Despite a father and mother's objections, Emil Haberkorn, the leader of the Duquesne Theater orchestra, last night wedded Miss Emms Foster Smith.

THE DISPATCH yesterday published the announcement of their wedding, and fixed the day for Thursday next. The wedding was to take place at the home of the bride's father, M. M. V. Further than this, he announced that neither he or Mrs. Smith had given their approval to

A MOTHER CUTS HER CHILD. Mrs. Harket Strikes Her Little Daught With a Knife-The Flesh Is Opened Clear

Mrs. Lewis E. Harket, of 18 First alley, Allegheny, was arrested Friday night by Secretary Dorente of the Anti-Cruelty So ciety, for abusing her 15-year-old daughter, Mary. She will be given a hearing Monday before Alderman Burns.

Agent Fisher investigated the case and learned from the mother that the girl was saucy and inclined to run about the streets with girls and young men of questionable character. The mother admits to having struck the girl with a knife on two or three occasions, cutting her arm badly in several places. The girl was taken to the Home of the Good Shepherd and will be kept there until the case can be thoroughly investi-

After the arrest of the mother the father of the girl went to the office of the Anti-Cruelty Society and demanded that the girl be delivered to him. He claims that the

This, of course, could be accomplished in different ways but either way at a great expense. The main question to be settled would be concerning the advantages to be derived and whether or

The Bride Was a Missionary.

"Miss Smith was a missionary in the South and came home this summer on a varation. We arranged to be married next June, and a week ago she intended to go back. I then thought that we might as well be married at once. I could give her a good home, something she did not have, because she and her step-mother did not get along well together. She consented to a speedy marriage. Accordingly I visited Mr. Smith at his office and asked him for his daughter's hand. He readily gave it and seemed to be highly pleased, complimenting me very kindly. I was delighted, and the day was fixed for Tuesday. Mr. Smith went home and told his wife, but she objected. The next day I saw him again and he asked me to put the marriage off until Thursday, as his wife objected, but he thought she would change her mind. In this I consented, for I wanted my wedding to be a happy one. Matters ran along until to-day, when Mr. Smith told me that he had reconsidered his decision and he could not allow me to marry his daughter. This caused the battle lines to be drawn.
