liaw cotton, under the pressure of heavy Itaw cotton, under the pressure of heavy supply, is 1-16c lower, with no sign of a gain. This is exerting an unfavorable influence on general trade at the South. The close of the cotton year within four days, with a com-mercial crop of probably 3,050,050 talls, re-calls *Bradureets* correspondent's report in December last, pointing to a total yield of 5,500,000 hales at a time when few would admit the likelihood of a crop to exceed 8,009,000 hales.

8.60.000 bales, R.G.Dun & Co.'s weekly review says: In all seperts the business situation appears more invorable than a week ago. There has been general though moderate improvement in instribution; manufacturers are more fully imployed; several great labor controversies have ended, and crop reports are somewhat more satisfactory. A little more gold has gove abroad and imports of merchandise are still enormous-for three weeks at New York, 48% per cent larger than for the same weeks last year, while in exports from New York the increase for three weeks is only about 4% per cent.

Business Is Holding Its Own.

But the shipments last year were phenomenal, and it is encouraging that they are not diminished. Excess of imports over exports continues later in the season than usual, but money markets are so well supplied that some outgo of gold causes no dis

International control of gold causes no dis-turbance or apprehension. Moderate exports and better crop reports lead to lower prices. Wheat receipts at the West in four days of this week have been 5,295,593 bushels, while Atlantic exports have been only 1,474,608 bushels, and the price has declined almost 2 cents to 80% cents for August. The certainty that forcents for August. The certainty that for-eign crops, however in doubt as yet, will, at all events, be much better than those of last year, helps large recents here so depress prices. Corn is scarce for early delivery, and crop prospects improve but little, so that the price is unchanged at 6% cents and outs nic a shade stronger at 39 cents. Accounts of enolera in Russia have caused neary unloading of port, which has failen 31 per barrel, and hogs are a quarter and has a fraction. All manufactures are now doing well. THE Connellsville coke trade remained at a standstill last week, although production jumped up a few points. The slight varia-

tions in the production and shipments are only transitory, and are no indication of a rise in the market. There are, however, just the faintest signs of better times in the business.

DEAR SIR-In the Philadelphia Ledger some weeks ago appeared an account of the acts of John Haladay Gordon, who saved many lives on the occasion of the disaster in your city June 5, 1892. Will you be kind enobyh to tell me whether the account, as pub-lished, was true, whether Mr. Gordon needs any assistance, whether any subscriptions have been raised to his relief, and to what extent this has been done! I ask at the instance of a lady who is benevolently in-clined. Very respectfully, CHARLES F. BORRDITCH.

The Mayor sent a statement of the good work done by Mr. Gordon, and in response he received the following letter:

he received the following letter: DEAR SIM-Yours of August 18 is at hand. I thank you for the information contained therein. I now inclose my check to your or-der for \$100 to be applied to the relief of John K. Gordon and family. This is an anonymous gift made through me by a lady who does not wish her name to appear. Very truly, CHARLES F. BORRDITOR.

As minstrel shows go these days, Primrose & West's easily have the lead. It may not be the old-style minstrelsy, but it is certainly the popular style of entertainment. For two nights now the Grand Opera House has been packed, and the en-

thusiasm of the audience has equaled its numbers. The particular features that may be commended are the quaint fooling and unique dancing of George Primrose; the unctuous and original comedy of Billy Van, and the acrobatic feats of Abachi and Masaud. But as a matter of fact, the whole
