Enthusiasm in Material Matters.

ROBBED HIS FRIEND.

Returns to Make Amends and Is Ar-

Yesterday afternoon while Officer Kim,

of the Allegheny force, was patrolling his

beat along Sycamore street, he saw Julius

Doerr, a German, who he thought was

wanted, and he concluded to interrogate

him. After a short conversation with him

and not gaining much information, he con-

cluded to send him to the Central station.

After he had been placed under arrest, Doerr confessed that he was wanted for a

robbery he had committed last July. He

said to Superintendent Muth that up to

July 11 he was employed at the Leggate

Spring and Axle Works, as was also his

roommate, Sylvester Schnethers. For some time he had had a longing to visit his native land, but he was short of the necessary money to pay his way.

Doerr and his roommate boarded on Buente street, in Reserve township. Schnethers, by nard work and frugal living, had saved up \$105. Doerr had often looked with a longing was on the small beard of the looked with a longing was on the small beard of the looked with a longing was on the small beard of the looked with a longing was on the small beard of the looked with a longing was on the small beard of the looked with a longing was on the small beard was a longing to visit his native land, but he was short of the necessary money to pay his way.

had saved up \$105. Doerr had often looked with a longing eye on the small hoard, and finally he succumbed to temptation. On July 11 last he secured a leave of absence from the works on a plea of being sick, and at once went to his boarding house. Securing an axe he broke open Schnethers' trunk and searched for the savings, which he finally found. He also found a silver watch and some valuable states.

friend, and it was his intention to make

what amends were in his power, and he was heartily sorry for what he had done.

BIDS OPENED TO-MORROW.

The Contract for the Erection of the New

City Home to Be Let-One Contractor

Has to Turn the Building Over Com

To-morfow afternoon the contract for

erecting the buildings on the new Poor Farm will be awarded. The bids will be

opened by Chief Elliot in Common Council

There are four or five bids in, and prob-

ably no others will be received. The man

or firm who gets the contract will have a

big job. Chief Elliot does not intend to do

with but one contractor, Mr. Elliot will not be responsible if the work is not com-

pleted at the time specified.

The fittings and arrangement of the buildings are to be the most modern.

There will not be a gaspipe in the entire structure. Electric light is to be used excinsively. Three dynamos will be put in,

and in this way one can always be held in reserve. A 1,200 horse-power engine will furnish the power. This will not all be needed, but the idea is to have it in case the buildings should be enlarged at any time. A feature in the new home will be the bath room. Chief Elliot intends to have this.

apartment so arranged that the inmates can be thoroughly cleansed. The baths will be so constructed that there will be no danger

from contagious diseases.

Chief Elliot will either personally or em-

ploy some one to superintend the erection of the structure so that his idea will be carried out to the letter.

THE OFFICER FOUND A BOY.

Little Joseph Berkhart Was Lost and Is

Now in a Police Station.

Late Monday evening Officer Story found

second street incline, Southside, crying

from cold and not knowing where to go. He

The Homestead Strike Is Discussed at the Lawrenceville Meeting.

HON. JOHN DALZELL TALKS.

He Says the Troubles Have No Political Significance.

JERRY RUSK AFRAID OF NEW YORK

olis Is Ominous.

MEETING OF TROY HILL DEMOCRATS

Political meetings were held all over the two cities last night. The Republicans had demonstrations in Lawrenceville and the Southside, while the Democrats captured Mt. Troy. At the Lawrenceville meeting Hon. John Dalzell took up the Homestead

the two great issues of the campaign, tariff he proceeded to discuss it from the groundwork of levying duties on imports to secure revenues up to the present protective tariff system. He said there isn't a nation on the 65 per cent, while that of the United States 18 but 20 per cent. Mr. Dalzell was proceeding when a man in the audience ex-

"How about Homestead?"

Mr. Dalzell-My dear sir, the tariff has nothing to do with the question of immigration. They are separate and distinct questions entirely.

