AN ELECTRIC SPRING.

(WRITTEN FOR THE DISPATCH.)

An electrical journal describes the man

for some time largely advertised, was car-

placed in a number of smaller country

papers, set forth the discovery of a mineral

spring possessing remarkable electric prop-

erties. The spring was guaranteed to cure

every disease under the sun, and instant relief was assured to the most confirmed in-

valid who would subject himself to the

"gentle flow of electricity" imparted by the

nealing water. The advertisements brought

scores of visitors to the little village where

the won-lerful spring was located, corner lots advanced in price, and the place began to take on the characteristics of a flourish-

Eventually, however, the secret of the

"electric" spring came out. It was but a

"electric" spring came out. It was but a plain mineral spring, but the cups that the patients drank from were fastened by a brass chain to an iron bar, which enclosed the mouth of the spring. A circular railing prevented the too close approach of visitors, and as the ground around the spring was naturally most, either it or the railing formed one of the ends of an open electrical circuit. The cup held by the chain was the other ead. The person drinking completed the circuit through his

drinking completed the circuit through his body, and when he had finished the attendant took the cup from his hand. The "invigorating feeling" and the "delightful tingling sensation" experienced by the devotees of the new cure were

caused by a small induction coil cleverly concealed, and connected with the cup and

railing. The most satisfactory thing about the whole affair is that the patient in nearly

every case improved marvelously. The directors of the company exploiting the spring had shown a discretion quite in pro-

portion to their general shrewdness in choosing the site of their operations. The

air of the place was bracing and the water was pure, and those who came sick returned well. The company was doing a splendid business and on the high road to riches, when the disclosure as to the real nature of

the cure was made. The public showed itself ungrateful for the numerous benefits

received, and claimed that it had been swindled; but the directors asserted that

the faith cure was a part of the treatment, and if people would not believe that was

The Telephone in Belgium. .

A report on the history and progress of telephone enterprise in Belgium points to

the advantages of State control, so far, at

all events, as that country is concerned. It

appears that up to 1883 the telephone ser-

vice of the country was in the hands of

private companies, and certain concessions were made by the State, which also laid and worked lines of its own to the less im-

portant centers, which were somewhat neglected by the companies. The re-pur-chase of all the telephone concessions by the State is pending, and will probably take place from January 1 next, when a further large extension of the telephone system

will be made. The Belgian experience is that the telephone and the telegraph do not

injure each other, but that both systems

must be in the same hands to enable the

universal extension of the telephone to

### STILL IN HARD LUCK.

Our Sluggers Have Another Tough Exper ience Among the Cleveland Fellows. SPECIAL TELEGRAN TO THE DISPATCH CLEVELAND, Sept. 21.-The Pittsburg

perfect game of ball that any visiting twirler has pitched in Cleveland this year, yet by his own misplays in the ninth inning, Cleveland won.

In like manner Clarkson pitched gloriously until the eighth and then let down a trifle and Pittsburg tied the score. Up to the ninth inning Cleveland had made one hit and up the eighth Pittsburg had fared no better. Zimmer had an extraordinary record behind the bat, putting out no less than seven men on foul files. In the first five innings both teams practically went out in one, two, three order. Childs Made a Big Hit.

In the sixth inning, with one man out, Childs cracked the ball away down in the right field fence corner for three bases. Beckley blocked him at first, and Bierbaner enjoyed his company so much that he followed him all the way to third. Meanwhile Patzy Donovan undertook to throw the Alderman out, but the ball went wild of third base and Cupid came romping The crowd arose as one man as howled with joy. The seventh passed without a run, as did Cleveland's half of the out a run, as old Cleveland's half of the eighth. When Bierbauer came to bat he bunted the ball toward third. Clarkson might have got it had he not slipped on the turt, which was rendered slippery by a sprinkle of rain. Then Shugart sacrificed cleverly and Terry flied out to O'Connor, with Bierbauer still on second. It was do Partington, "he did." He caught the ball on the end of his bat, knocked it to right field, just inside the foul line, where no one could get it, and Bierbauer sprinted along the base line with the tieing run.

It Was Too Dark to Play. Owing to the clouds it was rather dark by this time, and Umpire Gaffney had a mind to call the game. For once, however, the crowd had its way. Then Terry eased up a tritle and gave Childs a base on balls, Bur kett tollowed with a clever sacrifice, and Davis was given another base on balls. McKean was the next batter and equal to the emergency, for he smashed the ball on a line to center, and Childs brought in Cleveland's second run. Both runners moved up on the throw in. and Virtue's long fly was good enough to score Davis. In Pittsburg's half two men were retired when Beckley hit the ball to right center. McAleer, Childs and O'Connor went after it, and any one of the three could have taken it, but there was a mix up, and Childs and McAleer came together with great force. The ball dropped to the ground and Beckley got to second. Zimmer made him a present of the run by playing back. Attendance, 1,300. The score:

