DUST AND EXPOSURE

CATARRHAL TROUBLES RESULTING IN NERVOUS PROSTRATION AND

GENERAL DEBILITY.

The Form of Catarrh That Affects Coal

Miners, Stonecutters, Brassworkers,

Nailers, Sawmakers, Etc.-Mr. John

Although chronic catarrn in this climate

Although chronic catarrh in this climate is nearly always caused by neglected colds, occasionally the exciting cause is traced to irritating particles of dust and exposure to foul air, as of coal mines, factories, etc. This form of catarrh is due to particles of fine dust being carried in the air, inspired, inhaled from the mote-laden atmosphere in shops, mines, factories, etc., and to which stonecutters, cutlers, ead miners, brassworkers, natlers, sawmakers, etc., are liable. This at times so affects the system that the patient, before he is aware of it, suffers from almost total nervous prostration and debility, due to depleted and vitiated blood, as well as the local trouble caused by the irritating particles of dust flying in the air, and needs careful and general constitutional treatment as well as treatment directed to the local ailment.

A COAL MINER'S STATEMENT,

Instrating the Effects of Irritating Par-

That one's occupation often has considerable influence over his health is shown in

the case of Mr. John Horan, a coal miner, who lives at Woodville P. O., a little hamlet

ten miles distant, on the Washington branch

of the Panhandie Railway.

Mr. Horan says: "I had been troubled off

and on for several years, and doctored from time to time with little or no benefit, till finally I grew so bad I became seriously alarmed about my condition, and felt that I

Mr. John Horan, Woodville P. O.

would have to have immediate relief or give up my work. I ached all over nearly all the time, and my body felt as sore as if it had been pounded with a club. I had a constant pain over my eyes and through my temples, and my eye-balls ached and pained me away back into my head. I also had shooting pains through my chest to each shoulder blade, pain and soreness in the small of my back, over the region of my kidneys, and pain shooting down the legs to the knees, with at times a numbness and pricking sensation, as of needles jasging me.

"My nose and throat were constantly stopped up with a sticky tenacious muous and I would often hawk out little chunks of hard stuff as black as coal. My ears were also affected by roaring and hissing sounds.

"The appetite became affected and nothing I ate seemed to agree with me. After eating, my stomach would swell up like a drum, and I was troubled with belching of gas, palpitation of heart, dizzy and smothering sensations, etc.

"Although I siept sound, my sleep was troubled with horrid dreams, and I worked all night in these dreams, and awoke in the morning tired, unrefreshed, sore and aching all over."

"I shall always bless the day I was directed

ing all over.

"I shall always bless the day I was directed to Drs. Copeland, Hall and Byers, for they have done for me what no other doctors could do, they have cured me safe and sound and now I feel like a new person. I have no aches or pains, eat and sleep well, and awaken in the morning rested and anxious for my daily work. I shall never forget

and Foul Air of the Mines.

ticles of Dust and Exposure to the Damp

Drs. Copeland, Hall and Byers hear almost every day of their professional lives, and it is this class of people, these doubting. Thomases, whom they wish to reach to-day, In the first place, it would not pay Drs. Copeland, Hall and Byers to attempt to humbug the public for the small sum of \$5 a month, even if they so desired, and for the benefit of these doubting Thomases they make the following offer:

They Will Forfelt \$1,000

indorse Drs. Copeland, Hall and Byers

ing excepting something unfavorable about a man.

Drs. Copeland, Hall and Byers do not claim to be infallible. They do not claim to cure every patient that comes to them for treatment, but they do claim that their percentage of cures in long-standing chronic cases is greater by their method of treatment than by any other known method. Treating as many patients as they do, they realize the fact that owing to the perversity of human nature in general they are subject to considerable adverse criticism at times. They sometimes hear of people saying: "I was under treatment by Drs. Copeland, Hall and Byers, but they did me no good." Did you ever investigate such statements? If you did, you will find that a majority of these dissatisfied patients either

Only Took One Month's Treatment.

