STOCKS WERE FIRMER

On Intimations That No Gold Would Go Out This Week.

INDUSTRIALS LEAD IN STRENGTH

And Some of the Specialties Score Pro-

nounced Gains. THE GENERAL MARKET CLOSES WEAK

NEW YORK, Nov. 28.-The stock market taken all together was somewhat firmer than on Saturday. While a majority of the railways closed practically unchanged from Saturday's final quotations, the market for those securities showed more recuperative power than on that day. Several sharp attacks were made at intervals and at the lowest figures the decline was equal to 1/3 % per cent. Subsequently New England advanced from 41%@42%, and the remainder of the list improved 1/01/2 per cent. The rise was due, as much as to anything else, to the fact that bankers who usually ship gold expressed themselves as being in doubt as to whether any large amount of the yellow metal will be forwarded to Europe by this week's steamers. Just previous to the close prices reacted 1/2/2/2

from the highest. The industrial group was strong, especially Sugar, Distilling and Cuttle Feeding and Lead, which advanced 1@1% per cent. All of these closed firm except Sugar, which reacted to Saturday night's price. Among the specialties, Evansville advanced 5 to 14, reacted to 145, and closed at 147. General Electric was stronger than for some days past and advanced from 104 to 111%. Colorado Fuel and Iron common and Colorado Coal and Iron development stocks which are to be exchanged for Colorado Coal and Iron development stocks which are to be exchanged for Colorado Coal and Iron and Colorado Fuel, under the terms of consolidation of the two last named, were traded in for the first time today. Colorado Fuel and Iron opened at 65, declined to 63%, and raliced to 64. Colorado The industrial group was strong, espe-

declined to 63½, and ralied to 64. Colorado Coal and Iron development opened at 33, and later sold up to 25½. The old Colorado Coal and Iron was strong and in demand, selling and Iron was strong and in demand, selling up from 40 to 41%, and closing at 40%. The general market closed rather weak.

Railway bonds were irregular. The total sales were \$997,000. Minneapolis and St. Louis equipment declined four to 111%112.

Government bonds closed as follows:

The total sales of stocks to-day were 249 On shares, including Atchison, 12,410; Canada Southern, 900; Chicago Ga*, 2,900; Erie, 8,520; Louisville and Nashville, 3,000; Missouri Pacific, 8,285; Northern Pacific preferred, 4,900; New England, 20,135; Reading, 32,000; St. Paul, 12,000.

Paul, 12,000.

From Sproul & Co.'s market letter:

The market to-day was so strictly professional and marrow that little significance need be attached to it. As a net result prices are a shade better; the effect of a slight relaxation in the selling pressure and an equally limited tendency to cover shorts. The silver conference and the fact that a proposition for the nurchase of about \$25,009,000 of silver annually by the Governments of Europe has emanated from a British delegate attracted attention, but did not influence speculative feeling. Sliver, however, continued to show strength. The most positive factor in the market was the absence of any gold engagements, though bankers state that shipments of specie would not in any event be made till the close of the week. The fact, however, seemed to check the activity of the bear traders and may be responsible for the light covering which caused the advances. The chief activity, to call it by that title, was in the Industrials, which were manipulated with more or less vigor.

The following table shows the prices of active stocks on the New York Stock Exchange, corrected daily for THE PITTSHE'S DISPATCH by WHITNEY & STEPHENSON, oldest Pittaburg members of the New York Stock Exchange, by Fourth avenue.

BIG ADVANCES

In Wheat and Provisions-Corn and Oats Also Higher.

CHICAGO, Nov. 28,-Wheat advanced nearly a cent to-day. The impression seemed to be that prominent traders in provisions had paid more attention to wheat of late than to hog product and that there might be an effort to give "shorts" a squeeze. Realizing sales reduced the gain in prices to %c at the close. Corn closed %@%c higher than on

sales reduced the gain in prices to %c at the close. Corn closed %@%c higher than on Saturday. Provisions were buoyant. Compared with Saturday night, pork is up 40c, lard 25c and ribs 20c.

