Spoils a Promising Bull Market and Checks Outside Interest.

VILLARD REPORTED A SELLER.

Stubbern Firmness Displayed by the

#### General List. DULLNESS AND HEAVINESS AT THE CLOSE

NEW YORK, Sept. 20.-The stock market to-day was neither so active nor so strong as that of yesterday, and the general opinion seemed to be that the liquidation in Northern Pacific preferred had spoiled a very promising bull market and thrown the trading again exclusively into the hands of the professional element just when there was a prospect that a wider interest was likely to be enlisted in the support of prices. The position of Mr. Villard in this movement was one of the chief subjects of conversation on the street, and, while the gentleman himself issued a denial that he had sold any stock for himself, the story came from Philadelphia that certificates bearing his name had been delivered. The liquidation in the stock, however, made but little further progress, though the price settled away to the lowest price of yester-

day and remained there.

The general market again displayed the same stubborn firmness which marked the trading during the early hours of yesterday, but the advance seemed to have been ef-fectually checked, and even in the industrials there was no disposition shown to push the advantage farther, while here and there railroad stocks were subjected to pressure by the bears without the development of any particularly vulnerable point and the concessions were slight and in general the

any particularly vinternule policies of concessions were slight and in general the width of the fluctuations was small. Erie Reading, New England Burlington were in tern subjected to pressure, but the attack lacked persistence and the impression made was insignificant.

The early withdrawal of support was falt later, however, and the market sank into duliness without the usual advancing tendency, closing dull and heavy with most stocks within the smallest fractions of the growing prices.

stocks within the similest fractions of the opening prices.

Atchison income bonds furnished \$266,000 out of a total of \$1,042,000. The market was strong, but the gains among the active issues were confined to fractions and the changes show the usual insignificant fractions.

Government bonds were duly and steady. Close of the list:

J. S. Bache & Co. to Oakley & Co.: "The weakest stock to-day was again Northern Pacific preferred. The bears claimed that a receiver would have to be appointed, but this talk is, of course, exaggerated. On the other hand, the road has been piling up a biggificating debt and their supply of new bonds seems to be inexhaustible; they claim that it only takes about 53 per cent to operate the road, which is simply impossible, as other roads that run a much more even territory cannot be operated below 65 per cent. The feeling on the stock is so bearish that a reaction in it ought soon to be due. Sugar advanced on the decision of the Philadelphila authorities to admit raw sugar into their authorities to admit raw sugar into their port. There is an opposition sugar com-pany putting up a refinery and their capital will be about \$750,000.

#### A BIG DEAL IN RIBS.

Wright and Cadahy Cause a Sharp Advance in Price-They Are Reported Owners of 40,000,000 Pounds-Pork and Lard

Higher-Corn Lower. CHICAGO, Sopt. 20, - Feverish excitement and the culmination of a big deal in ribs were the twin accompaniments in the provision pit to-day. An advance of nearly \$1 was scored on the October option. This was equal to a rise of about a cent a pound for the meat and was accomplished in a few minutes, the market selling from \$7.65 at the close last night to \$8 60 during the first hour of 'Change to-day. There was comparatively little change in the prices of other hog products or in cereals. It has been gossip for months that Charles Wright and John Cudahy that Charles Wright and John Cudahy were intending to corner the market for October ribs. Wright commenced buying several months ago when the market was about \$6 and gradually accumulated probably \$9,000,600 pounds, the price in the meantime having advanced to \$7 50. Finding the lead pretty heavy, he is supposed to have divided this interest with Cudahy. It is now supposed these two are long not less than \$0,000,000 pounds of ribs for October defivery. As the product has to be full cured to be deliverable on contract—which requires about \$40 days—it was supposed that to be deliverable on contract—which re-quires about 40 days—it was supposed that the limit was reached to-day and no more could be made that would be deliverable. Hence it seems to have been regarded as a

NIPPER LIQUIDATION | favorable time to spring any surprises that were in store for the trade. It is generally thought that the big shorts are the packers who have been selling, believing that the load the clique had was too big for it to

thought that the big shorts are the packers who have been selling, believing that the load the clique had was too big for it to carry.

The sudden advance in October ribs was not altogether without effect on other articles in the provision line. Pork advanced 25@35c, but settled back 10@12%c, and closed comparatively steady. Trading was mainly on local account. Brokers supposed to represent Armour and Company offered lard freely and prevented prices from going above 5@7%c higher on near and 10@15c on deferred deliveries.