Voice-Then why not wipe out the tariff? Mr. Dalzell-I'll tell you why, if you

He was about to proceed when another man exclaimed: "Why is it that a certain kind of glass made in Liverpool which is the only place it can be made, is the highest taxed article in the tariff?"

Mr. Dalzell-The tariff is not high enough on it to protect the American manufacturer in making it.

mation, and Mr. Dalzell said: "I have no objection to talk on the Homestead situation. I understand that at Homestead here has been a conflict between employer and employe. It was as to a difference in regard to the wage rate. The employe did not believe he was receiving a fair share of the profits of the joint product of his employer's capital and his labor. The employer also objected to dealing with a labor organization. No intelligent man in this country would deny to the workingman the right to organize for his own protection.

the Republican party that was antagonistic to organized labor. Labor has as much right and more necessity to organize than captal, because labor standing alone is weaker. Each has a right to organize and make its demands on the other. Capital can say we grant or we will refuse; labor can accept or decline. That is as far as either can go. Neither party had any right higher than law; neither can go beyond the law. Any other doctrine means the sapstruction of the State." Continuing, he said that as to Homestead, whether any man got sufficient wages or not he would not say because he was not conversant with the facts; but no one would say that employes in Homestead or anywhere in Allegheny county do not get higher and better wages than in any other country on the globe. The strike at Homestead, he asserted, has no political significance; there are more strikes in unprotected industries

No Tariff, No Strikes.

"To-night," he said, "200,000 hollow-eyed men tramp the streets of free-trade England striking, not for higher wages, but for any wages at all." He said further, if we had no tariff we would have not strikes, because we would have nothing to strike about; we would never have had the magnificent plants at Homestead, Braddock and elsewhere but for tariff.

devolved on him faithfully and well. I admire Benjamin Harrison because of his independence. He has had no rope around his neck, no shackles on his feet. He has not always done as the politicians told him."

Mayor Gourley then dealt with the issues of the campaign. In his pleasant way he touched on the monetary question and pro-

ciples of the Republican party, lauding it highly, and denounced the Democratic party for the negative position it has al-ways taken on great questions.

The Randall Club Decides to Go to Wheel

and A. S. Patterson were appointed a committee to make the necessary arrangements.

An invitation from the Wilson Tariff Students, of Wheeling, to visit that city on November 1, was read and accepted. The club will leave on a special train over the

Sixth Ward Allegheny Republicans Rally, A large and enthusiastic Republican meeting was held in the Sixth ward school hall, Allegheny, last evening. Colonel W. A. Stone, C. E. Cornelius and others were the speakers. The Allegheny General Re-publican Club attended in a body.

to make speeches in the interest of Democracy. He will speak in New York, Connecticut and New Jersey.

UNCLE JERRY'S VIEWS.

etary Rusk Would Like to See New Tork Knocked Out as the Pivotal State -He Is Afraid of the Heavy Registra

Uncle Jerry Rusk, Secretary of Agriculture, passed through the city yesterday afternoon bound for Washington. He in-tended to stay in Wisconsin until after the election, but was called to the capital by the death of Mrs. Harrison. He was sched-uled to make a speech in Milwaukee, but he didn't get a chance to deliver it. Concerning the political outlook in the West

"Wisconsin is a Republican State, and will support the President. It is conceded that we will lose three electoral votes in Michigan. We lost Wisconsin through the school issue two years ago. Its influence is still felt, and is an uncertain element. I am convinced that all the Lutherans have been won over to the national ticket and at least one-half will support the State ticket. Ex-Senator Spooner, our candidate for Governor, always opposed the school law and is popular with the people. I met Governor Rouck, of Colorado, at Chicago, and he assured me his State would give Harrison 10,000 of a majority. At one time Colorado was considered doubtful, but the people are feeling better how. I haven't paid any attention to Nevada, but Senator Jones says the Republicans will corry it.

