DEMAND FOR FUNDS

The City School Authorities Want the State's Appropriation.

THEIR ANNUAL REPORT READY.

Some Interesting Figures About Teachers and Scholars.

HOW THE SCHOOL MONEY IS SPENT

The report of the directors of the Pittsburg district of public schools, which is filed every year with the State, was to have been presented to the Board of Education Tuesday night. A quorum did not attend and there was no meeting. For a district to get their share of the State's appropriation for schools it is necessary to file a statement with the State with an affidavit and certificate sworn to by the President of the Board of School Directors of the district and countersigned by the Secre-tary of the board. This affidavit states that the schools of the district have been kept open according to the requirements of the school law for the term of ten months during the school year ending the first Monday in June, and that the several branches of study required by law to be taught, including the subject of physiology and hygiene, with special reference to the effect of alcoholic drinks, stimulants and narcotics upon the human system have been regularly introduced and taught in all the schools during the school year specified and that no teacher had been employed who had not a valid certificate. The State upon receiving these papers draws a warrant and sends it to the treasurer of the district.

Some Interesting Facts.

Some interesting facts are revealed by the report just made for the Pittsburg district for the school year ending on the first Monday in June, 1892, and for the fiscal year ending February 1, 1892. It shows that the total number of schools in the district is 668, in which are employed 39 male teachers and 629 temale teachers. The average salary of the male teachers is \$145 per month, and of the female teachers \$51. The total number of scholars earolled and attend-ing the different schools is 32,882, there being 16,291 male scholars, and 16,591 female scholars. The average daily attendance of these pupils was 24,298, and the percentage of attendance 70. The cost of educating each pupil was at the rate of \$1 49 per

The treasurer received money from the following sources. The State appropriation for the year ending in June, 1892, was \$77,348 81. The treasurer had a balance on hand from last year amounting to \$171,-015 04. He received from collections of taxes of all kinds \$637,319 63. From loans made since the last report he received \$172,-222 50, and from other sources \$14,672 91. This would make the receipts amount to \$77,348 81 from the State and \$995,230 08 from various other sources.

How the Money Was Spent, The money was disbursed in the follow-

ing manner: In purchasing ground, \$42,722 25; in building and turnishing houses they expended \$175,202 91; for rent and repairing, \$30,980 40; the teachers, including the evening schools and superintendent, required \$402,012 14; fuel and contingencies are put down at \$90,030 24; fees of the treasurer amounted to \$2,262 88. The salaries of the secretaries amounted to \$5,446 63. They reduced their debt and paid interest to the amount of \$127,301 70 and various other expenses amounted to \$26,150 85. The total expenditures for the year were \$902,110 01 and cash on hand amounted to \$170,468 88, which amount is the total resources of the Board. The district owes on unsettled bills \$54,150. The total amount of money borrowed or unaid claims being the debt of the district is \$836,200. The liabilities exceed their resources by \$719,881 12, but ther have against this the estimated value of school

property, which is \$3,276,000.

There are 2,500 schools in the State and 85 in Allegheny county from which similar reports are sent every year. The State's appropriation for schools has been \$2,000,000 but the last Legislature increased this amount to \$5,000,000. The appropriation is fixed for two years. By virtue of this in-crease the schools of Pittsburg will receive \$193,108 this year as their share, as against \$77,348 81 last year. This, it is argued, will decrease the taxes for school purposes

considerably.

The report is signed by President William H. McKelvy, Secretary Charles Reisfar and Treasurer Joseph F. Denniston.

Worse Than a Lock-Out.

The statement of Mr. J. Sterling, of Wickliffe, Ky., will be of especial interest to mechanics, many of whom have had a similar experience.

"I am a cooper by trade, and for many years worked in Chicago. About 12 months ago I had an attack of diarrhea, which be-came chronic. I was treated by two prominent physicians of Chicago, but from them received no permanent benefit. I then went to Texas, where I was again treated by a leading physician with results similar to those I had previously experienced. In May I came to Wickliffe, Ky., in a very debilitated condition, consequent upon this long continued trouble. I went to a drugstore for relief Chamberlain's College store for relief. Chamberlain's Colle, Cholers and Diarrhoa Remedy was recom-mended. The first dose relieved me, and two 25 cent bottles cured me. I consider myself well to-day."

Mr. Sterling is 62 years of age and a very

nice old gentleman, and reliable in all mat-ters. He came here in a very low state of health, but now says he feels perjectly well and buoyant and has had no symptoms of diarrhosa for three or four weeks. Chamber-laiu's Colic, Cholera and Diarrhosa Remedy is very popular here.-G. W. SHIVELL, Druggist, Wiekliffe, Ky. WThsu

JUDGMENT CONFESSED.

Thomas Fawcett & Sons Take Anothe Step in Arranging Their Business Af fairs-The Senior Member of the Firm Talks of Their Action.

Yesterday judgment was confessed in the sum of \$5,257 85 by Thomas Fawcett & Sons, the well-known coal operators and river men, in favor of F. M. Arnold, trustee of the First National Bank, of Clarion, Pa. "There is scarcely any need of public an-

nouncement of this," said James T. Faw cett, last night, "as it is simply another step in closing up our affairs. At the time of our failure, two years ago, the First
National Bank, of Clarion, held our note
tor the sum for which we yesterday confessed judgment. There
were a number of other notes held
against us as every one knows. The bank
of Clarion had had considerable business with our firm in years past, and they did not choose to press us. They allowed the matter to rest for awhile, and a tew days ago asked us to confess judgment, which we willingly consented to do. We have been engaged ever since our failure in arranging matters for our creditors, and now are in comparatively fair shape, and within a few months can make the settlement."