### PROTESTED THE GAME.

The Local Club Has Filed Objections to · Yesterday's Contest at Cleveland. Yesterday's game at Cleveland has been protested. The President of the club re-ceived a statement by wire from Manager Buckenberger last evening, and according to that statement the protest ought to be valid. Umpire Gaffney called the game at the end of the sighth inning on account of darkness. The Cleveland players and cranks objected and surrounded the umpire and induced him to change his mind. He then ordered the game to be resumed and Man-ager Buckenberger protested, as his men

were last at bat. Manager Buckenberger allowed his men to Manager Buckenberger allowed his men to play under protest and the ninth inning was finished. According to the manager's state-ment it ought to have been a tie andthe matter will now be decided by the League directors. At any rate, it was a hard game to lose, and it only shows that luck is dead against our sluggers.

No Exhibition Games CHICAGO, Sept. 21 .- [Special.]-Chicagos will play no exhibition games after the regular season is ended. President Hart says that the team will play its last game October 15. "It is true," he said, "that the contracts hold the players until October 31, but the colts will not play any exhibition games. I'll give you \$1,000 for every Sunday games. I'll give you \$1,000 for every Sunday game they play after the schedule is finished. We do not know anything about the proposed Western championship. Other clubs may play, but I doubt it. We have lost enough money now. I wouldn't care if the season closed to-morrow. It has been a bad year all around and all the clubs will, I wouldn't have the time. imagine, be ready to quit when the time comes, except the two, if two there be, to settle the championship. As to Sunday games, they may possibly be played next year, but even this is uncertain. The colts will not play any exhibition or any other kind of Sunday games this season."

Warren, 2-Oil City, 7. WARREN, PA., Sept. 21 .- [8/ec al.]-The Warren baseball club defeated Oil City to-day in a sharply contested game. Score: 

The Colts To-day. Anson and his colts will be here to-day to tackie our sluggers. Both teams are playing good ball and the pitchers will likely be Bhret and Gumbert. The game will start fifteen minutes earlier than usual and an interesting game may be looked for.

### The Diamond.

Now for Anson and the Colts. THE local game will start at 3:45 this afternoon OUR sluggers made a game effort to win yester It will be all right if we get three straight from the Colts.

THE local players are certainly putting up a won-derful game at present. RAIN prevented the League games at Baltimor and Washington yesterday. THE ninth inning continues to be the Jonah part of the game for the local team.

THE Cleveland ciab has neither a legal nor moral right to that game of yesterday. Fight clubs and one championship season seems to be the universal demand for next season. PITCHER MANCK, of Birmingham, is said to be good a an and fig for major league company, TIP O'NEIL has gone to Woodstock, Canada, for the rest of the season. He will not be released. OFFOSITION has sprung up against Manager Ward in Brooklyn. It is ever thus when a club is

LOUSVILLE'S share of the gate receipts for two games in New York and one in Baltimore was \$122, MANAGER POWERS says that the New York team of next year will not contain any stars. What will become of "Buck" Ewing?

CARUTHERS makes the best captain that the St. Louis club has had since the days of Comiskey. It is too bad that he has not got a better team behind THE Senators have been doing a land office business this year. Colonel Wagner has given 21 players the g. b. degree, and he can hum in a sweet baritone voice, "Still there's more to follow,"

Knocked Maber Out. PORTLAND, ORE., Sept. 2L-Billy Maber, the consumptive Australian, was whipped by Billy Smith last night. The fight was lively from the start. Smith started in to rush the Australian and knocked him down in the first round. In the seventh round Smith tried the pivot blow but fell short. The tried the pivot blow but fell-short. The eighth round was opened with Maber still on the cofensive. Smith kept up his rushes, but Maber got away without much damage. In the fourteenth round Maber was knocked down by a right-hander on the breast, and he came up groggy and just as time was called was again knocked down. From the fourteenth to the twenty-first round Smith continued his rushes and Maber began to show the effect of Smith's body blows. In the twenty-fifth round Maber was knocked down four times and for the last time. He was declared out and the fight given to was declared out and the first given to Smith. Maber said he did not hear the last second called, but he was satisfied, as his legs were gone. Maber made a game fight but Smith was too clever.

Sharing the Spolls. New York, Sept. 21.-The final transaction in the recent championship battle between "Jim" Corbett and John L. Sullivan took place yesterday morning when Dwyer, who acted as stakeholder in the match, turned over the stakes, amounting to \$20,000, to Corbett's backers. Out of this amount Corbett received \$10,325 in recogni-tion of his clever victory over Sullivan, which, pogether with a club purse of \$25,000, makes flis winnings \$35,325. "Mike" Dono-van also received \$1,255 from the Californi-an's backers. "Billy" Delaney, the trainer of the champing sparring register. "Jim" of the champion, sparring partner "Jim"

Hart Will Be Captain. CHAMPAIGN, Sept. 21.-Ralph Hart, of Chi cago, captain of the University of Illinois elected captain of the team. Candidates for sitions in the eleven are in training for the fall campaign under coaching of Professor Hall, Manager Arms and Captain Hart. The football season will open in this city with the games to be played on the intercollegi-nate field days, October 6, 7 and 8. October 18 University of Michigan eleven plays here, and on October 20 the University of Illinois team starts on a 10-day tour through the West.