"I am a little afraid of New York on account of the heavy registration. For that matter the registration is large in all the cities. In Milwaukee the increase is 26,000 and it is big in Chicago. We have the bulk of the increase in the West. I think we will carry Milwankee, which is Democratic, by 10,000. I wish it were possible to make a combination that would leave New York out as a pivotal State. The people over there dominate both parties and Democrats and Republicans alike are tired of it. Year

and Republicans alike are tired of it. Year alter year the forces must be concentrated in New York. If we could only break up the South and change the political complexion I would be glad of it, but that seems to be impossible. I would like to see the Republicans come down to Kings county with 115,000 votes to spare, and wipe the Tammany crowd from the face of the earth. Connecticut is another State that ought to be Republican. The farmers are great be Republican. The tarmers are great tobacco raisers, and the McKinley bill has helped them very much. In fact all their benefits were received from the Republican party. I received a letter from a tobacco grower the other day who told me that the tariff had advanced prices 50 per cent. They must be a queer people if they don't want to continue a policy that has helped

Mr. Rusk hadn't heard that Senator Quay was in New York, and when informed of it his face lit up with a significant smile. He remarked that Quay was a great leader, and knew how to conduct a campaign. He asked about the arrangements for Mrs. Harrison's funeral. He said the President is a man of remarkable physical strength or he could not have endured the long vigil by the bedside of his wife. He added that Mr. Harrison stood the effects of the Cali-fornia trip better than anybody in the

REED, OF MAINE, TO-NIGHT.

A Large Audience Expected to Listen t

the Great Parliamentarian. Great preparations are being made by the Republican County Committee for the mass meeting at Old City Hall to-night to be addressed by Thomas B. Reed, of Maine. It is not likely that there will be any demonstration prior to Mr. Reed's appearance on the platform. He does not know what time he will reach the city and con-

Mr. Reed will be the only speaker of the evening. His reputation as a bright, witty talker has caused a great demand for seats at to-night's meeting, the headquarters seats at to-night's meeting, the headquarters being beseiged with persons anxious to secure tickets of admission. None are being issued except to ladies and vice presidents. The latter will have seats on the platform and the ladies will be provided with reserved seats.

The meeting will be called to order by Chairman Gripp, and after the selection of a President for the evening the Maine statesman will begin his speech without other formalities.

PARTY NOMINEES WILL WIN.

Colonel Hawkins Thinks Acheson Will Be Sinshed a Little

Colonel A. L. Hawkins and Dr. W. S. Grim are stopping at the Central Hotel. They are defendants in the Iams' case, which comes up in court to-day. The Colonel thinks Acheson will be elected to Congress. He says Acheson will be cut a little in Greene and Washington counties, but he will make up for it in Allegheny and Fay-

"I tell the people in Greene county,"he said, "that they want the earth and a little more besides. My regret has always been that I was born near the border of this county. I was through the eastern section last week, which is the Republican stronghold. I met some emocrats who will vote Acheson, and I found the rank and file of Republicans in line. The Greene people are

DEMOCRATS MARCH IN ALLEGHENY.

The Mt. Troy Democratic Association Has

Big Parade and Mass Meeting. One thousand five hundred men paraded over the streets of Allegheny last night amid fireworks displays and the assembled multitude. Many Pittsburg clubs were in line. The parade was a preliminary to a mass meeting held under the auspices of the Mt. Troy Democratic Association in Rhein-hart's Hall. The parade consumed so much time; that the meeting did not open until nearly 11 o'clock. John P. Kunkel pre-sided, with a long list of vice presidents. Speeches were limited to five minutes and the meeting adjourned after 12 o'clock.

A LAWYER CONFUSED.

George A. Jenks Will Engage a Lawyer to Help Him Vote.

