Structural Iron and Scrap in Good Demand and Firm.

SIGNS OF A BIG BUSINESS NEXT TEAR

FRIDAY, Nov. 25. The wide publication of the facts anent the improvement in the iron trade has induced buyers to examine their ground carefully with the result that many pig iron consumers have made provisions for all the iron they will need for some time. There s still a large consumption uncovered, howver, and on many purchases the price will e raised. It is difficult to persuade many in the trade that the tendency of prices can be changed from downward to upward, and these continue to buy in limited amounts only, preferring to take the chances of the market, Southern furnacemen say they have no unsold iron either at their works or

at the North, and that the output of the furnaces is sold up for several months in the ew year. Improvement Bound to Come. At Chicago the mills on plate and structural material have been booking heavy orders and specifications are in sight for still larger business. The present condi-tions prevailing in the iron business are certainly very encouraging because they demonstrate that the progress toward improvement is too well set on its way and too strong to hold back or be trustrated by mere strong to hold back or be frustrated by mere sentimental influences. An admonition to proceed discreetly, which means slowly and cautiously, has undoubtedly been administered, but this is not discouraging; on the contrary, it should be considered assuring, because it implies that the tendency toward an improvement of conditions has not only sufficient warrant to merit confidence, but also strength to develope into a season of very fair prosperity, if it is handled temperately.

The Situation in the Valleys. Reports from the iron men of the Shenango and Venango valleys continue very favorable for iron and steel workers; in fact, most of them are well sold up, their sales extending several months into the new year. Bessemer is beyond doubt the favorable metal at present; the Valley sales alone, within a short time, exceed 30,000 tons for delivery the next six months, the rates being f. o. b. at turnace \$13.75@13.80, which is equal to 14.35@14.40 in Pittsburg. Johnstown has been a very liberal pur-Johnstown has been a very liberal pur-chaser. The reports from all points show a healthy condition of affairs and all signs point to a heavy business the coming year. Temper of the Markel.

Prices rule firm for Standard iron, there being no let down in prices. The late heavy sales of Bessemer pig in the Shenango and Mahoning Valleys, some of them extending over the first nine months in 1893, show confidence that prices will be maintained. This, no doubt, strengthened the market here; hence the advance noted a week ago has been maintained. Thursday being a holiday checked operation to a certain extent; still, taken as a whole, there is no reason for complaint. Gray forge was in fair demand and prices were unchanged. Soft steel billets still attracted a mir amount of attention. Structural iron was firm and unchanged. Scrap iron was in fair demand at current

Buyers Evineing Timidity. CINCINNATI, Nov. 25.—[Special,]—Rogers, Brown & Co. say: Business has gone on in a

somewhat hesitating way during the passweck. The volume has been fairly satisfac tory, but buyers are evincing a timidity that is natural, perhaps, under the circumstances. The tendency everywhere is teward a conservative course, and this may not be altogether an evil. It is noticable that on current contracts iron is being taken even faster than specified deliveries This seems to indicate that in actual con This seems to indicate that in actual consumption there is no abatemment. As to the future, all seem content to take care of the present and keep in good shape for coming events. It is not likely there will be much new blast furnace construction and some benefit may result from that. As to prices, there has been no change since last report. Southern furnaces are holding to regular figures almost without exception. Thus are during November the stocks of the Tennessee Coal. Iron and Railroad Company have been reduced \$000 tons, and would have been reduced \$000 tons more if sufficient car supply could have been obtained.

No Change in Chicago,

Chicago, Nov. 25. — [Special.] — Rogers, Brown & Merwin say: There have been no changes of moment during the past week. Business has been broken up by the Thanksgiving holiday, but the total amount of sales has been good for this season of the year. Buyers are now largely beginning to year. Bayers are now largely beginning to postpone further purchasing until after raking the yearly inventories on January I, but inquiries are active notwithstanding. Prices remain virtually unchanged, but there is greater firmness on the part of leading Southern turnaces, though here and there small furnaces are found disposed to cut ruling prices a new cents per ton in order to effect sales: this does not indicate general weakness, but merely individual needs and conditions.