Wheat was strong almost from the start, notwithstanding the receipts in the Northwest were heavy—1.789 cars, against 1.739 for the corresponding day last year—and cables were easier. Receipts at all primary points were large, and though the increase in the visible supply was not so large as for some weeks past, it still showed a gain of nearly 1.290,000 bushels, bringing the stocks up to 71,000,000 bushels, larger than ever known before. In the face of this the market sold steadily up. The firmness seemed to be due to the sharp advance in the provision market and to reports most industriously circulated that Cadahy, Wright and other provision operators had turned to the bullish side of wheat and were heavy buyers. Late in the day Linn sent bullish news from Southern fillinois regarding wheat. Champlin brought similar reports from Kansas, Northeast dispatches reported a sudden drop in receipts at country elevators, though other dispatches were of a different tenor. Corn was influenced by the strength in wheat and provisions. There was not much for sale and as shorts were expected to check the shipments of new corn.

A fair business was conducted in oats with weeks past, it still showed a gain of nearly 1,250,000 bushels, bringing the stocks up to 71,000,000 bushels, larger than ever known before. In the face or this the market sold steadily up. The firmness seemed to be due to the sharp advance in the provision market and to reports most industriously circulated that Cudahy, Wright and other provision operators had turned to the bullish side of wheat and were heavy payers. Late in the day Linn sent bullish news from Southern Illinois regarding wheat. Champlin brought similar reports from Kansas, Northeast dispatches reported a sudden drop in receipts at country elevators, though other dispatches were of a different tenor. Corn was influenced by the strength in wheat and provisions. There was not much for sale and as shorts were nervous and disposed to cover sellers had the advantage. Another strengthening factor was the decrease in the visible supply, and the rains over the Southwest were expected to check the shipments of new corn.

A fair business was conducted in oats with options closing a fraction higher.

Provisions scored a good advance the first

- / _ / _ /

hour, but it looked as if the upward move-ment was a temporary bulge. Later the buy-ing was renewed and the highest prices of the year were made on pork, while ribs and lard were again put to fancy figures. The advance was not the result of news from the yards this time, but to open buying on a large scale by the Cudahy-Wright brokers. There was a reaction of about 20c from the high points, but there was another swirl to-ward the end which took everything to the

high points, but there was another swirt toward the end which took everything to the
ton again.

Freights were slow; shippers bid 2½c for
corn to Buffalo and paid per cent for corn to
Ogdensburg.

Cash quotations were as follows:

NO IMPORTANT PRICE CHANGES,

But the List, With One Or Two Exceptions, Continues Weak.

LOCAL AND GENERAL FINANCIAL NEWS

MONDAY, Nov. 28. There was no market for local securitie to-day worthy of the name. Three small transactions occurred on 'change; no office business was transacted, so far as learned there was neither any noticeable inquir for nor eagerness to sell anything on the list, and in the main quotations on the ac tive shares closed about where they did Saturday, though what tendency there was was toward a lower range of prices. Pitts burg and Birmingham traction 5 sold at 100, closing at that price asked, and Philadelphia Compan sold at 21, closing at 2034@21 These were the only transactions and the were about the only features. Westinghouse Electric second preferred closed at 37 asked and the scrip at 94 asked. Duquesne traction closed at 27@28; do 5s at 100 and intraction closed at 27@28; do 5s at 100 and interest; P. & B. traction, 42½@25; do 5s, 100; P., A. & M. traction, 42½@44. Westinghouse Airbrake was a little weaker at 130@132½ and Union Switch and Signal common was less strong. The latter closed officially at 19½@19½% but after the close it was quoted at 19½@19½%. Luster was tractionally lower at 9@1½%, and the best bid for Pleasant Valley was 24½. Citizens traction was quite as firm as anything on the list at 62@63, though P. & B. traction was still very strong as quoted above.

