It is not much use complaining when one is beaten on one's merits; that is when the other fellow or fellows are doing the better work in the contest. DEFEAT That was just the case in yesterat Exposition Park between the home sluggers and the Cleveland team. The local players

fine game, but ed a triffe finer and had that thing which we call luck entirely on their side. There is no doubt whatever about Old Dame Fortune bestowing her generous smiles on the Cleveland fellows yesterday. She did so and with no unstinted hand. Still they played a winning game and there is no getting over the

It Was Fine Baseball Weather.

The weather could not be finer for baseball purposes. The grounds were in excellent condition, and although the sun was hot there was a nice breeze at times that cooled things off a little. There were over 3,000 people present, and although they were somewhat discouraged at the home defeat they still cheered the brilliant work of the visitors in a very hearty manner. Just before the game started there was a very bad omen in the estimation of the superstitions. Bierbauer while practicing was hit on the shoulder by a batted ball and it was thought that his collar bone was broken. A octor was sent for and it was found that no bones were broken, and after some good rubbing Louis was able to take his place at

The Cleveland team put up by all odds the best game they have ever played here. Their fielders, particularly the outfielders, simply astounded the spectators by their brilliant work.

Some Very Brilliant Fielding. Several times what seemed to be abso

lutely safe hits, and long ones, were stopped, and what looked like sure two-haggers were need to singles. In the sixtle inning Mc-Aleer made one of the finest running catches seen on a ball field. The ball was knocked out by Kelly and was a very he liner. McAleer ran in for it, and the ba was to the side of him at that, but he nabbed it only a few inches from the groun while he was on the run, and he rolled over and over, but he still held the ball. It needless to say that he was cheered.

The visitors also had the good fortune t get their hits together, and this is simply how they won the game. Ehret pitched fine game and was well supported, but th On the other hand, the home players h

the balls pitched by Cuppy hard enough but the ball either went direct to a fielder hands or made the most convenient bound It was really remarkable how well the bal bounded for the visitors, and this was a great factor, indeed, in a game such as that of yesterday was. Altogether it was not the fault of Ehret that the game was lost, but more because of the absence of timely

In the second half of the first inning Childs led off with a single over second base. Burkett's sacrifice sent Childs to second and he scored on Davis' single to Kelly. The latter made a splendid throw home, but the ball struck a stone and bounded over Miller's head or else Childs would have been easily put out.

McKean's Very Timely Crack. McKean came next and lined out a three-

bagger to left-center field, scoring Davis. McKean scored the third earned run on Virtue's single to left. A splendid double play by Bierbauer and Beckley retired the In the fifth inning Zimmer knocked the bail to the left fence but only reached

second base on the hit. He got to third on a passed ball and scored on Childs' single. In the seventh inning Childs got his base on balls with two men out and scored on a to the right center fence.

The only run of the home team was made

in the eighth inning. After Ehret had struck out Donovan made a single to right and Miller followed with another to lett, Donovan reaching third by good base run-ning. Miller stole second and in trying to throw him out Zimmer made a bad throw and Miller reached third and Donovan got home. Smith struck out and Kelly was

Louisville, Aug. 6.—[Special.]—The Louisville management has been dickering with Pitcher "Bumpus" Jones, of the Joliet, Ill., team for several days. Jones has been doing fine work ever since the season opened, and is a good man to give a trial. He is no relation of Alexander M. Jones. It cannot be told how the negotiations will result. Manager Pfeffer is also after a catcher. If he is signed Weaver will be put in left and Taylor in right. This would materially strengthen the team.

Umpire Mitchell Resigns. Charley Mitchell, the League umpire, re-Charley Mitchell, the League umpire, resigned his position yesterday. He notified President N. E. Young of his resignation, and he will umpire no more games thits season. He has been suffering from an injured leg for some time. Last evening he stated that he would be employed by the local ball club to assist Manager Buckenberger. He says it is to accept this position that he has tendered his resignation as an umpire.

