GENERAL SPORTING NEWS OF THE DAY

INFECIAL TELEGRAM TO THE DISPATCE.] SPRINGFIELD, MASS., Nov. 18 - Football is in the very air in this pretty New England town to-night and on the eve of the great Yale-Harvard game the corridors of the principal hotels are filled to overflowing with enthusiastic followers of the blue and the crimson. Every train arriving at Springfield to-day had no vacant seats, every room at the Massasert, Glendown, Cooley and Haynes hotels were engaged some time ago and to-night a man with a cot considers himself lucky. It is astonishing how this annual contest between the college gladiators stirs this manufacturing district to its very center. Trade is practically abandoned and everybody discourses the probabilities of a great struggle on the morrow. Although Yale is a great favorite in the betting, it is astonishng how confident well-informed people are in Harvard's ability to put up a very stiff game at Hampden Park to-morrow, and here and there you will find a man sanguine enough to predict that Yale may get a taste of the medicine prescribed for her in 1890 when Dean and Lee eluded Yale's tacklers and sent the wearers of the blue from the fields with heavy hearts.

Yale a Very Strong Favorite. Yale's following is of the strongest kind and some bets were made during the evening that Harvard would not score. Giant Heffelfinger, Billy Rhodes, ex-Captain Mc-Clung and other great players in former

years, who have been coaching Yale for some time past, are perfectly satisfied with the men and regard success as certain as the sun will rise in the east to morrow.

The Yale eleven lest New Haven early in the afternoon and took up their quarters at the School for Caristian Workers on State street. Beside the regular team there were between 5 to 20 substitutes and the coachers, Hartwell, Bull, Harvey and McClung, Mrs. Wal er Camp also came to town with her hu-band's pupils and went to the Massasert House. In addition to players and substitutes the Yale manager brought four rubbers and a doctor. The report that L. Bitss had sprained his knee and would be unable to play is exangerated.

After supper Captain McCormick brought his men down to an so that they might have some recreation and diversion before going to bed. They spent an hour or so charting with the crowth that they men

and some recreation and diversion before going to bed. They spent an hour or so chatting with the crowds that throng the hotel corndors. Captain McCormick said he wanted to keep an eye on end rusher Hinckley, because that young man was known on one occasion to go off by himself and eat 17 fried eggs, 34 waffles and jour quarts of lemonnde.

How They Will Line Up. The team that will represent Yale to-

merrow will line up as follows: Hinckley, left end; Winters, left tackle: McCrea, left guard; Stillman, center; Hickok, right guard; Walland, right tackle; Greenway, right end; McCormick, quarterback; C. O. Bliss, right half back, and Butterworth, full The Harvard eleven arrived in town some-

what later than the Yale team, and took up their quarters at the Morris House, on Maple street. They brought with them Maple street. They brought with them from Cambridge a full line of rubbers, masseurs and cooks, in addition to conchers and countless substitutes. Every player seems to be in good physical condition and in a plensant frame of mind. There is no nervousness to be noticed about the Harvard men, and yet overconfidence is far from prevalent. Cap ain Trafford said last night that his eleven would line up against Yale at Hampden Park to-morrow in this order: Emmons, left end: Upton, left tackle; Mackle, left guard; Lewis, center; Waters, right guard; Newell, right tackle; Hallowell, right end: Trafford, quarterback; Gray and Lake, hall-backs, and Brewer, fullback, harvard men feel confident that Yale will liarward men feel confident that Yale wil linve all she can do to defeat them. said by those who ought to know, that Harvard's team play has greatly improved since the last game she played, and that her interference will probably astonish Yale.

THE HIGH SCHOOL WINS,

A Close Game With the Shadyside Academy in the Wind.

The Shadyside Academy and High School elevens put up a good game of football yesterday atternoon, and but it points were scored, 8 for the High School and 6 for Shadyside. There was quite a lively breeze blowing, which interfered materially with the punts and goal kicking, but there was a considerable amount of lively running and hard bucking. In the opening half the Shad sides appeared to have slightly the best of it and for about a quarter of an hom they kept the ball on High School territory. Then in a scrimmage the ball got loose and was captured by Auli who, aided by the interference of Breck and others. ran nearly 100 yards, securing a touchdown from which Breck failed to kick goal owing to the high wind. The rest of the half was spent near the center of the field, with the ball mostly on center of the field, with the ball mostly on High School territory. McNeal made a very pretty run and carried the pigskin ahead for about 40 yards, but the Shadysides soon out it back to the center. The wind was in favor of the High School during the second half, and in this half another touchdown was scored, but goal also failed. Graver broke through the rush line at the 45-yard mark and carried the ball over the line. Only a few minutes were then left to play. It was so dark that the ball could hardly be seen, and as the Shadysides had it they seen, and as the Shaqysides had it they slipped half way toward goal on the wedge. Then it was snapped back and McCance took it down to within a foot of the line and with a strong push by all the touchdown was made. Herron made a beautiful goal in the face of the wind and the score stood 8 to 6. Messrs. Buffman and Reed were injured in the first half and their places were taken by Messrs. S. V. King and Schoyer. Lowery, Johnson, Graver, McNeal and Auli did some good work at tackling for the High School and Breck, as usual, was the most active of the team. For the Shadysides, Herron, McLance, E. A. Breck, Thaw, King and Morrison made the most gains as well as the best ackles. The teams lined up as Jollows: Positions. Shadyside

THE BIG FOOTBALL GAMES.

