A THUNDER STEALER.

Talk of Placing Gourley on the Republican Ticket for Controller, TO SHUT DEMOCRATS OUT.

Many Favor the Scheme, but Senator Flinn Says It Won't Do. A NEW CANDIDATE IS A PREACHER

George Miller Formally Sworn in as Revenue Collector.

POLITICAL CLEANINGS OF ONE DAT

A surprising political proposition was made yesterday. It was that Mayor Gourley may be nominated for Controller on the Republican ticket.

Relative to the Mayor's nomination by the Democrats for Controller and the apparent desire of certain politicians to exact pledges from him in return, a political insider yesterday submitted some history of the party, showing that, while heretofore Republicans have been indorsed on the Democratic ticket, they have never been asked to pledge themselves to its support.

In 1867 the Democratic Convention that nominated Mr. McKenna, cordially and unanimously indorsed both Morrow and Dennison in the following preamble and resolution.

WEEKEND. The last City Convention of the Democratic party of Pittsburgh unanimously indorsed the nomination of E. S. Morrow for City Controller, and Major J. F. Dennison for City Treasurer.

No Pledges Asked From Candidates. This was their second indorsement. In 1870 they were again indorsed by a Democratic Convention for the same reasons and without conditions or pledges of any kind, and at each indorsement these gentlemen were the nominees of the Republican party and pledged to its support.

GEORGE MILLER SWORN IN. Chief Bigelow Speaks Pointedly About Appointing His Successor.

George Miller will tomorrow morning open up the office of Internal Revenue Collector with full power to act. At 4 o'clock yesterday afternoon he was sworn into the Government service by Clerk of the United States District Court Lindsey. Two hours later the transfer of the stamps, records, schedules and other official documents of the office was completed and the keys of the office placed in the new Collector's charge.

Mr. Miller's resignation as Superintendent of the Water Assessment Bureau will be on Chief Bigelow's desk tomorrow morning. The Chief returned from the East yesterday. He declared he has not yet decided who would be Mr. Miller's successor. Several names, including those of two ex-mayors of the city, were suggested as having been frequently mentioned in connection with the appointment. "Well, I can assure you it will be neither of those gentlemen," was his reply. "I will take my time about selecting the new man."

Arrangements for the banquet of the Ninth Pennsylvania Reserve Association have been fully completed and a big success is anticipated. The supper will be served in the old post building. Covers will be laid for 200 persons, and a fine list of toasts has been prepared.

Frank Dillinger, secretary for Chief Train Dispatcher Charles Culp, of the Pennsylvania road, has been made dispatcher of the southwest branch. H. C. Bixler takes his place with Mr. Culp.

FREE BRIDGES AGAIN.

The Committee to Meet to-morrow—Purchase of Old Bridges and Construction of New Ones to Be Discussed—The South Twenty-second Street Site the Favorite.

The Free Bridge Committee is to meet to-morrow afternoon. The special object of the meeting is to hear the reports of sub-committees appointed some months ago to select available sites for new bridges and ascertain what it would cost to buy the present bridges to the Southside. The latter committee was ready to report six weeks ago, and the figures it procured were published. For some reason the other has held back. The activity developed at the last meeting which seemed to promise an early settlement of the question has died out, and for weeks nothing has been heard of free bridges.

MONEY FOR SPEED. But the People Have No Time for Show, but Well-Bred Horses.

Gilbert Curry, a Nashville horse breeder, registered at the Monongahela House yesterday. He was on his way to New York to attend the winter sales. He says the business has been overdone, and people are as anxious to get out as they were to jump in.

DO NOT CLOSE DOWN. The Edgar Thomson Steel Works at Braddock Are Still Working.

The Edgar Thomson Steel Works at Braddock were not closed down for the annual repairs yesterday as announced, but will run until next Wednesday. A large order to be delivered immediately was received, and it could not be turned out last week.

Package Postage Reduced. Postmaster McKean was notified yesterday that on and after January 1 the fee for registering mail matter will be eight cents instead of ten cents a package, as heretofore. This action is taken under the order issued by the Postmaster General on December 5.
