rather quiet during the week most of the fixtures being set for days in the near future. Tennis has, however, been the redeeming feature, and, outside of prac-

tice games, but very little of that has taken place inside the limits of the two cities. At Kiskiminetas and Coraopolis the enthusiasts have been furnished with plenty of amusement in this line. Pittsburg players were plentiful at the former place, while at the latter were many from other Western

towns in Pennsylvania. This week promises to be one of the liveliest of the season. On Tuesday the Se wickley tournament will open and at this the doubles for the championship of West-ern Pennsylvania will be played. The en-try list is already large and it contains some of the best players hereabouts. On Friday the Oakland Terrace Tennis Club will commence its tournament and it will call out more than the ordinary amount of attention. The principal event, however, of the week is to be the annual field meet of the East End Gyms. It will be a monster sflair. There are in the neighborhood of 200 entries and most of them are men with records. Besides these leading events there are a number of minor importance and the prospects are that from now on until the frosts there will be but few days that are not filled with fixtures of one kind or an-

Friday afternoon the East End Gym Park presented a very lively appearance. It was ladies' day at the tennis courts, and the Young Ladies' Physical Culture Class was out in full force. The three courts were filled with players all afternoon, among whom were Miss Agnes Gill, Miss Nellie

Voight, Miss Wells, Miss Kaufman, Miss Fakerslock, Miss Barnes, Miss Davis, Henry Hill, of Bellefonte; Charles Aull, Dr. George S. Proctor, Wilmer Martin, J. A Aull and Prof. Kirchner, and there was A dail and Fro. Areanet, and there was a large attendance of friends and onlookers. Some of the young ladies played a very good game, and in the tournament that is to take place September 7, 8 and 9 will dis-

tinguish themselves.

Besides the tennis players there was some practice going on with the football by a tew members of the team, which hopes to come out in the lead at the end of the season now to begin. Some of the runners to compete next Saturday were also going around the track, in which a number of workmen were engaged in making repairs. Altogether there were about 50 people enjoying the cool afternoon weather and making the most of their time in the open air.

eyeling world, but there is plenty of excitement pending for the near future. The open road race of the Krystones will take place toward the end of the month and this gives promise of being the largest affair of its kind ever held in the neighborhood. The wheel events at the East End Gym meet will be among the most entertaining of the afternoon. In these the follewing will be among the competitors:
Messrs. A. L. Banker, Moor, Aeldr, Heppenstall, Close, Gibson, Myler, Nelson,
Lang, Wilson, Whitesides, McAteer and
Sam Eccles. It is probable that the one
and two mile races will have to be run off in
heats, and this will serve to make them the

more interesting.

A carload of cyclers from this city has heen gotten together by Mr. Petticord to attend the State meet at York on September 20. Among hose who have already announced their intention of going are Dr. Bean, Messra Wilson, Addy, Dippold, Bache, McNish, Haves, Miller, Weiser, Moeckel brothers, Taylor, Mercer and Barry. Some of these gentlemen will also attend he meet at Columbus on the 5th and 6th of

Outside of local tennis, the tournament at Newwort has been closely followed by the enthuliasts, and several of the local players are there watching the champions. The tournament has a particular interest from the fact that the winner of the singles will play Older S. Campbell, the champion of the United States, for the championship, and the winners of the doubles will play Campbell and Huntington for the cham-pionship at doubles. Gathered at this players of the Union all anxions to have a chance to defeat Campbell. Some of them are already out of the race, but the end will not be reached before l'uesday or Wednesday. In these columns will be found the pictures of some of these crack players, including that of O. S. Campbell. Richard Stevens, with a projectional coach, is there. Clarence Hobart, the statement, who has coused tatch unhappiness to the breasts of ambitious tennis players, is there; E. L. Heli, who has surpassed his brother Valectine this year, is on the ground; F. H. Hovey, the inter-collegiste champion; Percy Knapp, one of the old timers, who has done more to upset the best ing on the games than any other player in America this year; Malcolm Chaoe, the nenest of the cracke; C. P. Hubbard and J. Tobin, of the far West, and a host of others have all been up before the nets in the coutest. The dispatches in an-

The Oakland Terrace Tennis Club has two very good courts which will be called into use on Friday for tournament purposes. This club has never had a regular tournsment before, but the courts have been in constant use this summer, and, as the memconstant use this summer, and, as the members of the organization are adepts in the use of the racket, the Oakland Terrace people have seen some very good play. The tournament committee, Messra Parker, Haines and R C Porter, has been putting in some good, hard work in arranging for the success of the tourney, and it promises to be one of the most successful affairs of the season. Those who will take part are Messrs J. W. Parker, E. L. Porter, Thomas Neely, F. W. Ewart, J. W. Grove, H. Mc-Elhaney, Dr. Haines, R. C. Porter, H. W. Rose and A. Nicholson.