Tale's Team Is Favorite for To-Day and

Next Thursday's Contests. There is considerable local interest in the ig football game which takes place at New fork on Thanksgiving Day between the (ale and Princeton teams. The former are trong favorites, but there is not a very reat inclination to bet much odds on the ew Haven men. Already there has been ome betting here on the result at about 5 to The Princeton supporters are olding out for greater odds, and if the sle team win to-day it is likely that local peculation will be at least 2 to 1 on them to ont the Princetons.

There has also been considerable local bet-

ing on the result of to-day's game at Spring-eld at the rate of 7 to 4 and 2 to 1 on Yale.

and Princeton game, and if the Tigers win there will be some good Pittsburg winners. FOOTBALL HERE TO-DAY.

The A. A. A. Eleven to Meet the Washing

ton and Jefferson Team. This afternoon at 3 o'clock the A. A. and Washington and Jefferson teams will line up at A. A. A. Park, formerly Recreation Park, and it is expected that the next hour and a half will be very interesting. The A. A. A. team is very strong and will be constituted about as it was when it met the Columbia A. C. team at Washington, D. C., Columbia A. C. team at Washington, D. C., with one or two exceptions. When it scored a tie at Washington Captain Blunt was not there there, but he will be in the game today, and this increases the chances of winning. On the other hand the Washington and Jefferson eleven is the strongest of the college teams in this vicinity, having defacted both Genova and the Western University. The college team has had the advantage of more practice and this may aid in either making the score in their favor or in keeping down the score of the A. A. A.'s. So far as known the teams will line up as follows:

Right tackle.
Right tackle.
Left end.
Right end.
Quarter back.
Left half back.
Right balf back.
Full back. Another game which will take place this afternoon is to be between the P. A. C. seconds and the Wilkinsburg A. A. at the P. A. C. grounds and the game will commence at 3 o'clock. The second P. A. C. team is quite strong and the W. A. A. play a very goodgame, so that the afternoon will be exciting. The teams will probably line up as follows:

P. A. C. Seconda. Center
Left guard
Right guard
Left tackle
Right tackle
Left end
Right teckle

Right end
Quarter back
Left half back
Right half back

Pittsburg's Champion Kickers.

The Pittsburg Association football play a practice game at Exposition Park this afternoon against 15 other members of the club. The game will be the last for the local crack team until they last for the local crack team until they meet the Canadian champions at the park on Thanksgiving Day. It will, therefore, be of great interest. The contest this afternoon will start at 3:30. Before the kick-off the eleven who are to play the Canadians will have their photos taken. Great interest is being manifested in the big game for Thursday.

He States Plainly That He ls Anxions t Fight James Corbett.

St. Louis, Nov. 18.-Tom Allen, retired champion pugilist of the world, has received a letter from Charley Mitchell, London dated November 7. Mitchell says:

"I am sure to fight Corbett as you know Tom, unless he pulls out. I shall be better stronger and bigger when I face him than I ever have in my life, and between you and me I am very sanguine as to my success Now, you ask me on the frank what I think of Corbett. I fancy Corbett very much, but keep that to yourself. They think I am fat and done with, but there will be a surprise party for them in ten rounds, I am certain." party for them in ten rounds, I am certain."
Speaking of his assault case which is pending in court he says: "I appear on my appeal case January 18. Since my conviction the woman and two men that were witnesses against me have been 'jugged.' The woman and one man put to trial for shoving bad coin were the principal witnesses against met the other got two years for highway robery. So I have a good chance of getting out of it."

Ouite a Game Battle.

SAN FRANCISCO, Nov. 18 .- Jim Williams, of Salt Lake, and Charles Turner fought with gloves at the Pacific Athletic Club last even ing for a purse of \$1,500. The contest was about even up to the eighth round. From about even up to the eighth round. From the ninth to the eleventh round Williams forced the fighting and smashed Turner right and left, knocking him down several times. In 5the eleventh and last round Turner was so weak he could not even stay on his hands and knees, and would roll over every time he attempted it. He was finally given a knockout blow and was counted out. It was one of the gamest battles ever seen in San Francisco. in Sun Francisco.