George A. Jenks, ex-Solicitor General of the United States, came to Pittsburg yester-day from his Brookville home. He will appear in the Supreme Court on Thursday in a partnership case in which he is con

"What do you think of the Baker ballot law?" was asked Mr. Jenka. "It is a pe-culiar piece of legislation," he replied. 'If I can find a bright lawyer I will engage him to assist me at voting when election day comes. The only thing I can say for the Baker ballot law is that it is an imitation of the Australian system. It has its head pointed in the right direction and from it ballot reform will surely come. I have read the Bakeract, but I really don't understand it. The Australian system is the purest and best election law I have ever

Little Bits of Politics. Squire Bradley and John McGeary will open a voting school in the Homewood School, Twenty-first ward, to-night, Tar new hall of the Shadyside Prohibi-tionists, on Filbert street, will be dedicated to-morrow evening. A fine programme has been arranged.

A sig Republican demonstration is to be made at Mansfield to-morrow night. Previous to the speeches there will be a street parade. A number of clubs from the two cities will take part. The C. L. Magee Guards, the Six-footers, will lead the procession.

Tendered a Brilliant Reception by the Presbyterian Union.

JUDGE EWING IS TOASTMASTER.

W. C. Young and Robert Christie the

Guests of Honor.

MANY CLEVER SPEECHES ARE MADE

A large and distinguished company of ministers, judges, manufacturers, merchants and business men in general joined in the reception at the Monongahela House last evening of the Presbyterian Union of Pittsburg and Allegheny, given in honor of Rev. Dr. William C. Young, Moderator of the last General Assembly, and Rev. Dr. Robert Christie, recently called to the chair of didactic and polemic theology in the Western Theological Seminary. It was a representative gathering, and many were accompanied by their wives and invited

The union is an organization among local Presbyterians to cultivate sociability and good fellowship among the members of the church in this vicinity. It meets frequently, and the aim has been since its formation three years ago to have banquets at stated periods during the year. Judge Ewing is president and Rev. E. R. Donehoo secretary. The last feast was given about three months ago in the Kenmawr Hotel. But the reception and collation last evening were the crowning work of the union so far. The arrangements had been made and were executed on a grand scale.

Both Prominent Presbyterian Clergymen Dr. Christie has recently come here from St. Paul and Dr. Young happened to be in the city supplying the pulpit of the First Church, and it was decided to give these two brilliant preachers a reception. Before the time of Dr. Purves in Pittsburg, Dr. Young was called to the pastorate of the First Church. He declined, preferring to be a teacher as well as minister. He is President of the theological seminary at Danville, Ky., and is enthusiastic in his

Danville, Ky., and is enthusiastic in his work. He preaches frequently in Cincinnati and Louisville, and often before the boys, as he calls them, in the school.

"I wouldn't want," he said, "a better audience than to talk to 300 or 400 intelligent young men between the ages of 16 and 25 years. If they are moving on the right track, what a power for good they are, and if they are wrong how much of evil they can accomplish! A theological teacher is sowing seed that will be widely disseminated. I am settled in Kentucky, and there my lite work is located."

Covers were laid for 250 people, and 248

Covers were laid for 250 people, and 248 by actual count were present. Previous to the banquet a reception was held in the parlor of the hotel. All the guesta were introduced to Drs. Young and Caristic. Bar and Pulpit Do the Honors.

Judge Ewing and Rev. Mr. Donehoo were the masters of ceremonies, and did the honors for the occasion. Dr. Christie in his speech afterward, said preachers usu-ally do not receive such public receptions, and while the introductions were in progress he was reminded of a picture that progress he was reminded of a picture that appeared in Harper's in connection with Grant's tour around the world. It was when the samous soldier had finished his globe trotting. A hand resting on a cushion of the softest down appeared in the illustrated paper. It was weary looking from the shaking it had received. Dr.

