SOCIAL QUESTIONS DISCUSSED.

The Closing Day of the German Catholic Congress at Newark, N.J.

NEWARK, N. J., Sept. 29 .- The final day's proceedings of the German Catholic Congress began this morning with a solemn mass of thanksgiving. Bishop Richter, of Grand Rapids, was the celebrant. Rev. Dr. Pople, of Washington, preached the sermon, The subject was, "Religion as a Solution of the Vexed Questions of the Day." He spoke mainly on the social question, which should be viewed, he said, from the standpoint of religion, and not as it is treated by newspapers or looked upon by the So cial Democrats or Anarchists. The school question was passed over by the speaker in a few words, but he insisted that it should be considered in the light of Christian religion.

Allegheny City Hall Receiving Many Repairs Inside and Out.

Considerable repairing has been done about Atlegheny City Hall during the past week. The downstairs rooms of the police department, the lockup and the hospital have all been newly painted and the front room carpeted and furnished with two swivel and six high backed chairs. Superintendent of Police Muth's private office has been newly turnished with chairs and desk, and a handsome new 6x4 foot public safety map of the city of Allegheny hung up. The map was prepared by Mr. Muth and City Detective John Glenn, and is and City Detective John Grein, and is perfect in every detail. It shows at a glance the location of all the different police and fire boxes in the city, the engine houses and patrol stations. The lieutenants and police districts are clearly outlined and numbered. blue lines indicating the former and red lines the latter.

The fire alarm and city electrician's rooms have been thrown into one and papered and remodeled, preparatory to receiving the nes machinery that will be placed in them in a few weeks. A new Cleveland stone pave-ment has been laid along Federal and Ohio streets the entire length of City Hall yard, and there is talk of the iron fence being taken down and a handsome stone fence erected in its stead.

Strike of the Snappers.

The snappers at the New Castle glass factories have gone on a strike for an advance in their wages from \$1 to \$2 50 per week. They don't want the blowers to stand the advance, but expect the company to pay it. The anappers' percentage was out down at the last convention, and they claim they cannot work at such low wages.

Black Is a Fashionable Color.

The fashionable color this fall is black. This is a fortunate thing for the woman who does not have an unlimited amount of pocket money, as with diamond dyes she can make faded clothes a rich and handsome black.

There are three kinds of diamond dye fast blacks, for wooi, for cotton, for silk and feathers. They are simple to use and make colors that never fade, crock, or wash out.
