THE METHODIST GENERAL CONFER-ENCE—Bishop Andrew Deposed.—Our readers are aware, that a very exciting question, and one which threatened the peace and harmony of that Church, has been before that body for a week past. The question was in relation to Bishop Andrew's involvement on the holding of slaves, and his presumed unfitness for the Episcopal office in consequence. -The question has been met in various forms, and the Episcopacy unanimously recommended its further postponement until the next General Conference. On Saturday morning Bishop Hedding withdrew from that recommendation, the other Bishops confirming their former sentiments.-The Conterence, however, by a vote of 110 to 68, passed the resolution virtu- agents published in another column of ally deposing Bishop Andrew from

At a meeting of the "Jeffersonian Associa tion of Wysox; Pa.," in the Academy, on Tuesday evening, June 11th, a constitution was reported by E. W. Morgan, which, on motion of V.E. Piollet, was adopted, and the Association fully organized by the election of officers.

Resolved, That we hail with welcome the and have it, the Coons will take nomination, by the Democratic National Convention, of JAMES K. POLK and GEORGE M. DALLAS for the first honors of our country-darling names of the democracy in which we recognize a true presage of its triumph; that unlike the federal whig chieftains, who impersonate with equal facility directors of processions of rolled balls and enrolled men; and Dic-TATORS of principles which their party cannot resolve upon, or dare not avow before election; managers allke of the mummeries of dead coons and menageries of live ones-scene-shifters to the exhibition of puppet-shows and pictures for grown children, closing with "nigger" songs for "white slaves"—graceful presiders over Bible societies and bacchanal orgies—pious in vokers of " war, pestilence and famine' of temperance bottle-holders in a prize fight of stimulated passions—heroes of "a revolution bloodless as yet," in bonds to keep the peacepoliticians of no principles, " for the public eye," on a hook, and went directly to and of he worst, in prospective of a "generous confidence"—unlike these, we bail our candidates as worthy representatives of the principles of democracy, which does tts own thinking, and that too, "the sober, second thought"-men who are equally guarantees of the object of this Association, and securities against the dangers from the success of federalism, as set forth in

the preamble of our constitution, viz: The object of this Association is to maintain democratic principles, as illustrated in the life and writings of Jefferson, so as to aid in securing their ascendancy in the administration of public affairs. We desire to promote that unity of purpose & action among our brethren which will rally the entire democracy, as one man, to save, or rescue, our institutions from the control of federal whiggery, whose success, not disdaining the instrumentality of social dissensions and sectional prejudices fatally ominous to liberty and to union, must scourge the weak or the unwary with special legislation, corporations and monopolies. to enable cunning to defraud abor; burden the country with enormous expenditures, a national debt, a national bank, and endless schemes to create a splendid government for the benefit of classes and oppression of the people; and, finally, even endanger the integriecars, and, that failing to obtain ty and perpetuity of our beloved republic,

Excellent speeches were made by Messrs. E. O. Goodrich, of Towanda, Allen, of Orwell, Piollet, of Wysox, and Bishop, of Durel. The right spirit prevailed, that of inquiry and reason, in the light of which those of revel and song-singing must speedily evaporate.
