

CHOLERA IS NO BAR

To the Business of This Country or Even of the Metropolis.

LOTS OF MONEY IN CIRCULATION.

The Iron Trade Shows Improvement Especially in Pittsburg.

WE ARE EIGHTH IN BANK CLEARINGS

New York, Sept. 16.—H. G. Dun & Co.'s weekly review of trade will say: Cholera has landed and the business of New York goes on exactly as if it had not.

Receipts of wheat at the principal western ports in four days of this week have been 5,316,833 bushels, while the Atlantic exports have been only 1,065,435 bushels.

Corn has declined 1/16 in sympathy, but it is, also, the fact that Western advances regarding the growing crop are more favorable.

In cotton there has been heavy selling, and September options are below 7 cents, though the price for spot cotton is unchanged.

The demand for structural iron is very encouraging, and plate mills are well supplied, but quotations are variable and iron is unsettled.

There is a heavy demand for cottons, and medium bleached goods are higher with brown firm. Carpets are stronger.

The treasury has added \$1,000,000 gold and \$900,000 silver to its stock, while purchases of \$400,000 additional paper.

The business failures occurring throughout the country during the last seven days number 182, as compared with totals of 179 last week.

The following table, compiled by Bradstreet's, shows the bank clearings for the week ending September 15, and the percentage of increase and decrease as compared with the corresponding week of 1891.

Thomas Atterbury Talks of Pittsburg as a Glass Center—The Latest Shut Down Will Not Effect Trade in the Least—Our Advantages Pointed Out.

"The shut down of the Greensburg Glass Company yesterday morning throwing 300 men and boys out of employment, will not have any effect upon the Pittsburg glass trade," Thomas Atterbury, of Atterbury & Co., said last night.

"That old rumor about the United States Glass Company going to abandon some of their Pittsburg factories and build three pot furnaces at Gas City, Ind., has been revived. Is there any advantage in moving to these smaller towns?" was asked.