A Louisville Story.

Louisville, Nov. 18 -It was ascertained from a perfectly reliable source this morning that a movement is on foot to have all the clubs in the 12-club league play Sunday ing on the result of to-day's game at Spring.
eld at the rate of 7 to 4 and 2 to 1 on Yale.
A large number of Pittsburgers will go quietly worked at the Chicago meeting, which closed last night, and it is said that all the clubs, including those of the East, have agreed to play Sunday ball. Several of the clubs have already perfected plaus for the erection of grounds for Sanday games. The Chicago club, it is claimed, has already let a contract for a new stand, where only Sunday games will be played.

PITTSBUEG MAGNATES SCORED

By the League for Giving Out Financial In-

formation to the Press. CHICAGO, Nov. 18.—[Special.]—Salaries were not touched upon at the meeting of the Na-tional League. There were two things that the magnates steered clear of; they were players and salaries. The story sent broad that the League had decreed the salary limit of each club that the salary limit of each club next year should not exceed \$30,000 was a "fake." President Young says; "The story as to the salaries limit is all bosh. The individual clubs will adjust these matters to suit themselves." siagnates Robison, of Cieveland; Byrne and Abell, of Brooklyn; Day, of New York; Conant and Soden, of Boston; Von der Horst, of Raltimore; Elliott, of Washington; Reach, of Philadelphia, and Buckenberger, of Pittsburg, poo-hooed the scheme.

Buckenberger, of Pittsburg, poo-hooed the scheme.

Among the other business transacted by the League was the passage of a resolution concerning club officials who have a fondness for airing the private financial affairs of the League in print. The resolution was aimed at the Pittsburg management, which bad made a clean breast of everything to the local press. Another piece of important legislation was the granting of permission to the Chicago Club to change games scheduled for other grounds to Chicago, or vice versa. The World's Fair is the reason for this. Sunday games will be played in Chicago. Cleveland, or the big Eastern cities. The Southern delegates wanted to commit the league to Sunday games all along the line, but the proposition was emphatically voted down. It is possible, though, that Chicago games may be played Sunday, but A. G. Spaulding and other big stockholders are unutterably opposed to the scheme. The visiting magnates and out-of-town newspaper men visited the World's Fair grounds.

Mitchell Wants Fair Play. New York, Nov. 18 .- The Illustrated News received the following dispatch from its St. Louis correspondent to-day: "Fred Wat-

kins, who is going to put up half the \$10,-000 stake money for Charley Mitchell to fight Jim Corbett, says that if he is allowed to but in New Orleans. Watkins has received a letter from Mitchell, in which the Englishman states that President Noel and his associates in the Cresent City Club are good enough for him, as they would not stand any bulldozing from a mob. Watkins says the Coney Island Athletic Club will not get the match under any circumstances,"

It is a genuine duster. The Trenton rock was struck at 1,190 feet and drilled 55 feet in, with no indications of the roll was constant. The sand was soft either oil, gas or water. The sand was soft and mushy. This location is east of the new Alfonso Oil Company's pool, and gives the east side a very black eye. The north does not look any too favorable with the dry hole on the Charles Sherman farm.

Good Wells Near St. Mary's. Sr. Mary's, O.—The New Bremen Gas Company has been very successful in its ventures south of the canal feeder. The company has, within the past two months, company has, within the past two months, completed two good producers in that end of the field. Another one has been completed that makes the treacherous territory look very promising. It is No. I located on the northeast corner of lie W. H. Schroeder farm, situated on the southeast quarter of the northwest quarter of section 25, St. Mary's township. It is good for 120 barrels. Several more wells will be drilled by the same company at once.

STUDENTS IN REBELLION.

They Threaten to Leave New Wilmington College Rather Than Deliver Orations. NEW WILMINGTON, PA., Nov. 18 .- The juntor class in college, which won notoriety in the class fight last spring, is again belligerent. A recent dispatch noted the fact that the junior class had petitioned to be exempt from the requirement to give orations. The faculty informed their committee they would be expected to give oraorations should be delivered after chapel or this term or next. The class answered their option was to postpone the crations indefinitely. This made the rulers indignant, and one of them, speaking for the faculty, said to the junior class: I will give you until noon to-day (Friday)

2 P. M. The lesson for the coming Sabbath will be conducted by Mrs. Patterson. All interested in primary work are urged to attend. The students are rebellions and say they

will leave college rather than give in.

Have You a Cough? Is There a Soreness in Your Lungs? Is Your Breathing Difficult? This Is Bronchial Catarrh. Don't Wait for It to Become Consumption. Treat It and Cure It Now.

This is the season of coughs and colds. which often by neglect, terminate in pneu-monia, or chronic catairh of the throat and lungs, and eventually in consumption. Heed the warning signs, do not neglect yourself until your bronchial cough has attained the dignity of incipient consumption, but treat it and cure it now.

