A GENERAL ADVANCE.

Electric, Chicago Gas and New England Lead the List Upward.

U. P., GRANGERS AND READING

And a Number of the Specialties Prominent

for Strength. BIG GAIN IN P., C., C. & ST. L. PREFERRED

NEW YORK, Oct. 6.-The stock market was less active to-day, but the temper of speculation was strong during the greater part of the day, with the trend of prices upward. After a decline of 1/01/2 per cent at the opening, General Electric rose rapidly from 117% to 119%, Chicago Gas from 83% to 85 and New England from 43% to 45%. The confident buying of these stocks imparted strength to the remainder of the list and an advance of 1/4 to 3/4 was recorded, with Union Pacific, the Grangers and Reading in the lead. The last named was in brisk borrowing demand and commanded

1-64 per cent for use.

During the afternoon the market felt the effect of realizing sales and reacted 1/4 to 1 per cent, but the decline brought in a fresh batch of buying orders shortly before the close and a partial recovery ensued. Chicago Gas and General Electric were noticeably strong, leaving off within 1/2 to 1/2 of the highest.

Various reports were circulated in regard) the alieged New England Various reports were circulated in regard to the alleged New England deal, but nothing of an official nature developed. Reading was advanced on rumors that favorable news in regard to the property would be forthcoming in a day or two. They could be traced to no authentic source, and the stock recoded to 58%.

There were some wild fluctuations in the specialties. Colorado Fuel rose 9; Pittsburg. Cincinnati, Chicago and St. Lonis preferred, 1%; National Starch, 3%; American Tobacco, common, 2; Edison Illuminating, 2, and St. Paul and Duluth 3 per cent. The market closed firm.

ed firm. ilroad bonds were quiet and firm. The Railroad bonds. sales were \$1,479,000.

Total sales of stocks to-day were 233,700 shares, including: Atchison, 4 670: Chicago Gas, 31,559; Hocking Valley, 3,959: Louisville and Nashville, 4,259; Missouri Pacific, 4,359; Northern Pacific preferred, 6,465: New England, 61,600: Reading, 32,350: Richmond and West Point, 3,399; St. Paul, 14,470; Union Pacific, 24,153.

J. S. Bache to Oakley & Co.: "The market boday was again influenced mainly by the Beene-Wormser party and they moved the market backward and forward in our esti-mation with the object of disposing of stocks. New England was again as lively as mation with the object of disposing of stocks. New England was again as lively as ever. A number of rumors were again circulated and it was stated that the Boston & Maine and the Reading had secured control of this road. If this should be so, which we greatly doubt, we think that these two roads will be very sorry of their bargain when they see into what a property they have bought. Europe sold about 8,000 shares of stocks, but the market took them well, though it sold off again in the afternoon.

"The situation of the market is such that we deem it best to advise sales on rallies. The market is a good trading one and it looks as if it bad come to stay."

From Sproul & Co.'s market letter: "Less attention was apparently paid to the tendencies of the money market, mainly on the ground that the demand for funds has failed off, and the rate for call leans shows a corresponding fractional decline. The movement of money to the interior, however, continues, and all signs point to a bank statement indicative of less abundant supplies of fands. Foreign exchange, too, moved up to-day on the cessation of offerings of cotton bills, the New York market for that commodity being above the level at which Europe will buy."

The following table shows the prices of active stocks on the New York Stock Exchange, cor-rected daily for THE PITTERURG DISPATCH by Whitney & Stephenson, oldest Pittsburg members of New York Stock Exchange, 57 Fourth avenue:

PORK ADVANCES SHARPLY.

Closely Followed by Ribs and Lard-Grai

Closes Strong. CHICAGO, Oct. 6.-The pork market got s great lift to-day. It was the leading market on the floor for activity and strength. The strong feeling was shown by a jump of about 10c at the opening. This was followed by a further advance of 20c early, and after some reaction a later bulge put the January price up nearly 50c over the close yesterday. At the same time January ribs were advanced 171/c over last night and lard 121/c. Grain lacked animation, but had a firmer tone and closed at nearly the best prices for the day, the final figures compared with last night showing a gain of %c for wheat and %c for corn. Wright, who has the short rib deal for October, began buying January pork heavily. It was on his purchases of 10,000 barrels that the first sharp advance was made. Later there was buying probably on stop orders, by Logan, Radwin, Champlin and others. There was also buying for the country. Ryan was buying in what was thought to be short pork. The packets were sellers of pork at different

times, but the offerings were not sufficient to break the market. The October stuff was largely neglected with the big buying all around for January. The lighter receipts of hogs and the January pork low relatively and a big snort interest were talked of as the chief causes of the unusual advance.

