Drooping Market.

SOME SHARES ARE ADVANCED.

Lake Shore and Delaware and Hudson Lead in Weakness.

WHEBLING AND LAKE ERIE STRONGEST

NEW YORK, Sept. 15.-The stock market felt the effects of the announcement that cholers had found a lodging in the city this morning, but while there was an immense pressure of long stocks seeking a market in the early dealings, the covering of shorts by the professionals for some time stemmed the tide and quotations were actually advanced. The spectacle of the commission houses selling against buying by the professional element is one which has not been seen often of late. The evidence that the selling had been overdone was conclusive, and while the flood of stocks offered on stop orders finally overbore the buying and depressed prices overbore the buying and depressed prices still further before noon, the pressure after that time soon subsided and rallies were the rule. There was less excitement than yesterday, but the early dealings after a loweropening were marked by great feverishness and irregularity, though the leading shares scored advances extending to ½ per cent. Stocks such as Reading, Atchison, Northern Pacific preferred and Union Pacific were held above the opening prices, their very strength diminishing with the width of fluctuations.

tuations.

The special features of the day were Lake The special features of the day were Lake Shore and Delaware and Hudson, each of which retired 3 per cent. The covering of shorts served to restrain the decline somewhat, but there was no reaction worthy of the name, and the whole market was weak throughout the session. Only one exception is to be noted, the Wheeling and Lake Erie shares showing great recuperative power, and they stand alone this evening in showing advances where declines are the rule.

The market closed active and weak at or near the lowest prices of the day. Railroad bonds were dull and remained generally weak with few changes of note and no special animation except in the Union Pacific Trust 64, which furnished \$215,000 out of the total day's business of

Government bonds were dull and steady. Oats, 248. Estimates 197 to

*Asked,
The total sales of stocks to-day were 467.
186 shares, including: Atchison, 28,200: Chicago Gas, 5,600: Delaware, Lackawanna and Western; 6,400; Eric, 20,600: Lake Shore, 5,800; Louisville and Nashville, 9,500: Manhattan, 7,100: Missouri Pacific, 7,500: Northwest, 5,400; New York Central, 5,800: Northern Pacific preferred, 26,500: New England, 16,200: Reading, 39,900; St. Paul, 58,600; Union Pacific, 10,600; Western Union, 10,700.

J. S. Bache & Co. to Oakley & Co.: "Some stocks held well, but the strongest on the list was Western Union. The stock is surely to be increased to \$100,000,000, and it is said that the present stockholders are to get some of it.

"If the rest of the country does not take fright we do not think the cholera that threatens us will be as serious as most people suppose. This city is in excellent sanitary condition and able to cope with any disease, and we think that very few cases will come forward here before the winter sets in. About the general market it is hard to say how far the tright will reach. We feel a little more disposed to buy stocks, but only advise it on weak spots."

The following table shows the prices of active stocks on the New York Stock Exchange, currected daily for THE PITTEBURG DI-PATCH by Whitney & Stephenson, oldest Pittsburg members of New York Stock Exchange, of Fourth avenue:

EVERYTHING SLUMPS.

Cholera News, Weak Cables and Frost Fail-

ure the Depressing Factors. CHICAGO, Sept. 15 .- If anybody was expect ing a panic in the wheat pit to-day the ex-pectation was vain. Nevertheless, cholera clung to wheat as well as the other markets like a veritable Sinbad, and to-night wheat, compared with yesterday's closing prices, is 1½c lower, corn ¾c lower, and oats about ¾c off. Provisions are also lower by 17½c on pork, 7½c to 10c on lard and from 5 to 15c on ribs.

on pork, 7%c to 10c on lard and from 5 to 15c on ribs.

The depressed feeling which was carried over from last night as the outgrowth of the New York choiers scare, weakness in the corn pit, the narrowness and duliness of trade, with the absence of anything bullish in the way of news, made wheat weak at the opening. But there was no great slump and the fact seemed to be that the price was already so low that operators hesitated to sell it, however bearish the situation may appear, and, if they did, were disposed to buy it back on the first appearance of strength. The French wheat crop was officially reported at 300,000,000 bushels, or 15,000,000 more than heretoforc estimated, and corn was also weak and lower. Shortly before the close of the session a dispatch was received from New York that the Bohemia had arrived and reported 97 deaths from cholera on board. Tills was subsequently denied, but it caused a break of fully %c. The market closed at about the bottom for the day.