of the evening, and nearby sat Jus tices Williams and Heydrick. A short dis-tance away was Judge Slagle, and in the crowd were noticed a number of prominent lawyers. Among the guests were T. C. Lazear, James B. Scott, Charles Speer, cashier of the First National Bank; Calvin Wells, J. McFarland Carpenter, Dr. Murdock, C. C. Mellor, Dr. W. H. Cook, moderator of the Washington Assembly; Dr. J. D. Moffat, President of the Washington and Jefferson College; Rev. Dr. Holmes, Dr. J. Guy McCandless, Rev. Dr. Robinson, Dr. J. Guy McCandless, Rev. Dr. Robinson, James R. Mellon and wife, Dr. J. R. Sutherland and wife, Dr. W. J. Holland, W. P. Potter, W. A. Booth, Alex. Murdock, Dr. John Semple, Levi Risher, T. Stephen Brown, J. F. Robinson, R. C. Miller, A. C. Patterson, S. R. Gordon, J. M. Duff, W. M. McCullogh, Henry Ayres and wife, A. J. Brooks, Oliver McClintock and wife, George C. Wilson and wife, Judge McClung, John A. Renshaw, Richard Wood, Mathew Bigger, Rev. John Launitz, George A. Berry, W. A. Shaw, David Robinson, John Caldwell, T. E. Orr, J. W. Smith, Dr. H. W. Fulton, S. A. Duncan and wife, Dr. J. A. Libbey, W. H. Cook, Rev. W. W. McKinney and others.

Introduced by Judge Ewing. Judge Ewing demonstrated that he is a good toast master, as well as an able and impartial President of a court. He was witty, and put everybody in a good humor with his frequent salties. In introducing Dr. Young he said they met as Presbyterians, with a strong respect and regard for other denominations. They loved their church, and were working to spread its principles and teachings. The Judge paid Dr. Young some very fine compliments, and as the Moderator of the last General Assembly he is the head of the Presbyterian Church.

Then followed the treat of the evening.

Then followed the treat of the evening. Dr. Young made a masterly speech on "Christian Enthusiasm." He acknowledged in a delicate way the praise of Judge Ewing.
The brilliant minister resembles Henry
Watterson, and like most Kentuckians he
is eloquent, an orator of no mean ability. is eloquent, an orator of no mean ability. His brow is broad, eyebrows heavy and his projective forehead is indicative of great perceptive powers. It was a metaphysical effort, and much enjoyed by his hearers. The drift of his speech was that enthusiasm in religious and secular affairs, when guided by reason, is a potential factor in the development of mankind and in promoting the physical progress of the world. Enthusiasm should not be fanatic. It is dangerous when it runs riot like fire that leaps its barriers, and lays waste beautiful dwellings and destroys the work of man. An insecure dam may result in the destruction of a Johnstown, but that is no reason why men could may result in the destruction of a Johnstown, but that is no reason why men could get along without water. They must build daws higher and stronger. Fire lies at the base of the industries that has made Pittsburg famous and prosperous. The human race could not live without it. The same

The Power of Enthusiasm. "Enthusiasm has to do with imagination. This is one of the grandest faculties given man, no less beneficent than memory. The best of men believe in enthusiasm as

Carnegie, as well as a Milton, Byron and a Hawthorne. Their work has been the result of enthusiastic hearta. There is as much difference between the alphabet and the 'In Memoriam' as between a ton of the shapeless iron material that comes 'to this city from the lakes, and the delicately formed instrument used by the surgeon in the most dangerous operations." He referred to Senator Beek, as an example, who went to Lexington as the humble builder of stone fences, but who by hard study became a United States Senator 15 years afterward. The history of human progress is the work of enthusiasm. Enthusiasm in Material Matters. THE SHERIFF IN A HOLE

He Will Have to Hustle to Get His Election Notices Posted.

THEY MUST BE UP 10 DAYS BEFORE.

the Official List of Polling Places Not Compiled Yet.

MORSE SCHOOL DIRECTORS KICKING

Enthusiasm in Material Matters.

It should be fervent and burning if the object is good and beneficent. Enthusiasm should be impassioned, but always reasonable. This is the test. They should go hand in hand. Jesus and Paul were enthusiasts. The Church needs fiery zeal in the prosecution of its work.

