dullest that Patisburg has seen since the general return from mountain, seashore and foreign lands. It is not easy to say what this dullness is to be attributed to, but it cannot be denied that it existed. There is no immediate prospect of an improvement in this respect, for there are very few entertainments planned for the early winter by those who have always been leaders in Mitisburg society. Certainly, the season has hardly commenced, and then there is so much interest in the demonstration that is to take place in memory of the great work done by Christopher Columbus, some 400 venus ago, that it dwarfs everything of a private nature by comparison. Those among us who are fortunate enough to survive the turnalt of the testivities incident to the celebration of October 21, 1892, will doubtess have much to remember of a highly exciting nature, but there will be just a few of us who will feel that life would be better worth living if Columbus had been of a less investigating turn of mind. However that may be, there is no doubt that if he could reappear and obtain a glimpse of some of the pretty October weddings, he would feel that he had not lived in vain. It is said that 700 invitations have been issued to the wedding of Miss Marion Giddings and Dr. W. F. Robeson, which is to be celebrated at Calvary Episcopal Church on the 25th instant. It will be followed by a reception, to which 400 guests are bidden, at the home of the bride, Walnut street,

ary means of amusement, they are disposed to seek a fillip for their jaded senses by going into some world of which they have known nothing. Some such feeling must have induced the ultra-fashionable young men and women of New York to fall into he habit of visiting restaurants beyond the border land of that existence where "good orm" is the ruling power. It has been the and lately in the metropolis to penetrate what is called, rather vaguely, "Bohemia." According to the description of these explorations that have reached Pittsburg, he youths and maidens have called at certain dirty, smoky restaurants, where the lower class of writers, painters and actors are wont to assemble when they are what is vulgarly called "down upon their luck." The fashionables from Murray Hill have fondly imagined that they saw the writer, artist and actor in their normal state, when, in fact, it was nothing but a period of pecuniary depression that forced them into such dingy and squalled surroundings. No one has ever established the theory that writers, painters and actors like cheap restaurants more than other telk, but the romancer dearly loves the United States liberal education. One of the pleasing and enjoyable features of the programme was the conversations on fiction. The first on "The Fair God" was conducted by Mrs. George E. Chester, of Pittsburg, and Mrs. Elwood, of Verona, the second, "Ramoua," by Mrs. A. M. Watson and Mrs. Dr. Riggs. These four ladies proved to be thoroughly conversant with their subject and conducted the conversations in an admirable manner. The Travelors Club has a programme prepared for the entire year, so all the members know upon what subjects to read and be prepared for each meeting. Miss. The winter course of entertainment and free lectures, given by Mr. Andrew Carnegle through the Carnegle Free Library Association Board at Braddock the past three years, is to be continued the present season. Messrs. W. McCleary. B. F. Taylor and W. A. McDevitt, the Committee on Entertainment, have made up and secured the following attractions: T. Jozart Sexter, of New York City, will open the course with a concert October 27; November 15, George Thomas Dowling will talk; December 13, a Sunday afternoon lecture on "Saul of Tarsus" will be given by Prof. Wendling: December 22, Prof. H. S. Renton will give a lecture; the Clifton Quartet will give an entertainment on January 26, John R. Clark, the lecturer, will speak on February 23, and on March 23, the New York Stars, a musical combination, will give a concert. The entertainments will all be given in the First M. E. Church, seating 1,200 people, as it is the only auditorium in the city capable of seating such large audiences.

Hawkins station had its social event dur It is interesting to learn, on the authority of a New York writer, that Chicago has found a man to take the position there equivalent to that so long held in the metropolis by Ward McAllister. That is to say, he is to be the arbiter of Chicago fashion. He will say who are in the charmed circle of the "four hundred," and there is to be no appeal from his decision. The event that has brought this gentleman into ninence is the ball to be given in connection with the dedication of the World's Fair, and it is believed by the Chicagoans that he will teach even and McAllister something about etiquette before he has completed all his arrange-ment. The name of this authority is given Mr. Hobart Chesterfield Taylor, will be the director general of the ball, and upon him will devolve the responsibility of narking it a social success. He will not be house warming given by Mr. and Mrs. George Orr. The evenings pleasure was made up of music and dancing, together with delicious refreshments. Several charming solos were rendered by Miss Berthe Bossort, and some excellent clocutionary selections were given by Miss Nellie Delaney, The guests were: The Misses Mamie McCoy, Hannah and Maggie O'Roork, Clara and Ailce McGee, Alice Strickler, Fannie and Margaret Naughton, Nellie Delaney, Bertha Bossort, Annie O'Donnell, Mary Slees, of Stubenville, O.: Mrs. Bruce Bowers, W. All that will be required of Mr. Taylor will be to show the world that Chicrgo can gather to a ball as well-dressed and well-behaved an ansemblage as any other community in America—or in the world. The good wishes of Pitisburg go out toward Mr. Tayler in his important and not too easy task.
