PRINCETON'S TIGERS,

The Famous Football Team May Come to This City Next Saturday to

TACKLE THE EAST ENDERS.

Greggains and Costello Make the Eastern Sports Very Weary.

TESTIMONY IN THE BURNS SUIT.

Result of the Guttenberg Eaces and the Favorites Win.

GENERAL SPORTING NEWS OF THE DAY

Manager Barbour, of the P. A. C. footbail team, stated yesterday afternoon that he is making strong efforts to have the famous Princeton team play the P. A. C. team at the East End next Saturday. Mr.

"All of the Princeton players are willing to come here and play us next Saturday, but some of the faculty object. One or two of our members had a conversation with two or three of the faculty at New York Thanksgiving Day, and the faculty members were convinced that it would be beneficial to the university if its team would come here. This is becoming a thorough Yale city, and the Princeton people should do something to make themselves popular here."

Manager Barbour went on to say that if the Princeton team can be secured for a game the P. A. C. will have an exceedingly strong eleven to face them. Doubtless if the Princetons can be secured their appearance here will be one of the greatest local tootball events in the history of the game. With suitable weather the attraction would be one that would fill the park of the P. A. C. with an enthusiastic crowd.

There was also a conference yesterday afternoon between O. D. Thompson, of the Three A's, and Manager Barbour. The object was to try and arrange a game between the two teams to take place before the season entirely closes. Nothing definitely was done. Mr. Thompson stated that he would submit the matter to the directors of the Three A's and would size Mr. Record th of the Three A's and would give Mr. Bar bour a definite answer in a day or two. The feeling in favor of the two local crack teams playing another game is growing stronger every day and it is likely that a centest will be decided on.

Manager Barbour expects to hear from the Princeton faculty to-day. If a game cannot be arranged with the Tigers for this season Manager Barbour is confident that one will be arranged for next year.

A WONDERFUL BATTLE.

Greggains and Costello Are More Than Four Hours in the Ring. CONEY ISLAND ATHLETIC CLUB, N. Y., NOV.

28.—The attendance at the athletic contest at the Coney Island Athletic Club to-night was remarkably slim. There was not wanting any enthusiasm even though the crowd was small. The entertainment opened with a ten-round contest between Danny Mc-Bride and Con Ponovan. McBride knocked a ten-round contest between Danny McBride and Con Donovan. McBride knocked his opponent out in the fifth round and received a purse of \$400. Time, 17 minutes.

The event of the evening, the contest between Costello, of Buffalo and Greggains, of San Francisco came next. Early in the day the betting was 5 to 4 on Costello, but toward evening the odds grewless as it became known that Greggains was in good shape. At the ring side the betting was 100 to 80, with lots of money to place at that. Then it went to 100 to 90 and then there were not many takers. This was the status of affairs when the master of ceremonies announced that the bout between "Aleck Greggains, of San Francisco, and Martin Costello, of Buffalo, N. Y., would be a 20-round contest or more." Greggains' seconds were Martin Murphy, of San Francisco; Johnny Murphy, of Boston; Howey Hodgkins, of Boston, and Mike Cooney, of Boston, timet. Costello's seconds were Billy Deianey, Corbett's trainer, Joe Choynski and Jimmy Carroll; Jack Sheehan, timekeeper. Both men weighen at ring side at 155 pounds, and when they stepped into the ring they looked the pictures of mauly perfection and without an ounce of superfluous flesh on either of them. Immediately upon their appearance there was loud applanes from every side of the house. It was 10 o'clock when they entered the ring.

The first ten rounds were comparatively

tenth round honors were even and both men frosh.

The fighting up to the 20th round was much brisker and Costello fought with vigor. Greggains stood off his rushes well. In the 20th round Costello caught Greggains twice in the stomach, Greggains going down twice, but the punishment was not severe.

twice in the stomach, Greggains going down twice, but the punishment was not severe. From the twentieth to the twenty-eighth round Greggains began to take the lead and fought with remarkable judgment. Several rounds were so tame that huch unfavorable comment was caused.

When the thirty-third round had been reached Greggains had much the best of it and in the thirty-sixth round Costello showed with renewed strength. The next three rounds were tame, but in round 40 Costello forced the fighting and hammered Greggains' nose till the blood covered his face. The round ended by Greggains scoring the first knockdown of the fight.

The fighting was varied up to the fiftieth round, when Greggains once more took the lead. In the fitty-first round Costello was knocked clear down and took his full 10 seconds in order to get a rest. For the next four rounds there was no fighting and the crowd-yelled: "Fighti fight"

At the sixty-second round the lights went out and many of the audience were asleep. There was no fighting; the principals were simply walking round the ring. In the sixty-third, sixty-fourth and sixty-fifth there was no fighting, except that Costello got a blow in on Greggains' stomach in the sixty-fifth round. It was rumored that Costello land broken his hand and could not force the fighting. In the sixty-sixth and sixty-seventh rounds not a blow was struck. The affair was still going on when this report closed.

