End Platform Contest.

Inigmatical Femarks Construed as Threats

by the Judges. THE NEWS OF THE COUNTY COURTS

The trouble arising out of the promulga-

tion of the famous "East End platform," for which O. B. Milligan, of this city, and others were suspended from the Reformed Presbyterian Church, will not down. The words of a member of the Presbytery at which action was taken against the ministers, held July 10, 1891, were prophetic. On that occasion Rev. Dr. Thompson said: "The ultimate result of this action of the Pittsburg Presbytery, indersed by the Synod, will be a stampede from the Reformed Presbyterian Church. There will be no attempt to establish another church. Instead, those withdrawing will connect themselves with other churches."

Not only has this been the case, but, it is asserted, legal action was necessary to prevent the dissenters from not only attempting to divert a portion of the spiritnal affect to the use of another denomination, but also all the right, title and interest to certain valuable estates-in fee.

An Attorney's Trip to New York. In order to prevent them securing property valued at \$80,000, Attorney J. P. Hunter went quietly to New York City this week, and just in the nick of time bough week, and just in the nick of time bought up the mortgage indebtedess of the First Beformed Presbyterian Church of that city. The facts of the case are of great interest.

J. R. J. Milligan, pastor of the First Reformed Presbyterian Church of New Yerk City, was one of the leaders of the "Liberala." After the suspension of the promulgators of the East End platform in June, 1891, he connected himself with the United Presbyterian Church, but the congregation did not follow. The board of trustees, one of whom was a son of Mr. Milli-

gregation did not follow. The board of trustees, one of whom was a son of Mr. Milligan, although a "Liberal" remained in the church. In the course of time the Sessions were of the opinion an attempt was being made to divert the church from Reformed Presbyterian purposes to those of the United Presbyterian Church. Charges were made against the liberal members, and they were suspended on that ground. They appealed from this decision to the New York Presbytery, and the appeal is still pending. bytery, and the appeal is still pending. Bought Up the Indebtedness.

In the meanwhile the Citizens' Board of Trustees, the financial agents of the Reformed Presbyterian Church, came to the rescue of the church and purchased all its floating indebtedness, and on Thursday, in order to clinch the matter, and secure to the church its valuable properties, J. P. Hunter, attorney in this and the East Ead church trouble for the church hourd of trustees, went to New York and board of trustees, went to New York and purchased the mortgage indebtedness for \$20,000. The regulars are now in a posi-\$20,000. The regulars are now in a posi-tion to prevent any diversion of the prop-erty from the uses of the Reformed Presby-terian Church; for nothing can be done with the property contrary to the interests of those holding the mortgage. The prop-erty is situated on One Hundred and Nine-teenth street, in the city of New York, and is valued at \$80,000.

is valued at \$80,000.

They lost a valuable church in Brooklyn by the liberals pursuing the same tactics alleged to have been attempted in this case, and which, but for the prompt action of their attorney, would have been successful.

The legal fight over the East End Church is in the Common Pleas Court of Allegheny county, and the decision when rendered will decide the legal status of all the churches. It will be argued probably next week.

QUICKLY DISSOLVED AND REMOVED WITH THE NEW SOLUTION

THE OF THE MOST DELICATE SEIN.—DISCOVERED BY ACCIDENT.

IN COMPOUNDING, an incomplete mixture was accidentally spilled on the back of the hand, and on washing afterward it was discovered that the hair was completely removed. We purchased the new discovery and named it MODENE. It is perfectly pure, free from all injurious substances, and so simple any one can use it. It acts mildly but surely, and you will be surpised and delighted with the results. Apply for a few minutes and the hair disappears as if by magic. It has no resemblance whatever to any other preparation ever used for a like purpose, and no scientific discovery ever attained such wonderful results. IT CANNOT FAIL. If the growth be light, one application will remove it permanently, the heavy growth such as the beard or hair on moles may require two or more application before all the roots are destroyed, although all hair will be removed at each application, and without the slightest injury or unpleasant feeling when applied or ever afterward. —MODENS SUPPRINCEDES ELECTROLYSIS.—

when applied or ever afterward. —MODENE SUPERCEDES ELECTROLYSIS.

Gentlemen who do not appreciate nature s gift of a beard, will find a priceiess boon in Modene, which does away with shaving. It dissolves and deatrory the life principle of the halr, thereby rendering its future growth an utter impossibility, and is guaranteed to be as harmless as water to the skim. Young persons who find an smbarrassing growth of hafr coming, should use Modene to destroy its growth. -ALIQUIPPA- MOVING WHEELS

ELL the story of the new town of Aliquippa, 20 miles from Pittsburg on the P. & L. E. Ry. better than any other method. During the interval we have not been advertising; we have been bending all our energies in getting the town into splendid shape for the fall sales. What has been the result? The promised mammoth manufactories are no longer a promise. The big steel works, shovel works, tin plate mill and enamel brick works are now in operation and need but an investigation to convince that

Has a solid manufacturing backing. The town itself presents a lively appearance. Already there have been built, are building, or under contract for immediate erection 100 or more houses. These are of the better class. Homes for the workmen are scarce and offer a splendid opportunity for profitable investment to any one building rentable houses. 15 PER CENT easily realized. Aliquippa is in sight of those thriving towns of Rochester, Beaver Falls, Beaver, New Brighton and Phillipsburg. Not out of civilization, but in the midst of it. The streets are graded, the town thoroughly drained, boardwalks down, factories running and lots on easy terms at an average price of \$300. A little investigation convinces that Aliquippa is the town to put your money in. Salesmen on the grounds every day. Trains leave P. & L. E. station at 7, 8, 9:30, 12:30 and 2:55 city time. NEW ADVERTISEMENTS. THE HANDSOMEST EXHIBIT AT THE EXPOSITION.

Three months were spent in the construction of this beautiful building, which is a representation of the administration building at the World's Fair. It is 1-32 of the natural size, and the general verdict of visitors is that it is the most original and attractive exhibit at the Exposition this year. The interior is lighted by electricity, which shining through the windows of stained glass gives a marvelously heautiful effect at night. When you visit the big show at the Point do not fail to see our display.

But our attention for the past few months has not been devoted entirely to the Exposition-far from it. We have been energetically at work preparing for a busy fall and winter trade, and our friends will find that we show more complete lines of goods than ever before. In fact, many days have been spent by us in inspecting large assortments of rich novelties and in selecting the choicest of them. These goods are now arriving in great quantities every day and we leave to our customers to decide whether we have displayed taste and judgment in our selection.

We do not affect the loud, demonstrative style of doing business. We gain the confidence and esteem of customers by dealing fairly and honestly with them at all times. We try to make customers whenever we can, but always in a quiet, genteel way.

In Ladies' Suits, Cloaks and Wraps we show many of the latest designs already, and new additions are coming in daily. Of course the Millinery Department is well looked after these days. Every article pertaining to headwear for the gentler sex, including the highest novelties, is shown here. We are the leaders in Millinery, and we propose continuing at the head of the front rank. Laces and Furs, Handkerchlefs and Dress Trimmings, Neck wear and Gloves, Hosiery, Corsets, Underwear and numerous other goods for Ladies' wear are shown in a protusion that will satisfy all.

BARGAINS.

We have purchased an odd and end stock of Ladies' Fine Shoes and they must be disposed of at once at any price. Ladies wearing 21/2 or 3 can buy a \$4.00 for \$1.50.
