# LIQUOR IN THE MILLS

Excites the Opposition of the Members of the W. C. T. U.

MASS MEETING TO BE CALLED

To Protest Against Prink Being Furnished

by Employers.

### A COMMITTEE WILL INVESTIGATE.

The ladies of the Allegheny county W. C. T. U. protest against liquor being furnished to the workmen in the Carnegie mills and they will first make sure that the firm is supplying liquor. Then they will wait upon the officials of the company and beg that the supply be discontinued. If their entreaties are unbeeded they will call a mass meeting to make a public protest.

The regular monthly meeting of the organization was held in the Smithfield Street M. E. Church yesterday afternoon. The attendance was much larger than usual. Mrs. R. H. Jones presided. After the preliminary exercises a statement was received from an afternoon newspaper referring to liquor being taken into the Carnegie mills at Homestead, Twenty-ninth and Thirty-third streets. The publication conveyed the inference that the liquor was furnished the workmen by officials of the company. The reading of this statement created considerable excitement among the members

### Wanted to Call a Mass Meeting.

Mrs. R. H. Jones suggested the immediate calling of a mass meeting of citizens to formally protest against the Carnegie's company's action. This proposition met with favor, but while it was being discussed some one incidentally remarked that it might be well to investigate the truth of the publicaweil to investigate the truth of the publica-tion. It was possible there might be a mis-take somewhere. It was finally decided to appoint as a Committee of Investigation Mrs. J. B. Hill, Mrs. Roney, Mrs. Bryce and Mrs. Jones. If the report is proven to be correct a mass meeting will be immediate-by called and a protest entered. ly called and a protest entered.

"Why, only to-day," said Mrs. Bryce, "a mother stopped me on the street and said her son had been led to drink at the Homestead mill through liquor being given to him free of charge."

Mrs. James said: "This is terrible and

if we can place the responsibility for such work it will be a grand thing. We must go to the employers if they have sanctioned it, and fall on our knees and pray to them in the name of God to prevent its

# An Invitation to Violence.

"We must see that the workmen are not given liquor at such a critical time. Violence enough has been already done and it should be checked and not further invited by the crime of liquor being brought in as an auxiliary."

A telegram was sent to Miss Frances Willard, expressing the sympathy of the county union upon the death of her mother. An invitation was received asking the body to take part in the temperance field day at Ridgeview, August 24. As this event is an open affair and all people are welcome, no action was taken because the members of the union will attend indimembers of the union will attend indi-ridually. It was decided to hold the annual session of the body on the third Tuesday of September in the Smithfield Street Church.

Mrs. Getty gave an entertaining de-scription of how she has been working among children and forming them into among children and Loyal Legion bands.

### Worse Than a Lock-Ou.

The statement of Mr. J. Sterling, of Wickliffe, Ky., will be of especial interest to mechanics, many of whom have had a

similar experience.
"I am a cooper by trade, and for many years worked in Chicago. About 12 months ago I had an attack of diarrhœa, which became chronic. I was treated by two prom-inent physicians of Chicago, but from them received no permanent benefit. I then went to Texas, where I was again treated by a leading physician with results similar to those I had previously experienced. In May I came to Wiekliffe, Ky., in a very debilitated condition, consequent upon this long continued trouble. I went to a drugstore for relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended. The first dose relieved me and mended. The first dose relieved me, and two 25 cent bottles cured me. I consider myself well to-day."

Mr. Sterling is 62 years of age and a very nice old gentleman, and reliable in all mat-ters. He came here in a very low state of health, but now says he feels perfectly well and buoyant and has had no symptoms of diarrhoa for three or four weeks. Chamber lain's Colic, Cholera and Diarrhosa Remedy is very popular here.-G. W. SHIVELL, Druggist, Wickliffe, Ky. WThsu

### In Time of Prace Prepare for War. Have you ever thought what you would

do in case you, or some one of your family, was taken with a severe attack of colic, cholera morbus, dysentery or diarrhoes. In such cases it is not unusual for fatal results to follow before medicine can be procured or a physician summoned. There is nothing that will give permanent relief so quickly as Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails even in the most severe cases either for children or adults. Why not keep it at hand? 25 and 50 cent bottles for sale by duggists.

### THE AMOSKEAG SUIT

d to Be Decided in Payor of the City-Plans for the Fature.

The Amoskeag engine suit, which has been hanging fire in the courts for the past three years, will make another step in advance early in the September term. The master appointed by the Court to take testimony in the case, George P. Hamilton, has been away on a vacation for two weeks, and will not return until September 1. He has with him all the papers in this import-

has with him all the papers in this important case. While resting he is studying them over, and will have his report ready to file on his return.

The general expectation is that the answer will be in the city's favor. In that case the anti-Amoskeag people, represented by H. E. Safford, of Allegheny, will file exceptions to the master's finding. The law allows ten days for the filing of exceptions to a master's report. After that the Court fixes a day for arguments on the exceptions. The Court then takes the papers and keeps them as long as the judge in the case desires. It is generally a long time. From the time already consumed on this case it is not expected to be an exception.

Meantime, the city is going ahead with the building of an engine house for two new engines in the First ward. Chief Brown, who returned from his summer vacation who returned from his summer vacation yesterday, is preparing specifications for the engines therefor. They will be published in time that the new engines will have been built and ready when the houses are, some time in October or the early of November.

### CAN CHOOSE HIS COUNTY.

Lucien Blair May Be Tried Either in Washington or Allegheny.

Coroner McDowell vesterday afternoon impaneled a jury and commenced an inquest in the case of John Dougherty, colored, of Monongabela City, who was shot at a camp meeting Sunday by Lucien Blair, whose wife Dougherty was with. The only testimony taken was that of Drs. Seip and Shields, who held a post mortem examination on Dougherty's body at the Homeopathic Hospital, where he had died. They described the course of the bullet through Dougherty's brain and said the wound had caused death. The ball entered above the right eyebrow and tore its way through the brain for four and one-half inches. Dough-erty's other organs were in a healthy condi-

At the conclusion of the physicians' testimony the inquest was continued until this afternoon. Blair, who is under arrest in Washington county, can be either tried in that county, where the shooting occurred, or in Allegheny, where his victim died.
