A DAY FOR PATRIOTS.

Arranging for the Observance of the 400th Anniversary of

THE DISCOVERY OF AMERICA.

Mayor Gourley Wants the Celebration Be in Schenley Park.

SCHOOL CHILDREN TO BE IN FRONT

A monster celebration of Columbus' Day, October 21, the four hundredth anniversary of the discovery of America, is to be held in this city. The form of exercises, whether there shall be a grand parade over the streets of the city, or an immense meeting at Schenley Park, or both, is a matter yet to be decided. Mayor Gourley has been thinking about organizing a celebration of the day among the school children, but was waiting until the schools opened in Sentember be.

Williams, in his statement, denies the truth of Evans' assertion and claims that by it he has been injured in his good name, fame and reputation and brought into disgrace and disrepute among his nelghbors, who since then have suspected him as guilty and meriting punishment. They rejuse to have any conversation or communion with him, and for this and other injuries he wants \$5,000 damages. A capies was issued until the schools opened in September be-

fore making any move in the matter Yesterday Mayor Gourley was waited upon by a committee from the Columbus Club of this city, the chairman of the committee being H. F. McGrady, Esq., president of the club. They told the Mayor that on last Monday evening there had been held at the clubhouse a meeting of delegates representing nearly every Catholic church in Allegheny county. The meeting decided that a celebration of the day should be held in this city, but a resolution was adopted that the Mayors of the two cities be invited to take the lead in the matter, and that the celebration be made general and non-sectarian, the Catholic organization only co-operating to make it a success.

Will Take Action on Monday.

The Mayor expressed his willingness to assist in the movement to the best of his ability. The plan he had in mind of baving the celebration for the especial benefit of the school children was heartily indorsed by the committee, and they adjourned, to meet at the Mayor's office Monafternoon at 2 o'clock. At this meeting a plan of action will be decided upon. Mayor Kennedy, who was also waited upon by the committee yesterday and signified his approval of the celebration, will attend the next meeting, and the superintendents of the public schools of both cities and the county will be

Mayor Gourley's idea is to make the object of the celebration the instruction of the school children in patriotism, love for their country and the flag. Some time ago the Mayor had his attention called to the subject of a public school celebration by a circular received from the Columbian Public School Celebration Committee, appointed to the National Convention of Source by the National Convention of Superin-tendents of Education last February. The committee consists of Francis Bellamy, Chairman, of the Youths' Communion, Boston; John W. Dickson, Secretary of Education, Massachusetts; Thomas B. Stockwell, Public School Commissioner, Rhode Island; W. P. Garrett, State Superintendent of Tennèssee; W. C. Hewitt, Superintendent of Tennessee; W. C. Hewitt, Superintendent of Michigan's educational exhibit for the World's Fair.

The Rising Generation in Front,

This committee has been making great preparations for the work. Their object is to have local celebrations in every town in the country, to awaken enthusiasm in the Columbian exposition which opens on that day and to give the public schools the first place in the celebration. The committee will appeal to the school children themselves to be the first to move, to arouse in the schools and in their neighborhoods a sentiment in favor of a spontaneous remembrance of the intrepid sailor of Genoa. At ter the movement is under way the com-mittee will furnish printed programmes, adapted to any district, but arranged so that they can be elaborated if desired. The aim of this official programme is to have certain leading exercises the same in every school in the Republic, and that at least one feature of the exercises at Chicago and those of all the schools will be identical. While the schools are asked to start the

movement it is expected that all civic, military and religious organizations in each lo-cality will take it up with equal vigor and contribute to its success.

