

AND NOW CHICAGO. The Big City of the Prairies Starts in to Eclipse Gay Gotham in the HONORING OF COLUMBUS, Though Balked by a Water Famine and Milk That's Simply Awful.

100,000,000 ON HER STREETS. Her Display of Brilliant Bunting Paralyzes the Strangers.

THE NATION'S ARISTOCRACY THERE

[SPECIAL TELEGRAM TO THE DISPATCH.] CHICAGO, Oct. 19.—Next Friday's parade, as a feature of the Columbus celebration, will hardly compare in many respects with New York's.

The parade will consist of a string of carriages, somewhat like a funeral procession, relieved by a few clattering troops of mounted men in gay uniforms.

People who saw the preparations for the great parade in New York last week hardly know what to say about the preparations for the similar event in this city.

The route is from the Lake Front Park in front of the Auditorium through the heart of the business part of Chicago, and its length will be between three and four miles.

Poor Grand Stand Accommodations. In a walk of two miles along the route just four stands for the accommodation of spectators were seen.

But if the people have made no preparations for comfort during the civic parade, they have covered themselves with glory in their displays of bunting.

Determined to Beat Gotham's Display. He said a good many New York houses spent \$10,000 in decorations, and that the whole cost there was not at the \$300,000.

The Chicago business men determined, so to speak, to meet the metropolitan goer half a mile better.

Probably 1,000,000 more people more than usual are on the streets to-day. A host has gathered in the Lake Front Park, too, where the Marine Band is playing.

Deadly Peril in Windy City Milk. Added to that comes a report from a committee of one of the city's medical societies, who have been investigating Chicago's milk.

While to-night's ball is the great social event of the week's festivities, it is a plebian aside at the dinner of the Fellowship Club held at Kingsley's to-morrow night.

The Aristocracy of the Nation to Attend. Chauncey Depew, Henry Waterson, Richard Watson Gilder, Robert T. Lincoln, F. D. Miller, the Governors of New York, Pennsylvania, Massachusetts, and the other States, Vice President Morton, and the Secretary of State, War and of the Interior, the Attorney General, the Postmaster General, the Ministers from Spain, Portugal, Belgium, Switzerland, Japan, Venezuela and Nicaragua, Cardinal Gibbons of Archbishop Ireland.

The Place Flayed by the Children. Although Chicago does not provide anything like the great parade of school children at the Columbian celebration in New York, public exercises of some kind were held in all the grammar and high schools in the city and were well attended.

The Hawaiian Government Wins. HONOLULU, Oct. 19.—The election for the National Reform candidates, Mail and Hopkins (in favor of the Ministry) went in by a large majority.

YORK, public exercises of some kind were held in all the grammar and high schools in the city and were well attended.