Dr. Young concluded his speech by referring to the founding of the theological seminary in Kentucky. During the height of the Revolutionary War Virginia set aside 10,000 acres for the school in the wilderness of Kentucky. Many people laughed at the scheme as visionary, but the college has done a great work. Sheriff McCleary expects to receive the fficial list of candidates for the coming election some time to-day. It was learned ndirectly yesterday that during the day the Allegheny county list, exclusive of the Twenty-fourth Congressional district canlidates, would be mailed from Harrisburg. Under the Baker law the Sheriff is to receive this list ten days before election and he must also post notices and advertise the polling places by proclamation ten days college has done a great work.

Dr. Christie intended to speak on city before election. If the list comes to-day he evangelization, but as the hour was late and will barely be able to get his notices printed evangelization, but as the hour was late and many of the guests were compelled to catch trains, he confined himself to making a few general facetious remarks. He hoped to discuss the subject at some length in the future. He was born in Scotland, and is blessed with the Scotchman's rugged wit. He thanked the people for his reception, and added that, like the poor, they would always have him with them. This made the guests laugh, and Dr. Christie made a very favorable impression on all his hearers. and distributed in time. If they should be delayed longer it will be impossible to fully comply with the law. The notices should be posted by Thursday. According to the law the official list should be in the hands of the Commissioners ten days before the election, but they have not heard anything

A question which is now agitating the Commissioners is where the Sheriff will get In conclusion Judge Ewing called on Dr. Guy McCandless to lead in the singing of the Doxology, in which all joined. Rev. Dr. Robinson pronounced the benediction. his list of polling places. If every place is not properly designated in his proclama-tion, and a contest should be made, each election district not properly located by the Sheriff will be thrown out. This has been done repeatedly in the past. The Baker law makes no provision whatever for a Julius Doerr Takes the Savings of His record of the polling places by which the Room-mate to Visit His Old Home-He Sheriff can be guided. Section 19 provides that the Commissioners must provide a room in each district large enough to accommodate all the paraphernalia required

> by the Baker law. Old Polling Places Too Small Now. Most of the polling places used hereto-fore are too small for this, and many changes will be required. The Commis-sioners have authority to erect temporary buildings for the purpose, but as the structures cost \$225 each, they are endeavoring to avoid that expense by changing the polls to larger buildings where possible. In every case where such a change is required and the Commissioners find it out they have the court petitioned to make an order for the purpose. Forty such orders have been made thus far. But it is considered certain that proper arrangements will not be made by the officers in many districts until it is too late to get them into the Sheriff's list or to have them changed by the court. Under the old law the Clerk of Courts kept a record of polling places, but no record is provided for in the Baker law. The Commissioners were yesterday served with a notice to appear in court to-day to answer a bill in equity filed by the directors of the Morse sub-district school of the Twenty-fifth ward, which asks for an injunction to prevent the use of the school as a polling place. The Court granted a preliminary injunction. J. S. and E. G. Ferguson are the attorneys for the board. court petitioned to make an order for the

and some valuable papers.

He then disappeared. He told Superintendent Muth yesterday that he had satisfied his desire by visiting his old home in Germany. After the money was all gone he began to think of the friend he had guson are the attorneys for the board. School Directors Are Kicking Now. The ground for the suit is that under the Baker law it would be necessary to tear out the school furniture to provide room for the booths, guards, etc., and it would close the schoolroom used for several days besides annoying and interfering with the work of the whole school. The board notified the Commissioners they could not use the building, but the notice was disregarded and the materials for the election have been placed in the building ready to set up. The board he began to think of the friend he had treated so cruelly in America, and concluded to return and make amends. He sold the watch for a small sum and started back. He had a hard time of it, but finally managed to reach New York by working his way across the ocean. He then started for this city, which he reached, after a long tramp, on last Sunday. He said that when he was arrested he was looking for his

materials for the election have been placed in the building ready to set up. The board claims the Commissioners have authority to secure another place or to erect a building and that they must do it.