Should Make Money Easier. According to the Philadelphia Stockholder the president of one of the leading banks of that city made the somewhat anomalous but nevertheless correct point on Saturday but nevertheless correct point on Saturday that the agitation about the export of gold would at the present time have undoubtedly a very perceptible tendency to make the available supply of money more abundant and rates consequently easier. It will, as all scares of the kind always do, make pe ple hesitate about increasing their obligations. In fact, it induces them to curtail business obligations in every way possible, and defer engaging in new enterprises. Moreover, it contracts speculation of all kinds, and thus removes for the time being a source of active demand for money. So for every dollar of diminution in the supply of money by the loss of gold by export, the demand is curtailed to the extent of several dollars. A feature of the local financial situation, says the same journal, has been the more abundant supply of money during the past few days. Several of the leading banks and trust companies have been importuning houses in the street that require considerable money at this season to take large amounts on time. There has, however, been no actual concession in quotable rates, although there undoubtedly will be unless some contraction occurs in the supply of loanable funds. loanable funds.

Financial Notes. Morris & Brown sold Philadelphia to-day and Messrs. Arensberg & Rinehart bought.
Whitney & Stephenson sold P. & B. 5s to

Whitney & Stephenson sold P. & B. 5s to Sproul & Co.

A charter was issued to-day to the Dravosburg Electric Railway Company, to run from Reynoldton to Dravosburg, Allegheny county; capital, \$15,000.

Southern members of the Board of Directors of the Georgia Central Railroad started to-day for New York, called there by an imperative command of the New York Mutual Insurance Company for immediate payment of \$700,000 advanced by that company to the Georgia Central and secured by first mortgage bonds. The statement that such a demand has been made was "officially" denied yesterday, but is confirmed to-day. yesterday, but is confirmed to-day.
For the third week in November the earnings of the P. & W. were \$48,539, against \$44,-425 for the same week last year, an increase

425 for the same week last year, an increase of \$4,214.
Electric second preferred closed in Boston at \$5@3834.
The forthcoming report of A. P. Hepburn, Comprroller of the Currency, shows that 163 banks, with an aggregate capital of \$15,255.000, were organized during the year; 53 went into voluntary liquidation and 17 became insolvent, leaving a net increase for the year of 38 banks.

Following were the transactions recorded on the Exchange sales Board to-day:

FIRST CALL. \$2,000 P. & B. traction 5s...... SECOND CALL. 5 shares Philadelphia Company ... AFTER CALL. 50 shares Philadelphia Company...

THIRD CALL-NO SALES. Total sales, 55 shares of stock and \$2,000 onds. Closing bids and offers:

SOME NEW OIL WELLS.

They Are Not Showing for Gushers-Small Producer East of Oakdale - The Big Ones Holding Up-A Surprise at Wittmer Station-Two Sistersville Producers.

The production of the McDonald field yesterday went up from 19,500 to 20,000 barrels. In the gauges the Woodland Oil Company's No. 2 Scott heirs is reported to be making 80 barrels an hour, while at the office of the company it is reported as doing over 90 barreis an hour. Knox Bros. & Co.'s No. 2 on the Scott farm

is making from 40 to 45 barrels an hour, according to parties who were at the well, although the gauges piace it at 35 barrels an

The Forest Oil Company's No. 3 on the Sturgeon farm, a short distance east of Oak-dale, was reported last night to be almost through the sand, with only a couple of hundred feet of oil in the hole. It may make hundred feet of oil in the hole. It may make a ten barrel a day numper.

Greenlee & Hartman's No. 2, on the Potter farm, south of the Meise pool, may make 100 barrels a day from the Gordon sand. Their No. 3 Potter is due the first of next week.

Connors & Co.'s No. 2, on the Cook farm, which adjoins the Potter on the west, is due to-morrow in the Gordon, but owing to its proximity to Greenlee & Hartman's No. 2 Potter, they expect a very light well.

Cutler & Co.'s No. 1 on the Morgan six acres is drilling in the 100-foot.

Will Be in the Pay To-Day, The Forest Oil Company expects to get the

fourth sand to-day in its No. 2 on the Devine farm in the McCurdy field. Greenlee & Forst's No. 1 Rough, at Chartiers, is expected to reach the fourth sand to-day and the pay streak to-morrow. Their No. 2 is ready for the last casing. Their No. 1 on the Aiken farm is drilling at 1,000 feet, and they are still shut down on top of the fifth sand at No. 1 Woods on account of a

and they are sail saine down on top of the fifth sand at No. 1 Woods on account of a shortage in the water supply.

The Wheeling Gas Company was expecting to reach the fifth sand late last evening at its No. 2 on the Kelso farm, which is 500 feet east of Knox Bros. & Co.'s No. 2 Scott.

