

A POLISH PROFESSOR.

He Comes to Pittsburgh to Consult With His Countrymen

AND TEST THEIR PATRIOTISM.

His People Want Relief From the Gallings Russian Yoke.

A BIG MEETING TO BE HELD TO-NIGHT

A commissioner of the Patriots' National League of Poland is in the city today. His name is Emil Habdank Dunikowski, and he is one of the most learned and influential men in all Poland.

Prof. Dunikowski is but 36 years of age. Every night for the past two months he has been received by the Polish residents of each of the larger cities in the country and has addressed large mass meetings of his countrymen.

It is said that Dunikowski has been received by the Polish residents of each of the larger cities in the country and has addressed large mass meetings of his countrymen.

His object is to assist the people in throwing off the Russian yoke. Ever since the Czar got control of that province there has been constant dissatisfaction. The league is opposed to any radical measure being employed, but desire to have all things in readiness to rise on Patriot's League of Poland.

They want to Free Poland. Its object is to assist the people in throwing off the Russian yoke. Ever since the Czar got control of that province there has been constant dissatisfaction.

It is proposed to hold a large mass meeting to-night in the Polish Hall, on Penn avenue, which will be addressed by the Professor.

"The Poles have a great liking for the Austrian Government," said Dr. Sadowski yesterday. "Emperor Francis Joseph is very kindly disposed toward us. In fact the Minister of Finance as well as a great number of his legislators are Poles."

"Bismarck was one of the worst enemies Poland ever had. He did all in his power to oppress her. It was through his influence that the Polish language was prohibited from being taught in the schools."

"The Professor's mission is purely political, it is not to inquire into the condition of the Poles may be improved, but merely to find out the sentiment that exists here among them."

Improvement, the Promise of Cure. No array of words can give a dyspeptic one-half the hope that comes from the relief which always follows the use of Burdock Blood Bitters, and the promise of cure is never broken.

Don't pay for daily bread and then groan with dyspepsia when a bottle of B. B. B. will give you relief. Repeated tests with and form success prove that dyspepsia cannot withstand B. B. B.

Dr. Charles Gatchell, of Chicago, in his "Treatment of Cholera," says: "As it is known that the cholera microbe does not flourish in acid solutions, it would be well to slightly acidulate the drinking water."

Always the Best. The art of making bread is a science in itself. When you have poor goods to work with it is impossible to turn out a good loaf.

A MAFIA MURDER IN CHICAGO.

Several Italians Present at a Saloon Affray Are Under Arrest.

CHICAGO, Oct. 5.—Police Lieutenant Wheeler, who has been working for several days on the case of Elligero Martino, the Italian who was killed Sunday night in a saloon, expressed a belief to-day that Martino was a victim of the Mafia and that a branch of the society exists in this city.

It is said Martino was attacked in his home a short time before the saloon assassination and then narrowly escaped being knifed to death.