Wants to Fight Dixon.

MILLVILLE, Sept. 21 .- Millville has a young pugilist who would like to meet George Dixon. His name is Richard Gibbons, he is Dixon. His name is Richard Gibbons, he is about 22 years old, 5 feet 7 inches tall and can first at 118 pounds. He is willing to put up \$1,000 of his own money for a contest. Gibbons has fought several battles and won all of them. None of his opponents withstood him more than four rounds. He was born in County Maye, Ireland, and has been in this village but a few months.

His friends consider him a wonder.

### THE EXPERT BILLIARDISTS.

They Will Entertain the Linden Club With Some Fancy Shot

To-morrow evening the Linden Club will be entertained by Mr. and Mrs. Shaw, the expert fancy shot billiardists, who as tonished the Parisian public last season. tonished the Parisian public last season. Mr. Shaw is remarkably expert with the ivory balls. They seem to obey his slightest wish as if propelled by an unseen power and they glide around the table in curves and straight lines that are apparently impossible. In making some of the shots he uses the cue and in others his finger and he controls the spheres as well with one as the other.

.Runs of from 100 to 500 in ordinary billiard Runs of from 100 to 500 in ordinary billiard games are common with him and he cenerally plays a game of 100 or no count. Mrs. Shaw is also very expert with the balls and can probably defeat any lady living in a game. The entertainment to-morrow evening, therefore, will be most enjoyable.

Prize Fight at Franklin FRANKLIN, Sept. 21.—Prize-fighters Mona-han, of Jamestown, and Duane, of Buffalo, han, of Jamestown, and Duane, of Buildo, N. Y., fought a "mill" for gate money and a stake of \$100 in a barn on the Steve Barret Jarm, two miles north of this city, last night. Franklin sports were behind Monahan, and Oil City talent behind Duane. Three hundred persons saw the fight. Duane was knocked out in the tenth round.

Mike Is Very Mad. "Professor" Mike Donavan has declared himself because of Corbett's offering him \$250 for his services. Donovan says that Corbett is a "mean man" and that he, Donovan, is done with fighters forever. He says there are two men in the country who can defeat Corbett, but he refuses to mention their names at present.

### The Swimming Club.

Everything is going along prosperously in connection with the proposed local swim-ming club. Already 42 applications for membership have been made, and it is expected that the list will reach 100 in a week or so. A meeting to effect an organization will be held early next week at the Nata-

Chrysalis, a 100 to 1 Shot, Causes a

Sensation at Gravesend BY DEFEATING THE FAVORITES.

Pittsburg Phil's Parvenue Captures Another Race in Very Easy Style.

GENERAL SPORTING NEWS OF THE DAY

GRAVESEND RACE TRACK, Sept. 21 .-

The sensational feature of the afternoon's racing was the winning of the third race by a 30 to 1 shot, Chrysalis, a 2-year-old, from the stable of Marcus Daly. Some of the more fortunate bettors secured as good as 100 to 1 against the winner. The rail birds were pleased with the way the colt warmed up before the race and they backed him down from 100 to 1 to 30 to 1. Japonica was the favorite at 11 to 5, but frequent pocketing in the large field kept him out of the race to the last furlong post, where Doggett pulled him out and came around. He was too late, however, as Chrysalis won

by a neck from the Pappoose colt, who was a neck before Japonics.

The unnamed colt made the running to within a sixteenth of the finish. Matt Byrnes, the winner's trainer, did not bet a dollar on the colt, but "Father" Bill Daly, to whom Jockey Jimmy Lambley is apprenticed, gave out the tip.

There were no withdrawals from the Woodlawn handicap, all seven candidates starting, with the mare Reckon first choice at 2 to 1. She shouldered her 120 pounds, and cutting out a clipping pace from start to finish, won cleverly by a length from Kildeer, 8 to 1, Demuth, 3 to 1, being third. Reckon's time for the mile and three-sixteenths, 2:01%, with 120 pounds, is a grand performance. St. Felix, 6 to 5, won the first race iu a gallop, and Parvenue, 1 to 9, made an exhibition of his single opponent, Joe

Carter, 7 to 1, for the second event.

Only Queenie Trowbridge and Major
Daly opposed Kingston, 1 to 3, in the fifth
race. The brown whirlwind won in a gallop. Jockey Jimmy McLaughlin's Walcott, 5 to 2, won the last race by two lengths. Bob Sutherland was second at 30 to 1, and Alcalde, the 9 to 5 favorite, third. The Westerners bet a lot of money on Ruth, but young Covington rode her with very poor indement and climated his task by getting judgment, and climaxed his task by getting Ruth pocketed in the final sixteenth.
