The Printing Company Notified Not to Print the Ballots.

## THE WORK WILL GO ON, HOWEVER.

Ballot Reform Association Offers Assistant Counsel

### IN THE EFFORT TO TEST THE BAKER LAW

Another effort to stop the printing of the Baker ballots was made yesterday. The Pittsburg Printing Company, which has the contract for printing the ballots, informed the County Commissioners yesterday that notice had been served on them to stop the work. The notice was given by William Macrum, one of the parties interested in the suit filed in the Supreme Court. The notice was to the effect that the company had not better go on with the work. There is a question if the contract is a legal one. If it is alleged, he asserted, the county could not be held responsible for the money, the Commissioners were personally not hable. The company gave no indication to the Commissioners that they would pay any attention to the notice, the contract having been completed and a bond given. The Commissioners treated the matter as a "bluff" made to stop the work. No further action has been taken in the

case before the Supreme Court, and the Commissioners have as yet received no official notice of it.

cial notice of it. Yesterday the Commissioners received a telegram from George G. Mercer, of Phila-delphia, Secretary of the Pennsylvania Ballot Beform Association. He said the Association, if desirable, would furnish assistant counsel free of charge to Alle-gheny county to aid the Commissioners in determining the ballot suit. The Commissioners returned a reply to Mr. Mercer, thanking him for the offer and stating that as yet they had received no

stating that as yet they had received no official notification of the suit. When they did they would consult with their attorney and be guided by him in acting upon the generous offer.

The Pennsylvania Ballot Reform Association making the offer is the association responsible, it is stated, for having accured the passage of the Baker ballot law when its defeat had already been determined upon at Harrisburg.

#### Will Get Into Trouble.

Will Get Inte Troble. Those two liquor dealers who are buying up the empty bottles and refiling them with inferior stuff, palming it off as Klein's Silver Age Kye, will get into trouble if they do not stop it now. They forget that the cork is branded, and the metallic cup stamped with my monogram trade mark. It won't do, boys, the goods are too well known. Silver Age is a household article and sells everywhere at \$1 50 pcg full quart. Headquarters, 82 Federal street, Allegueny, Pa.