Corn was only moderately active. The

the day.

Corn was only moderately active. The frests that were expected, and which it was believed would greatly injure the crop, did not appear. Hence holders got discouraced and sold out. While there was some irost in the Northwest it did not apparently extend into the corn belt and was not regarded as a damaging factor, and long corn, which

had been held in anticipation of a damage scare, was for sale in large quantities. Some of the big bears took advantage of the situation to raid the market.

The trade in oats was light. September ruled weaker, selling at 1/20 under October, whereas it was only 1/20 under yesterday.

Provisions were tame. There was poor support in any product except October ribs. The pork market was raided early by Baldwin and others supposed to be in the interest of Armour. Armour, Swift and Morris, brokers, were called buyers of January pork while selling October.

There was a fair call for vessel room and rates held steady at 21/20 for wheat, and 21/20 for corn to Buffulo.

Cash quotatalns were as follows: Flour steady and unchanged: No. 2 spring wheat, 73/40; No. 3 spring wheat, 64@56c; No. 2 red, 73/40, No. 2 corn, 47c. No. 2 cats, 33/4c; No. 2 white, 33/4c; No. 2 white, 33/4c; No. 3 white, 33/4c; No. 2 white, 33/4c; No. 3 f.o. b., 82@56c, No. 1 faxseed, \$1.65/4. Trime timothy seed, \$1.82. Mess pork, per barrel, \$10.06. Lard, per 100 pounds, \$7.77/407 30. Short rib sides (loose), \$7.60/47 65; dry salted shoulders (boxed), \$8.00/88 05. Whisky, distillers' finished goods, per gallon, \$11.5. Sagars—Cut loaf, 41/40/54c; granulated, 55/4c; standard A, 8/4c. No. 3 corn, 46/4c.

Receipts—Flour, 22.000 bushels; oats, 275,000 bushels; corn, 246.000 bushels; parley, 32,000 bushels; corn, 463,000 bushels; oats, 275,000 bushels.

900 bushels.

bushels; corn, 1,200 bushels; wheat, \$183,500 bushels.

Minneapolis—The wheat market was lower to-day. The depressing features were the cholera scare, lower cables and absence of frost in the corn belt. The latter put corn down and wheat followed in sympathy. Trading was of a light order. In the cash wheat market trade was slow. The slump in futures kept buyers from taking hold as freely as they otherwise undoubtedly would have done. New wheat was in the best favor and sold fairly. Old wheat was slow. Close: December, 71c.

Cincinnasi — Flour in moderate demand. Wheat in light demand; No. 2, 72c; receipts, 1,500 bushels; shipments, 10,000 bushels. Corn strong; No. 2 mixed, 3633%c. No. 2 Mixed, 3633%c. Oats easier; No. 2 mixed, 3633%c. Way nominal; No. 2, 60c. Pork duli at \$10 25. Lard easier at \$7 20. Bulk meats weaker at \$7 507 62%. Bacon weak at \$8 57%. Whisky in good demand; saies, 1,172 barrels at \$1 15. Butter dull. Sugar strong. Eggs steady at 16c. Cheese in fair demand.

Milwankee—Flour quiet. Wheat easier; No. 2 spring, 69c; No. 1 Northern, 76c; December, 70%c. Corn quiet; No. 3, 46%c. Oats easier; white, 35%33%c; No. 3 do, 33634c. Barley quiet: September, 56c; sample, on track, 38%65c. Cern quiet; No. 3, 46%c. Oats easier; white, 35%33%c; No. 3 do, 33634c. Barley quiet: September, 56c; sample, on track, 38%65c. Cern quiet; No. 1, 59%c. Provisions easier; pork, October, \$10 00. Lard, October, \$7.77%c. Receipts—Flour, 3,3.0 barrels; wheat and barley none.

Baitimore—Wheat weak; spot and the month, 745c; October, 75%c; December, 78%c.

wheat and barley none.

A FEW BIG ADVANCES

In the Local List and a Number of Fractional Declines.

AIR BRAKE AND ELECTRIC GAIN And Puquesne and P. & R. Traction Among

the Weak Spots."