The board consists of Mesers. C. Lode, John McKaine, M. M. Felker, John Shook and W. S. Jones. Last spring they applied in court for a decree requiring that the polling place be removed from the school, but Judge Ewing in a rather caustic way gave them to understand a school house was a proper place for a polling place and refused to make the decree. The petition was ridiculed outside the court at petition was ridiculed outside the court at the time, and the board members were chafed about it. The Commissioners have nothing to say about the suit, maintaining that Judge Ewing was right before and they expect to be upheld this time.

THE MAYOR OPPOSES A CONTRACT.

Wants the Removal of Dead Animals Made Part of a General Garbage Contract, Mayor Gourley intends to confer with Chief Brown about the five-year contract

big job. Chief Elliot does not intend to do any sub-letting, but one contractor must do the whole work. He thinks the buildings will cost \$300,000 or \$400,000 and the lucky bidder must give \$500,000 security. The idea in having one contractor putting the building in readiness to move into is a novel one. Contractors say they never before had a similar job to bid on. Chief Elliot arranges it this way so the people of Pittsburg will know from the beginning just what the buildings are to cost. Then with but one contractor. Mr. Elliot will not with Dr. Czamecki for the removal of dead animals. His Honor thinks this should be included in a general contract for the dispo-sition of garbage. A city official is quoted as saying that there are persons who would pay for the privilege for which Dr. Czam-ecki is to receive \$3,500 a year, making far more than that from the hides, bones and carcasses of the animals. The chief says that if any person had bid under Czamecki they would have received the contract, but the doctor was the only bidder.

Will Make Plans for the Big Fair. Two World's Fair meetings will be held in Pittsburg on Saturday. The Pennsylvania branch of the World's Fair Art Com mittee will meet at the 'Monongahela House in the evening. Prof. H. C. Ives, chief of the art department, will attend the meeting. The committee appointed by the State Senate, known as Committee "K," will hold a joint meeting with the Art Committee during the day at the rooms of the Pittsburg Art Society.

(Communicated.)

Card.
To the Editor of the Dispatch:
The Hon. John Dalzell having ignored the suggestion of his own friends to engage with me in a joint discussion on the tariff and wages issues in this district, I will this evening respectfully present some questions for the consideration of the Hon. Thomas Reed, of Maine. Those who know Mr. R. need not be told that he will not run away from a fair issue fairly presented, and Democratic and Republican electors alike may expect at least candid and intelligent consideration of the subject.

Respectfully,
JAMES W. BREEN,
Democratic Nominee Twenty-second Congressional District.

than in protected ones.

Mayor Gourley spoke next. He said:
"Whatever may be the result of the election, I know that I speak the sensiments of
every man in this house when I say that
the sympathy of the 65,000,000 of inhabitants of this country goes silently out to
President Harrison in his bereavement. In the solemnities of this hour I had rather be silent than make a political speech. In his four years of office President Harrison has discharged every duty that has devolved on him faithfully and well. I

Hon. A. C. Robertson discussed the prin-

THE DEMOCRATS WILL PARADE,

ing - Officers Elected. A special meeting of the Randall Democratic Club was held last night to consider the advisability of having a parade, with First Vice President D. O. Barr in the chair. It was unanimously resolved to turn out in full uniform on Saturday night and Messrs. P. N. Guthrie, Joseph Cuneo

club will leave on a special train over the B. & O. R. R. at 4 P. M. on that date.

The following officers were elected to have charge of the club in all parades: Captain, P. N. Guthrie; First Lieutenant, C. W. Stevens; Second Lieutenant, Thomas J. Wailace; Third Lieutenant, Joseph Cunco. The Chair appointed D. P. O'Doherty, George J. Free, C. W. Stevens, Phil Fitzgibbons and A. Learn a committee to collect funds for the campaign expenses. The club will hold another special meeting next Monday.

Peter V. Roynianek, National President

Christie was no doubt tired, but he appreciated the courtesy extended to him. The time around the board was spent in pleasant conversation. Judge Ewing, as the presiding officer, was finnked by the two greats of the evening, and nearly set June