New York Metal Market. New York, Nov. 25.—Pig fron quiet and stendy; American, \$13 00@15 50. Copper strong; lake, \$11 90 bid. Lead quil; domestic, \$3 75 bid. Tin closed easier; straits, \$20 15 bid.

RAILS ALL RULE WEAK

But the Industrials, With One Exception, Were Quite Firm.

GOLD ENGAGED FOR EXPORT

And Northern Facific's I ecreased Farnings Affect Failway Shares.

RAILWAY BONDS ACTIVE AND IRREGULAR

NEW YORK, Nov. 25.-The stock market was weak for the railways from start to finish. In the early trading the transactions were quite moderate, but as the afternoon drew to a close the bears made a vigorous attack all along the line, and the trading was attended with considerable animation. There was little in the news of the day to affect prices particularly one way or the other, outside of the fact that the \$600,000 gold will be shipped to Europe to-morrow. Northern Pacific preferred was weaker on the decrease in carnings for the third week of November, and Pacific Mail by statements that the Panama Railroad Company would shortly have its own line of steamers. The decline in prices was equal to 2 per cent in Chicago and Eastern Illinois common, 134 in Reading, 134 in Pacific Mail, St. Paul and New England, and 34 to 1 in the

other railways.

† The industrial group was comparatively firm except for United States rubber com-mon, which sold down 25 to 40. American Sunar advanced on large purchases from 109% to 110% and reacted to 109%. The net losses in Chicago Gas and Distilling and Cattle Feeding were merely fractional. Consolidated Gas rose 3% to 128, but later re-ceded to 126, when it became known that the quarterly dividend had not been in-creased. The directors declared the usual 1% per cent. The market closed weak for the railways and steady at some reaction

the railways and steady at some reaction for the industrials.

Railway bonds were fairly active. The market was irregular. Readings were noticeably weak. The Southwestern issues were also easier. St. Louis Southern seconds, however, sold at 72%, a rise of 7% points from the last previously reported sale.

The bulls had been hoping for European support of prices, but, instead of Europeans buying, they turned up selling this morning to the extent of 10,000 shares. This was enough to take the starch out of the buils, and the market was weak, and in the afternoon quite demoralized. Six hundred thousand dollars in gold were withdrawn on Wednesday, and after weighing the precious metal it was found to be olight weight, and it was thought that this would keep the bankers from exporting gold, but later in the afternoon it was stated that, notwithstanding this, the stuff would go out by to-morrow's steamer.

that, notwithstanding this, the stuff would go out by to-morrow's steamer.

The weakest of all stocks was Reading, for reasons which we have stated so often that we do not deem it necessary to repeat them. The general list yielded quite easily, and especially in the last hour the bears made a flerce attack on values and closed with the market looking decidedly ragged. In all the confusion there was one strong stock and that was American Sugar Company, which was bought by insiders. It seems to be quite sure that the next dividend will be 3½ per cent. The company is making a great deal of money, and unless the market is too weak this stock will see better prices.

prices.

It is of course disappointing that gold should go out at this season of the year, but still the bears have been very active to-day in selling stocks, and a decided raily may come at any time.—J. S. Bache & Co. to Oakley & Co.

Government bonds were dull. Close of the Government bonds were dull. Close of the

PRICES WHIRLED UPWARD

On the Chicago Board by a Storm Throughout the West.

CHICAGO, Nov. 25 .- The sleet throughout the West whirled prices up to-day, particu-larly for grain. Wheat advanced lc, corn % @le and oats 1/c. Provisions opened easier, but closed very firm at some advance.

