Commencement of the Fall Campaign Against Worldliness.

A WIDE DIVERSITY OF TOPICS

To Be Discussed by the Clergymen of the Two Cities To-Morrow.

SEVERAL VISITING DIVINES TO TALK

The last Sunday in August finds the church preparations for the fall campaign against worldliness practically completed. With a few exceptions the ministers have returned refreshed and invigorated by their summer outings, and the indications are that the pews will be more generally occupied than has been the case for the past two months. The topics for to-morrow's services cover a wide range, and the stranger within Pittsburg's gates should have no difficulty in making a suitable selection. Visiting divines occupy several of the leading pulpits of the two cities, and some services of a special nature are announced. The lists follow.

A LIGHT GORDON WELL

The Mary Campbell No. 7 Is Not Showing Strong-Drilling Down the Devine Well

Strike Holding Up Strong. South of Willow Grove, on the Mrs. Campbell farm, the Forest Oil Company was drilling in Gordon sand at its No. 7 yesterday, but as it made only one or two rather light flows, the officers of the company did not believe that it would be better than a 100-barrel well

The same company started to drill down its test well on the Devine farm, in the northeastern part of the McCordy field which a fourth sand producer was struck,on

Down at Shaunopin the Forest Oil Company, Kelly Bros. & Cooper, have just finished up a dry hole on the Cool farm.

Forst & Greenlee's No. 3, on the McMurray farm, between Oakdale and Nobiestown, which was shot Thursday and bridged over, was slowly coming up yesterday, and early in the afternoon was reported by Mr. Forst to be making 30 barrels an hour. Their No. 6 Marshall fell off from 35 to 30 barrels an hour.

The Florence Oil Company's Nos. 5 and 6, on the Mrs. Robb farm, south of Willow Grove, are expected to reach the Gordon sand within a few days.

The Und re iff , Well Holding Up. J. M. Patterson & Sohn's well on the Kessler farm, was flowing at the rate of 250 gal lons a day yesterday, according to the report of a party who is interested in the last evening that it was making 18 barrels an hour. They drill it a short time in the morning, and a few minutes every evening. It is still attracting a great deal of attention, and has been conceded to be a first-class well by the biggest bears in the business.