LOCAL AND GENERAL TINANCIAL NEWS

THURSDAY, Sept. 15. The demoralization in Wall street late yesterday, in consequence of the official innouncement that cholers had obtained a foothold in the metropolis, found very little reflection here this morning. The local shares that have a market in the East were steady, and while a few declines occurred throughout the list the market generally ruled much steadier than anticipated. Indeed, a few of the leading stocks advanced, and the advances were all the more significant since they were scored by the shares that have been prominent in the upward movement of the past footnight. The newspaper reports of the cholera's progress failed to noticeably intensify the feeling of uneasiness here, and, contrary to expectations, prices on the New York Stock Exchange held fairly steady, and that, too, in spite of a choice collection of plague rumors circulated by the bears. Course of the Local List.

P. & B. traction, Union Switch and Signal, Philadelphia Company, Westinghouse Elec-tric second preferred, Central traction, Philadelphia Company, Westinghouse Electric second preferred, Central traction, People's Pipeage, Pleasant Valley Railway and Luster Mining Company figured in the trading on 'Change, with P. & R. traction the most prominent. The stock opened off at 25% sales, sold down to 25% and closed at 25% 25%. No special cause was assigned for the break excepting a lack of support, though in a general way the feeling on the stock was bearish. Union Switch and Signal sold at 18% closing at 18% 18%. Philadelphia Company was slightly weaker at 23 sales and a close at 22% 22% Most of the sales, it was said, were for Eastern account, particularly the ones made of 'Change, a number of which were reported. It was stated in certain quarters, however, that Boston was quietly increasing its holdings. These statements were rather confusing, and the only way they could be reconciled was by assuming that New York was selling and Boston buying. Westinghouse Electric second preferred sold at 37%, closing somewhat lower; Central traction sold at 29% closing at 25% 28 asked; People's Pipeage sold at 15, closing at 15@15%; Pleasant valley Railway sold at 25%. Airbrake was bid up to 16% at the second call, but the final quotations were 129% 142%. Westinghouse Electric unassented was bid up to 22% at the second call, but it also closed below the highest at 22@23. Underground Cable was gueted at 76%77% and Switch and Signal preferred at 32 bid.

Citizens' Traction was stronger. The quotations on 'Change were 61%262%, but there were transactions on the street at 62 and 62 was but after the close.

Duqueane Traction went off a little in the absence of support, the final quotations being 23% 25%.

absence of support, the final quotations being 20% (20%).

The weakness apparent in People's Pipeago was ascribed to intimations that the dividend for the current quarter would be 1½ instead of 2 per cent.

The declaration of the regular dividend by the directors of the Philadelphia Company had no appreciable influence one way or the other.

Stocks at Auction Stocks at Auction.

Rea Bros. & Co. Retire.

During a lull in the proceedings at this afternoon's final session of the stock board, the following notice was read by Mr. John D. Bailey, who officiated at the call in the absence of Secretary Chaplin: PITTSBURG, Sept. 15.

Notice is hereby given that the firm of Rea Broz. & Co. is dissolved. All accounts with the firm will be settled by Thomas B. Rea.

THOMAS R. REA.

Thomas R. Rea.

Samuel Rea.

The announcement surprised most of those present, but it was learned that the Messrs. Rea had been contemplating retiring from the street for some time past. The, have not been losing money or meeting with any fresh disasters through their outside correspondents, but they simply came to the conclusion that, while there was some profit in the brokerage business as they were conducting it, it was secured by an expenditure entirely out of proportion. They were under heavy expense for private telegraphic service, investments in exchange memberships were large, and in general the money invested in the business was returning less than if invested in almost any other line.

The retirement of the firm is to be regretted. Mr. Thomas B. Rea, who has been the most active member of the firm ever since its organization, some 10 or 12 years ago, did more than any other man to establish the stock department of the Exchange, and to him the public is largely indebted for the protection offered by the stock calls. The firm has always stood high in the estimation of the street and public. When D-acon White went down in his desperate attempt to corner corn he was the correspondent of Rea Bros. in New York and Chicago, and meeting with embarriassment through his failure were compelled to suspend temporarily. They subsequently paid their obligations to the last cent, however, and resumed. Mesers. Rea Bros. & Co. have always conducted their operations within the lines prescribed by excellent judgment, high principle and rigid integrity, and the branch of business with which they have been identified is all the better for their having been engaged in it.

A SQUIRREL HILL PLAN ear the Contemplated Greenfield Avenu Boulevard About Ready for the Market

-Manufacturers After a Suburban Site-Latest Gossip and Transactions. THURSDAY, Sept. 15. A new plan of lots located on Squirrel Hill, Twenty-second ward, will be placed on the market on or about Monday next by M. P. Howley & Co. The new plot com prises 25 of the 80 acres recently purchased by Messra. Howley & Co. and is situated in

oby Messra. Howley & Co. and is situated in close proximity to the contemplated Greenfield avenue boulevard.

