WHERE WE ARE AT.

Our Sluggers Cannot Get Fifth Place on the Entire Season List.

This will be an interesting day to baseball fans.

The local team cannot finish better than sixth on the year.

They might have done so had a better man than Ehret pitched on Thursday.

The team that knocks the locals out of fifth place are the Reds, of Cincinnati.

As matters stand to-day, before the teams play their last game.

Cincinnati has won 82 games and lost 67.

Brooklyn has won 72 and lost 74.

Philadelphia has won 62 and lost 74.

St. Louis has won 62 and lost 74.

Washington has won 52 and lost 84.

ALL of the outfield of the Harvard nine of '29 are trying for places on the football eleven.

The total expenses of the Brown University nine for the season were \$1,200.

It is said if Watson had had his own way in Brooklyn, he would not have allowed Joyce to re-sign.

THE High School Eleven Defeat the Park Institute 18 to 6.

The first game of football between light weight teams took place yesterday afternoon at the Pittsburgh Athletic Club Park.

The game was a close one, with the Park Institute leading for most of the afternoon.

The High School team, however, showed more spirit and won in the end.

The game was a very interesting one, with many close plays.

The Park Institute team was very well coached and played a very smart game.

ZIMMERMAN LAID OFF.

His Health Will Not Permit Him to Try for Any More Records This Year.

MAKING HIS LAST RACE, Oct. 14 (Special)—Arthur Zimmerman, the world's champion bicyclist, is here for the winter.

His physician has forbidden him to do any more racing this year, fearing that he will be permanently disabled.

Zimmerman had intended to try for the one, two, four and five-mile records next year.

He will, however, continue to ride for pleasure and to keep in good condition.

He will also continue to ride for the pleasure of his friends.

LEXINGTON'S GREAT RECORDS.

An Interesting Football Contest Opens the Local Season.

SOME GREAT MARKS MADE AND A Remarkably Successful Meeting.

LEXINGTON, Ky., Oct. 14.—Fair weather, balmy air, an enthusiastic company of spectators, together with rich stakes and purses combined to inspire the competitors in today's races to do their best.

The results of this, the last of the ten days' racing of the Kentucky Trotting Horse Breeders' Association, will be memorable in the history of the track.

Thirty-three races were finished, and the weather is clear to-night from the trotting record.

Guy made a mile yesterday in 2:36, beating the track record in pacing by one-half a second.

Only last Monday, he won the Kentucky Farm, Lexington, Pa., second year-old record by a second, trotting a mile in 2:38.

Then to-day, he won the Standard Trotting, Lexington, Va., second year-old record by one-half a second.

It was in the first heat of the third race, the first heat of the race.

The new record was set in the first heat of the race.

The record in a race has not been set down below the conditions of the entry.

Among distinguishing characteristics of the meeting have been the large fields and close contests.

In fact, in all the races the winner has been compelled to put his capabilities to their utmost test.

The straits have been very severe on this track and not often on any other track have the competitors been so nearly evenly matched in the several races.

Several races were won in straight heats. The betting was extraordinarily brisk for the first time.

Only one of the old stakes was run, and that in only one heat.

The byke has been the exclusive vehicle of the track.

Inches, and the weight of the sulky averages 200 to 250 pounds.

THE WEATHER.

There is something wrong.

But the Wrong Does Not Lie With Drs. Copeland, Hall and Byers.

It is in the Gross Overcharges and Absurdly Enormous Fees of Other Physicians—The Good That The People's Physicians Are Doing in Placing First-Class Treatment Within the Reach of All Cannot Be Computed.

"Doctor," said a lady in Drs. Copeland, Hall and Byers' office yesterday, "my sister says there must be something wrong about this because you charge \$5 a month and the doctors we have been going to charge \$5 a visit. She says there surely must be something wrong."

"There is in plain words, you charge 60 little you are robbing the people."

In the paradox is the absurdity of it, and yet, as absurd as the paradox is, its gains listeners.

There are some people who, if placed in the Garden of Eden, would whisper: "There must be something wrong about it."

"You charge \$5 a month—other doctors \$5 a visit. There must be something wrong about this because you charge \$5 a month and not in the \$5 a month."

The wrong lies in the gross overcharges, the absurdly enormous fees of so many so-called specialists and in the 100 per cent profit of so many retail druggists.

The sick have to pay far too great a premium on their misfortune.

Do you understand? "But how can Drs. Copeland, Hall and Byers charge \$5 a month for medicines and treatment when other doctors charge \$5 a visit?"

Because they are willing to work for far less compensation and consequently their practice is enormous. Every dollar that is due them is paid them. They don't have to beg for their money.

The public has given them unreservedly of their confidence and confidence. They feel like dividing, so to speak, with the public, and they are willing to give their share of the profit to all who avail themselves of their skill.

There is, indeed, Hall and Byers are putting this in plain words, but they mean just what they say. They are sincere in it. They are not trying to get rich.