The East End Gyms Defeat the Sewickleys

THE COUNTY LEAGUE

With Little Trouble, The East End Gyms defeated the Sewickleys yesterday at the Gym Park in a very one-sided game. It was a walkover from the start to finish. Reinhart pitched a beauti-ful game, and was well supported by Haller; in fact the while team played with their old-time vim. Bobby Cargo resumed his place on the team, and as usual lined the place on the team, and as usual lined the ball out, making two two-bazgers. D. Barr, Haller and Addy also had their eyes on the ball and lined it out. The feature of the game was the fine fielding of the Gyms, not an error being made by them. On the other hand the Sewickleys made error after error, and evidently had a case of rattles. Following is the score in full:

STEIN is winning his games for Brooklyn right TAYLOR is not proving as great a success as a left fielder as was expected. OUR sluggers will now have a long stay at home and they should do well. IF ever it was necessary for the local players to do their best, now is the time. WE may expect quite a battle this week between Cleveland, Brooklyn and Boston. BOB GILKS is playing second base for Mobile, and cads off at bat for the Black Birds. JOE BURKE's broken finger has healed and he is back playing at third for Chattanooga. THE Sporting Life argues that no newspaper man should be the official scorer of a club. THE Clevelard Spiders have a long stretch of home game which ought to help them greatly to keep the lead.

BUFFALO has played some 40 different players during the season. Pawtucket bent that record. It had over 50. Although it was somewhat painful, he played the game out, That ercuing his arm began to swell and became exceedingly painful. He had a surgeon examine it, and it was found that the muscles had been fractured and the fiesh separated from the bone. Lowe will not play for some lime, and his place will be filled by one of the extra pitchers.

Martha Wilkes Captures the 2:19 Trot

BUFFALO, Aug. 6.-If the first part of he third week of the grand circuit was unfortunate, the last two days have fully compensated all concerned for the comparative failure of the first three days, with the one exception of the 2:29 trot on Wednesday. which would not have gone through but for the supiness or ignorance of the judges. Every heat has been a horse race and no meeting has ever had so much speed and so many close finishes.

Only two events were won by the ordinary sulky, the new rubber tire wheels sweeping the board to-day. In the 2:19 trot four bicycles were used, five in the 2:17 and four in the 2:25, both the two great pacers pulling the broad tire machine. The 2:19 trot was a fight between the three mares, Martha Wilkes, Abble V and Nightingale. Doble was behind Martha, and she was an odds on favorite, but the other mares had quite as much skill behind them, and the result showed that the big-gaited daughter of Aleycon came nearer defeat than in any of her recent races. Turner set ail for the favorire in the first heat, losing by a neck, then Geers came into the combination and he moved in the latter half of the second heat. Martha having to step the half in quick time to get away from the Buffalo mare, and then the verdict was a close one. But it was in the third mile that Martha had to climb to get there first. Turner and Geers repeating their previous the test, and again the favorite had to step the second half in 1:06, but as Abbie V had hustled her along in 1:06 to the half the mile was 2:14, much to the chagrin of E. D. Wiggins, the owner, as Martha is thereby retired to the free-for-all.

There was a wood field to contest the 2:17 class against Honest George, the favorite, and this he held to the end in 2:10%. Geers set out the next heat to make a scoroher; the quarter was in 32%, the half at the same rate, 1:05%, then he let out a link and the last quarter being in 30%, last eighth in 14. Another mile in 2:11 settled the black son of Director and Echora. The last event was as warmly contested as any race of the week, two trotters reducing their record. Mary Mac's second heat was in 2:15%. The fifth and deciding heat furnished one of the best finishes of the week. The bulk of the horses move from here to Rochester.

To the amazement of many Hall Pointer (2:5%) beat Direct (2:06) in three straight heats, though the big pacer had to go the three lastest beats ever recorded in a match race on a regulation track and lowered his own record a second and a half. daughter of Alcycon came nearer defeat than

The Turf. WE may expect great things from Flying Jib and Robert J this year. THERE is early indication of a very big entry list for the Homewood fail meeting. THE Buffalo Driving Park Association has certainly had a very tough week of it. TH: RE is great interest centered in the big stake mees to be run at Monmouth Park, Tuesday. WHEN you are going to play a borse that can win, don't stop to talk with the man who knows more about it than you do.

C. W. WILLIAMS is talking about a rubber track, which rain will not affect. An improvement of this kind would cost about \$100,000. PART SEVEN of Goodwin's Guide, posted to July 20, is out, and contains over 500 pages of racing summaries. Part eight will be ready August 15. INGLISH SPORTING NEWS.