They are rigging up at No. 3 Kelso, which is opposite the Woodland Oil Company's No. 3 on the Scott heirs farm. The Wheeling's No. 4 on the Richard Gladden farm was drilling in the 50-foot yesterday. Their No. 2 on the J. P. Scott will be in the 50-foot tomorrow, and they are ready for the 10-inch easing at No. 2 Giffin, near Yenice.

Jennings & Co. will be in the fifth sand today at their No. 1 Sproul, near Noblestown. Sinclair & Co. are having a streak of bad luck at their No. 5 on the Kirk farm, in the Meise hollow. Some time ago the rig was luck at their No. 5 on the Kirk farm, in the Meise hollow. Some time ago the rig was burned, and about a week ago the buil wheels went up through the derrick, demolishing everything in sight. The tools dropped a couple of hundred feet in a dry hole, and now they have just completed a third rig and are fishing for the tools.

A Deep Sand at Wittmer. Underchiff-Rosenri's well at Wittmer station surprised all of the old operators When it was drilled through the 30-foot and third sands no oil was found, and the owner decided to go deeper. Yesterday, the owner decided to go deeper. Yesterday, at a depth of 1,830 feet, a sand was tapped, and a little gas began to come to the surface almost immediately. It was only a short time until the hole filled up 400 feet with oil, and the well was shut down. This new sand is 500 feet below the 100-foot, and 150 feet below the fifth sand. Whatever it may be it contains oil, and may prove a revelation to the operators in that locality.

Patterson & Sohn's Zucker farm well which is 1,450 feet southeast of the Kessler is 30 feet in the 30-foot sand and has 1,700 feet of oil in the hole. They are moving back the boiler.

A GOOD SALE

Of Residence Property on Murray Hill Avenue - An Unusually Large Number of Building Permits Issued-Current Gossip and Latest Sales.

MONDAY, Nov. 28. A very good sale of residence property on Murray Hill avenue has just been consummated. W. C. Stewart sold for Mrs. Mary Eva Stewart another one of those Murray Hill avenue houses and an adjoining lot, which has a frontage on the avenue of 40 feet by 175 feet in depth, for \$18,500. The purchaser will improve the lot at once. Some very fine residences will be erected in this vicinity in the spring, as building lots this vicinity in the spring, as building lots have been selling at a very rapid rate lately to parties who contemplate building as soon as the weather permits.

It was rumored to-day that the Irwin property, a tract containing about 186 acres, adjoining Milivale borough, had changed hands. Messrs. Lamb & Dixon, who are engineering the deal, denied that the property had been sold, but said that the transfer would likely occur before a great while.

A Little Gossip. Another good sale on Liberty street was closed to-day. The property is in close proximity to the realty sold a few days ago by Black & Baird for Mrs. Foster, and, though having a smaller frontage, brought

equally as good a price.

An elegant residence is being built by H.

M. Curry, Esq., on Homewood avenue, East
End. The mansion, which it eventually
will be, will cost \$100,000; it will be fireproof,
and when completed will be one of the
handsomest residences in this locality. Building Permits.