To-day brought a good many dispatches from the country confirmatory of reports as to the damaging effects of the dry weather on the fall sown wheat, and these gave the market a strong opening; but easier cables, liberal receipts in the Northwest and free deliveries at primary points soon took the edge off the market seemed pretty stubborn and did not yield much. Clearances, while not heavy, were considerably larger than yesterday. Elevator men gave it out that Kansas City shippers were sending much less wheat.

The corn trade appears to be pretty well evened up and waiting for fresh influences. The movement to market continues very heavy, but is partly offset by liberal with-drawals. Some authorities call the cropsaie, while others say that many sections have soft corn, needing another week or two of fine weather. These conflicting claims keep the trade in doubt.

Oats were almost stationary and featureless.

Trading on 'Change Light, With the General Tendency Downward.

MOST CHANGES ARE DECLINES.

But U. S. Glass and People's Natural Gas Fcore Gains.

LOCAL AND GENERAL FINANCIAL NEWS

THURSDAY, Oct. 6. The market for local securities was agai rather quiet to-day and the quietude wa secompanied by a comparative weakness the changes, with one or two exceptions being declines, though none were mor than fractional. The items em braced by the movement on 'Chang were Philadelphia Company, Peo ple's Pipeage, Westinghouse Electric second preferred, Duquesne traction, Pleas ant Valley Railway, Allegheny Nations Bank and Westinghouse Airbrake. Th influences dominating the market shows little appreciable change of character There was, however, a little fresh favorable gossip on some of the leaders, notably P. & R. traction, but it was apparently powerless for the time being in the direction of elevating prices or checking a declining tendency. With regard to P. & R. traction it was stated on pretty good authority that the report to be read at the forthcoming annual meeting would show that the September earnings of the road were over \$35,000, the increase shown by these figures being due mainly to an increase of 75 percent in the earnings of the Short Line since it began operating with electricity as the motive power. Accepting these figures as correct, and assuming that the road can be operated for 45 per cent, as claimed, it was argued that they meant that the company could pay 5 per cent on its \$3,000,000 capitalization and have a few thousand left as a nest egg. The other gossips related to large earnings by Airbrake, switch and Signal and Duquesne traction, but, as stated, it was all without effect.

One of the strongest stocks of the list was United States Glass preferred, which was bid up to 11½ on call and sold at 115 on the street. This is not a very high price for a guaranteed 8 per cent stock, however, particularly since it is subject to recall in 1896 at 110.

Movements on 'Change. There was, however, a little fresh favor

Movements on 'Change. Philadelphia Company sold at 22% early. with sale of an odd lot at the third call at 22% and the close was steady at 22% 22%

234, and the close was steady at 2234@2234.
People's Pipeage sold "for account," etc., at 15% and closed at 15@15½.
Electric second preferred opened strong at 37% sales, but it subsequently sold at 37%, and the close was weak all around. Final quotations here were 37@37½; the close in Boston was at the same figures after sales at 37, and the final bid on the New York Stock Exchange was 35%. The first preferred closed at 49 bid at all points.

Duquesne Traction sold to the extent of ten shares at 25% and the close was fractionally off at 25% 25%. The bonds sold at 101½.
Pleasant Valley sold at 25½ and closed at 25% 2025%.

Airbrake was lower at 135 sales and a close at 155% 3136.

Allegheny National Bank sold at 65% and Monongabela National Bank moved up to 144 bid.
Union Switch and Signal was steady at 18 218% People's Natural Gas gained ½ at 29%

144 bid.
Union Switch and Signal was steady at 18
@183, People's Natural Gas gained 1/2 at 29/4
bid, and others of the regular list were

bid, and others of the regular list were about unchanged.

Unlisted street railway securities closed as follows: P. & B. traction, 25½ bid for 100 shares and 25½ for 10, offered at 25½, with 100 shares offered at 25½ after 'Change; Duquesne traction, 25%, 262%; do 5s, 101½ bid; P. A. & M. traction, 44%, 344.

Pittsburg traction by were quoted at 104 bid. id. Bridgewater Gas was one of the strong oints of the day, advancing to 29 bid.

