GOOD BUYING FOR LONDON ACCOUNT

New York, Nov. 14.—The stock market opened a fraction higher than the closing figures of Saturday, Distilling and Cattle Feeding having made an exceptional advance of 3/8 to 6/8.

The entire list was sold with considerable freedom during the afternoon, and some of the smaller traders were particularly active in their holdings.

Government bonds closed as follows: U. S. 4 1/2 per cent, 114 1/2; 4 1/4 per cent, 114 1/2; 4 1/8 per cent, 114 1/2.

A BIG VISIBLE SUPPLY

Weakens Wheat, and Corn, Oats and Provisions Sympathetic.

Chicago, Nov. 14.—The largest visible supply of wheat ever known was recorded to-day, 67,300,000 bushels, with a probability, it was estimated, of an additional 10,000,000 bushels.

Corn receipts were about 100 cars more than expected, and there was free liquidation by the long and liberal shorts, which caused decided weakness.

Oats were lower in sympathy with the break in corn and heavy selling. Hog products generally weak; live hogs were in large supply and 5/16 lower, and there was free liquidation.

THE LOCAL LIST WEAK

Probably in Sympathy with a General Decline in the East.

NO REAL STRONG POINT SHOWN

And the Declines Are Only for the Smallest of Fractions.

Pittsburghers are rather heavily engaged on the long side of Manhattan and other specialties that have been persistently bought for some time past, and it is well known that some of the industrials and railroad shares are also carrying a good deal of money from this section.

There is no real strong point shown in the local market, and the declines are only for the smallest of fractions.

Unchanged conditions were reported to-day by the local bankers. Money was in fair supply and demand, with rates steady through the week.