Do not waste valuable time by swallowing

nauseous and useless cough syrups and expectorants, which only irritate and sicken the stomach, but consult skilled and tried specialisis, who know just what to do for you, and when to do it, and will speedily relieve your hacking cough and restore to normal condition the mucus membrane and ranked system.

normal condition the mucus membrane and racked system.

Cough syrups, expectorants, or other patent medicines nover did and never will core a case of either acute or chronic catarrial bronchitis. Every case needs to be treated according to its peculiar and distinctive symptoms and needs first a careful examination before any medicine is prescribed.

Drs. Copeland, Hail and Byers have had years of experience in treating affections of the mucous membrane, particularly those of the nose, throat and lungs, and have their own laboratory and regularly trained druggist in charge and can therefore meetevery emergency from the mildest bronchial cough to the gravest lung affection.

Catarrhal Bronchitis.

The extension of the catarrhal process down those passages known as the bron-chial tubes, which convey the air to the

lungs. How often is it prenounced consumption and incurable? How grateful is the skill of the physician

who arrests the disease before it reaches and fatally impairs the lung tissues? Do Drs. Copeland, Hall and Byers cure consumption? No, not in its advanced and necessarily in-

No, not in its advanced and necessarily incurable stages.

Do they cure incipient consumption?

Yes, and more, in thousands of cases by arresting the progress of catarrhal bronchitis, saving the lunge from invasion and curing the disease, they have restored to health the patient whose so-called "consumptive tendencies" had been marked with despair by other doctors.

The case of Mr. Crawford cited below is by no means an unusual one. Hundreds by no means an unusual one. Hundreds like it have appeared in these columns.

Note its peculiarities, and mark how like it is to many that have preceded it.

A predisposition to catarrhal and bronchial trouble.

Hectic flushes, spells of dizziness and faintness.
So weak and feeble that he had to give up work. The warning of doctors that he was going into consumption.

Heed the warning signs and place yourself in the hands of the physicians who
have attained a scientific mastery over this
dangerous disease.

Treated Him for Consumption-Coughed All Night-Under Drs. Copeland, Hall and Byers' Treatment Gained 10 Pounds the First Month and Feels Better Than for Five Years.

DOCTORS GAVE HIM UP.

"I have been ailing for 16 years," says Mr. J. W. Crawford, a prominent hardware mer-chant having stores at Ligonier and La-trobe, with residence at Ligonier, "and employed at different times all the best physicians in my neighborhood. Several doctors said I would die of consumption, and none of my friends ever thought that I would get well. My head was sore all over from neuralgic pains, the scalp so sore and tender that my hat hurt me. My nose and throat were clogged up with tough, sticky mucus, which kept me blowing, hawking and spit-

and spit up all night as if I had consumption.

"My bowels also troubled me a great deal and every time I caught a cold it would aggravate this trouble, as the cold seemed to settle in my bowels. As I had tried all the doctors in my neighborhood without any benefit I asked one of his ophilon about my going to the city and consulting Drs. Copeland, Hall and Byers, but he said there was no use, as they could not do me any good. However, I decided to give them a trial and it was the most fortunate thing I ever did in my life, as in 10 days after beginning their treatment the cough left me, and before the first month was up I had gained 10 pounds in flesh and selt better than I had for five years previously. I am improving right along, and feel that it is nothing more than justice to these physicians and suffering humanity in general that I should make this statement public in return for the great benefit received at their hands."

What Is a Column of Assertions to a Demonstrated Cure Like Mr. Crawford's, After All Other Doctors Had Pronounced Him Incurable? Yet Drs. Copeland, Hall and Byers Publish, Weekly, Cures Just as Remarkable.

TAKE TIMELY ADVICE,

Heed the Warning Signs and Place Your System in Proper Condition to Withstand the Winter's Severity.

Drs. Copeland, Hall and Byers want to reach every patient who took treatment with them during the spring and summer months and only remained under treatment one or two months under the impression that because they got such quick results and felt comparatively well that they were permanently cured. They desire to impress upon such patients the fact that during the warm wholesome summer season catarrh affects a person but very little, and that as weather appears there will return again the same old round of agonizing neuralgic headacaes, stopped up condition of the nostriks, sore and irritable throat, with hawking and spitting and darting pains through chest.

Drs. Copeland, Hall and Byers treat successfully all curable cases at 66 Sixth avenue, Pittsburg, Pa. Office hours, 9 to 11 & M., 2 to 5 P. M. and 7 to 9 P. M. Sundays, 10 & M. to 6 P. M. Specialties—Catarrh and all discases of the eye, ear, throat and lungs; dyspepsia cured; nervous diseases cured; skin diseases cured.
