ANOTHER REVOLUTION IN CANADA.

We have reports of an outbreak which has occurred in Canada between the authorities and the laborers on the Lachine Canal. Other rumors state that the Patriots have risen in Canada, and taken possession of Toronto, some forty of whom were killed at the first outbreak.

From the fact that Canada has long been ripe for an insurrection, we have no doubt that there is some truth in these reports. The first report we copy from the New York Sun, which says:—

"The facts, as near as we can gather them are, that the laborers who were recently discharged for their interference at the Montreal election of a member of Parliament, assembled in great numbers on Wednesday or Thursday, and commenced the work of destruction and bloodshed by destroying the works, attacking the contractors, and beating the overseers. The military were called out, and marched to the scene of carnage and bloodshed. As the companies approached the rioters, symptoms of disaffection were manifested in the ranks, but concealed from the officers. The spirit of revolt gradually spread among the army, and being drawn up before the rioters, on receiving orders to fire, the soldiers grounded their arms! declaring their unwillingness to fire. The utmost consternation prevailed among Her Majesty's officers of the higher grades; while the subordinates united with the revolutionists, and ordered the temporary seizure of all who would not join in the revolution."

Such are the facts, as near as we have been able to collect them from gentlemen of respectability, who had just arrived from the frontier. We confess the story is rather improbable.

The following is from the Pittsburg Chronicle of Saturday, 25th ult.

"We heard a report last night, founded upon information said to have been received by a gentleman in this city, who has a son residing in Toronto, U. C., that there had been a fresh outbreak at Niagara, U. C., between the Patriots and the civil authorities. The Patriots had been making some movements which the civil authorities did not like, and the troops were called out, and the Patriots dispersed for the time, only it is thought for the purpose of organizing to make resistance. We give the above as a rumor, having no certain information."

NATURAL CURIOSITY.—The Owego Gazette of last week says:—

We have been shown by the Messrs. FRITCHARDS, of Flemington, in this town, a remarkable Lamb—having, in all respects, two perfect bodies, separate and distinct, to the fore legs, where they unite in one—with two regular sets of limbs; and but one head, one set of eyes, ears, &c. Upon opening it, it was found to have one heart and four kidneys.

"Keep it before the People," says the Baltimore Republican, that in 1840, the Federal Whig party declared that the President's mansion was more splendidly furnished than that of any European potentate—and no sooner had they elected their log Cabin President, than they voted an appropriation of six thousand dollars to add to the splendor of the place.

RIOT AT DANVILLE.

There was quite a serious riot at Danville, Livingston county, N. Y. a week or so since. The people wanted authority from the Legislature to connect a basin they had formed with the canal. Senator Faulkner, who owned lots in the town that would be damaged thereby, defeated their proposition in the Senate. The people then went to work and cut a sluice without law, and when Mr. Faulkner returned to his constituents at Danville, the church bells were tolled, and every manifestation of displeasure with his course was given. When the State hands proceeded to fill the sluice, they were driven off by the villagers. They returned, and were again forced to abandon their attempt; and the villagers, so far successful in resistance, proceeded to aggression, and assembling some three hundred strong, cut through the corner lots of their Senator, and made a union between the canal, and their basin and sluice.

THREE WOMEN DROWNED.—We regret to learn that a sad accident occurred upon the Ohio river, about forty miles above Smithland, and near the mouth of Tradewater, on the 5th inst., by which three women lost their lives. They were attempting to cross in a small boat; the river being quite rough at the time, the boat sprung a leak; when they found the water gaining upon them, they paralyzed their exertion, and they sank without an effort to save themselves. All the bodies have been recovered.

CHEAP PROPERTY.—A deed has been recently recorded at the City Hall, New York, transferring the City Hotel, which was once sold for two hundred thousand dollars, for the consideration of one dollar "in hand paid." This would appear a grand decline in the price of Real Estate, but it is necessary to add, in order to a clear understanding of the subject, that John Jacob Astor, Esq., the grantor, is grandfather to the grantee Mrs. B.

Died. In Canton, Bradford county, Pa., on the 17th of April, Mrs. HANNAH PRATT, wife of David Pratt, in the 78th year of her age.

Her funeral was attended on the 19th, by a concourse of relatives and friends, who were appropriately addressed by M. Hurlburt, in a discourse from Rev. xiv. 13. She was followed to the grave by about forty children and grandchildren who lament the loss of a pious and affectionate parent. About 40 years she had resided in the place where she died. She was more than 50 years a devoted Christian, and member of the church in the Baptist connection, and more than 60 years she had lived with the husband who now mourns the loss of a devoted But she "rests from her labors," and her weeping friends derive comfort from the reflection that her work is well done. She has left them a rich legacy in the remembrance of her devout prayers and her pious example. So may we live the life of the righteous that our last end may be like hers.