TESTIMONY AGAINST BURNS

A Host of Witnesses Tell of Tommy's Bad

Management of the Local Team. Testimony was taken in this city yester day relative to the suit of ex-Manager Burns against the local baseball club. Attorney Crawford represented the local club and Attorney Sherman, of Chicago, represented Attorney Sherman, of Chicago, represented Mr. Burns. During the morning F. Baldwin, M. E. Baldwin, T. S. Fullwood, W. Locke, G. G. Thornberg and J. D. Pringle all testified. Their testimony was to the effect that the ex-manager was incompetent as a manager, and that he not only allowed gambling among the players, but gambled with them: also that he was in no condition to play ball while in Pittsburg. Mark Haldwith them: also that he was in no condition to play ball while in Pittsburg. Mark Baldwin further expressed the opinion that no team of ball players were under good discipline who were allowed to gamble.

During the afternoon George Miller stated that he was appointed captain of the team as soon as Mr. Burns took charge, although the latter was engaged to captain the team. Elmer Smith certified as to the carelessness and indifference of the players and Mr. Burns when the latter was manager. President Buckenberger also testified as to the incompetency of Mr. Burns as a manager, and so did Secretary Scandrett.

During the giving of the testimony it was strongly pointed out that an extensive system of card playing and "craps" prevailed among the players during Mr. Burns' management.

other testimony will be taken at Washing ton, where President Young will testify, and at Boston, where Charley Farrell will tell how he lost about \$200 to Burns by mid-

night eard playing. Miller pointed out time Burns sometimes played "craps" till 3 o'clock in the morning. Harry Stevens also estified as to Burns' gambling at late hours with the players.
Secretary Scandrett left for Washington last evening, and Burns will stay over in the city for a few days.

TALCOTT'S VIEW OF IT.

He Talks About the Financial Diliculties of the New York Club.

NEW YORK, Nov. 28 .- E. B. Talcott has some emphatic ideas regarding the action that should be taken by the New York base ball club. Spesking of the situation he said:
"The first thing to be done is to put the club on a solid financial basis, and that must be done with as little delay as possi must be done with as little-delay as possi-ble. We owe our players salaries and they should be paid with promptness. The pur-ting out of seven months' notes to the play-ers was a mistake. Just as soon as we hold a meeting I shall press the matter of paying off the club's indebtedness. Of course, it would be unjust to expect a few stockhold-ers to shoulder the entire indebtedness, and the first thing to be done is the fixing of the responsibility of the stockholders. If all the first thing to be done is the fixing of the responsibility of the stockholders. If all are willing to come forward and stand their share of the indebtedness, well and good; but if a large number of stockholders continue to show the same indifference as here-tofore, vigorous measures will be taken to put the club in a position where justice can be done. Just as soon as the affairs of the club are placed on a rational basis then the players must be paid every cent that is due them."

P. Kimmell, of the Pittsburg Athletic Club, was thrown in eight minutes 13 seconds by J. Moneypeny, of the Philadelphia Swimming Club.

Will Play in St. Louis. Jack Glasscock, the famous shortstop, was in the city yesterday and had a conference with Manager Watkin, of the St. Louis Base ball Club. After the conference the manager stated that Giasscock was willing to play in St. Louis next year, and that he would sign a contract as soon as one was forwarded to him. To a Disparch repre-sentative Glasscock said he would be pleased to play in Pittsburg if the people are not opposed to him.

There is much talk to-night about the contest. The feeling against Kolb among the members about the hotel is very bitter. They charge that Kolb is only seeking to keep his name before the public. Politicians, as a rule, do not think that Kolb will attempt to do anything or inauguration day. THAT BREWERY COMBINE.

St. Louis Parties Insist It's True, While Milwaukee People Call It an Ad.

Sr. Louis, Nov. 28 .- Notwithstanding denials from Chicago and St. Louis, there a is general feeling here that the proposed consolidation of the largest four export breweries of the United States is a sure thing. While the local brewers cannot account for the statement of the Schiltz peo ple of Milwaukee, that there is nothing in it, they call attention to the fact that the denial from Chicago by President Cooke, of the Cooke Brewery, is of no effect. "The consolidation was to be one of the largest four breweries manufacturing beer for ex-port," said a local brewer to-day, "while Mr. Cooke speaks only for those who brew for home consumption."

for home consumption."

A dispatch from Milwaukee says: The brewers of Milwaukee indignantly deny the statements from St. Louis regarding a consolidation of breweries. They characterize the whole affair as an advertisement, sent out for a certain St. Louis brew. ery, tending to show that this brewing company manufactures more beer than any other in the United States. To substantiate this judgment the brewers refer to the attempt to lay great stress on the compara-tive output of the three large breweries, which would have but little to do with a bons fide statement.

COST OF ELECTIONS.

A Michigan Committee Admits Under Oath That It Spent Over \$40,000.

LANSING, MICH., Nov. 28 .- [Special.]-It must have cost Senator McMillau an independent fortune to elect John T. Rich Governor of Michigan. In a statement filed with the Secretary of State to-day the Senator, as Chairman of the Republican State Central Committee, swears that the expenditures of the committee during the late campaign was \$40,643 32. No itemized account of the expenses is given, but of course nothing were paid out in controver-tion of the strict provisions of the new elec-

The cost of the campaign to the Republicans being now known, conjecture will probably be indulged in as to the proportion of the \$40,000 which Senator McMillan himself bore. Popular report has it that he and Senator Stockbridge contributed over two-thirds of the money required to yun the campaign, and reliable figures printed several weeks ago, showing the un-precedented and scandalously small amounts contributed by other Republican leaders would seem to indicate that the popular estimates fall below rather than exceed the