Pittsburg National Banks. Following is a summary showing the condition of the local national banks at the close of business September 30, compiled from the statements by R. J. Stoney, Jr.:

\$65,840,622 NEW YORK, Oct 6 .- The Evening Post says: Reference has already been made to the strengthening of the United States Treasury's gold reserve. To-day's treasury statement reflected the outgo for the October payments, from which a considerable decrease in specie had been looked for. The crease in specie had been looked for. The result is encouraging, as it shows that, in this direction, too, the reserve against the United States notes is amply protected. Practically the payment of interest was wholly made in United States notes, a task doubtless rendered easy by the bank demand for currency at New York. The gold reserve, on the other hand, is larger than it was before the arrival of the October quarter day, and has increased in all since its minimum figure of August by \$10,357,515. Meantime, it should be observed again that the Austrian buyers of gold, now that our market is shut to them, clearly have been drawing for heavy amounts on Berlin, the total loss of specie last week in the German bank being no less than \$11,000,000, the other European banks losing gold atong with it.

Financial Notes. The directors of the Monongahela Water Company this afternoon declared the regu-lar quarterly dividend of 2 per cent. It was also decided by the board to put in a new 12-inch water main from the tank across Mt. Washington. There are already a 10-inch main and an 8-inch main, and this will be an additional line, making three mains across

the Mount.
A. J. Lawrence & Co. bought 25 shares
United States Glass preferred at 115 and sold
\$10,000 Duquesne traction 5s at 101½ flat and The Liability Homestead Loan and Trust The Liability Homestead Loan and Trust Company, of Pittsburg, capital \$15,000, was chartered to-day; also the Wire Glass Company, of Philadelphia, capital \$6,000.

The directors of the American Tobacco Company have declared a semi-annual dividend of 6 per cent on the common stock, being 3 per cent for the last and 3 per cent for the last and 3 per cent with the present quarter.

Application has been made to the New York Stock Exchange to list nearly \$2,000,000 and per cent general mortgage bonds of the Philadelphia and Reading Railroad Company, and it will be considered on the 13th linst.

The gross earnings of the Chicago and

pany, and it will be considered on the 13th inst.

The gross earnings of the Chicago and Eric Railrond for August were \$25,400, a decrease of \$15,083 as compared with the corresponding period in 1891.

A meeting of the Richmond and West Point Terminal Directors has been called for Friday, when, it is said, the work of reorganization will be taken up.

The directors of the General Electric Company have declared a quarterly dividend of 2 per cent, payable November 1.

A Mineapolis speculator propounds this question: "If they arrest people in Chicago for buying and Pilisbury, Washburn, and others ask Congress to pass a law to prevent selling, where are we at?"

Westinghouse Electric scrip closed at 336 334.

selling, where are we at?"

Westinghouse Electric scrip closed at 33@
33%.

hill & Co. sold Philadelphia Company to Sproul & Co., Duquesne traction 5s to Lawrence & Co., Airbrake to Kuhn Bros. and S. & Pinkerton, and they bought the Pipeage sold "for the account," etc.

Morris & Brown sold electric second preferred, and Rinehart and Sproul & Co. were the buyers.

McCulcheon sold Duquesne traction to Lawrence & Co., and Watt bought Pleasant Valley from J. D. Bailey.

The General Electric Company is reported as doing a very large and lucrative business, and people competent to judge, estimate that its carnings this year will be fully \$40,00,000 net.— Wall Street News.

The Philacelphia capitalists who have secured a charter from the State for the building of an electrical street railway in Pottstown have made application to the local authorities for the right to occupy the streets. It is expected that the necessary permit will be secured without delay, and as soon as it is obtained the actual work of construction will be commenced. The line will be about 13% miles in length and extend through the principal streets of Pottstown, which is at present without a street railway. The population is \$0,000. The authorized

apital of the company is \$75,000, of which Sales and Closing Quotations.

IRON WARRANTS IRREGULAR. otch and Hematite Advance and Cleve-

land Declines-Pig Tin Higher. New York, Oct. 6 .- [Special.]-The special cable to the Iron Age says: In prices of pig iron warrants there has been more or less irregularity. Scotch advanced to 42s ld and hematite to 48s 9d, while Cleveland sold off nematite to 498 9d, while Cleveland sold of to 594 6d. The movement in Scotch is at-tributed chiefly to operations by members of the "ring," who take hold more confi-dently in view of the better statistical posi-tion. Outsiders are holding aloof and seem to gain no inspiration from the greater firmness of prices, the decrease in stocks in public stores or the reported scarcity of iron in makers' hands. The decline in Clevel and is due to more plentiful supplies at furnaces and lack of interest in war

Cleveland is due to more plentiful supplies at furnaces and lack of interest in warrants.

