Such contest is for \$200 a side, or, in other cords, the total stakes amount to \$1,000 a ide. Previous to vesterday's contest Fulerd had won two, having been the victor in soth the Kansas City and Indianapolis conests. As a consequence he was favorite for resterday's event. There was little or no etting, as nobody was inclined to back

Elmer E. Shaner was referee and Jim Grow was trap-puller. Both performed beir duties well. C. M. Hostetter was mudler for Fultord and Elmer E. Smith for Elliott. The last named shot in excellent m after the first 25. He had five misses in the first quarter, but in the next 75 birds e only missed two. At the end of the first 5 he was two birds behind, but at the end of the next 25 he was one in the rear. In the second 25 Fulford had three misses. In

the second 50 Elliott killed every bird. His form was really first-class.

The birds were tolerably fair. Some of them were very strong and left the trap like demons. Fulford was not quite at home with these customers. He also had difficulty in downing birds that took an upward our and couldn't very well be missed. outest was a good one and those who managed it deserve credit for the way it was

The men will shoot to-morrow at Willamsport, and will end their series of conests at Harrisburg on Monday. It Elliott tins again to-morrow, matters will be very steresting. It Fulford wins a majority of he contests. Elliott says he will make anther match to shoot him as soon as he desires. Following is the score of yesterday's contest, the figure "2" denoting that the bird was killed with the second barrel:

STAMBOUL'S RECORDS.

Reason Why He May Not Likely Be Cred-

ited With Them. NEW YORK, Dec. 22.-In the discussion over the low price realized for the stallion Stam-boul, the fact is developed that both Stamboul and Kremlin are not likely to get their big records of this full. Secretary Steiner, of the American Trotting Horse Register, has announced that according to special reports received from the National Trotting Horse Association, all performances from October 13 to November 27, inquisive, at Stockton, will probably have to be rejected on account of their not being in accordance

on account of their not being in accordance with the rules adopted in April.

Steiner is reported to have said that the performances of Kremlin at Nashville would have to be thrown out, as well as those of Stemboul if the rules adopted in April were enforced. This would put Kremlin back to his race record of 2:115, and Stamboul to his rece record of 2:115, and Stamboul to his record of 2:11. made instyear, thus leaving the dead Palo Aito, 2:085, the king of the trotting turf. Neither association had enforced all the April rules, which stipulate that there must be races on the same day that the performance must be advertised, and that the start must be made pefore 10 o'clock, and it remains to be seen what will be done.

WATKINS HAS NERVE.

be done.

He Puts in a Claim for Pitcher Barnett

Claimed by Pittsburg. Manager Watkins, of the St. Louis ball club, has written Manager Buckenberger that he, Watkins, has accepted the terms of Pitcher Barnett, claimed by the Pittsburg club. This piece of news was exceedingly interesting to Mr. Buckenberger simply from the fact that Watkins had no right whatever, according to baselall law, to make overtures to Barnett.

Manager Watkins had not the name of Barnett on his list submitted to President Young, nor has Manager Watkins at any time put Barnett's name to his list. The time put Barnett's name to his list. The Pittsburg club, on the other hand, some time ago notified President Young to put the name of, Barnett on the Pittsburg list, and President Young du so. He notified the local club to this effect, and that means that ro other club in the League had a right to approach Barnett.

It may be that Manager Watkins expects to secure Barnett by the nid of the League "combine." If the latter has to deal with it Pittsburg need not hope to get anything at all.

CHANGING HIS GAIT.

Mr. McCormick Trying to Make the Pacer Dallas a Trotter.

Mr. M. McCormick, owner of Dallas, the famous local pacer, is making efforts to convert his horse into a trotter. During a conversation yesterday Mr. McCormick said: "I mave Dallas on a farm at Latrobe at present, and he has commenced trotting without any teaching or training. When in the field he trots and shows remarkable speed. I have made my mind up to try and make a trotter of him. It I can succeed and he shows good speed I will consider myself a very lucky man."