While the earlier sales of wheat were close to the last prices of Wednesday the demand soon became brisk and there was a steady advance. The market got most of its strength from the liberal clearances which were reported from New York—over 500,000 bushels for Wednesday—and reports of storms of snow and sleet in the Northwest, which were expected to cut off deliveries there. Late cables were also a shade firmer and good buying orders were on the market for New York operators. The local crowd had apparently sold short on the decided weakness which ruled on Wednesday, and, on the ness which ruled on Wednesday, and, on the first display of strength, made vigorous efforts to cover. Toward the close the market eased off on free realizing sales. The opening was about \$400 km lighter than the closing figures of Wednesday, and prices advanced ic, receded \$400 km, and closed steady. As wheat developed strength corn kept in close sympathy and improved. The receipts were extremely hight—only 108 cars—and shorts were quick to take alarm.

In oats there was a better trade and a frmer feeling, the latter being attributed to

the strength and advance in wheat and corn and also to better buying for May.

The provision market was dull and featureless all forenoon, but with such bullishness in wheat and corn it did not require the buying of great quantities to induce the market to come around again in favor of the workers for higher prices. The lowest prices of the day were made at the opening. January pork started 12½c off since Wednesday, recovered that loss and made besides a gain of 7½c. January lard opened at a decline of from 5c to 7½c. after which it advanced until 5c higher, than it closed on Wednesday. Bibs, from an early loss of 7½c. gained in the end 5c over Wednesday's closing prices. There was good buying of January lard, said to be on foreign account. Cash quotations were as follows: Flour dull and nominally unchanged. No. 2 spring wheat, 72c. No. 3 spring wheat, 62½c 353c: No. 2 red, 72c: No. 3 spring wheat, 62½c 353c: No. 2 venite, 53½c: No. 2 white, 53½c: No. 2 venite, 53½c: No. 2 saids, 53½c: No. 2 saids, 62½c No. 2 venite, 53½c: No. 2 for y saited shoulders, boxed, 57 25@7 37½c; short clear sides, boxed, 57 95@ 805: whisky, distillers' finished goods, per gailon, \$1 15; sugars, cut loaf, unchanged.

Receipter—Flour, 27,000 barrels; wheat, 33,000 bushels; corn, 8,000 bushels; oats, 147,000 bushels; oats, 147,000 bushels; oats, 147,000 bushels; oats, 157,000 bushels

on the Produce Exchange, to-day, the butter market was steady at an advance; creamery, 19630c; dairy, 18627c; eggs steady; strictly fresh, 223623c.

GAS SHARES WEAKER And Tractions Steady to Firm Under the Lead of P. & B.

TRADING IS VERY MODERATE And the Market Was Never Before Quite Fo

Narrow.

LOCAL AND GENERAL PINANCIAL NEWS

FRIDAY, Nov. 25. Trading in local securities on 'Change today was very moderate, the day's transactions aggregating only 305 shares. Of this amount Pittsburg and Birmingham traction furnished about five-sixths, and Philadelphia Company and Pittsburg, Youngstown and Ashtabula Railroad the remainder. P. & B. traction and Philadelphia Company were the only two stocks in which anything like real interest was manifested, with the former in demand and strong and the latter weak and lower under a little pressure to sell, especially at the last board. P. & B. continued to sell mystery on, but the weakness and decline in Philadelphia Company was

doubtless due mainly to the recent reports of a shortage of gas in various portions of the ciry. In the Common Pleas No. 2 this morning the jury in the case of Barbara Reich versus the company, an action for damages for personal injuries, returned a verdict in favor of the plaintiff in the sum of \$12,000, and it may be that this helped to depress the stock at the final cail. It sold down to 21½ on call, closed at 21@21½, sold at 21 after call and was then quoted at 20%@21. P. & B. traction sold at 24½@21½, at which range it closed, but subsequently it was quoted at 24½@24½, at which range it closed, but subsequently it was quoted at 24½@24½, A small lot of Pittsburg, Youngstown and Ashtabula Raliroad sold at 45; Clizens traction was fractionally highers 13½ was bid for Pittsburg and Western new 4s, but otherwise nothing worthy of special mention developed.