The most important tournament in this neighborhood begins on Tuesday at Sewickley. As the entries do not close until tomorrow at noon, the full list of players is not known at present, but enough names have been secured to give assurance that it will be a big affair. * A number of the members of the Pittsburg Tennis Club will be there, possibly Altoona may send in its best players, and Coraopolis, Greensburg, Saltsburg, Sharpsburg and all the sur-ronding towns will be represented. Messrs. M. A. Christy, Charles A. Wood and John E. Porter, the tournament com-mittee, have been laboring hard for the success of the tourney, and as all of them are extremely popular among the tennis play-ers of this vicinity, their efforts will bring about the desired result. The only obstacle in the road is the distance from Pitts-burg, which may deter some of the players from attending throughout the entire tour-nament. Some of them feel that they cannot spare the time just at this juncture, especially as the finals are not liable to be reached before the end of the week. Included in the list of players will be Messra. Pier, Edwards, Morehead, Christy, Byrnes, Wood, Coster, Arbuthnot, Tredway, Moth

eral, Porter and Wendt. Some of the

S. F. H. Hovey. 4. Edward F. Hal. others have not yet decided whether they will play, but it is hoped that they will send in their names to-day.

On Saturday afternoon next the annual field meet of the East End Gymnastic Asso-cion will take place at the Gym Park. It will be the biggest affair of the kind ever held in Western Pennsylvania and the list of entries is the largest ever seen here. Up to noon Thursday 189 entries had been received and as there was a misunderstanding as to the time for closing by Philadelphia the time has been extended, so that more will be in by the mails. The track has been long waits. The officials for the day are as follows:

After the sports the visiting officials will be dined and at 8 P. M. President Kelly, of the Atlantic Division, will call to order the regular monthly meeting of the Board of Managers at the "East End Gym" Clubhouse. Many matters of importance will be brought before the board, among which will be the final arrangement of the championships of the Atlantic Association s: Philadelphia September 17, under the management of the A. C. S. N. The Atlantic Board of Managers is composed of the following:

Starter—George Smith.

Withis year. Whilabourg and way stations riders.

The Allegheny 'Cyclers will hold a meeting on September 7. There are Bapplications for admission to the club and others are expected to come in before the date mentioned. It is rumored that some of those who entered the East End Gym races as novices will be thrown out unless they chance their previous races.

It is suggested that one of the tennis associations of the city give a tournament devoted entirely to the ladies. So far this year they have not appeared in a tournsnent either in singles or doubles, and there is plenty of good material in the neighborhood to provide several days of more than ordinary enjoyment. Connected with the Pittsburg Tennis Club are a number of young ladies who are really excellent players, and the young ladies of the East End Gym Physical Culture Class are in excellent form. Some of them are very proficient and there is no reason why some kind of a combination might not be formed that would induce all of them to enter. Sewickley has several very fine lady players, Cornopolis could turnish a few more and there are unattached ladies enough in the city who play good games to get up a tournament which in size would equal any that have been given by the men alone. Now that the Pittsburg Tennis Club has a new clubhouse, in which there are well arranged ladies' secommodations, it seems as if upon this active association rested the responsibility of the arrangement of such a tourney hood to provide several days of more than bility of the arrangement of such a tourney as is suggested. We are ready with School Suits; ready with an assortment that cannot be duplicated in the city. But a short time before the lad will have to appear in school. If he's not ready it's time to think about it. Our thoughts have anticipated your needs, and you'll find less trouble and expense in fitting the lads for the resumption of their studies than ever before.

It looks as though our reputation were burning. It is in one sense, but it is not being consumed. It is being burned into the minds of tens of thousands of people in this vicinity that