Only Took One Month's Treatment,

Only Took One Month's Treatment,
And even then neglected taking their medicine regularly, and violated all the laws of health by irregularities in eating and drinking and exposure, or that they came under treatment during the severe winter when nature was at its worst, and consequently it was next to impossible to effect any relief, much less cure.

Drs. Copeland, Hall and Byers have repeatedly in these columns, and also in the consultation room, urged the necessity for continuous and systematic treatment in all chronic troubles, more particularly those of a catarrhal nature. That is the reason they inaugurated their \$5 rate of treatment, so that patients could afford to continue with them long enough to receive a perfect cure. They recognize the fact that

Chronic Diseases Require Chronic Treat-

Chronic Diseases Require Chronic Treat-

ment,

ment,

And they sometimes grow discouraged to see how little some patients appreciate the superior treatment they are furnishing the public, when these patients think they should be cured in a few weeks or a month. If it were possible to cure all chronic aggravated ailments in a single month they would charge \$25 a month instead of \$5. As they have said before, it does not pay them to attempt to humbug the public for \$5. They tell their patients honestly just what they hope to do for them and how long it will probably take to effect a cure, and then they can take treatment or not, just as they desire. They go at every case with the determination to perform a perfect cure, and they desire the entire cooperation of the patient and also that sufficient time be given them to work out their method of systematic treatment. Patients who follow out their thorough course of treatment persistently always receive benefit and are satisfied with the treatment, while of course it is different with those who quit at the end of a single month and neglect both themselves and treatment during that month.

kinds of medicines and doctors without avail, and had given up hopes of ever being any better, but you have been publishing so many cures of allments similar to mine I decided to come and see you and have a talk with you. I will state to you frankly that I have been skeptical for a long time, like many of my friends and neighbors in Blairs ville. I know you doctors publish each week cures made by your method of treatment, but my people reason this way: "These patients are not known to us, and one reads so many things in the papers that are not true. However, I just told them I would just come and see you and satisfy myself."

The above statement is similar to what

Read the Testimony of Mr. James

In last week's medical special Drs. Cope

land, Hall and Byers showed how catairl' frequently affected the stomach as its most

prominent seat of attack. This is generally

the case in patients of a bilious tempera-

ment, while in others of a nervous tempera-ment, the principal location of the trouble is in the head, and the nervous system is

soon affected thereby, causing headaches, nervous prostration, nervous debility,

pany, Pittsburg, Pa.:

GENTLEMEN—I have been a sufferer from rheumatism the past three years for months at a time, and for the past year I have been afflicted with the articular rheumatism. I was five months in bed, most of the time nnable to move, and over four months I have been going around on crutches.

I tried doctors and different medicines without success. When I was advised to try your medicine I thought it was only throwing away more money and I was about discouraged, but after using one bottle I got a great deal of relief, and after using about 3½ bottles I put away the crutches and have not used them since. I now get around on my feet in presty good shape and am now on my fifth bottle; hope soon to be as well as ever.

my fifth socie; hope soon to be ever.

Your medicine has done for me what doctors and other remedies failed to do.

Thanking you for your kindness to me I will always be willing to answer all letters addressed to me in regard to merit of your medicine.

Yours respectfully,

JOSEPH KING,

284 East Tenth street, Oswego, N. Y

CANADA CALLED DOWN | so that the action taken in Nontreal seems to leave the case in statu quo.

On the 18th instant Secretary Foster tele-graphed Mr. Herbert at Newport as follows:

The Last Reply of Mr. Herbert.

Your telegram of to-day received. Have telegraphed to inquire what day I may expect communication.

On the 19th instant Secretary Foster sent the following telegram to Mr. Herbert:

The United States Consul General at Otta

In response to this telegram, Mr. Herbert the same day asked if he could see Secretary Foster at the State Department early the following morning, and the Secretary telegraphed back that he could see him at any time between 8 and 11 o'clock.

