average.

Leaders Are Often Our Victims, But leaders and gay people are invariably those whom our sluggers nail as their prey. Tail-enders of the lowest degree and of the most despised order can wallop our chieftains at will, but oh! What sweet revenge is reaped by knocking aspiring champions into back seats.

The Cleveland team is playing great ball and is without doubt the best team the Forest City has ever had. They are strong in pitchers, strong in hitters and excellent in fielding. The home team is also playing well with the exception of a weakness in the pitcher's box almost every other day. A good pitcher is due to-day, and, therefore, a good game may be looked for. Manager Buckenberger will not decide definitely until to-day whether he will pitch Esper or Ehret. The batting order of the two teams will likely be as tollows: CLEVELAND.

The Sluggers at Home Again. The local team returned home from their

Western trip yesterday and were all in very good spirits. Manager Buckenberger stated the team was in very good playing condition with the exception of Baldwin, who was sadly off in his pitching. Mark had a conference with the club officials yesterday morning, and, as a result, he was given a vacation without pay for about two weeks to go to Canada and get into pitch-

Baldwin made the request for the vaca tion, claiming that while he felt in excellent condition he was not in pitching form and thought a rest might do him good. The and he certainly is not deliberately doing anything to force his release. He has been doing his best, and Manager Buckenberger is thoroughy convinced of this. He is sim-ply out of form, just as many good pitchers have been and will be again, and all the abuse in the world will not make him any

better. He is as sorry for his bad showing as anybody can possibly be, and he will doubtless be the greatest sufferer.

When the team were at Chicago, it is stated that Burns tried to poison Farrell's mind against the club by telling him that the club President had tried to trade him for almost any player that could be had. This has dissatisfied Farrell considerably, but it should not do so, because the state-ment is not true. Farrell is held in high esteem among Pittsburg baseball patrons, and he is certainly playing a great game; in fact it would be very difficult to find Farrell's equal.

VONDY'S WORST TRIP.

Der Boss Manager Talks Sadly and Abou

Releasing Jimmy Galvin.

After the St. Louis Browns returned home

Von der Ahe said to a reporter:
"It was the most disastrous trip I have
ever had during my long career in baseball.

The club played just good enough ball to get beat right along. I can't blame the men, however, for losing games. The umpires had it in for them, and they got no close de-

cisions. The home clubs were favored al-ways. I and Captain Gore telegraphed finally from Cleveland to President Nick

Young to see that we were given a fair deal.

Young to see that we wore given a fair deal. We told him that Snyder had defranded us, and that his honesty as an umpire would bear official investigation. It was not right to let Snyder umpire at Cleveland. That is his old club, of which he was formerly captain and manager.

"My team has been in bad luck otherwise. Several of the men have been sick or crippled during the trip. We are just getting in shape again, and hope to make a better showing.

"I released Galvin and Pinkney. I have nothing to say against them. They have played their best, but their work has not been good enough to satisfy me, and I must try to improve my club. For the present Crooks will play third base, Erodie second and Carothers return to right field. Hawke, the new pitcher, I think, will turn out all right. I am still after Buck Ewing and one of the best pitchers in the East, I would like also to get Tony Mullane, and if the Cincinnatis will let him go, I leel sure I can sign him. It is not a question of money with me. I am willing to spend my money freely for good men, but I must feel sure that those I get are better than those I have before I will make any change."

FTHE local players were all in good shape and spirits yesterday when they arrived home.

THE Boston team are the lucklest players in the League. Their victory yesterday was a sample.

TED SULLIVAN made overtures to Mullane to pitch for Chattanoga. Tony's price amounted to more than the salary of Ted's whole team.

JACK DOYLE is a little fellow, but he has the gril to stand up day after day and stop the balls fired by those speedy and wind Glants, Rusie and Grane.

THE Little Glants defeated the Frieudship Stars yesterday by a score of 16 to 9. The feature of the game was the work of Jim Negle, striking out 11 of the Stars.

When the Milwankee players went to draw their las pay there was just \$18 in the treasury to be divided among them. They bought three kegs and celebrated.

Some people think Cleveland, with Clarkson, young Cuppy and Davies to depend upon, can win the second championship. The Cleveland club has to-day the best team in its history.

THE Giants are now leading the League in base running. In it games they had 50 stolen bases to their credit and Eddle Burke had a clean dozen while Jack Doyle came next with ten.

CANDE PLACE INN, Aug. 5.—[Special.]—There is absolutely no truth in the rumor now current to the effect that Sullivan has broken down in his training, that he is drinking, that he has quarreled with his trainer, Phil Casey; that he has broken his leg, or that Trainer James Robinson, of the Manhattan Athletic Club, is to supersede such close surveillance by half a dozen men that it would have been impossible for him to commit any breach of discipline without being seen.

that it would have been impossible for him to commit any breach of discipline without being seen.

