WARRANTS LOWER

Bulls Discouraged and Bears Keeping Prices From Advancing. New York, Nov. 10 .- A special cable to the From Age says: In Cleveland warrants there is further decline of about 6d and more anxiety on the part of makers to sell. The productions of the district last month was 257,055 tons. Two additional furnaces are blowing at Middlesboro. Scotch warrants blowing at Middlesboro. Scotch warrants have undergone very little change. Bull speculators appear discouraged and bear interests keep prices down. Outsiders are holding aloof. There has been a decrease of \$,000 tons in the stock of Scotch and 383 tons in Cleveland iron. There are now 77 Scotch furnaces in blast. Exports of pig iron last month were \$2,000 tons, against \$7,000 tons in October, 1891.

October, 1891.

The pig tin market has been quite animated at intervals during the week and stronger, with more outside interest manifested. The turn in the market is attributed to reports of an increase in American con-sumption. The tin plate market is showing better tone all round. Quantity shipped to the United States 19,000 tons and 12,000 tons

Cheering Reports on Pig Iron.

New York, Nov. 10.-[Special.]-The Iron Age says: The evidences that the current demand is exceedingly heavy are cropping up at all quarters. Our monthly pig iron report shows an increase in the current production of pig iron, but at the carrent pro-duction of pig iron, but at the same time but partial stock returns indicate that a further very heavy reduction has taken place in the quantity of metal on hand. Even at the present increased rate of pro-duction, consumption, if continued as recently, is outrunning it. From all the leading markets come cheering reports in regard to the situation in pig iron.
