The Scare Not So Intense as Last Week, but the Quarantine Has

VISIBLE EFFECTS ON BUSINESS.

any Drugs and Articles in the Paper-Making Trade Are Higher.

"N'S AND BRADSTREET'S REVIEWS

NEW YORK, Sept. 9.-R. G. Dun & Co.'s ekly review of trade says: Last week's mi-panic in stocks and grain has been llowed by a confident feeling about dera. Stocks have advanced about 75 as per share on the whole, though in r markets the alarm disclosed weaks which still continues. Meanwhile, the eral condition of industries and trade is : only remarkably good, but improving ceptibly from week to week, although exports of merchandise are not yet ge enough to prevent some exports of

Decided improvement is seen in the tone of the iron trade at Pittsburg, where glass works are, also, resuming and the hardware rade is good. The iron industry grows tore active. Nearly all works are full of orders, and the output is now heavy. Nails have advanced 10 cents per keg, but some weakness appears in prices of structural and plate iron. A meeting of railmakers next week may give that branch a chance

The Coming Anthracite Coal War,

The expected war between the Pennsylvania and the Reading adds to the dullness in coal. Boots and shoes are in great demand, Eastern shipments being 84,826 cases, against 78,317 last year. Cattle receipts at Chicago for the year are 13 per cent larger than last year, and receipts of all live stock therein August were nearly 25 per cent

All textile works are remarkably busy, and in drygoods a better demand is seen for medium grade worsteds, and a demand in excess of supply for plain wool goods, while prices of cottons are very firm, some ad-

The business failures occurring throughout the country during the last seven days umber for the United States 146 and for Canada 33, or a total of 179, as compared with totals of 176 last week and 180 the ceek previous to the last. For the coresponding week of last year the figures erc 214, representing 187 failures in the United States and 27 in the Dominion of

Bradstreet's says: At the New York Prouce Exchange engagements to export readstuffs have been seriously interfered ith, and ocean freights at the Maritime exchange are only nominal. Cotton exports are not naturally active at this period ed teel the influences less.

Direct Effects of the Cholera Scare,

Imported linen rags are up from 35/c to To per pound, and a higher rate is expected. Fine writing paper is expected to be advanced soon. No foreign rars, cotton or woolen waste are admitted now, and chemical wood pulp has advanced \$10 per ton.

Bleaching powders, used by paper makers and as a disinfectant, are up from 2.17c to 6c per pound. The sale of fruits and vege-tables, as well as the importation of the same, has been affected unfavorably. on account of the cholera scare. There has, of course, been a greatly increased demand for drugs and chemicals. Imports of Russian bristles and wools have been stopped. The effect of delaying merchandise at ouarantine and disintecting is beginning to be felt, not a few varieties of goods tailing to withstand the effects of the latter.

A number of wholesale houses report a growing caution on the part of town buyers. Raw silk and stocks of manufactured silk and embroideries are ample for the next six months' demand, but a continued detention of goods will affect trade materially. A few orders for German goods via Hamburg have been countermanded. It should be added that sales of hardware, cutlery, housefurnishings, wood and willow ware, china, lamps, brass goods and glassware at New are in excess of the total in a like period of 1891. Wheat Movements and Railroad Earnings,

Exports of wheat from United States seaports, both coasts, as reported to Bradstreet's, equal 3,567,000 bushels this week, about 10 per cent more than last week, and but 22 per cent less than the week before. In the like week of 1891 the total exported was 4,726,000 bushels. In 1890 it was 1,480,000 bushels; in 1889, 1,426,000 bushels, and in 1888, 2,739,000 busnels.

Reports from milroad companies throughout the United States to Bradstreet's show an aggregate of gross earnings in August amounting to \$44,000,000, an increase over the total for August last year of 7.6 per cent. For eight months the gain this year, as contrasted with last, amounts to 6.5 per cent, the grand total gross earned since January 1 having been in excess of \$310,800,000. The only group showing a decrease in August gross earnings this year, as compared with last, is that of the trunk lines, due to the falling off reported by the Grand Trunk. Early clearings throughout the country,

as wired to Bradstred's, aggregate \$1,126,-000,000 this week, an increase of 16 per cent over the week before, and a gain of 7 per cent over the total in the like week of 1891. Pittsburg Banks Take a Tumble.

Bradstreet's table gives the totals of bank clearings at 69 cities for the week ending September 8, and the increase or decrease,

AMONG THE CHURCHES.

Cenaus Report Showing the Strength of the M. E. Denomination—Large Holdings of Property, Being Second in That Respect to the Catholic Church Alone-Pulpit Topics in the Two Cities.

The census department has just issued a bulletin of statistics of churches, L. L. D., special agent in charge of this work. It contains the returns of the Methodist Episcopal Church, with an introductory statement, showing that it is the oldest and largest Methodist body in this country. It has 102 annual conferences, not including ten or more in foreign countries. Connected with these conferences are 2,240,354 communicants. This term includes both members and probationers, the latter being can-

didates for full membership. North of Mason and Dixon's line the Methodist Episcopal Church has organizations in nearly every county. Though represented in every State, it is not so strong in the South as its sister body, the Methodist Episcopal Church South, the statistics of which will be given in a forthcoming bulletin, Of the 2,790 counties in the States and Territories, the Methodist Episcopal Church is represented in all save 585. It has 25,861 organizations, with 22,-844 1-24 church edifices, with a seating capacity of 6,302,708, and an aggregate valuation of \$96,723,408. This valuation, which does not include parsonages and other church property, is the largest reported by any denomination thus far, excent the Catholic.

In the City Churches. LIBERTY STREET M. E .- Preaching at 10:45 A. M. and at 7:30 P. M. by the pastor, W. W. Roup.

avenues, Allegheny—Services to morrow as follows: Sunday school at 10 A. M.; celebration of the Holy Communion at 11 A. M.; evening prayer and sermon at 7:30 p. M. Services conducted by the Laymen's Missionary League of the Diocese of Pittsburg, Mr. P. C. Winslow of Freeport, Ill., one of the idest and most respected citizens of that bustling city, celebrates his restoration to health an strength at the advanced age of eighty-three, by E. Kumler will conduct the lesson for coming Sabbath. These meetings will be held regularly at same place and hour every Saturday and all interested in primary work are urged to attend. writing a poem entitled "I know I'm old," which has appeared in several western journals. It be

I know I'm old, for years have gone, Like ocean waves they pass; While manhood's strength and youthful morn Their shadows o'er me cast, Yet in my heart a fountain flows Of love and peace and sweet repose And sympathy still rising high

It is a poem of gratitude, "Two year ago," says Mr. Winslow in a letter to the vesterday. The Forest Oil Company's No.

of the time since. My whole nervous system became weakened, and with this trouble there were other vital derangements. I had the attendance and counsel of two able medical men and also counsel from several other physicians. And in addition to the above trouble, I have had organic disease, which at times was greatly increased and aggravated. Some two months ago my attention was called by a friend to Paine's celery compound as a valuable medicine for nervous trouble, and while still in bed suffering with the nervous debility, I obtained a bottle and commenced taking it. Before I had used half of it I telt a very sensible relief. I continued using it and now are on my third bottle and see that I have not felt such

but my nerves are quite vigorous again, and now the door.'

"I also find that my organic trouble, from which I have suffered for years, is much improved, and for this I give great credit to Paine's celery compound, attended with the divine biessing of my evenly Pather and would suffering from nervous disease to try this remedy.