The stocks of Cleveland iron in public stores is still 10,000 tons. The stock of Scotch has decreased 5,000 tons during the week, or to 375,000 tons. The returns of production in the Cleveland district during September show a total of 210,000 tons, against 213,000 tons in the corresponding month last year. The filbwale Company has received an order for 40,000 tons of steel rails and fish plates from the Transvaal.

Pig tin prices advanced steadily until within the past few days, and reached £13 128 6d, a rise of £1 los under the influence of freer demand and reserved offering. The tin plate business has been dull and at rather irregular prices. The only improvement in demand was from San Francisco.

Of the domestic situation the Age asys: The week under review has been rather uneventful. In nearly all the markets it is becoming quite evident that the mills will make concessions from prices now ruling for finished material in order to secure winter work. It looks as if the long period of low prices was beginning to tell upon consumption of iron and steel is enormous, considering that this is a period of moderate business activity. Pig iron is getting into better shape in all the markets. Billets are somewhat of a puzzle; quiet in the Chicago market, they show some movement in Pittsburg, with undercurrents which it is difficult to fathous.

NORWOOD HOTEL SOLD.

Frank Y. Over Buys the Property for \$30,000-Three Acres in the East End Sell for \$25,000-Rumor Says the Old Penn Mill Property Has Changed

THURSDAY, Oct. 6. The Norwood Hotel, on Frankstown avenue, near Park avenue, East End, has changed hands, Messrs. Kelly & Rogers selling the property for William Baird to Frank Y. Over for \$30,000. The hotel is a three-story brick building and is

situated on a lot 114x430 feet.

Messrs, Kelly & Rogers also closed the sale of three acres in the East End this morning. the consideration being \$25,000, or \$8,0331/4 per acre. The full particulars of the transaction cannot be given at the present time. Several other deals in the near vicinity involving over \$75,000 are on, and it is expected they will be closed within the next two or three days.

Current Gossip.

Charles Somers has disposed of his interest to his former partners, Messrs, George Piper and Leonard A. Clark, and the firm of Charles Somers & Co., real estate agents, is merged into that of Piper & Clark. The new firm will continue the business at No. 131

Fourth avenue.

Negotiations are in progress for the purchase of several large acreage tracts at Homewood by a real estate firm of the East End.

It is rumored that the old Penn mill property on River avenue, Allegheny, has been sold to several Pittsburg gentlemen who, so the rumor goes, bought it for speculation.

The amount involved could not be ascerticed.

The views of owners of realty on Fifth avenue, just east of the Court House, have been elevated somewhat because of the recent sales there and the improvements un-

Building Permits. The following permits were issued to-day: Louis Cable, a two-story brick dwelling, Grafton avenue, near Highland; cost, \$8,000. James T. Hudson, two two-story brick dwellings, Center avenue, between Junilla dwellings, Center avenge, between Junilia and Watt streets; cost, \$4,500 for both. Henry Lexterman, a two-story brick dwelling. Howe street, between O'Hara street and South Negley avenue: cost, \$4,000. Mrs. M. M. Smith, two two-story frame dwellings, Howe street, near Shady Lane; cost, \$5,000. William Dornhoff, a frame addition, rear 4548 Penn avenue; cost, \$300. J. R. Proctor, a two-story frame dwelling, Clarissa street near Madison avenue: cost, \$1,800. N. J. Reott, a two-story frame dwelling rear Hastings street near Linden avenue; cost, \$500. Joseph Schwer, a two-story frame dwelling, Herren street near Camp street; cost, \$1,800.

Latest Sales Reported. Bell & Caldwell, the East End builders, sold to Mrs. Edward Locke a new brick dwelling with a lot 40x110 feet, situated on t. Clair street in the Baum Grove plan, for 88.500 cash.

A. Z. Byers & Co. sold for the Ridgeview
Land Company to Harry B. Neilson tot No.
152 in their plan, Eleventh ward, Allecheny,
fronting 24 feet on Michigan avenue and extending through 100 feet to a 10-foot alley, for

\$600.

S. A. Dickie & Co. sold for F. P. Bell to E. H. Goodman a lot on Thomas street, 50x1421/2 feet, for \$3,900 and another adjoining lot, 25x 142/2 feet, for \$2,12x, It is Mr. Goodman's intion to erect a handsome residence on the

142% (set, for \$2,125. It is Mr. Goodman's intion to erect a handsome residence on the ground.

John K. Ewing & Co. sold to A. W. Leach lot No. 34, fronting on Magnolia street, in the B. A. Elliott Company's plan in the Tenth ward, Allegheny, jor \$475.

