Come to Town in Thousands to See the Hig Show at the Point.

FXCURSION TRAINS CROWDED

Prof. Cromwell and Cornetist Levy Win I resh I nurels.

NATURAL GAS DISPLAY NEXT WEEK

The hir show at the Point attracted more wante vesterday than on any other occaon since the opening. Excursion trains - a all the rations is brought in people from tore States, and the gate receipts showed t at nearly 2,000 people came there yesterday from the country and outside towns with roturn tickets.

During the afternoon Prof. Cromwell lectured to a crowded house on "The Land of Slukespare" and last night he talked

the Exposition just 12 days more. All the selections given last night were from popu-

There will be heavy excursions on all the reads next week. The management requests parents to observe the rule regarding the time school children are expected to go home. They are expected to leave the building at 5 o'clock. As the hours granted them for sweing the exhibition are from 6 a. M. to 5 P. M., the management is that this rule will not be considered

Next week the great gas test will be made. It as an attenue as have already been made at the experiment, and each atternoon and vaning a roast of best will be prepared for setable, a turkey will be roasted and an count notonate notonate of the time and the mount of tas consumed will be kept. A son will be heated each afternoon and vening from the freezing point to comfort, and the amount of gas consumed and the me required will also be kept. It is beamount of gas consumed and the ng leature of the big show.

Pure Water. According to the report made by the State Board of Health and others, after examining the source of supply of the water furnished our cities of Prissburg and Alfording the State of Prissburg and Prissbur of Sinkesp are' and last night he talked acula to a ble crowd on "Berlin and the German Empire." Prof. Cromwell's lectures are attracting general attention and are becoming one of the most interesting features of the Exposition. Both his talks yesterday were entertaining and instructive and his lecture last night was listened to by an audience principally made up of Germans.

Lovy and his great band are still the center of attraction. The people yesterday and last night seemed unable to get enough of the delightful music, and after each selection loud and prolinged applause greeted the musicians. Mr. Levy last night responded to four encores and even when the great cornetist had fairly exhausted himself the crowd struggled loud and long to hear him again. The band will remain at the Exposition just 12 days more. All the

scientific associations, and has in every case sustained its reputation of being a perfect water-fliter.

Protect yourself and families by using the only filter in existence which scientists declare to be germ prop.
