Republicans Regard Einstein's Nomination as a Clincher.

DEPEW AND REID GO WESTWARD.

Democrats Receive Gratifying Reports From Eeveral Quarters.

GOSSIP IN AND ABOUT HEADQUARTERS

SPECIAL TELEGRAN TO THE DISPATCE. NEW YORK, Oct. 19.—The nomination of candidates for three tickets last night removes the pressure in local politics and from now on some active work may be expected both in local and National fields The general expression at State and National Republican headquarters is that a winning ticket has been placed before the people, and that the November election will see the city wrested from the grasp of

Mr. Einstein was a caller at National headquarters to-day and was in receipt of many pretty congratulations on his nomination, and assurances of support, and sucticket is considered as strong as could have been made and Republican managers are confident of the general result.

Depew and Reid Go West. Chauncey Depew and Whitelaw Reid left to-day for Chicago, and the former will take the stump during his absence for the Republican ticket. The speeches will be made in Indiana. The Hon. Robert Lincoln, Minister to England, will also be heard in the West upon the issues of the

heard in the West upon the issues of the campaign, and Whitelaw Reid will make several speeches in the West and then return to New York and devote the balance of his time to the Empire State.

Congressman Quackenbush, of the Troy district, reported all well in his locality and said a number of arrests had been made of illegal voters and a number of others were in contemplation.

Mr. Thomas Lowry, of Minneapolis, said

Mr. Thomas Lowry, of Minneapolis, said to-day at the National headquarters "There is no doubt of Republican success in Minnesota. The indorsement of the Demo-crats of four of the People's party caudi-dates created a little flurry at the time, but upon investigation it seemed to make no special difference. The feeling in Chicago is that the electoral ticket of Illinois is safe beyond a doubt. I had a telegram from Senator Washburn to-lay which gives evidence of perfect confidence, and from all advices from Indiana, I see nothing to prove but what that State will yield a big majority for Harrison and Reid."

Egan Satisfied With the Outlook. Minister Egan was a caller at head-quarters, and among other things expressed himself as entirely satisfied with the prospects of a larger Irish vote this year than ever before for the Republican ticket. He ever before for the Republican ticket. He also said that a thorough canvass of prominent business houses showed perfect confidence in the present administration and that no change is desired, and that, while many of the leading men may not vote the Republican ticket, he had received assurances that they would not vote for Cleve-

Ex-Recorder Simon Wolf, of Washing-ton, D. C., and ex-Minister to Egypt, said to-day: "I think Einstein's nomination for Mayor will strengthen the ticket by 10,000 votes. I have just returned from a trip through New Jersey, and think that State safer for the Republicans than Indiaua. I have consulted with many leading manufacturers, and they all say they never had as prosperous a year as this, and, that while no attempt has been made to influ-ence the vote of their employes, they are satisfied that 64 per cent will vote the Re-

publican ticket."

The Irish World to-day gives several pages to Minister Egan and reprints extra a number of English papers who abused the Minister and his policy in South Amer-ica. While Einstein, the Republican nomince for Mayor, is acknowledged as a strong man, it is generally conceded by leading Democrats, and even conservative Republi-cans, that Gilroy will be the next occupant of the Mayor's chair.

Comfort for the Democrats.

H. C. Atwood, ex-Consul to San Domingo, and an appointee of President Arthur, said to-day that as the emancipation of the col-ored men was merely an incident of the war, he saw no reason why the negro should be bound to vote the Republican ticket, if be bound to vote the Republican ticket, if in their judgment they had been treated fairly in the South under Democratic rule. John S. Owens, who has been an orator among the Welch people in America in former campaigns as well as this, said re-garding the vote of those people among the farming community in Utica and vicinity that, while in tormer years they had never considered the Democratic ticket, they in-tended to support it this year and work for it, and while Harrison had a majority of

some 2,500 four years ago it will be de-creased the next election day.

Congressman B. T. Cable, here on a hurried visit from the West, before his de-parture for Chicago said that the outlook in Illinois and Iowa was encouraging for the Democrats, and that only persistent hard work was necessary to insure success; that a very decided change was noted in the last few weeks, and that in Iowa particu-larly Democratic success might safely be predicted.