Wheat opened a shade below the close yesterday on the weak cables, but soon developed a good deal of strength. The strength in provisions, and especially the excitement in ribs, was also a material help to wheat. The receipts at Chicago were considerably under the estimates. The quantity on ocean passage showed a decrease, but it was anticipated that there will be a heavy increase in the clearances when the cholera blockade is lifted.

Corn was active but decidedly lower on the fine weather and renewed assurances that the crop had not yet suffered any damage from frost.

In oats the receipts were larger than expected, and this, with the depression in corn, was the chief cause of the weakness.

There was a fair demand for vessel room to load wheat and corn, and rates held steady at 2%c for wheat and 2%c for corn to Buffalo.

### ACTIVITY ON 'CHANGE

Under the Leadership of the Gassers and Street Railway Shares.

PHILADELPHIA CO. DECLINES

and Kearly Everything Flse on the List

Shows Strength. LOCAL AND GENERAL FINANCIAL NEWS

TUESDAY, Sept. 20. Trading in local stocks on 'Change to-day was quite active, particularly during the closing session of the board; but, while it covered a number of the leading shares of the list, only one or two of the gassers and one or two of the tractions were stall prominent. Of the gassers Philadelphia Company declined on what looked like selling for Eastern accounts, but it steadied toward the finish and closed a little above the lowest Strange to say, Peoples Pipeage was firm and higher in the face of the decline in Philadelphia Company, and this fact, in conjunction with a steady to firm front in the other gassers, left the softening of the leader without significance. Among the leader without significance. Among the tractions Citizens was strongest and in most demand and closed on a good gain over the previous day's best price. In the industrials Airbrake furnished the feature with a sale of 140. Luster Mining Company improved to 8½ bid, a gain of ½ Switch and Signal was steady to firm, Central traction was fractionally better, Pleasant Valley was freely offered at 25½, with 25½ bid, Third National Bank was bid up to 123, against sales at auction last week of 122, and others were steady at unchanged quotations.

The Movements of the Day.

The Movements of the Day. Peoples Pipeage opened up at 15 sales, advanced to 15½ sales and closed at 15½@15½. Airbrake sold at 140 and closed at 145 asked. first sales of Philadelphia Company were at 22, from which there was a decline to 21% at the second call, a recovery to 21% at the third and a fairly steady close at 21%@21%, Luster sold at 8% and closed at 8%@8%. P., Luster sold at 8% and closed at 8%@8%. P.,
A. & M. traction sold at 43% and closed at
43%@44. P. & B. traction sold at 22%, Chartiers Valley Gas at 12% and Citizens traction which was bid up to 62% at the last
call, sold at 63 immediately after and the
same price was bid for more, the character
of the demand being such as to indicate a
continuance of the advance.
A good demand prevalled for Westinghouse Electric unassented at 22%, P. & B.
traction at 25%, Duquesne traction at 29,
Central traction at 29%, switch and Signal at
18%, United States Glass at 65, and in most
cases the offerings were rather liberal, a
little above the prices bid.

Gossip of the Street.

Gossip of the Street.

An improved inquiry for Airbrake was noted by some of the brokers. A well-posted street railway man talked as follows about the Northside roads: "There is no doubt whatever about the absorption of the P. V. by the P., A. & M. In sorption of the P. V. by the P., A. & M. In all probability the details of the deal will be closed within 60 days and the two roads marged into one system. Manchester will pay a cash dividend next month, and what money remains in the Pleasant Valley treasury, if any, after the payment of its purchase money mortgages, etc., will be distributed among its stockholders. In other words, there will be a clearing up of cash on both sides before the amalgamation." words, there will be a clearing up of cash on both sides before the amalgamation."

It is stated in a sort of a semi-official way that the figures on Philadelphia Company to be sent out with the dividend checks October 1 will show \$160,000 cash on hand and \$200,000 undisputed accounts and bills receivable. The accounts and bills payable remain about the same as on June 30, but the regular bonds outstanding have been reduced from \$202,000 to \$200,000. It is expected that the entire bonded indebtedness will be wised out by the end of the fiscal year on March 31 next.

The Philadelphia Company well, adjoining the Snee roarer in the Elizabeth field, will, it is said, be in Wednesday.

Those who are buying Duquesne traction are confident the stock will sell at 35 or better before Christmas.

