FOR POLK, DALLAS & SHUNK!

The following resolutions, reported ...by ULYSSES MERCUR, Esq., were adop...ted by the Committee appointed to re...port Resolutions:

Resolved, By the democracy of Brad...ford, in County Mass meeting assem...bled: That the great doctrines and ...principles of Democratic truth, are ...clearly set forth in that immortal Chart ...of Civil Liberty and Human Freedom, ...the Declaration of American Indepen...dence. The principles of the Demo...cratic party are the same now, that they ...were in 1776, and we are called upon ...by every consideration of duty and ...patriotism, to transmit unimpaired to ...posterity, those rich blessings which ...have been secured to us, by the trea...sure—the toil, and the blood of a for...mer age: and also by the superinten...dence of that protecting Providence, ...which has been to the people of the ...United States, in all their struggles for Liberty, a cloud by day, and a pillar of fire by night.

Resolved, That the General Government is one of limited and delegated powers, and has no right to exercise any authority not granted by the Constitution. Any attempt, therefore, by the General Government to interfere with the reserved rights of the states or the people, is an infraction of the Constitution, and at war with the fundamental principles of the social compact.

Resolved that the creation of a United States Bank, is the great leading measure of the Federal party at the present day. To the creation of such an Incorporation, by whatever name it may be called, we, as Republicans and Freemen, enter our solemn protest. To prove that it is unconstitutional, we have only to refer to the Constitution itself. That it endangers the public safety, we appeal to experience and the history of the past.

Resolved, That the distribution of the proceeds of the public lands, and the assumption of state debts by the general government, are Federal measures, destructive of the integrity and independence of the states, and unauthorized by any compact made with, or grant made to, the General Government.

Resolved, That we are in favor of a Tariff, based upon revenue principles, with such incidental protection, as sound discrimination with reference to all the great branches of National industry, will warrant.

Resolved, That we are opposed to a general and unrestricted system of internal improvement by the General Government; because it recognises a power not authorised by the Constitution.

Resolved, That the measures of the Federal party tend directly to the creation of a national debt, high taxes, a strong central government and an oppressed people. Democracy declares in favor of Government economically administered—asks that the people be lightly taxed, and is consequently opposed to those centralizing schemes which would destroy the sovereignty of the states, and the liberties of the people.

Resolved. That we deeply sympathize with Thomas W. Dorr in his confinement: and that every attempt which may be made to controvert that cardinal principle of Democracy, that a majority of the people may remodel their government whenever they deem another form more conducive to their welfare, should receive the united condemnation of a free people.

Resolved, That our distinguished guest, the Hon. James Buchanan, is most cordially welcomed by the entire Democracy of Bradford, and by the thousands this day assembled. Gallantly has he stood by the rights of the people, and vindicated the character and integrity of our common country in good, and in evil report. For his character and ability as a statesman, we triumphantly point to the archives of the nation, and the history of the past. His recent speech made in the U. S. Senate, upon the re-annexation of Texas, adds additional lustre to a fame and a reputation which belongs to the American people, and to posterity. And his views upon this question, as well as upon the occupation of Oregon, meet with the hearty concurrence of this meeting.

Resolved, That the election of James K. Polk and George M. Dallas, in the estimation of this meeting, will be a triumph of Republican principles, as understood and practiced from the Revolution to the present time. Their character, personal and political, are fully commensurate with the high and solemn duties for which they have been designated by the American people.

Resolved, That Francis R. Shunk is a patriot without guile, an able statesman of the republican school—an accomplished scholar, and "last but not least," an honest man. We hail his unanimous nomination by the Democratic freemen of Pennsylvania, in place of the lamented Muhlenburg, as a sure harbinger of a splendid and decisive victory to the great doctrines of equal rights and democratic principles. In the triumphant election of Mr. Shunk, Pennsylvania will stand before the world upon her ancient platform of Truth, Liberty, and Independence.—And we hereby pledge ourselves to our brethren throughout the state, to give him an increased Democratic majority in Bradford.

Resolved, That David Wilmot Esq. is justly regarded as a gentleman whose integrity of character, talent, and sound democratic principles, entitle him in an eminent degree, to the confidence and united support of the Democracy of this Congressional district.

AN INCIDENT.—On Tuesday, while the Democratic Mass Meeting was being held here, some of the coons alleged that a considerable portion of the multitude were whigs—and to shew their confidence in the assertion, they got out hand bills calling on all good and true whigs to rally, and meet in the Court house that evening to hear some coon speeches and coon songs.

Although the Democrats had been standing out doors the entire day, and had listened to speeches from several able speakers—it was announced from the stand, that they would be addressed again in the evening from the same place. At an early hour the court house bell rang for the coons. While the stand and the houses of Democrats were illuminated for the Democratic meeting on the square—the multitude thronged to the square in front of the Democratic stand to listen to democratic speeches—although the great mass had returned to their homes, there were nearly *two thousand* persons in attendance until a late hour at night—full of animation, enthusiasm and joyous hope. How different the scene among the coons in the court house!—*Fifty-two*, all told. A reverend coon, one who has grown grey in the service of the Federal cause, was called upon to address them. He rose with sadness on his brow, and commenced in dolorous strains an attempt to encourage the poor frightened covey; while dragging his speech along, he said he *knew* an anecdote, a *good* anecdote, well, tell it, said a coon; no, said the speaker, I never tell good anecdotes to empty houses.

MAINE ELECTION.—We have news from Maine sufficient to show that her Democracy have been gloriously triumphant at her recent election. Her indications are (says the Evening Post,) that Anderson, the Democratic Candidate for Governor, is elected by seven or eight thousand over his federal opponent and by three or four thousand over all others. The coons are thoroughly beaten nor can they charge this defeat to *General Apathy*. The *Boston Atlas*, (whig) says "the campaign has been carried on with vigor and spirit on the part of the whigs, and they have done all that was possible for them to do."

To my fellow-citizens of Bradford.

Desirous of having tested the views of the people on the subject of the tariff of 1842 I remain where I formerly announced myself in the hands of the people. Mr. Wilmot who stands at the head of the Towanda junto has been nominated in my opinion regardless of his hostility to the tariff, of 1842, although he has repeatedly in public meetings denounced it "*in principle and in detail*". On this question I now take issue with him before the people. My views upon that and other questions now agitating the public mind are already spread before you. On your decision upon so important a question depends in my humble estimation vital interests, to every tax-payer in Pennsylvania, of the greatest magnitude. The old Key-Stone State has the elements of great prosperity, notwithstanding her $40,000,000 debt, if her policy of self protection be rigidly adhered to. Whether my views of public policy would lead to her ultimate prosperity I leave for an intelligent people to decide.

I am respectfully,
DAVID M. BULL.

THE PRESENT SEASON.—It should be remembered at this season of the year, that our bodies are more liable to become diseased than at any other period, because the sudden changes of the weather, by acting as they do upon the constitution and quality of the blood, produce a foul state of the blood, and other fluids which generate corruption, and not unfrequently death. It is an established truth, that no pain or sickness can be experienced except from the presence of depraved humors, which, if not positively corrupt soon become so, if not speedily removed from the body. On the first feeling of pain or sickness the body must have a vegetable cleansing, in order to prevent fatal results. Wright's Indian Vegetable Pills are all that is required—they cleanse the blood from all impurities, remove all cause of pain or weakness, and preserve the constitution in such a state of health and vigor as casual change cannot affect.

☞ *Caution.*—As counterfeiters are abroad, avoid all stores of doubtful character, and be particular, in all cases, to ask for *Wright's Indian Vegetable Pills.*
