

BREADTH IN RELIGION.

How Christians Should View the Events of Everyday Life.

HELP FOR HUMAN WEAKNESSES.

A Lesson Drawn From Nathan's Accusation of King David.

TOPICS TOUCHED UPON BY PASTORS

"Christians should take a broad as well as a narrow view of religion," said Rev. T. N. Eaton during the course of his sermon at the Oakland M. E. Church yesterday morning. "Man was meant to occupy various ways in life, and he owes a duty to his generation in the same as he does to God," continued the minister.

CONDITION OF FORGIVENESS.

Christians should live content and not be envious of others. Rev. E. S. Farnand, who preached in the Mt. Washington Baptist Church yesterday, took his text from 2 Samuel 12:7. The subject of his discourse was, "Nathan's Accusation." He began by giving an outline of the interview between the prophet Nathan and King David. Continuing, he said, "Good men often fall into sin. The characters in Biblical history have been men of good character, but they are not often ashamed of his conduct. The world should not criticize these men too harshly. We get great consolations, as Christians, knowing that even the noblest characters fell into sin."

"We often criticize others for the very faults we have ourselves. David blamed the rich man of the parable when he did that man. It is a very little and a very unimportant thing, but it is a sin, and if you have no objections, you can sleep with him."

LARGEST LAKE BOATS.

The Wheeler Ship Company Will Build Two Monster Vessels.

F. H. Guber, manager of the Wheeler Shipyard at Bay City, Mich., was at the Schlosser yesterday. His company has completed five lightness vessels for the Government, and he had been in Washington turning them over to the Secretary of the Navy. Mr. Gilbert stopped here to see Willis Morse at the Schlosser. He paid a visit to the Crapps in Philadelphia, and inspected the Columbia, a cutter known as private No. 12. He thinks it is a wonderful boat, and is capable of doing a great deal of damage.

FUN IN A SIGNAL TOWER.

Brought to a Melancholy Close by a Railroad Accident. John Linn, night rider for the Pittsburg and Lake Erie railroad, and two companions, Maurice Harry and John O'Brien, were arrested in the signal tower at an early hour yesterday morning by Detective Cook of the Pittsburg and Lake Erie Road. Word came to the Superintendent of the road that Linn was in the habit of calling friends in and having a good time every night. Detective Cook was detailed to look the matter up, and caught the three men in the tower drinking and singing.

REV. E. S. FARNAND RESIGNS.

He Will Accept a Call From a Church at Topeka, Kan. Rev. E. S. Farnand, pastor of the Mt. Washington Presbyterian Church, has received a hearty and unanimous call from the Mt. Washington church to Topeka, Kan. He expects to accept the call, and thinks he will leave for his new pastorate during the early part of September. His resignation from the Mt. Washington church has not yet been formally acted upon by his congregation, but a congregational meeting has been called for Wednesday evening, when his resignation will be considered. Rev. Farnand has been pastor of his present congregation for about four years.

Why Not to You?

You certainly want good boarders and roomers. How to secure them? A few small signs in your window can make a big difference. Why not to you?

IMPROVING A PLANE.

Thirty Thousand Dollars Spent on the Castle Shannon Incline.

AVOIDING THE OLD TUNNEL.

New Rolling Stock Has Been Purchased for the Railroad.

THE WORK VERY NEARLY COMPLETED

The work of reconstructing the Castle Shannon Incline Plane is about completed. The track and grade has been tested, and everything found to be satisfactory. Within 10 days the running of the new line will be extended to Allentown. This will do away with the old tunnel through which all the cars had to pass, coming from the Castle Shannon Railroad. This change will also do away with the half-way station that has always been a constant source of trouble to the road.

FOR BICYCLE RIDERS.

A General Invitation to Wheelmen to Attend an Outdoor Service. Rev. Dr. Eaton, of the Oakland M. E. Church, who has adopted the novelty of out-of-door services on Sunday evenings, had a very large crowd of listeners at the grove corner of Frazer and Boquet streets last evening. Dr. Eaton took his subject from the text, "The Lord is deceived, God is not mocked," fifth chapter, seventh verse. The sermon was a very interesting one, and was attentively listened to by the large crowd.

TURNED THE TABLES.

How Drummer John Smith Was Euchered Out of a Lower Berth—A Stout Lady From Harrisburg Took Possession of the Bank and Held It.

A drummer stopping at the Anderson, who has played numerous jokes on his fellow drummers, had the tables turned on him in the other day that made him furious. He was mad enough to commit murder, but he could do so to grin and bear it. A party of commercial men were coming to Pittsburgh, and John Smith, the joker, this name will answer the purpose, was in the crowd. They sat in the smoker swapping stories, and John was telling Smith a story of a home and a train his home was disturbed. "Whatever a man saveth, that shall he also reap." The bird with a broken wing never soars so high against the wind as the eagle in the sky.

IN THE SISTERSVILLE FIELD.

Mr. Carr Says the Territory Is Undeveloped. George B. Carr, of Tusculum, registered at the St. James last evening. He is interested in the Sistersville oil field. He thinks it will make a good oil section. He advised the Standard to put in a pipe line with a capacity of 15,000 barrels a week. The managers laughed at the idea, but lately they provided for 20,000 barrels. The capacity of the territory at present is from 7,500 to 8,000 barrels per week. The oil comes from wells drilled in the territory, and the Standard is held in large blocks by men who are waiting for the price of oil to increase before they commence to drill. Mr. Carr thinks if the field were developed the output would be about 25,000 barrels a week. About 100 wells have been put down, and plenty of water is struck. The gas supply, however, is large, and forces the water out of the wells.

MEETINGS AND NOTICES.

NOTICE—The annual meeting of the stockholders of the Pittsburgh Forge and Iron Co. will be held at the office of the company, 100 West Penn, on TUESDAY, August 15, 1922, at 10 o'clock a. m. The business to be transacted is the election of directors for the ensuing year and for such other business as may be brought before the meeting.