Jem Smith Weakens-Slavin Once More Sets Up in Business. [BY CABLE TO THE DISPATCH.] London, Aug. 6.—[Copyright.]—Jem Smith has backed down from his propesal to fight Joe Choynski. The English champion wants the Californian to wait four months for a fight. Parson Davies offered to guarantee a fight. Parson Davies offered to gnarantee a big purse besides matching his man for \$5,000. This does not suit those who like to have a mob at the ring side.

The match between Austin Gibbons and Stanton Abbot has been fixed for October, and the National Sporting Club will be the scene of action. Frank Siavin's friends are rallying around him. Pony Moore has become security for £1,00 for the Rose public honse in Jermyn street, and the antipodean is to be seen behind the bar every night. Slavin's friends are going to give him a benefit at the Trocadero Music Hall on the lith of this month. Sir John Astley is at the head or the committee.

Orme has dropped to 2 to I against him in the St. Leger quotations, the odds being on offer against him without takers. On the other hand, Lafleche is being backed for large amounts at 4 to I against, and several of the others are well supported. The opinion grows that the race for the St. Leger will be a very open one.

IVES IN GREAT FORM. Paris, Aug. 6 .- In the balk line game of 300 points up at the Folles Bergere this evening between Ives and Cure, Ives conceding the Frenchman 110 points, the latter won. Alhough Ives tailed to win the game, he gave a brilliant exhibition of his skill in handling the cue by an almost unprecedented break of 216 points. So far Ives has heard nothing of 218 points. So far Ives has heard nothing in reply to his cable to America demanding Schaeffer's forieti in the champtonship game which failed to come off on account of Schaeffer's declining the engagement. Latest reports credit Schaeffer with having arrangements to meet Ives after the termination of his contract at the Folies Bergere on September 20, but thus far nothing definite has been learned on the subject.

The programme at Vignaux Academy this afternoon was a balk line game of 200 points up between Schaeffer and Garnier, the latter receiving 50 points and winning easily, while Schaeffer's score was only 51. The Wizard afterward had his revenge by winning a 300-point balk line game from Garnier.

DURNAN'S CONFESSION. The Canadian Amateur Scul'er Admits That He Bowed Dishonestly. TORONTO, Aug. 6 .- [Special.] -- Edward Han. crooked work at the regatta of the Canadian Amateur Oarsmen's Association, held on July 2. He has secured a sworn confession July 2. He has secured a sworn confession of the affair from his nephew, Eddie Durnan, who was suspected all along of throwing the race in the senior single sculls won by Elwin Hedley, of Philadelphia.

The affidavit Durnan has made sets forth that John Gulvane, Captain of the Sunnyside Rowing Club, of Toronto, used his influence with Durnan to induce him to lose, the consideration being that Durnan should receive half the money wagered. The arrangement was that Durnan was to lose the race at Toronto, where he was by long odds the favorite in betting, and then when he went to Saratoga the toilowing week he was to win. The Canadian Association will deal with the whole question, and it is probable that the bets lost on Durnan will not be paid.

GREAT CROWDS ON THE COURSE Greet the Ten Competing Wheelmen All

Along the Loute. SCENES AT THE START AND PINISH

One of the great wheel fixtures of the season, the 15-mile handicap road race of the Keystone Bicycle Club, was finished yesterday to the satisfaction of everybody. It the rain that came on unexpectedly on July 30, but the weather yesterday was perfect and all the conditions excent that July 30, but the weather yesterday was perfect and all the conditions except that of the road were favorable.

The course lay from Haysville to Economy and return, 71/2 miles each way. When it was chosen the road was in good condition, that is, its surface was hard, having been beaten down by the rains of the spring and hardened by the summer sun. Since that time, however, the roadmasters have taken it into their heads to make repairs, to fill up the low places with sand and gravel and to clean out the gutters. The consequence was that at two points they had spoiled the road for rapid riding on the wheel, and the result was slower time than was expected. It was fast enough, though, when the hills and the sand and gravel are taken into consideration, and it shows that those who enter in the open meeting of the club a month later will have to ride hard to take the prizes away from

Crowds Along the Course, The start was announced at 4 o'clock in The start was announced at 4 o'clock in the atternoon, and so great was the interest taken in the outcome that both the 2 o'clock and the 2:15 trains from this city carried additional cars. Some of the onlookers got off at Haysville to witness the start and the finish; others went on to Sewickley where all the citizens of the borough turned out along the road to see the racers pass, both going and coming.

