### Rev. Father Phelan Sues the Mollinger Heirs to Secure the

Jewels in St. Anthony's Chapel Said to Be of Little Value.

THE NEWS OF THE COUNTY COURTS

A contest was commenced in Common Pleas No. 2 yesterday for possession of the property known as St. Anthony's Chapel owned by the late Father Mollinger. Attorney A. E. Weger yesterday filed an ejectment suit in behalf of the Rt. Rev. Richard Phelan, trustee for the German Roman Catholic Church of the Holy Name of Jesus, against Fred Mollinger, F. P. A. Mollinger and G. Mever. It is asked that a summons in ejectment be issued against the defendauts who are in possession of the property in question, to which it is asserted the title belongs to the plaintiff. The lot in dispute is described as situate in the Thirteenth ward and fronting 85 feet on Hazel street, on which is erected St. Anthony's Chapel. The plaintiffs do not give an abstract of their title.

Fred and F. P. A. Mollinger, named in the suit, are nephews and neirs of the late

Father Mollinger. Gregor Meyer is the administrator of his estate.

It is now asserted by J. J. Wright, the private carpenter of Father Mollinger, and confirmed by Father Duffner and Jeweler Terbeyden, that the gems and gift orna-ments in St. Anthony's shrine are merely good imitations of more precious materials. Father Mollinger was atraid of offering too

Father Duffner, in speaking about the collection of relics, said: 'The value lies in the collection, not in the individual articles, though some of them owing to their antiquity are worth a good deal. It is the relies, their surroundings, arrangement and so on that make them so precious to the people. To break the collections is to spoil the charm; to break the seals is to destroy their authenticity. destroy their authenticity.

"We are doing all we can to retain the collection in its present location. Just yesterday I received a letter from Purtet & Benzinger, New York importers of church relies, with whom I have been in communication and from whom some of the relies were purchased by Father Mollinger, and they say that they think sufficient defense has been made to save the prop-erty. If not the United States Court must decide the question. The church wishes to dispose of the relies by compromise without

A Homestead Non-Unionist Airs His Grievance in Court.

In the Criminal Court yesterday Sarah Parker, of Homestead, was tried on a charge of malicious mischief. The information was made by John Galen. He was a nonunion workman in the Homestead mill, and claimed that Mrs. Parker with other women and children, bombarded him in his house, called him "scab" and tore down his fence. He had to move from that vicinity. Mrs. Parker denied having had anything to do with the affair. She was found not guilty, but ordered to pay the costs.

Two more of the alleged illegal liquor selling cases brought by E. P. liesser were disposed of yesterday. John O'Neil, of 2305 Penn avenue, was found not guilty and the costs divided. John Detzel, of the Tenth ward, Allegbeny, was found guilty and recommended to the extreme mercy of and recom

The case of C. B. Willey against Peter M. Smith, both of Warren county, was placed on trial in the United States Circuit Court yesterday before Judges Acheson and Buffington. It is an action to recover \$3,500 alleged to have been secured by the defendant through false misrepresentations. The plaintiff and defendant were pareners in the lumber business, and an arbitration had been ordered to settle up the business. Pending the completion of the arbitration the defendant is alleged to have represented to Willey that it was completed, and that the board had awarded Smith \$4,400. A compromise was made on the payment of \$3,500, and then it was learned that the board had not made any award.

A Millvale Sensation Again Bobs Up in the County Courts,

The case of George W. Beck, constable at Millvate borough, and ex-National Councilor of the Daughters of America, against William H. Walker, Conrad Reinhardt and Charles Sutter is on trial before Judge Porter. It is an action for libel in which the plaintiff seeks to recover damages. The case revives one of the greatest sensations that has been brought to light in Millvale borough for some years. Beck was on the police force, and the defendants had him brought before the borough Councils for an investigation on charges of immoral conduct. He claims it was a conspiracy on their part to get him removed from the The case was also in Criminal Court some time ago.

### THE JUROR WAS INELIGIBLE,

Novel Reason for Demanding a New Trial in a Civil Suit.

There was to have been an argument before Judge Buffington in the United States District Court, on a motion for a new trial in the case of the Spring Garden National Bank, of Philadelphia, against L. T. Yoder of this city. It was an action on a note in which a verdict was given for the plaintiff for \$4,000. Since the trial of the case, B. C. Christy, attorney for the defendant, discovered that one of the jurors before whom the case was tried, was not a resident of this district. His name was put in the wheel while he was a resident of Scranton, Pa., but before his name was drawn he moved to Long Island, N. Y., and upon this the motion for a new trial is based.

A Young Married Woman Wants a Real Estate Deal Annulled.

A bill in equity was filed yesterday by Clara Metrick against Eliza Lins and the Third United States Excelsior Building Association, of Allegheny. The plaintiff, it is stated, bought a piece of property from Eliza Lins for \$1,850. She paid \$425 down and gave a bond and mortgage for \$1,425. She did not know it, but she gave a confession of judgment and the bond, etc., was assigned to the building association.

Foreclosure was commenced, but it is now claimed the transaction is void because the plaintiff is a minor and a married

"Paine's celery compound is not a patent medicine; it is not a sarsaparilia; it is not a mere tonic; it is not an ordinary nervine—it is as far beyond them all as the diamond is superior to cheap gissa."

Patients who are weak and weary, when sleepless, dyspeptic or despondent, have been advised so often to use Paine's celery compound to ward off disease and despondency, and it has been used in so many thousands of cuses with the result desired that it has come to be known everywhere by the public, as well as the medical profession and the druggists, as a specific in such cases.

"If is an actual fact that despite the steady increase that has been going on for a long while, and the particularly rapid increase this year, both in the size and frequency of our orders for the compound, and although we have recently been ordering more than usual," yet we found ourselves unable to fill our orders.

"And this was the experience of the other large houses, I hear. Of course a call like this represents a big demand upon the retail druggists, and is a very good indication of the merits of the remedy.