Westinghouse Electric second preferred closed offered at 37½.

The final board quotations on the unlisted street railway stocks were as follows: P. & B. traction, 24½@24%; Duquesne traction, 27½@22; P., A. & M. traction, 43½@44. of a shortage of gas in various portions of

Gold Exports. America is the only tree market for gold in the world at the present time. The knowledge of this fact and the further knowledge that Russia and other continental countries desire to accumulate gold, even at a slight loss, justifies the fear which the advance in exchange rates has excited about the outflow of gold from this country. Unless the conditions which now control the situation quickly change-a circumtrol the situation quickly change—a circumstance not probable—or unless Europe soon becomes a buver of American securities on a large scale, it is quite plain that more gold will be drawn from the United States at an early date. The balance of trade is against this country, and when the difference is not offset by purchases of securities, it is useless to conjure un delicate theories about why gold should not go abroad. Its movement is controlled by the inexorable law of debtor and creditor, and if the conditions between America and the foreign merchants and bankers are such that we owe them a balance, coin must be that we owe them a balance, coin must be sent in settlement. The shipment of gold for the settlement may be delayed by bank-ing forms, but as stated above, unless Europe buys American securities, specie will have to be surrendered to foreign coun-

Financial Notes. S. S. Pinkerton sold Hill & Co. 100 P. & B. traction at 24% and the latter sold Kuhn Bros. 150 at 24%.
Robinson Bros. sold Phillie to Hill & Co.

and J. B. Barbour.
W. R. Thompson & Co. bought P., Y. & A. from S. S. Pinkerton.

Among the securities listed on the New York Stock Exchange yesterday were \$1,-500,000 additional shares common stock of the Pittsburg and Western. The voting

trust certificates of the Pittsburg and West-ern will be stricken from the list on Decem-ber 19, and only stock certificates will be a delivery on and after that date.

delivery on and after that date.

The General Electric Company denied the rumor that it is backing the Chicago and St. Louis 100-miles-an-hour railway scheme.

A charter was issued to-day to the North Avenue Stair Company, of Allegheny, to make hardwood turniture, etc.; capital, \$14,000. David M. White, of McKeesport is the treasurer. The annual report of the Boston and Maine

The annual report of the Boston and Maine Railroad has been approved by the Board of Directors, and is now in the hands of the press for distribution to the stockholders. In general the figures show an increase of nearly \$1,000,000 in gross earnings, and a satisfactory gain in net earnings for the year. Figured on the basis of this year's net earnings the road has earned and could pay a 10 per cent dividend on its capital stock and then have a surplus remaining of nearly \$80,000.

\$60,000.

A prominent sugar interest in Boston says that while he does not anticipate that the American Sugar Refining Company will advance its present rate of dividend, it may declare an extra I per cent to make the total dividends 10 per cent for the entire year. The first two quarterf os present year dividends were at the rate of only 8 per cent. 8 per cent.

SOME GOOD DEALS

In Realty Have Been Closed Lately, but Are Being Withheld for the Present From Publication-A New Town to Be Built-Late Sales and Gossip.

FRIDAY, Nov. 25. A few important transactions were closed o-day, but they are not in shape for publication. It is very likely, however, that the most important of these deals will be made public to-morrow. One of the transactions referred to is the sale of a piece of realty on Liberty street, which shows an increase in value of 10 per cent in about two weeks. The property is located near Fifth street and was sold by Black & Baird. A large warehouse will be erected on the premises by ises by the purchasers.

Another good-sized sale in the Morning-side district is also reported. It is said that a tract of 14 acres on Morningside avenue has changed hands at a price approximating

Current Gossip. P. J. Edwards & Co. have commenced the erection of a brick business block in the Oliver Terrace plan, Second avenue, Hazel-wood. Four brick dwellings will also be erected by Miss Jennie Adams. A great deal

of building is going on in this vicinity.