TUESDAY, Sept. 20. A. Z. Byers, of Allegheny, and W. M. Pollock, of Pittsburg, will attend the second annual congress of the National Real Estate Association, to be held in Buffalo, N. Y., October 4, 5, 6 and 7 next, mention of which was made in this column a few weeks since. An attractive feature of the occasion will be a visit to Niagara Falls for the purpose of inspecting the initial opera-tions of the greatest mechanical and scien-tific undertaking of the age, viz., the mammoth tunnel, now almost completed, which will utilize a portion of the mighty power will utilize a portion of the mighty power of Niagara, supplying Buffalo, Niagara Falls and many square miles of adjacent territory, with the best and cheapest of motive power. Among the addresses to be made will be: "Dependence of Owners on Agents," ExGovernor Hubbard, of Texas: "Rapid Transit and Suburban Real Estate," Hon. Chauncey M. Depew, New York; "Urban Realty Legislation." Hon. A. S. Colvat. Realty Legislation," Hon. A. S. Colyar, Nashville, Tenn.; "Building and Loan Associations and Their Influence on Real Estate ciations and Their Influence on Real Estate Interests," Hon. Seymour Dexter, Elmira, N. Y.; "Title Guarantee Companies." Hon. Ernest W. Bowditch, Boston, Mass.; "Proper Building Construction From an Insurance Standard," Hon. F. C. Moore, President N. B. of F. U.; "The Niagara Falls Tunnel," Hon. Peter A. Porter, Niagara Falls, N. Y.; "Titles and Transfers," J. Cradock Slinpson, Montreal, P. Q.

Notes of Interest.

The Fidelity Title and Trust Company has finally secured undisputed possession of the Watson property, on Perrysville avenue, Allegheny, containing in all over 300 acres, the deed having been passed a few days ago. The owners intend to dispose of the prop-erty by selling as a whole and are consider-ing several offers which have been sub-

sitted. Sales of realty in West Liberty borough are forceasing very rapidly, as is shown by the fact that in a plan of 180 lots which was placed on the market within a year by the West Liberty Land Company, but 23 unsold lots remain. Building in this locality has been coully brisk. been equally brisk.

Messrs. Daniel McWuliams & Co. have taken possession of their new and cozy quarters, No. 85 Fourth avenue.

Building Permits. The following permits were issued to-day: J. M. Hammitt, a frame two-story dwelling, Almeda street, near Second avenue, cost Almeda street, near Second avenue, cost \$1,900. Louis Ruppel, a brick two-story dwelling, Oakland avenue, corner Louisa street, cost \$7,000. Aifred Terry, a frame two-story dwelling. Climax street, near Knox avenue, cost \$700. W. K. Shaw, a frame addition, No. 238 Southern avenue, cost \$1,000. T. Strichell, a frame two-story storage shed, Susquehanna street, between hurtland and Dallas avenues, cost \$200.

Reports From the Agencies. G. W. Spencer & Co. sold to Clifford R. Wilson lots Nos. 11, 12 and 13 in the West Liberty Land Company's plan in West Liberty borough for \$675. Also sold lot No. Larkin & Kennedy sold lots Nos. 64 and 65 in the Blair Land Company's plan, Blair sta-tion, to John H. Grach for \$300 each. Also

sold lots Nos. 68 and 69 in the same plan to John Grach for \$300 each.

Reed B. Coyle & Co. sold lots Nos. 32 and 33 in the Highland Place plan, adjoining Highland Park, fronting 100 feet on Pacific street, and extending back 126 feet, more or less, to a 20-toot alley, for \$3,000.

George Schmidt sold a lot on Lookout avenue, being lot No. 187 in his Eureka Place plan, oakland, to Mrs. Elia Cowan for \$500.

Samuel W. Black & Co. report the sale of a 50-foot lot on Jonette street near its intersection with the park, for \$2,500. This street is now graded through the Highland Park plan, and will in a short time be completed to East Stanton avenue. It has excited more comment in real estate circles than any public improvement in the park district.

A. Z. Byers & Co. sold for the Ridgiew land Company to Mrs. Augusta Miller three lots in their plan. Eleventh ward, Allegheny, being lots Nos. 126, 127 and 128, each fronting 25 feet on Wyoming street and extending through 245 feet, for \$1,800.

John K. Ewing & Co. sold to R. W. Steadman, Manager of the Singer Manufacturing Company of Pittsburg, a piece of ground on the east side of California avenue, having a frontage of 109 feet, and extending 161 feet to Massachusetts avenue, Eleventh ward, Allegheny. Mr. Steadman will break ground at once for a handsome residence which he expects to occupy in the early spring. The price paid was \$5,000 cash.

Black & Baird sold to Mrs. Mary E. Dively lots Nos. 327, 328, 339 and a part of 340, in the Alta Land Company's plan, fronting 64 feet on Virginia avenue by 100 feet in depth, on the corner of a 20-foot alley, for \$350 cash.