The plan will contain 250 lots, which will vary in size from 30 to 50 feet front on 50-foot streets, and will have a depth of 125 feet to 20-foot alleys. Twenty of the lots have been sold aiready, and the erection of dwellings will be commenced shortly by the purchasers. The owners of the plan will reserve at least 50 lots upon which they will erect five dwellings and offer for sale when completed.

five dwellings and offer for sale when com-pleted.

The remaining 55 acres will not be laid off in a plan until next spring, when it is ex-pected that the contemplated extension of the Second avenue electric line will be com-pleted. When in operation the line will run directly to this property, which will nat-urally give it additional interest and value. Items of Gossip.

Thomas McCaffrey is negotiating for and expects to close the sale of a manufacturing site located in Lawrenceville in a few days. The amount involved is \$35,000.

Several parties owning realty on Perrysville avenue, a short distance beyond the terminus of the Pleasant Valley electric line claim they have been offered very good prices for their property by Allegheny City authorities. The purpose for which the city desires the land is said to be for a magnificent park. The offers were submitted through an agent, but it is understood that the gentleman is acting in behalf of the city.

A large steel plant, located at the present A large steel plant, located at the present time in the city, is negotiating with the Biair Land Company for a tract of land com-prising about ten acres located at Biair sta-tion, and if the deal is closed the company will remove the works to that place. It will be known in a few days whether the trans-fer will occur or not. It is reported that several other manufacturing concerns are desirous of obtaining the tract. Building Permits.

The following permits were issued to-day: Henry H. Negley, two frame two-story dwellings, Broad street, above Fairmount street cost \$6,000 for both; Rev. H. Denny, a brick one-story brick business storage house, Smallman street, corner Thirty fourth street, cost \$1,050; D. P. Thomas, a frame two-story dwelling, Dallas street, near Kelly street, cost \$1,500; Annie C. Phillips, a brick two-story dwelling, Webster avenue, near Devillier street, cost \$3,000. Reports From the Brokers.

Reed, McEllroy & Co. sold for Mrs. Catharine Graves to Edward E. Riece a lot 24x 200 seet located on Niagara street, upon which is erected a two-store frame dwelling. J. E. Glass sold for the Columbian Land

J. E. Glass sold for the Columbian Land and Improvement Company, in their Homestead Park plan, lot No. 72 for \$500, John K. Ewing & Co. sold for Mrs. Eliza Preston a lot fronting 48 feet on California avenue and extending back 159 feet to a street, being lot No. 58 in the Ridgeview plan, Eleventh ward, Aliegheny, for \$2,290 cash. Reed B. Coyle & Co. report the sale of lot No. 30 in the Highland Place plan, adjoining Highland Park, having a frontage of 50 feet on Pacific street, and extending back 125 feet, more or less, to a 20-foot alley, for \$1,700.

81,700.

Black & Baird, sold for D. W. C. Boyle et. al., lots Nos. 19 and 20 in the Shaler plan in the Thirty-fifth ward, fronting 100 feet on Fingol street by a depth of 200 feet with a two-story frame house erected thereon, for 7,915. The Burrelland Kensington Improvement

The Burrelland Kensington Improvement Companies report the following sale of lots at Kensington, the new manufacturing city on the Allegheny Valley Railway: Mrs. Jane Nease, Pit:sburg, lot 60, block 3, for \$700: Miss Maria V. Rauffeld, Pernassus, Pa., lots 1647, 1648 and 1649, block 28, for \$1,550: Hartman Coleman, Pittsburg, lots 432, 433, 434, 435 and 496, block 25, for \$3,356 25; Robert N. Galbraith, Pittsburg, lots 550 and 551, block 24, for \$1,213 75. for \$1,213 75. W. A. Hesson & Jones sold a lot 24x100 feet, w. A. Hesson & Jones sold a lot 24x100 feet, on Madison avenue, Thirteenth ward, for \$950. The seller pays for the expense of improving the street. They also sold lot No. 44 in John I. Williams' plan, Millvale borrough, fronting 35 feet on North street, but irregular in shape, for \$200.

SUGAR AGAIN ADVANCED.

Raw and Refined Elevated Another Frac tion in the East and Local Wholesalers Mark Up Quotations Accordingly-Cheese Higher and Fancy Flour Lower. THURSDAY, Sept. 15.