In pursuance of this arrangement, Mr. Her-bert, Charge of the British Legation, called

on the Secretary of State this morning and informed him that he had not yet received

the official notice of the action of the Canadian Cabinet on the canal tolls, but he

hoped to be able to communicate it early

The Secretary of State said that the United States Consul General at Ottawa had reported that the decision of the Cabinet was to abolish the rebate on tolls at the end

of the present season, and that this was confirmed by the Ministerial press of Can-ada. He then asked Mr. Herbert if this

conformed to his information on the subject.

Mr. Herbert answered that he was not as yet authorized to make any official communication on the subject, but that he had no doubt the Consul General's report was

The Secretary of State then said that such

a solution of the question would not be re-garded as satisfactory to his Government,

and in answer to an inquiry he stated that the President considered it his duty to issue

the proclamation contemplated by the act of Congress. But he gave Mr. Herbert the assurance that should the Canadian Gov-

ern give notice of its decision to abolish the discrimination now complained of the proc-

lamation would be suspended concurrently

By President Harrison in a Stiff When may I expect you here or note on canal tolls? Proclamation of Retaliation.

ACT OF CONGRESS CARRIED OUT.

The Canucks Must Pay Well for the Privilege of Collecting

TOLL FROM US ON THE WELLAND CANAL

The United States Consul General at Otta-wa reports decision of council was to abolish rebate at end of this season. This confirmed by Canadian press reports. If Canadian dis-criminations are to continue during this sonson, compliance with the recent act of Congress requires the President to establish toils to run concurrently. Discussion as to future action can then proceed under parity of conditions. WASHINGTON, Aug. 20.-The President

issued the following proclamation this after-WHEREAS. By an act of Congress approved July 90, 1894, entitled "An act to enforce re-ciprocal commercial relations between the United States and Canada, and for other purposes," it is provided "that with a view of securing reciprocal advantages for the States, on and after the first day of August. 1892, whenever and so often as the President shall be satisfied that the passage through any canal or lock connected with the naviration of the St. Lawrence river, the Great Lakes, or the waterways connecting the hoped to be same, of any vessels of the United States or enext week. of carzoes or passengers in transit to any port of the United States is prohibited or is made difficult or burdensome by the imposition of toils or otherwise which, in view of the free passage through the St. Mary's Fells Canal now permitted to vessels of all nations, he shall doem to be reciprocally unjust and unreasonable, he shall have the power, and it shall be his duty to have the power, and it shall be his duty to see send by proclaumation to that effect for such time and to such extent (including absolute problettion) as he shall deem just, the right of tree passage through the St. Mary's Falls (annal, so far as it relates to vessels owned by the subjects of the Government so discriminating arainst the citizens, ports or vessels of the United States, or to any cargoes, portions of cargoes or possengers in transit to the ports of the Government making such discrimination, whether carried in vessels of the United States or of other nations.

Amount of Tolksto Be Charged.

Amount of Tolisto Be Charged. "In such case and during such suspension tolls shall be levied, collected and paid as follows, to-wit: Upon freight of whatever kind or destination, not to exceed \$2 per tou: upon passengers not to exceed \$5 each. as shall be from time to time provided by the President. Provided, That notells shall be charged or collected mon freight or passengers carried to and landed at Ogdensburg or any port west of Ogdensburg and south of a line drawn from the northern boundary of the State of New York through the St. Lawrence river, the Great Lakes and their connecting channels to the northern boundary of the State of Minnesota.

Section 2—All tolls so charged shall be collected under such regulations as shall be prescribed by the Secretary of the Treasury. the President. Provided, That no tolls shall Streets.

