Look To-Morrow For Our Doll, Toy, Silver, China and Bric-a-Brac Advertisement.

The Christmas stock of Furniture is the proudest monument we have ever erected. The vastness at first concealed, became arranged on six floors, expands more and more to the eye as you visit and contemplate its splendor and beauty. There's no gothic, irregular tracery of the ancient fathers, but new and modern conceits of masterly intellect.

No Difference What Prices Or What Terms Others Quote We Will Do Better

If we should judge from the pretty designs of our Colossal Carpet and Rug Display we would say that the intellect of the carpet world had for years been stored and cultivated, but had now burst forth into an army of unique, progressive and refined ideas. The pretty floral designs have a depth of tenderness and a refinement and exaltation such as the carpet buyer has never before known.