The sugar market is booming. Refiners have been compelled to mark up refined in consequence of another advance in the raw article, and local dealers have added another eighth to quotations. Stocks of raw sugars are almost exhausted, and there is very little to be had owing to the quarantine restrictions. Refiners are largely oversold and unable to make anything like prompt deliveries. A good deal of raw sugar is held in quarantine at Philadelphis and until it is raised raw sugar will be very scarce. Good authorities say it would be the worse kind of policy to admit the sugar now in quarantine into this country, or any other merchandise of a like nature that has arrived or may arrive from plague stricken ports. They believe it should be kept out of the country until the cholera has entirely died out, and then only admitted upon demonstration that it is free from the germs of the testrible scourge.

Cheese was advanced this morning and the market quoted strong at the advance. The strenth of the market for New York cheese is partly due to the fact that some of the factories were shut down this season in consequence of a large number of farmers forsaking the dairy business for the sheep raising industry. Higher prices are expected.

Fancy brands of flour are now quoted the same as standard patents. Another peculiar prompt deliveries. A good deal of raw

Fancy brands of flour are now quoted the same as standard patents. Another peculiar reature of the market is that notwithstanding while winter wheat is from 10c to 12c per bushel chenper than spring; wheat, both spring and winter patents are quoted alike. No. 2 red wheat has advanced ic per bushel in this market, but it is still a little lower than the price paid at Toledo.

Peuches, pears and grapes were in big supply to-day and prices drooped a little. Apples and plums were firmly held. Lemons declined under the influence of cooler weather.

ples and plums were firmly held. Lemons declined under the influence of cooler weather.

Timothy seed is higher in consequence of yesterday's sharp advance in the West.

A prominent operator on the Board of Trade offered to trade even any part of 1,000,000 bushels of wheat for a like quantity of potatoes, bushel for bushel, for May delivery in Chicago.

Of the course of the market for seeds yesterday's Chicago Inter Ocean says: "Timothy seed developed increased animation and strength and prices advanced 17% for September without a transaction until \$1.85 was reached, when five cars were sold, and the close was at that figure. Year advanced from \$1.85 to \$1.75, with sales of nine cars, and closed at the top. The advance was due to the improved demand for cash and the urgent inquiry from shorts. Very little of the new crop is up to contract grade, and some of the offerings have been refused, and even when arbitrated they failed to pass. Shorts were alarmed over the situation, and were not disposed to run further risks. Good country lots opened at \$1.75 and closed at \$1.75. High grades started at \$1.72 and closed at \$1.75. And of the crop of 1889 at \$1.70. Closing prices to-day were the highest since 1883."

Grain, Flour and Feed. Only one transaction occurred on call at the Grain and Flour Exchange to-day, as follows: One car sample oats, spot, 37c. Bids and offers:

MORE ENCOURAGING.

The Demand for Pig Iron and Soft Steel Improving-Lower Prices Abroad. NEW YORK, Sept. 15 .- [Special.]-The iron Age says: The most encouraging develop-ment of the week is the certainty that the demand for pig iron is such that it is making inroads upon the stocks, and that simultaneously current production is even lower than it was at the beginning of August. The active capacity on September 1 represented a weekly make of 151,648 gross tons, against 155,136 gross tons on August 1. Soft steel is arousing more and more interest. In the East some large negotiations are pending, including one for 20,000 tons. Our Chicago

gust, 1891.

Pig tin has receded 15e@17s 6d and the market has been slack. Tin plate has remained lifeless. The only improvement is an increase in moderate purchases of ternes. Several additional mile are scopping, but even this fails to improve the situation. Exports in August were 32,000 tons, or which 24,000 tons went to America. In the corresponding month of last year 5,000 tons out of a total of 14,000 tons went to America.

Wool. London, Sept. 15.—At wool sales to-day 14,000 bales of an average quality were offered. There was a large attendance and the competition was more active. French buyers purchased largely of better greasies and medium scoured. Home buyers took cross breds.

New York Metal Market, New York, Sept. 15.—Pig iron quiet; American, \$13 00@15 50. Copper weak; iake, \$11 00@11 10. Lend steady; dome-tic, \$4 05@ 4 10. Tin steady; straits, \$20 20@20 50.

New Orlerns — Sugar firmer; centrifugat, off white, 5c; prime yellow clarified, 4%c; seconds, 3%c; others unchanged.
