(SPECIAL TELEGRAM TO THE DISPATOR) NEW YORK, Sept. 28.—The opinion that there should be radical changes in the system of conducting the baseball championship is not confined to the magnates. Managers and players are unanimous in favor of a return to first principles. There have been many rumors recently as to what the magnates are going to do, but nobody knows what will be done. There are many alleged causes for the financial failures almost all round and managers and players are numerous who think the 12-club League is the great source of trouble.

Manager Selee's Opinions.

In a recent interview with Frank Selee, the Boston manager, he said: "Too many games, too many championships and too many clubs are what are ruining baseball, and not till there is a return to the old system of two leagues of eight clubs each will baseball regain its popularity. A continuance of the 12-club plan will prove disas-

When Charlie Comiskey was asked for his opinion, he said: "I think the proper remedy is a return to two leagues of eight clubs each, with one championship and a

"But if there was another American association started, would it not result in an

other war?"
"I do not think there is a good fight left in any baseball magnate in the country. For that reason I am confident they would

get along pencefully."

Fred Pfeifer also favors a shorter session, with one championship, but thinks an East-ern and a Western League is the true solution of the difficulty. Those who oppose the dissolution of the 12-club League argue that there are not enough Eastern cities for the purpose of forming an association cirenit, and that in order to make a satisfactory circuit it would be necessary to put two clubs in one or two cities, which propo sition would not be listened to.

An Important Matter to Tackle From all of which it appears evident that the magnates have work before them requiring the closest attention and best judg-

ate, a gen tion to know something said to-day that there is to be a strong effort made to have the 12-club lengue abolished. Magnates are opposed to it, who so far have not publ declared themselves. The question will be dealt with shortly.

TERRY'S GREAT SKILL

He Has Quite an Easy Task in Fooling the St. Louis Browns-The Pittsburgs Do Some Remarkably Fine Fielding, Particularly Shugart-Grant Briggs Makes a Poor Show.

St. Louis, Sept. 28.-[Special.]-Brooklyn Bill Terry distinguished himself to-day, and

under his skillful spherical manipulation, Pittsburg put the Browns to sleep, winning as they pleased. Um pire McQuaid called the game at the end of seven inn. One hour and ten minutes. Umpires-Grim and ings on account of darkness. It made no difference to the

Browns. They were not in it at any stage, and they were easily outclassed. Terry's superb pitching was beautifully backed up, the work of Shugart, Beckley and

Bierbauer being of a remarkably clever nature. Terry had fine control of the ball and he pitched just as easily and as gracefully as ever he did for Brooklyn. The playing of Shugart vesterday and today has not been excelled by any shortstop seen here this year. It is difficult to understand why Pittsburg wants to exchange him for Glasscock. Shugart knocked down base hits, threw men out with marvelous skill, and participated in a neatly executed double play. Genins, formerly with Cinoh what a difference. Genins was wofully weak, and one bad break of his in letting a

ball get away from him cost two runs. Hawley was greatly handicapped by Briggs, whose bluff at catching was largely instrumental in costing three of the first six runs. He was in a trance in the second inning, and the substitution of Buckley came too late and after the real damage had been done. Hawley pitched effectively with Buckley behind him, and after the second inning Pittsburg could do but little with him. No matter how well he pitched, the Browns' very yellow fielding precluded the possibility of victory, and they "dubbed" away whatever chances they may have had

GOOD FOR VALE.

A Professional Baseball Coacher Offered Them for the Entire Season. New Haven, Sept. 28 .- "Dutch" Carter, the ong and sinewy baseball star, who made a brilliant record as catcher and first baseman for the Yale nine last season, has been in

town for several days getting ready to enter college. He is accompanied by his father, who is a prominent lawyer of Brookiyn.

Mr. Carter has been greatly interested in his son's baseball career, and through him,

takes great interest in Yale and its baseball interests in particular,
He has inquired into the financial condition of the baseball association, and learn-ing that it is not overburdened with wealth, Mr. Carter has made a very generous offer. He told Captain Lauri Bliss of the nine that he would pay the salary of a professional player through the college season, to coach the ball players in pitching and bat

ting.
Captain Bliss and President Swayne have accepted the offer with thanks, and the Yale nine will have a first-class coach through the coming season.

Young Carter pitched with the Staten Island Athletic Club all summer and did phenomenal work. In the last game he struck out 15 men, only 27 men coming to the best.

Carter has played in 70 games this year. Carter has played in 10 gaines this year.
He promises to be a star pitcher next season.
"Tim" Keefe, or the Philadelphia team, is
likely to be selected as the man to coach the
pitchers, and it is thought that he can accomplish great things with Carter.

VAN HALTREN COMING.

The Local Club Gives Joe Kelly and Two Thousand Dollars for Him. In last Sunday's DISPATCH it was stated that a deal was in progress to trade Kelly, of the local club, for Van Haltren, of the Paltimores, the local club to give a sum of money to boot. It was also stated that the deal would be consummated in two or three days, and it was completed yesterday.

The local club gives Kelly and \$2,000 for van Haitren, and the inter will be nere to-morrow and will likely take part in to-morrow and will likely take part in to-morrow's game. Van Haitren is undoubiedly one of the best players in the country, and he will strengthen the local team. He is also a gentleman, and the kind of player the local club desires most.

An official of the local club stated last evening that an offer had been made the St. Louis club for both Gleason and Glasscock. The deal is not off and Von der Albe wired the local officials yesterday stating that the matter would be definitely dealt with next week when the St. Louis team same, here. THE G. W. Frimbur team will play the Southside Gyms a match game for a stake on the Homestead grounds next Saturday. Gould and Evans will be the Trimburs' battery, and Casey and O'Brien will not for the Gyms. A great contest is expected, as the teams have already met four times, each winning two.

WHEN the Eastern League decided to contain a season and end on September 18, instead of September 28, it shortened its contracts with its players, and the question has now arisen whether it can retain its reservation rights. An appeal has been made to the Board of Conirol, and the question will probably be decided in a few days. Much surprise has been expressed in certain parts of the country over the poor base stealing record that Mike Kelly has made this season. The question has arisen as to why he occupies such a position in this respect and why he takes so few chances. To those who watched Kelly of late the reason is very clear. The Boston player is getting entirely too fat to run bases.

AMATEUR TYLER IN TROUBLE.

He Is Charged With Selling a Prize He Won at Baltimore

BALTIMORE, Sept. 28 .- [Special.]-Two orack amateur cyclers are likely to get into serious trouble. One of these is Harry C. Tyler, who holds the world's mite record and who defeated Zimmerman, and the other Bliss,

Gormully and Jeffrey discovered that a Rambler cycle which the Baltimore agent had donated to the meet of the Maryland had donated to the meet of the Maryland division last July had been sold by someone to Mr. Golden, of Scranton, Pa. According to the league's rule if Tyler is found to have converted his prize into cash he is no longer an amateur. Chief Consul Mott has notified Mr. Bliss, of Chicago, that he will not lorward to him the prize he won here during the tournament last week. Bliss is charged with withholding his record from the handloapper, and the latter protested against his participating. The case has been reported.

THE proposed scheme to organize a professional bicycie league by the big baseball clubs is meeting with a great deal of criticism all over the country. Some of it is favorable, but in most cases it is adverse. The general belief seems to be that bicycle racing can only hold the interest of the public if conducted on strictly amateur lines. Just as soon as the racers are formed into a league, and brought under the control of a professional body. It will be next to impossible to make the public believe that the contests are on the level,

Had there been a less vigorous rider on Canvass he would still be a maiden. Taral worked like a beaver from start to finish.

Strephon at weights looked to be a sure winner of the third race, especially as Bergen had the mount and bookmakers were forced to send him to the post a 9 to 5 favorite for the third race. Dagonet, at 8 to 1 led from the start to the finish, his owner, M. F. Dwyer, the famous plunger, not having bet a penny on him to win. Miss Dixie, the 5 to 2 second choice took second and Stre-phon the favorite third.

M. F. Dwyer bought Stonenell from Henry Warnke for \$12,000, then soratched and backed Stonenell for thousands from even money to 1 to 2. Stonenell, ridden by even money to 1 to 2. Stonenell, ridden by Simms, won in a gallop with Key West 15 to 1 second. Gold Dollar was lame, the trouble being rheumatism in his shoulder, but the Judges would not consent to his withdrawal. His rider was warned to ride the horse out. His lameness stopped him from finishing better than sixth. Jockey Jimmy McLaughlin's Waicott, the 9 to 5 second choice, logget up, captured the fifth race in a gallop from Stalactic, 12 to 1: Fagot, 6 to 5, being shut out in the homestretch and finishing third.

Sport, 8 to 5, was brought up with a rush by Taral, and took the last race from Maid Marian, 8 to 1, by a length. The latter was the best horse, but Thorpe was helpless when it came to a finish with Taral. Sum-mariae:

JOCKEY PORTER RULED OFF.

He Is Charged With Fraudulent Work on the Latonia Track. CINCINNATI, Sept. 28 .- With fair weather, a fast track and about 2,000 spectators, the races at Latonia, Ky., were run to-day. There was much delay in the starting of all the races. The incident of the day was the rnling of Jockey John Porter off the turf for fraudulent riding of Parametta (Imp.) in the second race yesterday, September 27. He came in last in that race, when Para-ngtta had been favorite at 7 to 5, and the vinner in the race (Flower Dellis) made the mile and 70 yards in 1:48%. Parametra's time for the same distance to-day was 1:46%, with Goodale up. with Goodale up.

There were 46 starters out of 52 entries in the six races. It was bookmakers' day. Non-favorites won in all except the fourth race. English Racers Arrive. NEW YORK, Sept 28.—[Special.]—One of the largest and best consignments of thoroughbred mares, colts and fillies ever brought to this country arrived in New York yesterday on the White Star steamer Nomadic. There ere some 60 head in all, twenty of them being consigned to J. A. & A. H. Morris and the remainder to Tattersalls of New York. Neither A. J. Cassatt's celebrated hackney stallion Crdet nor Marcus Daily's two valuable yearling coits, which were expected to arrive, were on board. They will probably come by the next steamer. The Nomadic had a very smooth passage, and all of the horses seemed to be in first-rate condition. The Morris yearlings are a fine-looking lot, and as soon as they got on the dock they convinced everyone that they were alive by nearly kicking that structure into the river. In the Tattersall consignment the stallion Candlemas and the bay mare Ormolu attracted the most attention, although the others were a fine-looking lot.

Beaver Races. BRAVER, Sept. 28 .- At the fair association races to-day the three-minute trot was won by Jack B, and the decision is under formal protest. Best time 2:30% Belle N won the 2:30 pace in 2:26%.

GREENSBURG, Sept. 28.—The free-for-all pace at the lair association races this afternoon was won by Munroe Brister, a Pitts-

burg horse, with Frank Dortch, an Allegheny horse, second. Time, 2:25. The 2-year-old trot was won by Trio, owned by R. R. Thistie, in 5:13. Three thousand people attended the races to-day.

FIRST OF THE SEASON. Harvard Football Players Line Up and

Have Their Initial Game. CAMBRIDGE, Sept. 28.—The first real foot balli of the year at Harvard was played yesterday afternoon, when the candidates were arranged in two elevens and put in

line against one another.

Captain Trafford played for a few minutes on both elevens, but during most of the afternoon the opposing teams were made up as tollows: PIRST ELEVEN

Brewer. Full-back Pelan Perny Trafford and John Cranston were on the field coaching the candidates; each stepped into the line occasionally and exemplified what he wanted done.

Playing was kept up for nearly an hour, and it was hard, continuous playing for that time. At the end of the afternoon's work the men were quite willing to rest.

Newell, Hallowell and Corbett were out for the first time this year. They all appeared to be in fine physical condition, and played with exceptional snap and lite.

Acton and Highlands were quick and strong in the rush line, but they had comparatively wesk men against them. Acton broke through constantly, but he did not seem to know what he ought to do when he did get through. He followed the ball well.

The first eleven had an easy time with the

The first eleven had an easy time with the second team, and carried the ball down the field about as they chose.

Among the interested spectators who watched the afternoon practice, were J. R. Finiay, who played right guard on the victorious Harvard eleven two years ago, and Mason, the baseball and football man.

Finiay is East on business connected with his mining interests, but Mason has just returned to Cambridge for the college year, and will probably put on his football jacket today or to-morrow. He will be tried at end or tackle.

A number of other candidates lay around the field yesterday and passed the ball back and forth. Some of them will be given a chance to show what they can do, but in general the men on the two elevens are supposed to be the best material Harvard has.

On Thursday, the day which begins the college term, a swarm of new men will put in an appearance. Captain Trafford hopes to find among them some promising young players.

PRINCETONS AT PRACTICE.

They Are Getting Into Great Form for

Football Contests. PRINCETON, Sept. 28. - [Special.] Varsity team was strengthened to-day by the presence of Symmes who has been feeling ill for the last few days. As soon as the news was read here in this morning's paper that Hinkley would not be allowed to remain away from Yaie but would be brought back to play left end in Yaie's team, Captain King decided to change Vincent from left to right end in order to put him against Hinckley.

Vincent handled Hartwell last year, and thinks he will be able for any man that Yaie may have on Thanksgiving Day, although he is going on crutches now. This afternoon Vincent left for his home until his ankle mends. The practice to-day was very sharp. Prof. Sloane, who has just returned from Europe, witnessed the game, and said

Jack McMasters took 32 men to the training tables to-dae. The juniors defeated the sophomores to-day in the baseball championship series by a score of 4 to 2. Beat the Swarthmores.

SWARTHMORE, PA., Sept. 28 .- [Special.]-The first football of the season was played on the home grounds to-day with University of Pennsylvania. The same was characterized by considerable snap and for the first game of the season was well played. The notice-able features were University's fine inter-ference and the good work of her backs and Swarthmore's good tackling. All the scor-ing was done in the first half. Score; Uni-versity of Pennsylvania, 22. Swarthmore, 0.

SKELETON OF A WHALE-LIZARD.

Discovery in Alaska of the Remains of Now Extinct Animal

SEATTLE, WASH., Sept. 28.—The steamer City of Topeka has just brought down from Alaska one of the greatest natural curiosi-ties yet discovered in this country. It is the skeleton of a whale-lizard, and is the second of its kind known to be in existence. The other was found some years ago near Ox-ford, England, but is much smaller than this one. It is now in the British Museum. The skeleton was discovered about lour rears ago near the Muir glacier by a pros pector named Frank Willoughby. J. L. Buck, of Everett, heard of it, and, having learned its exact location as near as possible, deter-mined to find it and bring it down for exhibition at the World's Fair. After a long search he and his Indian assistant found it

search he and his Indian assistant found it on top of the glacier, ax miles from the sea, 500 reet above sea level, and a mile from the place where it was first discovered. It was firmly imbedded in a great cake of ice, and took the party two days to disoline it. It had at some time been either crushed or shattered by a fall, for it was somewhat damaged.

The numphoreates has been extinct for over five centuries. It is described in natural history as "the king of the hand and sea," doubtless from the fact that it was equally at home on land or in the water. In water its speed was terrific; its was my with its legs, its enormous wings serving to keep its body above the surface, so that it must have appeared to be walking on the water. An idea of its great size can be formed from the fact that one bone weighed 734 pounds, and the weight of the whole skeleton is 2,400 pounds.

All Breck will put the hones together at

Mr. Buck will put the bones together at his home at Everett, and after exhibiting the skeleton there will send it to the Smith-sonian Institution for exhibition at the World's Pair.

SMOKED FOR OVER TWENTY-FIVE YEARS.

Blackwell's Bull Durham Smoking Tobacco

Has been popular with smokers everywhere for over twenty-five years. It is Just as Good Now as Ever.

Its FLAVOR, FRAGRANCE and PURITY have contributed largely to the growing popularity which pipe smoking enjoys. Pipe smoking is growing in favor because finer, sweeter and better tobacco can be had in this form and at much less cost than in cigars.
