Of Amalgamated Lodges on the Sub-

ject of Arbitration POSTPONES THE CONFERENCE

With the Manufacturers on the Iron and Steel Scales.

GENERAL NEWS OF THE LABOR WORLD

The conference between the iron manufacturers and the Wage Committee will take place this morning. According to the regu-lar schedule the meeting should have occurred yesterday, but the Wage Committee were not ready with their reports and the session was postponed. Two weeks ago the manufacturers passed a resolution advising arbitration. The Wage Committee had no power to act and asked for time to submit

the question to their sub-lodges. Up until 10 o'clock yesterday morning all the votes upon the subject had not been received, and it was then thought advisable to posipone the meeting. President-elect M. M. Garland notified Secretary Moreland, of the Manufacturers' Committee, that the Amalgamated men would be unable to meet. Mr. Moreland said he would in turn inform his constituents. Many of them did not receive the information, for at 2 o'clock they reported as usual. This delegation waited around the assembly room for an hour, when they learned of the postpone-

In the afternoon President Weihe said: "Not having received all the votes from the sub-lodges we were unable to meet the manufacturers to-day. The meeting will not take place before to-morrow." President Weihe also said: "In justice to myself I wish a denial made of the statement that I advised the Homestead men to resurn to work. I never had an interview with any manufacturer where such words were used. It is utterly senseless and a pure

Over \$1,200 was received at the National Lodge headquarters yesterday. The money was from all parts of the country. It is to be used in aiding the locked-out workmen in the present struggle. The officials of the Amalgamsted Association are very grateful for the assistance they are receiving.

A WORLD'S FAIR BOOM.

Locomotive Works Enlarged to Meet the Increased Demand.

Trunk line agents in this city agreed yesterday that there will be an enormous inerease in the traffic of railroads during the World's Fair. All the large reads, and particularly the Pennsylvania and Baltimore and Ohio, have ordered a number of new locomotives. As a result the principal locomotive works in the country have all the work they can perform. Reports from Philadelphia state that the Baldwin works are running on extra time, while a communication from Schenectady, N. Y., announces that the works there have an immense number of orders to fill.

Immense number of orders to fill.

To accommodate their growing trade the Schenectady company decided to enlarge their works. The latest addition is that of a new foundry which is now nearly completed. This building will be well equipped in all particulars, including the Sturtevant system of heating and a 15-ton Schlers traveling crane. The creating shop Sellers traveling crane. The erecting shop, built about a year ago, is similarly equipped with heating apparatus and is provided with a 40-ton Sellers traveling crane of 65 feet

The present capacity of the works is 400 locomotives per year, which will be increased to 450 when the new foundry and cylinder shops are finished.

STRIKING BOLTMAKERS.

Employes of the Oliver Steel Compa Tenth Street Mill Out.

Boltmakers in the employ of the Oliver Steel Company have declared a formal strike. The bolt department was included in the general shut-down, June 30. It has since been idle. The men are not governed by the Amalgamated Association, their scale being separate. Since the mili closed they have repeatedly held conferences with the firm to arrange a scale.

The scale was arranged but the workmen say the firm refused to sign. An effort has been made to start the works non-union but it was unsuccessful. Mr. H. W. Oliver, Jr., declined to discuss the matter last

EARRISON SUITS HIM.

Mr. Gates Says the Braddock Wire Works Will Resume To-Morrow.

J. M. Gates, President of the Braddock Wire Company, returned to Chicago last evening. His plant was shut down several weeks ago for repairs. Mr. Gates says they

weeks ago for repairs. Mr. Gates says they will resume operations to-morrow.

At Minneapolis he was one of the ardent supporters of Blaine, and he was very confident that the Maine man would be nominated. Last night he laughed about the convention, and said, though he preferred Blaine, Harrison was a good man, and it was the business of every Republican now to turn in and elect him.

A NEW AXLE COMPANY.

Starting With a Capital Stock of \$350,000 and a Patent Device.

The Pittsburg Roller Axle Company has been recently incorporated with a capital stock of \$350,000. Among the directors of the new concern are John S. McIntosh, of Walls station, and Watkins T. Williams, of Braddock. E. E. Slick, a young draughtsman at Edgar Thomson Works, is interested in the device, from which it is claimed ear axles in iron or steel can be produced direct ready for use. The new company will lease property for a test plant.

Another Glass Conference.

Representatives of the flint glass workers and the prescription bottle manufacturers will meet this morning." The session will be held in the Iron Exchange building at 11 o'clock. The joint committee will arrange a scale for the coming year. See retary Dillon, of the American Flint Glass Workers' Union, says he does not believe there will be any change over the old rates.

The !kill and Knowledge

Essential to the production of the most per-fect and popular laxative remedy known, have enabled the California Fig Syrup Co. to achieve a great success in the reputation of its remedy, Syrup of Figs, as it is con-ceded to be the universal laxative. For sale by all durgrists. by all druggists.

Di-rrhoa in Kentucky.

"There has been a continued tendency to bowel disease here this season," says G. W. Shivell, druggist, Wickliffe, Ky., "and an unusual demand for Chamberlain's Colic, Cholera and Diarrhea Remedy. I have sold four bottles of it this morning. Some remarkable cures have been effected by it and in all cases it has proved successful." For sale by druggists.

—Cruiser No. 11 has been named Marblehead, in honor of the historic city in Massachusetts, of that name. It will be launched at the ship yard of Harrison Loring, at Boston, Thursday afternoon at 1 o'clock.

—The work of cetting the photographs of all Chinamen in Roohester, has begun. In addition to the photographs a register will be made, giving name, age, height, weight and other items that would serve to identify the Chinamen at some future time.

—Train robbers had everything prepared to rob a Texas and St. Louis express train at Winston tunnel near Paris, Tex. The tunnel watchman discovered their plans and stopped the train, which backed to a station, Here officers boarded the train and guarded it over the dangerous ground.

—At a station on the Bisbee Railroad, a few miles north of the Sonora line, four Mexican Custom House guards surrounded the station and captured another Mexican, who had been but a few months previous chief of the Mexican Guards. He was on his way to the city of Mexico, and had with him a trunk which the invaders took possession of. They procured an ax and broke the trunk open. They took from it a bundle of documents and hastily departed for their own country. The papers contained testimony against oustoms officials stationed in Sonora, and had he reached his destination with them it was believed wholesale arrests and removals would have speedily followed. The matter has been laid before the State Department at Washington.

CUT HIS HEART IN TWO.

One Brother Uses a Butcher Knife With Fatal Effect on Another.

PARKERSBURG, Aug. 9. — [Special.]— James and Thomas Slaughter, brothers, both men of family and citizens of Sand Run, five or six miles from Buckhannon, were drinking and gambling with two others in an old vacant schoolhouse, Sunday night, when the men got into a quarrel which ended in a general fight.

James Slaughter cut and stabbed his brother, Thomas, in several places and finally killed him by running a butcher knife through his heart. The murderer has been arrested.