The corner stone of the Western Pennsyl-The corner stone of the Western Pennsylvania Institute for the Blind was laid at the corner of Beliefeld and Bayard avenues to-day. This will be a magnificent building, and will cost about \$100,000.

A company has been formed to establish a new town in the vicinity of the works of the new glass company at Corns station on the Allegheny Valley Railroad, which purchased a large tract of land at that place, particulars of which were published in this column. Forty acres of land have been donated for the purpose by the glass company.

Building Permits.

The following permits were issued to-day: F. Fisher, two-story frame dwelling, Beltzhoover avenue, near Climax street; cost, \$1,750. L. C. Hossenfritz, a two-story frame dwelling, Antietam street, near Baker street; cost, \$700. Mrs. B. Huzer, a frame addition, Sarah street, between Twenty-fifth and Twenty-sixth streets; cost, \$543.

Latest Sales Reported. Ira M. Burchfield sold through P. J. Edwards & Co. a lot on Lytle street, Hazel-wood, 33x110 feet, for \$1,000. The purchaser will erect a dwelling on the premises at

Reed B. Coyle & Co. sold through the agency of John K. Ewing & Co. for the Fidelity Title and Trust Company four lots in the Watson place plan, Tenth ward, Allegheny, Nos. 224, 2244, 225 and 22514, each fronting 50 leet on Natchez street by 125 feet to Modoc street, for \$700 each, or \$2.801.

Black & Baird sold another lot in the Eureka Land Company plan, being No. 6, fronting 24 leet on Frazier street, near Wilmot street, Oakland, to A. Nordheim, for \$800, also sold to Nicholas Barke lot No. 9, 501 the Alla Land Company's plan on Duquesne Heights, for \$150. once.

the Alia Land Company's plan on Duquesne Heights, for \$150, John K. Ewing & Co. sold through Reed B. Coyle & Co. for the Fidelity Title and Trust Company, to Mrs. A. Brown, two lots, 507.25 feet each, on Natchez street, being lots Nos. 125 and 1234 in the Watson Place plan, Tenth ward, Allegheny, for \$1,400.

James W. Drape & Co. report the following sales: Two houses and lots in Allegheny for \$15.500; a property near the city for \$3.000; a house and grounds in Indiana township for \$1,300; a collateral interest in a manufacturing and coal property of \$75.000; a manufacturing interest of \$2,000, and four additional lots in Sylacauga, Ala.

GRAIN FIRM AND HIGHER

And Coffee on the Eve of Another Advance -Business Rather Moderate After the Holiday-Poultry Takes a Back Seat for

FRIDAY, Nov. 25. Post Thanksgiving Day trade was rather moderate in wholesale lines to-day, but about the usual preparations for Saturday were in progress, especially in groceries and produce. Poultry was slow and easy, as usual, with the most demand for chickens and ducks, but vegetables, fruit and game had a good movement, the latter begame had good movement, the latter be-ing mostly taken by hotels and restaurants. Grain was considerably firmer and higher; flour was reported firmer, and coffee was suid to be on the eve of another advance. Surar was easy and dried and evaporated fruits were very strong under an active de-

Drygoods. New York, Nov. 25 .- The demand for cot-

New York, Nov. 25.—The demand for cotton continues in excess of the willingness of manufacturers to seil. With cotton at 10c and likely to go much nigher, agents do not know what price to put on goods. The following changes were made to-day: Atlantic wide sheetings advanced %c; all denims of Bliss, Fabian & Co. advanced %c to %c in addition to the 5 per cent advance a few days ago; Economy checks, %c a yard; Gloucester staple prints and grays, 5 per cent. Leading bleached shirtings are likely to advance again. Print cloths are at 40, at which price manufacturers refuse to seil. Woolen fabrics were quiet, with a good initial business in overcoatings.