Spread the good news. Having bought for each the entire stock of a big Boston bankrupt clothing firm well known for their fine make of goods, we now ofter it to the public at prices which mean about "25 cents on the dollar." Read the following list, which will serve to give you an idea how cheap we are selling this bankrupt firm's stock. Everything of the best—2,500 men's fine sack and cutaway suits, plenty of neat patterns, medium weight garments, our price \$6.85. Boston firm's price was \$15 and \$18. This is a bargain worth talking about, 1,000 men's stylish suits, light and dark cutaways, at \$7.50, 1,700 pairs men's pants; see samples in our big show windows; stylish strines and mixtures; our price now \$9c and \$17. 1,000 pairs of fine dress pants at \$2.50. Eighteen lots of men's dress suits, plain black worsteds, clay diagonals, small pin heads and black cheviots at \$10 a suit—Boston firm sold 'em for \$25 and \$30. Then we offer boys' suits, sizes 4 to 14, pleated or plain, at 91c and \$17. 3, and thousands of other bargains in our well lighted basement, such as men's cheviot (domestic) and cassimere sack suits at \$4.60 and \$5.75, and also 5,000 pairs of the best \$1 men's pants in the world. Remember, this was a grantic buy, We made this purchase with the best of intentions—to give the people great bargains and reap the benefit of the enormous free advertising we will get from it. Why, in a few days everybody will be talking of the great Boston bankrupt stock being sold by the P. C. C. C., and the thousands that attend will be amply repaid. We control the stock, remember, and each bargain advertised is on our counters ready for x-1e. If you are not ready to bny tell your triends about it. Let them benefit by it. Spread the news.

P. C. C., Clothlers, corner Grant and Diamend streets.

prescribed by the Secretary of the Treasury, who may require the master of each vessel to furnish a sworn statement of the amount and kind of cargo and the number of pas-sengers earried and the destination of the same, and such proof of the actual delivery of such cargo or passengers at some port or dace within the limits above named as he shall deem satisfactory; and until such proof is furnished, such freight and passengers may be considered to have been landed at some port or place outside of those limits, and the amount of tells which would have constitute a lien, which may be enforced spainst the vessel in default, wherever and whenever found in the waters of the United States;" and

Reasons for the Retaliation. Whereas. The Government of the Dominion

of Canada imposes a toll amounting to about 20 cents per ton on all freight passing through the Welland canal in transit to a port of the United States, and also a further toil on all vessels of United States and on all the passengers in transit to a port of the United States, all of which tolls are with-

Whereas, The Government of the Dominion of Canada, in accordance with an order in council of April 14, 1892, refunds 18 cents per ton of the 20 cent, toll at the Welland canal, on wheat, Indian corn, peas, barley, rye, oats, flaxeed and buckwheat, upon condition that they are originally shipped for and carried to Montreal or some porteast of Montreal for export, and that, if translipped at an intermediate point, such translipped at an intermediate point, such translipped at an intermediate point, such translipped at an intermediate only other rebate on said products when shipped to a port of the United States or when carried to Montreal or export if transhipped within the United States, and

Whereas, The Government of the Dominion of Canada by said system of rebate and otherwise discriminates against the critzens of the United States in the use of sid Welland Canal in violation of the provisions of article 7 of the treaty of Washington, concluded May 8, 1871. And, Whereas, The Government of the Domin-

What It Is Going to Cost. Whereas, Said Welland Canal is connected with the navigation of the great lakes, and I am satisfied that the passage through it of cargoes in transit to ports of the United States is made difficult and burdensome by said discriminating system of rebate and otherwise, and is reciprocally unjust and

unreasonable. Now, therefore, I, Benjamin Harrison, President of the United States of America, by virtue of the power to that end conferred by virtue of the power to that end conferred upon me by said act of Congress, approved July 22, 1892, do hereby direct that from and after September 1, 1892, until further notice, a toll of 20 cents per ton be levied, collected and paid on all ireight of whatever kind or description passing through the St. Mary's Falls Canal in transit to any port of the Dominion of Canada, whether carried in vessels of the United States or of other nations; and to that extent I do hereby suspend, from and after said date, the right of free passage through said St. Mary's Falls Canal of any and all cargoes or portions of cargoes, in transit to Canadian ports.