W. A. Herron & Sons sold lots Nos. 61 and 62 in A. H. Wison's plan in the Twenty-second ward, each lot fronting 35 feet on East End avenue, by 120 feet deep, for \$2,800 for both. This is part of the ground sold a few days ago to Mr. Wison, and which he has subdivided.

S. A. Dickie & Co. sold for A. Campbell to J. B. Paul and J. C. Alberts a vacant lot on Atwell street, 40x120 leet, for \$1,050. Two frame houses are already in course of erection on the John Grach for \$300 each. Reed B. Coyle & Co. sold lots Nos. 32 and

frame houses are already in course of erection on the property.

Join F. Sweeny sold to Charles J. Quolke, of 74 East street, Allegheny, a house on Clarissa street, Thirteenth ward, being situate on a lot fronting 22 feet on Clarissa street and extending back 100 feet to an alley. The house was the property of James Nesbit, the well-known contractor, and the price paid was \$1,850. This is the last of a large number of houses built on this plot, and the properties have found a remarkably ready sale to an excellent class of people. Mr. Sweeny reports big inquiries on another lot of new houses located near those just closed, which are about completed.

Peter Shields sold for the Schenley Park Land Company a six-room frame house with attic and modern improvements, and a lot 25x145 feet to a 20-foot alley, located on Stanley street, Twenty-third ward, for \$2,700.

#### GOSSIP ABOUT SUGAR.

Prices Made by the American Sugar Refining Company Being Closely Adhered To Some Clever Remarks by One of the Wholesalers-Current Quotations. TUESDAY, Sept. 20. The sugar situation continues to be dis-

cussed by wholesale grocers to the exclusion of almost every other topic, but the general opinion that the terms made by the American Sugar Refining Company will be adhered to by all in the trade has not undergone any change. Sugar has been sold at an almost imperceptible margin of profit for some time past, and by many houses at a direct loss, but under the present arrangement operations will show a profit, which, while not commensurate with the amount of work necessary to properly handle the goods, is much more satisfactory than it was. At the beat, however, sugar will not pay its share of the cost of conducting the grocery business.

On the question of the "combine" between the whole-ale grocers and the American sugar Refining Company the following, embodied in the price circular of one of the local houses, is very clever: A word in answer to the wild newspaper articles which have been published during the past few days as advertising thunder, charging an alliance with the trust of all the Pittsburg wholesale grocers, except one or two. Pittsburg is almost the only large city east of Chicago where the trust have not succeeded in having the wholesale grocers conform to their request of months ago to sell all sagars at their prices. We have constantly and strongly opposed their dication from their first request, but do not hape to sell you a harrel more sugar for so doing. We believe in individual business rights, but now the "trust" demand that all sugars purchased from this time forth must be sold for some time past, and by many houses at We believe in individual business rights, but now the "trust" demand that all sugars purchased from this time forth must be sold at their list, or their rebate which varies from 1/2c to 3-16c will not be allowed. This may be called an alliance, but we are compelied to accept the dictation, just as a child accepts measles, because we can't help it. Buy on any we should kick and endeavor to leave the impression with you that we are willing to pay 5/2c for sugar and sell it at 5/4c? Our experience leads us to believe that when closely corralled, the sheep that comes up gracefully and is shorn with the least kicking has the most wind when it is over.

lieavy receipts of cattle, hogs and sheep Heavy receipts of eattle, hogs and sheep have caused a further settling down in prices, says a Chicago paper. The arrivals of cattle continue especially large and there is apparently no limit to the supply of Texas cattle, which comprise a good proportion of the daily offerings. On the Board of Trade an active week has been experienced. The large visible supply of wheat is a depressing influence and so is the diminished export movement of wheat and flour. The wheat crop is a large one and is being marketed rapidly. Corn has made fine progress so far, but between now and October giest anxiety will be felt on the score of irosts.

Dealers are asking more for carpet wools, as the balk of the supply comes from countries where cholers is prevaient. Manufacturers are well stocked with doinestic

wool and are waiting for dealers to reduce

## Kitchen Extension.

University Extension is good, but Kitchen Extension is better. Wider knowledge of better cooking processes means better health and comfort for everybody. Science can never do us better service than by the multiplication of the cooking schools which make healthful means and methods available for even the most modest home.

## COTTOLENE

The vegetable substitute for lard, is science's latest gift to the kitchens of the world. Every woman who has ever cooked a meal, knows that lard is disagreeable in use and unhealthy in its effects.

Cottolene is a most satisfactory substitute-clean. delicate and far more economical. At your grocers.