The feature yesterday at this place was the arrival of Miss C. Tuthill from Bridgeport. She is a tall, handsome young woman, about 29 years old. She came here to take a tramp with Sullivan, which she did this morning in fine style, covering eight miles in one hour and a half. A thunder storm came up while she was on the road, which thoroughly drenched her. She was clad in one of Sullivan's sweaters, the cook's shees and an old skirt borrowed from one of the inmates of the hotel. Sullivan and Jack Ashton had their mustaches removed this morning. The Keystone Road Race To-Day. This afternoon at 4 o'clock the Keystone's 15-mile road race will take place, and while it is expected that good time will be made the roads are notin asgood condition as was anticipated. Then at Leetsdale the road masters have attempravel over what was an excellent stretch of hard-surfaced road. Of course the gravel will make the road a great deal better later on, but at present the surface is too rough for rapid riding.

ROBERT J KNOCKS OFF A CHIP. His Time Only Equaled by Hal Pointer's Mile With Direct.

A GREAT AND GLORIOUS DAY OF SPORT

(SPECIAL TELEGRAM TO THE DISPATCH.) BUFFALO, Aug. 5.—The grand circuit meeting at this point was saved by to-day's sport from comparative failure. Up to 11:30 this morning but one regular event was decided in a five day's programme. A fresh breeze dried out the track to-day. It was at its best, and when the nineteenth heat was decided at 6:45 this evening, more than 15,000 people knew they had seen the best harness racing ever witnessed on this or any other track.

From the start before noon to the finish this evening, it was record breaking and record making. Every trotter or pacer that won heats except Vitello had to chip something off his mark. Every heat was below 2:20 and every finish was fought out stubbornly. The verdicts in most instances going by heads or half lengths. The fastest and heaviest betting on the circuit was on the 2:23 trot. Instant was backed at \$200 against the field at evens as fast as the sheet writers could scribble the cards. It is not often that money is lost so quickly on a trot as the Instant crowd lost theirs to-day. Robert J Makes a Fast Mile.

It just took two minutes to burn up their money from the time the mare broke near the quarter pole to the drop of the red flag in front of her as Virginia Evans dashed under the wire. The performance of Flying Jib and Robert J in the 2:27 pace gives Buffalo a record or two that other tracks would like to have. It was the fastest class race ever paced and the 2:09% of Robert J in the third heat knocks the chips off the 4-yearold record and is equaled only by Hal Pointer's mile in the match with Direct. It was really a duel between the Eastern and Western side-wheeler for the first

corking heat in 2:11. Allen Lowe fought pluckily to have his share of the purse, but break in the fourth heat settled his Speed Increased Mile After Mile,

The excitement was at fever heat when mile after mile was put in at increasing speed, and when Robert J beat Jib by a nose, 2:0934, the Buffalo people yelled with delight. Neither won by more than half a length until the deciding heat, when Robert J made a misstep near the quarter, and before Geers could catch him pursuit was useless Nightingale would have won under his class in straight heats, but she picked up a nail while scoring for the first. This made

her break going away and Addie L chipped several seconds off her record. Virginia Evans won her fast heat to a bicycle sulkey and the race winner, Belle Wara, put in her fast miles to a similar machine.

There is very little chance for a continuance to-morrow, as rain was falling when the last heat was decided to-day. All the stakes are disposed of, so it is probable the meeting will be called off.

BRIGHTON BEACH BACES.

nessed so Far This Year.

BRIGHTON BEACH, Aug. 5.—This was the poorest and most unsatisfactory day's racing seen at Brighton Beach this year. The performers were little better than those raced at Gloucester. Not a single favorite crossed the line a winner and the bookmakers had all the best of it. Prince Peyton, 6 to 1, made a runaway race of the opening event, Glor-iana, the 9 to 5 favorite, finishing second. Zampost, 7 to 10 favorite for the second race, was unable to raise a gallop and finished in the ruck, the Adalgesa coit, 5 to 2, taking first money from Treadaway by a head. Lyrist, Bergen up, was pounded from 5 to 1 to even money in the betting in the third, but Wilson Taylor, 6 to 1, and ridden by a stable boy named Reynolds, beat the favorstable boy named Reynolds, beat the favorite a short head in the post. Willie L. looked well on paper and the plungers backed him. Lizzle, 5 to 7, outfooted him from the start and won driving, by a length. Rear Guard, 4 to 1, and Prince Peyton's stable companion took the fifth race in a gallop. Podiga, the favorite took the running in third place. McIntosh, 6 to 1, then made it six straight defeats of favorites by winning the last from Fidelo, Hoey, the 7 to 10 favorite, being third. Summaries:

First race, five furlougs—Prince Peyton, 6 to 1.

First race, five furious-Prince Peyton, 6 to 1, won galloping by four lengths; Gloriana, 9 to 5, second by a neck, whipping; Etelka, 20 to 1, third by hair a length, whipping; Time, 1:03.

The general opinion among oarsmen who attended the National Regatta, according to one of them, is that the scheme adopted this year of having a turn in the course was a failure. The idea was for the benefit of the spectators, but there wasn't enough of the latter present to pay for the lumber in the observation stand.