Several of the Keystones rode down to Sewickley to distribute programmes containing lists of the riders, and they were given a hearty reception by Burgess Anderson, who extended an invitation to them to pass again through his charming suburb. It is not often that anything has happened

As at Sewickley, so it was all along the
route. Everywhere the road was lined with
spectators and at Hayesville there was a

It is intended to have three or four matches
for the Pittsburg Association Football
Club last evening at George Tann's. President Matthews was in the chair.

All the members present were extremely
desirous of commencing work as soon as
possible, and it was resolved to try to secure
the use of Exposition Park at once; that
is, to use it as soon as the baseball season is
fluished. It was further decided to have
new uniforms.

It is intended to have three or four matches
for the team at home before going to other

the runners.

Some of those noticed were Mrs. W. S. Power, Mrs. J. B. Kaercher, Mrs. J. W. McGowin, Miss Grace McCulloch, Miss Carrie Corwin, Mrs. Seward Murray, Mrs. W. C. Duncan, Miss Belle Brisbin, Miss Bridie Bryson, Dr. Lange, George A. Banker, F. F. Sneathen, Mr. Applegate, W. H. Wilson, J. H. Diffold, A. S. Robinson, Miss Nellie Shepard, Miss Nellie McLain. A. M. Irwin. M. A. Norris. Harry Lain, A. M. Irwin, M. A. Norris, Harry Hagmaier, W. P. Armstrong and F. J. Pilgrim. There were also a large number of cyclers from the Keystones, the Allegaeny cyclers and the East End Gym wheelmen as well as all the residents of the borough.

Started Off On the Course At five minutes past 4 o'clock W.S. Porte At five minutes past 4 o'clock W.S. Porter started out at the crack of the pistol at a pace that would have won him the race if he had maintained it throughout, but he lost ground, or rather the others gained on him and passed him, leaving him to finish ninth. J.F. Johnson started 4% minutes later and sped over the course as far as the eye could see him at a rattling gait. He finished sixth. P. W. Myles, a minute later in starting, passed the two who preceded him and maintained a good, steady rate of speed to the finish, coming in only three quarters of a minute later than the winner, and taking second money. Half a minute later William maintained a good, steady rate of speed to
the fluish, coming in only three quarters of
a minute later than the winner, and taking
second money. Half a minute later William
M. McCulloch started, but he never finished.
He reached the turn all right and was looking as fresh as if he had just ridden a mile
for pleasure. The chain on his wheel came
off and could not be fixed, so that when the
last man finished he was five miles in the
rear pushing the wheel that might have carried him to victory.

Thirty seconds after he started J.
P. Barr was shoved over the cord
and dashed down the grade like
an arrow. He got into the wrong road somewhere on the course, and finished No. 5 in
consequence, After him came W. B. Corwin, only 30 seconds difference in starting,
but he took a header and lest time, finishing
in eighth place. Next came the winner,
raul Nelson. Tall and powerful, he looked
like a staver, and was picked out for a winner before the race. He finished in 603/ minutes, three-quarters of a minute ahead of any
one else, and he clidn't appear to blow,
either. W. H. Wilson, a prospective winner,
started half a minute late and rode like a
whirlwind. He was last approaching
the leaders when he got into the sand and
his tire catching in a rut, he took a severe
header, losing time, wind and place, finishing fourth. The only two scratch men, S. F.
Carmack and W. L. Addy, did not stay long
together. Mr. Carmack led at the start, but
when they got out of sight of the string and
passed through Sewfoller, Addy led by
about 200 leet. Mr. Addy did not win the
race, nor did he win the time prize, but he
made the best time over the course, finishing in 199% minutes.

some mild objections on the part of the riders when they found the condition of the road to the limit. However, they were satisfied when it was decided not to change the time limit, for the judges and starters were of the opinion that little better time could have been made by hard pushing.

