

**HOMESTEAD EXCITED.**

A Confusion of Steam Whistles Disturbs the Town.

THE LITTLE BILL WAS ON A SNAG.

People From the Town and the Mill Rush to the River.

CONFLICTING STORIES GIVEN OUT

The citizens of Homestead were greatly alarmed yesterday afternoon at about 5 o'clock by the repeated blowing of the whistle on the steamer Little Bill and the whistles in the mills. They ran down to the river bank to learn what caused the alarm. The men in the mill rushed out of the yard to see what was going on, and soon the river bank was black with excited people.

Inquiry revealed the fact that while towing two barges up the river the Little Bill ran into an obstruction just opposite the works. Fearing some trap designed to sink the boat, the barges were quickly released, and the steamer backed out, leaving the barges in the river. While getting away from the barges the pilot pulled the whistle. A whistle in the mill answered, and then began a series of prolonged alternate whistlings between the boat and the mill. This unusual sound caused a deal of alarm in town, and a mindful of the tragic part the electric light whistle played on the morning of July 6 in arousing the people to meet the Pinkertons, the streets were soon filled and a mad rush was made for the river.

People Were Indignant. When the cause of the alarm was learned the people were indignant. Many expressed a wish that more care be exercised as public feeling is still at a high pitch and little is required to thoroughly arouse the town.

Rumors were rife in Homestead yesterday of numerous desertions from the non-union men in the mills. The withdrawal of the Fifteenth Regiment on Monday and the prospective early sending away of the Sixteenth were assigned as the principal cause of the disaffection in the non-union ranks. To substantiate the report, the strikers pointed with pride to the mills, claiming that less work was now being done than at any time during the past three weeks. This inspired them with new hope. The locked-out men say the firm cannot run the mills with the present force of men and are as far as ever in their demands.

The locked-out men also say that they have positive proof that many more will leave before the end of the week. The non-union men are beginning to circulate freely in the town without molestation from the strikers. From expressions heard, it is inferred that the Amalgamated Association is now depending upon moral suasion, as by this means the new men can be won over to its side easier than by force, since they are accessible.

No Desertions at the Mill. At the mill it was denied that there are any desertions. It is reported that the report that the men were leaving the mills was started by about 20 men being discharged on Monday afternoon for incompetency. About 75 new men were claimed to have come into the works for work yesterday. The withdrawal of the troops is said to have had no effect on the non-union men, as no more leave than could be expected from the large number of new men employed. Disaffection of any kind is denied, and the mills are said to be running full. A number of Amalgamated men are said to have returned to work yesterday morning.

Colonel Hullings, his staff and the rifle team of the Sixteenth Regiment were escorted to Brigade headquarters yesterday by the regimental band, where the Brigade trophy was presented to General Wiley. This trophy, a handsome silver urn, was won at Mt. Gretna a short time ago by this rifle team, it having led the Second Brigade in the number of points made. The contest for the Connelly medal was begun yesterday, when a squad from the Sixteenth Regiment went to shoot over the Salt Works range. This medal is offered by Lieutenant Connelly, Inspector of Rifle Practice for the regiment, to any member of the Sixteenth, except members of the team. Some of the troops are expected to put in the afternoon on the range as long as they remain in camp.

The Sheriff was in Homestead all day. His deputies are attending strictly to business. No disturbance occurred yesterday, and no insults were offered to the non-union men while passing along the streets. Not a single arrest was made during the day.

ARRANGING FOR COLUMBUS DAY. The Mayor Will Confer With Columbus Club Members This Morning. A committee from the Columbus Club will have a conference with the Mayor this morning in regard to the celebration of Columbus Day on the 21st of next month. The club is anxious to have an understanding, as many of the other Catholic organizations are desirous of going ahead and have a sectarian demonstration if the city officers decide not to make it a popular movement. The cholera scare has retarded the Mayor from acting in the matter until now, but he thinks the danger is practically over and will probably lend a hand toward booming the celebration.

The True Laxative Principle. Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well-informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

PERFECT action and perfect health result from the use of De Witt's Little Early Risers. A perfect little pill. Very small; very sure.

See our perfect fitting kid gloves. JAMES H. ARDEN & CO., 100 Fifth Avenue.

**Our Baby**

Was a beauty, fair, plump and healthy. But when two years old her face began to show spread over her head, neck and forehead down into her eyes, one great sore, offensive and dreadful, causing such itching and burning that she had to prevent scratching. For 3 years she suffered terribly. The first beneficial effect from Hood's Sarsaparilla was that she began to show more life and have an appetite. Then the humor began to subside, the itching and burning ceased, and the sores entirely healed up. She is now perfectly well, and so different from before taking Hood's Sarsaparilla that she seems like another child. L. W. FAIRBANK, 114 1/2 West Street, near Crescent Ave., CINCINNATI, OHIO.

**THIS SUIT \$3.50.**

This is a matchless and unmatchable chance for parents to save money on their Boys' Clothes. The suits which we here offer are made of genuine Dickey Scotch Cheviot, celebrated for its unrivaled wear-resisting qualities. It is a well-known fact that a Boy's Suit made of Dickey Cheviot will outlast any other goods made, and always look nice and clean. These are the suits we shall offer during the balance of this week at \$3.50. They are all fresh and new, made in the popular double-breasted styles (like accompanying cut), and trimmed and finished in a faultless manner. In order to increase the variety we have added about 300 fine Zouave and Columbus Suits, and will offer choice from the entire assortment at \$3.50. This is about half the regular price.

These genuine Dickey Scotch Cheviot Suits (see cut) have never been known to be sold for less than \$7. And they're worth it, because they will wear longer and better than any other Boys' Suits made. We could not now sell them for less than \$7, had we not chanced to buy a large lot of them from a prominent manufacturer, who, being crowded against the wall, was forced to dispose of them for half price. We, in turn, dispose of them at half price to you. Come in, take your choice for \$3.50. We could easily have sold these suits at \$5 and \$6, but, being crowded for room (on account of present extensive building operations) and wishing to make a QUICK TURN, we will let them go at only \$3.50. At this price they're the best and biggest bargains ever offered anywhere. Ask for them.

**SPECIAL SALE OF YOUNG MEN'S SUITS AT \$9.00.**

A magnificent line of Young Men's Single and Double-Breasted Suits, sizes 14 to 19, in extra fine Scotch Cheviots, Boucle Cloths and Cassimeres, latest patterns and shades, at only \$9. The cheapest suit in the line is worth \$14—many \$15—not a few \$16. Circumstances make it possible for you to buy them this week at \$9.00.

**KAUFMANN'S.**