On September 11, 1871, the Ward Brothers, of Cornwall, won the four-oared championship at Saratoga. On that date this year they will celebrate by having a contest between three double-scull crews, consisting of Hank Ward, Ellis Ward, formerly trainer of the University of Pennsylvania's crews; Gil Ward, Josh Ward and their nephews, Dan and Ed,

nephews. Dan and Ed.

It does not look as if the Manhattan Athletic Club's senior eight-oared shell crew, which consists of the old University of Pennsylvania men, will do any more rowing this season. Some of the men have gone out of town, and they have not done any rowing since their return from Saratoga. It comes out now that one of this crew was completely gone at the mile and a quarter at Saratoga and could not row, so that seven men rowed the last quarter of a mile.

Mr. George Hagan, Employed at the Clinton Mills, Describes His Sufferings From Head and Stomach Trouble and Subsequent Cure by Drs. Copeland, Hall and

Mr. Hagan, a puddler by occupation, is employed at the Clinton mills and resides at Clinton row, West Carson street, Southside. I had been troubled with my head a long time," says Mr. Hagan, "which I know now came from repeated colds from exposure at came from repeated colds from exposure at my work. No one can understand what tortures I endured with the pain in my head at times. I often felt I would go crazy with it. I had terrible neuralige pains all through my head, and, although my nostrils were perfectly clear and I could breathe well through them, they often felt dry and parched, the same as my throat, tongue and mouth.

parched, the same as my throat, tongue and mouth.

"My stomach also became affected to such an extent that I lost my appetite and what little I ate caused pain and a heavy feeling, with bloading and belching up of sour gas. Drs. Copeland, Hall and Byers, whom I consulted, explained to me that all these troubles came from neglected colds, causing a catarchal inflammation of the parts, and promised a cure if I would attend faithfully to taking my medicine, but said I would probably have to continue under treatment three or four months.

Mr. George Hagan, Clinton Row, W. Carson St. "I have just completed my first month's treatment and can say that I am entirely cured. I haven't a pain or ache about me, and I feel as well as I ever did, but to make sure I am going to continue under treatment another month. I take pleasure in recommending Drs. Copeland, Hall and Byers to all persons afflicted as I was, as I know they understand their business thoroughly."

Different Forms of Catarrh. The above case of Mr. Hagan clearly describes the form of catarrh known as dry catarrh or sneezing catarrh. Like many other patients, because his nostrils were not filled with mucus, it was difficult to make him understand that all his symptoms were due to catarrh.

Dry catarrh, or a dry and parched condition of the mucus lining membrane of nose and throat is generally the form of catarrh that causes the agonizing neuralgic headaches both in the front and back portion of the head, with a stinging, aching pain in the throat. The mouth is often parched and dry and tongue fissured and sore. The muscles of the back part of the neck often feel sore and stiff and pains flit at times through the chest to shoulder blade. So accustomed are Drs. Copeland, Hall and Byers to find an irritable condition of the back part of the throat in patients complaining of intense pain in the back of the head with desire to draw the head backward, that they have come to accept this condition of the throat as the cause of the exhausting occipital headaches nervous people often suffer with. They explain it by the theory that the pam is reflected by the nerves concerned in the pharyngeal inflammation, and that this theory is correct is borne out by the fact that as soon as this irritation is reduced by Dry catarrh, or a dry and parched condithat as soon as this irritation is reduced by

that as soon as this irritation is reduced by their treatment the headaches cease. This inflammation often extends up-ward into the ears and eyes, and down-ward into the lungs and stomach, causing a long train of symptoms that cannot be ex-plained any other way than by accepting this plain truth. A BOLD MOVE,

Putting the Practice of Medicine on a

Business-Like Basis, Since Drs. Copeland, Hall and Byers decided one month ago to treat all diseases and all patients for \$5 a month, medicine and all patients for \$5 a month, medicine included, their already large practice has almost doubled, proving that their efforts to render medical assistance to suffering humanity at reasonable rates has been appreciated. Heretofore this rate applied only to catarrhal troubles and kindred aliments.

This small sum brings the services of a physician within the reach of every one and does away with expensive drug bills. There is no excuse now for a sufferer to sliently endure his disease for fear of the expense attached to consulting a specialist.

All skin and blood diseases, such as eczema, hives, blotches, pimples, acne, ringworm, tetter, salt rheum, chronic ulcers, etc., are included in the \$5 rate.

All kidney, blodder and rectal troubles, such as diabetes, Bright's, gravel, piles, fissure, fistula, etc., are also treated for \$5 a month, medicine included.

Rheumatism, neuralgia, lumbago, scrofula, dyspepsia, chronic diarrhos, dysentery, constipation, dropsy, liver complaint, jaundice, glandular tumors, excessive accumulation of fiesh, etc., are successfully treated for \$5 a month.

Drs. Copeland, Hall and Byers are the originators of the \$5 a month treatment, or the system of reducing the practice of medicine to a business-like basis; and though many may imitate their style of advertising, the thorough, conscientious and skillful method of their treatment can be approached by none.