Black & Baird sold to Martin L. Dill a lot fronting 22 feet on Adelaide street by 160 in depth to a 20-toot alley, being No. 59 in J. W. Hay's plan of Kenilworth Place, on Herron Hill, for \$750.

Baxter. Thompson & Co. sold lot No. 211 in the Bank of Commerce addition plan, Brushton station, fronting 40 feet on Hamilton avenue and 137 feet to a 20-foot alley, to F. Sermin for \$1,100.

The Burrell and Kensington Improvement Companies report the following sale of lots at Kensington: John D. Robinson, Woodbury, N. J., lots 351 and 335, block 25, for \$1,88; William Bereit, Kensington, lot 16, block 22, for \$763.

W. A. Herron & Sons sold lots II and 12 in John I, Williams' plan, Millvale borough (Bennett P. O.), each 24x120 feet on Sample street for \$1,200 for both.

IN MERCANTILE CIRCLES

A Good Trade Is in Progress, Especially in Breadstuffs, Groceries, Poultry, Vegetables and Heavy Clothing-Very Little THURSDAY, Oct. 6.

The lower temperature is having a beneficial effect on the merchandise markets. Trade generally is showing more snap in all lines, the movement in groceries, breadstuffs, vegetables, poultry and fall and winter clothing being especially good. As a rule prices remain unchanged. Sugar is a shade easier, however, and flour in car-

a shade easier, however, and flour in carload lots on track is quoted lower.

The New York State Grape Growers'
syndicate refuses to shade prices and the
market holds steady despite excessive supplies. Sales must be made at the prices
quoted or at a loss.

A Chicago house says of corn and cats:
"The feeling is gaining ground that these
markets have seen the lowest points they
are likely to touch for some time. They
have been bought freely by the better and
more conservative class of traders in the
expectation that the big interior movement
will soon subside and that close inspection
will show the maturing corn crop to be in
poorer condition than is generally supposed."

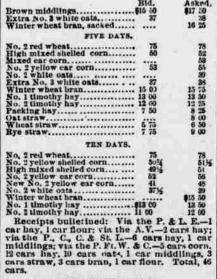

This phenomenal weather has matured all
crops in lowa. Early planted corn on well
drained land is nearly dry enough to crib,
and in quantity and quality is fully up to
the average. The total yield will fail below
the average by the reduced acreage and the
unfavorable conditions attending planting
and cultivation in fields subjected to an excess of moisture.

and cultivation in fields subjected to an excess of moisture.

The woolen mills are earning larger profits
than ever before, and have taken fully 23
per cent more wool since June I than during
the same four months last year. Why wool
should be cheaper under these conditions
instead of dearer is a hard question to solve.

New England and province reports still
note a very firm market for mackerel, Shore
fish, in fisherman's order, running medium
No. 2 and under, is still bringing \$16 in the
Gloucester market.

A Site for the Allegheny Postoffice Once Offered for \$145,000 Now Obtainable for 840,000 Less-Condemnation May Be Resorted to in Order to Get a Central

WASHINGTON, Oct. 6.—[Special.]—An offer of a new site for the Allegheny postoffice, or rather the revival of an old one, has come to the Treasury Department. It

Park way, and the area would give oppor-tunity for the erection of a building of ample size, clear of the space that it is pre-scribed must intervene between Governscribed must intervene between Govern-ment and other buildings, and would also give a rear entrance from four directions and space for a large yard on Park way and East Diamond for the use of mail wagons. The prices asked for the various properties aggregate \$105,000, which would leave the snug sum of \$145,000 for the beginning and continuation of the building, to say nothing of the probability of a Congressional

Of course it is recognized at the department that the site on the northwest corner of Ohio and West Diamond streets is much to be preferred on account of the location, but it seems to be impossible to acquire that property without swallowing up practically all of the appropriation. Agent Low, of the department, reported that the property was worth about \$146,000, rated in accordance with other property adjoining. The prices asked for the several lots aggregate

\$200,000.

It is possible that some composition in the matter of the difference will be reached, as the department may otherwise proceed to the work of condemnation in its desire to have the postoffice situated at this con-venient point.

Hon. J. H. Burtt, of Wheeling, arrived yesterday from Beaver Falls. He said that perfect harmony prevailed among the strikers there. The local lodge is paying benefits to its members and the laborers, although the latter have no legal claim

More Men Than Were Needed. A rumor of a strike among the non-union workers at the Thirty-third street mill caused considerable excitement in that district yesterday. Superintendent Scott denied all knowledge of it. He said they had more men than needed and 25 men had been discharged on Wednesday.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria
