The Duquesne Gas Company is drilling a well on the Semple farm, two miles south-west of Perrysville. The well in the Sistersville field which was creating so much talk last evening be-longs to Jennings, Galloway, McQuaid & Co., and is located on the Jesse Roweis farm, about two miles northwest from Sis-tersville on a45 line, and on the Ohio side of the river. McQuaid, one of the owners, told W. B. Lambing at Sistersville yesterday that the well was only a foot in the sand, and had made 500 barrels in the 16 hours ending at 6 o'clock yesterday morning. If this is the case, it is probably the biggest surprise which has been sprung in that field, as it is away off to the northwest, and less than 60 rods due north of a dry hole drilled by Connelly Bros. & E. T. Johnson on the E. J. Colvin farm. A few rods east of it is a producer on the T. Elliott farm. There are no completed wells northwest of fit, but the Buchheit Oil Company expects to finish up a well this week on the Buchheit farm, about 100 rods to the northwest. PRECEPT AND PRACTICE. An aged couple in Wooster are very fond of checkers, and play frequently. When he beats at the game she loses her temper, and declares she will not play again. It verses him to have her act so, but he controls the irritation, and talks to her about it. He tells her how wrong it is for people at their age in life to be disturbed by such trifles, and shows her so clearly the folly of such a course that she becomes ashamed of her weakness and returns to the game and plays so well that she beats him. Then he throws the men in one direction and kicks the board in an-other, and says he will never play with any-body who chemis so awfully, and stalks moodily to bed, leaving her to plck up the things. We think the above shows a trait of players in general. When winning the ma-jority of games all is well, but when losing the tendency is to get ruffied, and in many-instances to act in a very unbecoming way. It is always in keeping to follow the advice of an old-time player. "Avoid satire; win with modesty and lose with good temper." PRECEPT AND PRACTICE.

Inspiration. Men are not asking to-day how far back into the past does your history extend; but how far reaching is your present every day line. What of your own? Are you adding to the are in which you live? We cannot afford to live for our own gratification, nor for dis-play of cross, plume, sword or star. By a sarger growth in ourselves and a wider in-fluence upon our tellow men we must em-phasize the meaning of our name and the signification of our symbols. Every Bond of Feilowship a Debt.

-not what has been their past, but what will be our past. What are we going to give the future? Those of the past who left a magnificent heritage for the future were men whose am-bition it was to contribute something of their own to the age in which they lived.

#### Every Bond of Fellowship a Debt,

Sir Knights, the world needs us at our best. Every bond, said Savonarola, is a debit. In paying this debt, and nowhere else, all right lies. Our bonds of fellowship, not only as Free Masons with one another but as men with our fellow men, are debis, In paying these all our rights lie. Man was not made for Free Masonry, but Free Masonry for man. The age demands the

Masonry for man. The age demands the enunciation of the principles of our order. Men need that deeper sense of the sucred-ness of human life which comes only from a belief in the fatherhood of God and the brotherhood of man. By this sense alone may be dissipated all the spirit of discon-tent-those differences separating men and threatening our peace. threatening our peace.

Right Sir Judge Hugh McCurdy, thirty-third degree, R. E. Deputy Master of the Grand Encampment and Past Grand Mas-ter, Past Grand High Priest, Past Eminent Grand Commander, Past Most Illustrious Grand Master of the Grand Council, Illus-tions Donote the Michine and A. A. Distrious Deputy for Michigan and A. A. Rite, was made a Mason in Birmingham Lodge No. 44 in 1850; received the chapter de-grees in Washington Chapter No. 15, Flint, on February 5, 1864; the council degrees in St. Johns Council, St. Johns, on December 18, 1866; the orders of knighthood in Fenton Commandery No. 14, Fenton, on March 13, 1866. He is likewise a noble of the Mystic Order of Shriners and holds a mem-bership in the temple at Detroit, and took the Ineffable Grades of A. and A. Rite in the Michigan Sovereign Consistory, December 19, 1866. He received the degree of the Royal Order of Scotland September 18, 1878

#### Many Posts of Honor Filled.

In 1873 he was elected Grand Master of the Grand Lodge by a unanimous vote. He was elected Grand High Priest of the Grand Chapter, R. A. A., in 1871. On Jan-uary 21, 1879, he was elected M. I. Grand Master of the Grand Council of R. S. and S. J. the United States Master 0 1877 he S. of the United States. May 9, 1877, he was elected Grand Commander of the Grand Commandery, Knights of Michigan, In August, 1880, he was elected Grand Senior Warden of the Grand Encampment of Knights Templar of the United States. In 1883 he was elected Grand Captain General, and in 1886 was advanced to Eminent Grand Generalissimo. In 1889 he was elected Deputy Grand Master at Washington, D. C.

In the A. and A. E. Rite his history is equally interesting and important. In March, 1884, he was elected Commander in Chief of Michigan Sovereign Consistory, filling the position for three years; Novem-ber 18, 1873, he was created an honorary member of the Supreme Council of the Northern Masonic Jurisdiction, and re-ceived the thirty-third and last degree, and in the following way was cleated Grand Marshal of the camp. On September 17, 1883, he was created and crowned an active mem-ber of the Supreme Council. Last September, at its last meeting, the Supreme Coun-cil elected him their Illustrious Deputy for that State.

He is a great worker, and outside the press of a large legal practice, finds time to visit all the grand bodies; to keep making important additions to Masonic literature and the preparation and deliverance of eloquent Masonic orations.

#### CHECKER EDITOR'S MOVE.

(a). This move loses, which Mr. Reed well knew. If it was not for this trait of Mr. Reed's he would not let so many games be won of him, or drawn either, but in his cross board play he runs these risks and is invariably successful, but once in a while he has to assess has to succumb.

GAME NO. 335-SWITCHER. The following two games were played at Newcastle, Eng., in Januarv, 1892, between Mr. J. P. Grey, a north of England expert, and James Moir, the Scottist: expert. THE DISPATCH renders will remember Mr. Molr's visit to Pittsburg with Lambeth's select choir. THE DISPATCH gave at the time a picture of Mr. Moir and a short biographical sketch of his career as a draughts player. For the following we are indebted to Mr. J. W.