The following permits were issued to-day: S. E. Dresser, a two-story frame dwelling and shop, Flowers avenue, near Hazelwood ivenue: cost \$4.000. John H. Rice, a twostory brick dwelling, Morningside avenue, corner Mathilda street, \$950, William A. Watkins, a two-story frame dwelling, Collins avenue, between Hoover and Bond Into avenue, between Hoover and Bond street; cost \$2,550. John Griffith, four two-story dwellings, Herr street, near Robinson street; cost \$3,600. W. H. Denniston, five two-story frame dwellings, corner of Frankstown avenue and Jarrett street; cost \$5,000 for all. Denniston, Eldreich & Co., three two-story frame dwellings, Beliefonte street, near Elisworth avenue; cost, \$6,000 for all. Mrs. Mary Dunn, a two-story frame dwelling, Sheridan street; cost, \$2,000. Herman Ketzer, a two-story frame dwelling, Fitty-seventh street, near Duncan street; cost, \$600. Mr. Connelly, a frame addition, rear 4804 Dearborn street; cost, \$400. Mrs. Mary Kaufman, two-two-story frame dwellings, Stanton avenue, near Highland avenue; cost, \$8,000 for both. John A. Warden, a three-story frame dwelling, College avenue, near Elisworth avenue; cost, \$3,000. Peter Leish, a two-story frame dwelling, Fairmount avenue, near Penn avenue, near Winebiddie avenue; cost, \$1,000. Mrs. George Jayne, a two-story irame dwelling, Fairmount avenue, near Penn avenue, cost, \$1,675. k. G. McMillan, a two-story brick dwelling, Boquet street, near Frazier street; cost, \$4,500. B. F. Ferree, a one-story frame office, Frankstown avenue, near Garritt street; cost, \$1,000. T. M. T. McKennan, a two-story frame office, Frankstown avenue, near Garritt street; cost, \$1,000. T. M. T. McKennan, a two-story frame dwelling, Arabelia street, corner Denniston avenue; cost, \$7,705. William H. Price. street; cost \$2,550. John Griffith, four two-

frame dwelling, Arabella street, corner Den-niston avenue; cost, \$7,975. William H. Price, a two-story brick dwelling, Rural street, corner St. Clair street; cost, \$3,000. Late Sales. W. A. Cole sold for I. H. Aaron a two-story pressed brick house of 16 rooms, with all modern conveniences, on a lot 25x76 feet, situate on South Thirteenth street, Twentyeighth ward, for \$5,300 cash.

Baxter, Thompson & Co. sold to Dr. J. F. Baxter, Thompson & Co. sold to Dr. J. F. Carson, a lot on Amanda street, Brushton station, size 25x140 leet, lor \$500 cash.

A. Z. Byers & Co. sold tot No. 149 in the Mayfield plan, Tenth ward, Allegheny, fronting 40 leet on Perrysville avenue and extending through 197 feet to a 20 foot alley, to D. H. Mangan, 107 \$1,500.

Black & Baird sold to John Phelps, lot No. 28, and one-half of lot No. 25 in the plan of Valley View Place addition, for \$400.

John K. Ewing & Co. sold to Edward P. Johnston for F. G. Rohrkaste, a lot 20x100 on Howard avenue, Tenth ward, Allegheny, Howard avenue, Tenth ward, Allegheny, for \$250 on monthly payments.

TRADE RATHER SLOW.

Light Demand and Gloomy Weather Make Monday Unusually Blue-Grain Firm and Higher and Other Staples About Unchanged.

MONDAY, Nov. 28. Business was dull and featureless in Monday quietude being intensified by the gloomy, threatening weather. Grain continued to show strength, but other staples were unchanged. The butter market continues in a ver-

active condition, receipts of choice quality for some time past not being up to requirements. Especially is this the case with creamery, which has a steady demand at improving prices. Fancy country and dairy goods also wanted, with present indications favoring a higher range ere long.

Live chickens are good stock now and so are ducks, but there is little or no call for turkeys and geese. The market last week was overstocked with dressed poultry. Considerable was left over, and at present there Cabbage continues to come in pretty

raterism & Soliest southeast of the Kessler is 30 feet in the 30-foot sand and has 1,700 feet of oil in the hole. They are moving back the boiler.

Two Sistersville Producers.

Sistersville—The Thistle—Farm Oil Company has finished up its No. 2 Thistle and it is showing for a good well. Their No. 3 is due to-morrow.

The Kanawha Oil Company's No. 5 Ludolph is in; and is good for 200 barrels a day.

The Gauges Yesterday.

The Gauges Yesterday.

The production of McDonald was 20,000 yesterday, 500 more than the day before; two oil oil Company's No. 2 Scott, 80 per hour; Kaox & Co.'s No. 2 Scott, 85 per hour; stock in field, 48,000.

The runs from the Sistersville field were 11,362 barrels on Monday.

Runs and Shipments Saturday.

The runs of the National Transit Company were 26,461; shipments, 53,779; Southwest runs from McDonald were 13,321; outside of McDonald, 9,084; total, 23,005; Buckeye Pipe Line runs from the Macksburg field, 7 even. freely, but good solid stock finds ready buy-