By the President,

By the President, John W. Foster, Secretary of State,

Events Prior to the Procint The events leading up to the issue of th proclamation are described in the official memoranda as follows: At an interview memoranda as follows: At an interview held at the Department of State on Monday, August 1, the Secretary of State informed Mr. Herbert, in charge of the British Legation, that in view of the passage of the act of Congress relating to the Canadism canal tolls, the President would regard it his duty to issue, without delay, a proclamation, based upon that act, imposing tolls upon products passing through the Sault Ste. Marie Canal destined for Canadian ports, unless an assurance could be received from the Canadian Government within a few days that the discriminations within a few days that the discriminations now enforced in the Canadian canals agains American ports and lines of transportation would be promptly discontinued.

Mr. Herbert answered that a few days' delay would be necessary in order to ressemble the Canadian Cabinet, the majority of whom are now absent from the Capital, and he inquired of the Secretary what time would be considered reasonable for this purpose. The Secretary replied that he thought the Cabinet might be conveniently called together and take action within a week or ten days, and that nothing would be done by the President is the would be done by the President in the mat-ter within that time.

Some Sparring to Get Wind, Mr. Herber said he would communicate immediately with the Governor General by immediately with the Governor General by telegraph, and urge prompt action. On the 5th of August Mr. Herbert telegraphed Secretary Foster from Newport. R. I., that Lord Stanley had telegraphed him that it will be impossible to arrive at a decision till Monday, at the earliest, owing to the absence of all Ministers from Ottawa. The next day Mr. Herbert telegraphed Mr. Foster as follows: Foster as follows:

I have received assurance of further consideration. May I consequently venture to hope that no steps may be taken in the Secretary F oster replied by telegraph as

Gratified at your telegram. You may count upon reasonable time, such as indi-cated in our interview.

Counsul General Lay, at Ottawa, wrote to Assistant Secretary Wharton, under date of August 15, as follows: Angust 15, as follows:

I have the honor to confirm my telegram of to-day, as follows: "Ministers determined to abolish rebate on canal tolls, end season." The decision made by them as to the rebate on canal tolls, it seems, continues the rebate, as now, till the end of the season of navigation. I inclose copies of the orders in council authorizing these rebates, which would terminate at the end of the season of the condition of council.

GREAT BUILDING AND EXTENSION SALE Unlike many other sales now advertised in the newspa-

pers, this building and extension sale is no blow or bluff, no sham or splurge, but a genuine, downright fact-not even a matter of choice but of dire compulsion. It's a case of necessity knowing no law, and, as a natural consequence, the prices in every department have been cut and slashed to pieces. In the first place the remodeling of our present building to conform with our Mammoth New Addition (80 feet frontage on Fifth avenue and extending through to Diamond street 230 feet) is crowding us for room; then we are determined to open the enlarged new building with a brand new stock only; again, the season is almost over, and, as you know, we never carry any goods over, if reduced prices will sell them. Now, then, if you're shrewd, you'll take advantage of this state of affairs, and make your purchases at once. Whatever you may need in the line of clothing, Wraps, Cloaks, Dresses, Hats, Millinery, Furnishing Goods, Crockery, Glassware, Kitchen Utensils, etc., can be supplied at this sale for about half regular

IN OUR MEN'S SUIT DEPARTMENT

You will find some of the best bargains offered at this Building and Extension Sale. Take our \$6.66 suits, for instance. They really are \$10, \$11, \$12 and \$13 Suits, while the suits we offer at \$13.50 have been marked down from \$18, \$20, \$22 and \$25. Now, sir, you may not need a suit just at present, but, being able to save about 50 per cent by buying now, common sense will tell you to take advantage of this golden opportunity. It's the same in Men's Pants. Thus, for instance, we now offer about 50 different lots of former \$4, \$4.50, \$5, \$5.50 and \$6 Pants at the uniformly low price of only \$3. Over in the Boys' Clothing Department the same conditions confront you. Regular \$3 and \$4 Suits are now \$2, while those which, under ordinary circumstance would be considered cheap at \$5 and \$6, can now be had at \$3, Special attention is directed to a lot of Young Men's Cassimere and Cheviot Suits, sizes 14 to 19, at \$6. The former prices of these were \$10, \$12 and \$14. Reductions of the same proportion in Hats, Furnishing Goods, Shoes, etc.