A Day for Patriot of All Ages. The Mayor heartily approves the plan of this national committee, but thinks Alle-gheny county and particularly the two cities should combine in a grand demonstra-tion at Schenley Park. He proposes the appointment of a good committee of 15 per-sons interested in public and parochia schools with a view to making the celebra-tion positively non-sectarian. The formu-lation of all plans for the proper observance of the day, provision of ways and means for bringing together the school children of both cities and the county, and making grand success of the affair will be left whell-

with the committee. Said the Mayor last evening. "By all means let us have in this city a celebration of the four hundredth anniversary of the discovery of America, and by all means let the school children here and all over the land have the front row of centric the school." row of seats in the show. The celebration is and should be for their benefit. To the older heads this country has become simply a great checker board. The rising genera-tion of citizens should be imbued with a little genuine patriotism and love of country that has in it no element of selfishness.

grand success of the affair will be left wholly

Future Rulers of the Country. "There are 13,000,000 public school children in this country to-day. The entire population of the country 60 years ago was less than that. The public school children form one-fifth of the country's population now, and there are over 1,000,000 in parochial and private schools. Fifteen years from now these 14,000,000 children will be controlling the Boards. will be controlling the Republic. They should be prepared for that work. They should receive every possible lesson in patriotism. No opportunity to do this should be neglected, for in our voters of 15 years hence will rest the safety of our Government. Patriotism made this Government.

years nence will rest the salety of our Govern-ernment. Patriotism made this Govern-ment and must be kept alive to austain it. "I hope there will be a spontaneous movement on the part of the people to as-sist in this undertaking. Those who live to-day did not see the last anniversary, and they will not see the next one. Every man should be glad to live and take part in this one. My own idea is to have a grand meeting in Schenley Park, but the question of letails will be taken up at our meeting next Monday. From the consideration I have given the subject I am satisfied our people will take up the movement with enthusi-

Mr. McGrady said that if a general demonstration was not made the Catholics would hold one. The Catholic churches will all have special services on the morn-ing of October 12, that being the date in history of the landing of Columbus, but the general celebration will be on the 21st, the day fixed by President Harrison for the formal opening of the World's Columbian

Cruel Parents Agrested.

Young Thompson, who was found sick and neglected at his home on Pride street on Thursday, was yesterday sent to the Mercy Hospital. His parents have been locked up charged with cruelty and neglect.

AN ECHO OF THE STRIKE:

one Duquesne Roller Charges Another With Slander-The Two Quarreles About a Piace in the Mill-A Suit for

An echo of the recent Duquesne strike reached the Common Pleas Court yesterday. Attorney W. J. Brennen filed the suit of William J. Williams against John Evans, an action for \$5,000 damages for alleged slander. Both men are rollers and live at Duquesne. Williams asserts that on August 5 and 6 Evans said to him and in the presence and hearing of others, intending to defame him and injure bim in the estimation of his neighbors, that Williams had tried to supersede Evans in his position as a non-union roller in the Duquesne Steel Works.

Williams, in his statement, denies the wants \$5,000 damages. A capias was issued for the arrest of the defendant to require him to give bail.

Want Damages for an Injury. Suits for damages were entered yesterday by Jacob Peter and his father, Adam Peter, against the Federal Street and Pleasant Valley Passenger Railway Company. The damages asked are for injuries to the son. damages asked are for injuries to the son. On July 19, 1892, it is stated, an electric wire of the company's on Charles street, Allegheny, was broken and fell to the street. The wire, which was charged with electricity, struck the boy across both legs, severely shocking and burning him. He is permanently injured, it is alleged, and \$25,000 damages are asked for him and \$10,000 for his father.

What the Champion Bridge Jumper and Swimmer of the World Says of It. Mesers. McKinnie & Chessman:

Messrs. McKinnie & Chessman:

Gentlemen—I was induced to try a bottle of your truly wonderful medicine, and can say it is the only medicine that has ever done me any good, and, in fact, this cured me. I have been a constant sufferer with rheumatism ever suce my long swim from Albany to New York in my rubber suit. Immediately afterward I went to England, where I was laid up with rheumatism for four weeks at Shield's Hotel, London. I secured the best medical attendance, paying two guineas a day for the treatment, without deriving as much benefit as from one bottle of your medicine. I feel truly grateful to you and you can rest assured I will never let an opportunity of testifying to the merits of this valuable medicine pass, and freely give this recommendation in behalf of suffering humanity who may have been robbed by quack doctors and ruined in health by the many injurious prescriptions used by sufferers, as has been my case.

Yours respectfully.
