The storm which was central on Nebraska

this morning has moved northward to South

Dakota, attended by showers in the States of the Missouri Valley. This disturbance

has become less clearly defined, owing to a decrease in pressure in the areas of high

ressure east and west of it. The eastern

area of high pressure continues over the

Rocky Mountain stations, and it is cooler in

Will Face Bumpus Jones.

CINCINATI, Oct. 18.—[Special.]—Captain Comiskey ran into "Bumpus" Jones, a Southern League celebrity, at Wilmington, where the Reds played yesterday. Jones did good work for Joliet in the Two-Eyed league before Atlanta secured him. He tooled the Reds during the three innings in which he officiated, and he will be pitted against the Pittsburgs on Saturday.

UNCLE ANSON may wear store teeth and use dye on his hair but he can give some of the youngsters big and little casino and take a few tricks himself. If Chicago loses Anson they will turn a great field general adrift. So says Brother Mulford.

A. A. STAGG, formerly Yale's crack pitcher, was recently asked what he thought of the future of baseball, and replied: "I am aware that there has been a great falling off in attendance, but I do not think it will be permanent. The merits of the game are so great that it can never die or cease to be the American game. So far as amateur play is concerned, nothing could furnish a more attnirable training for the physical powers, as well as some important mental qualities."

The surgestion has been made that Ward would

THE suggestion has been made that Ward would be just the man to build up baseball in New York city, but President Day said when asked about it: "I don't know. I haven't thought of it. We let him go to Brooklyn two years ago unconditionally, and without receiving a cent for him. We did not want him then, and I see no reason for wanting him now." Mr. Day might have added that New York nessent a very sorry figure since Ward left his ciub. What New York needs is a new deal.

MORRIS PARK RACE TRACK, Oct. 13 .-There was little about to-day's racing to enthuse the most spontaneous follower of the turf. The two stakes features, the Essex and Hunter, were won in the hollowest style by Helen Nichols and Yorkville Belle, both being prohibitive favorites in the betting. Fairy, 9 to 10, Garrison up, took the opening race cleverly, Garrison driving her more than was necessary for the sake of respectable betting against her. Mary Stone was looked upon as the best of those in the second and made tavorite at 8 to 5. Major Daly, 12 to 1, opened up a gap of eight lengths in the first half mile, but

Dogett timed his run with Sleipner, 5 to 1, and beat the Major out a head, Fidelo 5 to 1, taking third from Mary Stone by the same Hydy was quoted a point shorter than Arab for the third race, but the latter won quite handily at 3 to 1; Milt Young, 7 to 2, second, and Now or Never, 6 to 1, third. LEXINGTON, Oct. 13.—Beautiful weather good attendance and a fast track figured extensively in the enjoyment of the sport this afternoon. The races were very ex citing and several things occurred to make the crowd very enthusiastic at times. In the unfinished race Prince Herschel proved himself an easy winner. Goldsmith was given \$30 for driving Pearl McGregor and Burlew, who drove the mare yesterday in the first two heats, was suspended for 30 days for alleged crooked driving. In the dash of one and one-sixteenth miles

McCall's driving of Dandy aroused the suspicions of the judges. Catharine Leyburn won the heat, but it was declared by the judges no race and all bets off. On the second attempt McCall was taken down and Bowerman put up in his stead. He took Dandy to the front and won the dash in a jog. McCall was suspended indefinitely and Bowerman allowed \$100 for driving the heat.

"Let's make it a draw in the next round."
When questioned yesterday Suddons admitted that Smith asked him for a draw, and he said he told Dacey of the fact when he returned to his corner. When Smith was told this last night he denied it and said that Siddons was the man who asked for a draw. heat.
Guy in the last heat lowered the track record here by a half second, going the mile in 2:08% The record for the Lexington track being 2:09%. In the third race, Vogel, driver of Broomal, was suspended from all Association tracks. Broomal finished first, but was placed last by the judges.

CHRIS SMITH is in Chicago, and after his disastrous turf campaign on the New York tracks, is not disposed to think Western horses have any very rosy chances of success in an Eastern campaign. "When you enter a \$1,500 horse in a selling race a \$2,1,000 and find horses that their owners would not take \$10,000 for entered at the same price, what chance do you have?" said he last night. The question can only be answered by saying that Western owners should keep their horses where they can help build up the Western turf.

suit against the Finance Company of Pennsylvania and against the Investment Company of Philadelphia to compel them to comply with the provisions of the State banking law, and either make good the impairment of their respective capitals or close their doors. The action is to be taken at the instance of John G. Johnson, counsel for both companies, and will serve as a test of the powers granted under that haw.

In the fall of 1890 these companies became embarrassed by the failure of the banking house of Barker Brothers & Co., and the investigations then made into their condition disclosed the fact that the capital of each had been impaired by investments in enterprises which failed. Since that time neither corporation has undertaken to transact any business other than the liquidation of certain securities which they held, the fostering of the enterprises referred to and the gradual payment of the debts.
