ting on them was heavy. The Salisbury stable had another reverse when Vinette was defeated in the 2:13 pace after getting a heat in 2:09%. She made tangled breaks in the next three miles, so tangled breaks in the next three miles, so that Cleveland S had an easy victory. Chiquesata and Major proved the best of the trotters in the 2:28 and 2:22 classes, both improving their received, the last race to be run by improving their records considerably. Major pulled his down eight seconds when he stepped a heat in 2:1414. He is in Doble's string, but has been too sick to start before to-day. After one heat the 2:20 pace goes over, and in addition the 2:10, 2:14 and free-for-all trots with the 2:17 make up another long programme for the last day of the eventful meeting. Budd Doble went to Evansville this morning to drive Martha Wilkes.

The Trotters at Boston.

BOSTON, Sept. 29.-Another large crowd saw the races of the horse breeders' meeting at Mystic Park this atternoon. The 2:20 stallion race was the drawing card, but it proved far too one-sided to be very interesting, although in the second heat Kremlin lowered the track record for trotting from 2:13%. made by him two weeks ago, to 2:12. Kren Ha was driven by Ed Bithers, and Orrin Hickok sat behind Constantine. These were the only two horses to start. Kremlin broke badiy in the first hear, allowing Constantine to snatch it away from him, but in the three to snatch it away from him, but in the three succeeding heats Constantine was hardly in the race at all. The 2:40 event, Tyro stakes, was a horse race throughout, and, although the judges grave the last heat and the race to Alice Wilkes, the decision was hissed by the crowd, who evidently were of the opinion that the heat belonged to Pansy Biosson. It was a beautiful heat. C. B. Hamilin's double team, Belle Hamilin and Honest George (record 2:12%), trotted an exhibition mile in 2:3%, Eayard Wikes, a bay stallion, owned by C. P. Drake, Lewis-ton, Se., paced a mile in 2:15, beating his own record of 2:13%. The quarters were 32, 1:07, 1:23%, the last quarter being paced in 32%.

COLUMBIA'S SPRINTERS.

Two of Them to Try for Honors at Manhat tan Field To-Morrow.

WASHINGTON, Sept. 29 .- [Special.]-Robert Dodge, in the 220 and 410 yards run, and Carey Spruce, in the 100 and 225 yards, will represent the Columbia Athletic Club in the national championships at Manhattan Field Saturday. Both these sprinters have won distinction in all the local athletic contests held this season, and are champions in their respective classes. Washingtonians who are fond of athletic

sports are promised an inviting programme for the coming fall and winter, football claiming a large share of interest. Contests between the Columbia Athletic Club and outside teams will be held at the baseball park, dates for their events being as follows: With Princeton, October 14: University of Virginia, October 19: Lenkich University, Oc-tober 21, and Swartamore College, Octo-

ber 29. Negotiations are also pending for games with the Allegheny Athletic Club, of Pitzs-burg, the University of North Carolina, the University of Pennsylvania, the United States Naval Academy, Lafayette College, Rutgers College, the Warren Athletic Club, of Wilmington; Pennington (N. IVES' SIDE OF IT.

The Young Billiardist Returns From Paris and Replies to Schaeffer.

NEW YORK, Sept. 29 -- Frank Ives, champion billiardist of the world, has arrived from Europe. Speaking of his differences with Schneffer he said:

"I did all in my power to get on a match with Jake for the emblem, but couldn't. As the champion I have the right under the the champion I have the right under the rules to name the time and place for playing the game. Before going to Europe I named July 25 in Paris, for the game and Schaeffer agreed. But when we got there he wanted to play at Virnaux's Academy. I wanted to play at the Folies Bergere. We could not agree, and I then offered to play him at any other place in Paris on neutral grounds, but to this the would not consent. He then claimed the emblem and the forfeit money on a technicality-July 25 was later than 60 days after the previous match, which was played in Chicago May 21. I hold that Schaeffer in agreeing to play me in Paris on July 25 waived whatever rights he might have had under the 60-day rule, and that have had under the 60-day rule, and that therefore I am the rightful owner of the emblem. At any rate I am ready to play Schaeffer at any time on neutral grounds."

The Match Falls Through.

CHICAGO, Sept. 29.-[Special.]-The effort made by the Executive Committee of the Chicago Cricket Association to rearrange the final inter-city championship match has the final inter-city championship match has proven a failure. The original dates were September 9 and 10, but through a misunder-standing the games were not played. The local committee then suggested October 7 and 8. Yesterday Thomas Wharton, the Philadelphia Secretary, wired that he was unable to get an eleven to visit Chicago and the question of which is the champion city for 1852 will therefore remain open. The Quaker City men are so wrapped up in their home matches that ruther than discommode home matches that rather than discommode themselves they prefer to let the final inter-city fixture fail torough. This action on their part will do but little to advance the second term of the conduct and conducts. their part will do but fittle to advance the cause of inter-city cricket, and cricketers here will be glad to see a central committee formed to manage these gaues so that each city will have some voice in the matter and be able to arbitrate upon all disputes.

THE RECORD WON'T GO.

Reasons Why Johnson's Late Bicycle Rec ords Will Be Declared Illegal.

CHICAGO, Sept. 29.-[Special.]-The Racing Board of the League of American Wheelmen may not allow any of Johnson's records because, forsooth, they were made with the assistance of a horse for pacing purposes The law reads that only such records as are made without adventitious aids shall be allowed by the board upon the proof being submitted that the times are authentic. According to the interpretation which William C. Thorne, the local member of the board, puts upon this rule the horse as a pacemaker is an artificial aid to a wneelman board, puts upon this rule the horse as a pacemaker is an artificial aid to a wneelman and therefore he thinks Johnson's claims should not be scaled with approval. The Minneapolis man applied for a place on the roll of honor and doubtles will be as much surprised as the body of wheelmen in gen-eral to discover that though his perform-ances are unequaled they are not of record. "I only give it as my personal opinion," "says Mr. Thorne, "that the claims will not be allowed. The other six members of the racing board may disagree with me, but nevertheless I will contend that as we had in former years to make special provision for the neceptance of board track records, and until we did so they did not go upon the books, so we must decline to give Johnson record honors until we provide that the horse may pace a min. Such provision may be made, but in the meantime I, for my part, must confess that I do not see how it is possible to allow his records. There is no set of rules which absolutely governs the granting of records. Circumstances regu-lat the action o, the board in such matters, And yet I apprehend that Johnson will not be men the gainer ior bis late trials. How-ever, I may be wrong. My associates may think differently from me. A majority of the head will decline."

The List of Officials Who Will Act in the Contests To-Morrow.

NEW YORK, Sept. 20 .- [Special.]-With but one or two exceptions the list of officials chosen to act at the A. A. U. championships Saturday is an exceptional one. there are any records broken spectators can rest satisfied that the performances will be strictly bona fide. The name of W. B. Cur-

tis at the head of the list as referee is suf-ficient to assure fair play, but Mr. Cartis cannot be everywhere. He, nowever, has some competent men under him tois time, among the field and track judges, among nmong the field and track judges, among them being Alex Jordan, W. J. Swan, Fred Stearns, George Carr and Howard Perry. It will be pleasant news to the walkers to leated to look after that branch of the games. This is one of the most difficult "jobs" on the field to fill, and a thoroughly cool indee of walking is almost as ture as in our wholesale rates. good judge of walking is almost as rare as in orange grove in Greenland. It is pretty safe to say that with Mr. Austin as judge the ompetitors will not spend quite so much ime "in the air" as some of them generally

do. Two familiar names are missing from the list of officials, those of J. E. Sullivan and C. F. Matthewson.