The first man to rike over the cord at the finish, Paul Nelson, was given a rousing reception and all the riders as they came up the grade on the homestretch were literally received with open arms. It was not an exciting finish, for no two of them came in together. At the half distance turn the riders were up together, Messrs. Nelson, Barr, McCulloch and Myler, but after that Nelson shot ahead and kept in the lead until the finish. Altogether it was a most satisfactory race, except as to time. There was not a hitch anywhere nor a single unpleasant incident, and when the prizes were awarded last night everybody was in a pleasant state of mind over the result.

The officials were: Judges, J. B. Kaercher, T. F. Myler, J. A. Johnston: referce, Howard Z. Bidwell; timers, W. M. Myler, W. H. Robinson, Joe Welker; starter, Isaac F. Bailey: clerk of course, J. W. McGowin, checkers, A. G. White, H. M. Corwin, A. L. Stewart, A. R. Darragn.

WHEELMEN AT ASBURY PARK.

His V hiriwind Finishes and Victories.

Assury Park, Aug. 6. [Special.]—The final day of the great race meet under the auspices of the Asbury Park wheelmen attracted nearly 5,000 persons. Representative wheelmen were present from every part of the country. No records were broken today, chiefly because the riders had to make half of the distance in the face of a strong wind. Champion Arthur A. Zimmerman was again among the starters in four of the races. As usual he was the star attraction and played his part beautifully. The only man present who could hold a candle to the champion was George F. Taylor, whose performances at Springfield the beginning of this week have made such a stir in the cycling world, but he, too, had to succumb to 'Zimmie."

The two men were pitted against each other in three races, in each of which Zimmerman won. Taylor had nood endurance, but bould not keep up with Zimmerman in His Whirtwind Finishes and Victories, THE Pittsburg Supply Company's club defeated the Mansfield & Co. 's nine yesterday in a well-played game by a score of 15 to 10. The feature of the game was the battery work of Harnish and McCoy, of the Supply Company.

the latter's wonderful spurts at the finish. The closest race between the two was the quarter-mile, salety, scratch, starting from standstill. The starters were Zimmerman, Taylor, Munger, Mullikeh and Martin. Taylor led Zimmerman until very near the end, when Zimmerman came in like a whirlwind six feet ahrad of Taylor, while the men in the crowds smashed each other's hats and the crowds smashed each other's hats and the women frantically waved their handker-chiefs and parasols. The most important race of the day was a five mile salety, scratch. Zimmerman electrified the crowd by one of his splendid spurts, winning by several lengths, W. W. Taxis was second and Taylor third.

JIMMY TAYLOR'S STATEMENT.

He Has a Few Words to Say About Ward Brothers and the Championship. The following communication has been re-ceived from James Taylor, the ex-champion

oarsman, and it explains itself: To the Sporting Editor of The Dispatch: I have noticed in your paper of late that the Ward brothers, of Newburg, are going to hold a I have noticed in your paper of late that the Ward brothers, of Newburg, are going to hold a red-letter day on September II on account of the victory they won at Saratoga in 1871. Let them by all means celebrate the victory, but less the present generation should think that the Ward brothers were genuine champions I would, as one of the rowers on the occasion named, the to say something. The Taylor-Wilaship crew were first up to the boys, but, as was well known, they had to row over 150 yards across the line; consequently turning absolutely last, and having to row a zig-zag course they lost, but by about three lengths. I don't see how the Ward crew could claim the championship when we, knowing we had been robbed, offered there and then to row them for \$2,500 a side, which offer was, however, declined. The Taylor-Winship crew heat the St. John's beat the Wards, so who were the champions? Not the Wards, surely. Then again on August 31, 1871, a crew comnosed of J. Taylor, J. H. Sadier, R. Bagnan and T. Winship won the championship and \$3,000, beating five other crews, and the same crew beat Kelley's crew in Highland for \$4,000 a side, and retired champions of the world. I would like to say that I will row any one of the Ward brothers, excepting Ellis, who is 17 years younger than myself, for a smithle prize, and I think it would be a good thing to give a race at the World's Fair for men over 18 years of age. You could reckon me in in such an old-fishioned boat race, Yours truly.
