## The Victory Certain.

Returns have been received from States which have lately cast their votes for Electors for President, to testify every one of the certainty of the selection by the Electoral College, of JAMES K. POLK for President, and GEORGE M. DALLAS for Vice President, for the next four years. The following are the returns as far as certainly ascertained:—

|                 | Polk       | Clay       |
|-----------------|------------|------------|
| Pennsylvania    | 26         |            |

|                 | <b>170</b> | <b>105</b> |

But 138 votes are necessary to elect; and we think we may get Tennessee, which will give Polk and Dallas 91 majority of the Electoral votes.

What a change has come over the Whig party. But a few months since, confident in the election of him who had looked and grasped for years for the post which he bid fair to be elevated, the Whig party assumed a bold and insulting tone, towards the democratic party. But now the proud tone of the party is changed, and chagrin and dismay predominate in the whig ranks. Well may the democracy rejoice and congratulate one another that they have come out of the battle victorious. The last hope of the Whig party was centered on Mr. Clay. His friends, both personal and political, have brought every interest and every feeling that could be aroused to bear upon his election. No exertion which could be made has been spared. The country has been overrun with itinerant orators, recounting in set phrases, and rounded periods the praise of Henry Clay. The money of the purse proud bloated monopolists of the land has been spent to inundate the country with a swarm of tracts and pamphlets, to cover up the true source of their adherence to Henry Clay, and declaring Col. Polk as opposed to the interests of the mass.

But the democracy with their principles as a cloud by day, and a pillar of fire by night, to guide them onward, have the proud satisfaction of knowing that the voice of the people has spoken in their favor, and that the administration of the country for the next four years, at least, will be entrusted to men in whom every confidence can be placed, securing to our nation a glorious and impartial policy.

## Appointment by the Governor.

LUTHER KEDDER, Esq., of Wilkesbarre, late member of the State Senate, to be President Judge of the new judicial district composed of the counties of Schuylkill, Carbon, and Monroe.

SEYMOUR DARRIN, Esq., to be Sheriff of Bucks county, to supply the vacancy occasioned by the death of Thomas Purdy, Esq.

LOVE AND MURDER.—A serious affair occurred week before last, in Garretts county, N. C. One Franklin Harrison was murdered by a John John Craton. It seems that Craton had ingratiated himself with Harrison's wife, and was seriously disturbing his domestic happiness. Some difficulty was consequently in prospect between them. On the above day Craton attacked Harrison with a club, and striking him across the forehead, broke his skull. He lived ten or twelve hours and expired. Craton has thus far avoided the officers of the law. Mrs. Harrison has been committed to jail on a charge of having been an accomplice in the murder of her husband.

## Presidential Election.

TENNESSEE.—The returns from this state indicate that it may have gone for Polk & Dallas. Twenty-five counties give a gain of 2210 over the election of 1843, when Jones had 3833 majority. Fifty-four counties yet remain to be heard from.

LOUISIANA.—Partial returns have been received indicating that the State is democratic. The State is safe beyond question.

ILLINOIS.—Has gone with a rush for Polk & Dallas. We should not be surprised if the majority was 12, or 15,000.

MISSOURI.—Returns show a large gain over the August election, for the democrats, when they carried the state by 5,700.

MISSISSIPPI.—Democratic gain of 235 as far as heard from, since 1843, when there was a democratic majority of 3 or 4000.

DELAWARE.—Clay's majority in the State is 220.

MASSACHUSETTS.—Clay's majority over Polk is about 3,712.

MAINE.—Has gone largely democratic.

INDIANA.—Sixty counties heard from; the majority for Polk & Dallas in the state will probably be about 2000.

MICHIGAN.—This State contributes five electoral votes to swell the glorious majority of Polk and Dallas.

## FIVE MEN DANGEROUSLY STABBED.

A quarrel occurred at a coffee house, in New Orleans, on the 31st ult., between two along-shore men, named John Bradford and James Murphy, when Bradford severely stabbed Murphy in the head and neck with a dirk knife. Rosamond Chexneyder and Oscar Bertin, two officers of the Third Municipality police, in attempting to arrest him, were severally stabbed by him. Chexneyder in the abdomen, and Bertin in the right thigh. Jose Hernandez and Ferdinand Bonzon, two other officers, were also stabbed, Bonzon being cut in the left cheek, from his ear to his chin, and Hernandez in the abdomen. Bradford was arrested only when severely cut by a broadsword and overpowered by numbers. Hernandez lies in a precarious and dangerous state, and some doubts are entertained of his recovery. The wounds of the others, though severe, are not considered dangerous. Bradford is lodged in prison.

## MURDER IN PENNSYLVANIA.

The Pittsburg American, of Nov. 4, records the murder of Flavius Spencer, by two men whose names are O'Brien and Johnson, residing in Allegheny township in Armstrong county. O'Brien and Johnson were returning home from town, when they picked a quarrel with a man named Hileman, a friend of Spencer's, who came up at the time. Hileman appears to have been in danger of his life from these two, when Spencer interfered, at which one of them struck him several times, while the other came behind, and dealt him a blow in the neck which knocked him down, when one of them, it is not known which, jumped upon his head with his feet and broke his skull. He died almost immediately. O'Brien and Johnson fled. A reward, it is said, will be offered for them. Spencer is described as having been an innocent and inoffensive man. It occurred in the Narrows, about two miles below Kittanning.

## A VICIOUS DOG.

Last Saturday afternoon, in Baltimore, as we learn from the Sun of that city, a ferocious dog, in Granby street, near High, by some means got out of the yard and attacked a colored woman, who was so much injured as to be unable to walk home; she was taken to her residence in a carriage. He then walked into his master's house, where he found a lady and gentleman, both strangers. The lady was bitten, and the gentleman, a neighbor, was also much torn and lacerated as to be unable to walk home and lies in a very precarious situation. The dog was despatched, after having three shots fired into him, two by the husband of the lady who was bitten, and one by a police officer.

A PROMISE.—The election, with its absorbing questions having passed we shall have more time to pay to our miscellaneous literary readers, and we intend to make the Reporter second to no paper in Northern Pennsylvania in point of accuracy.

## BOAT SUNK AND TWO LIVES PROBABLY LOST.

The Norfolk Beacon states that a young man, named Jesse Edwards, with a boy about fifteen years of age, named Thomas Tucker, left that city on Sunday morning last in an open boat for the purpose of conveying two passengers to Hampton, and have not been heard of since. The boat was taken up on Wednesday, having been sunk about a mile from Parker's or Lambert's Point. It is supposed that the boat was capsized in the squall on Sunday night on their return to Norfolk, and Edwards and Tucker drowned.

PRaiseworthy and HONORABLE.—The Mayor of Louisville recently informed the Common Council of that City, that he has taken the responsibility to furnish the survivors of the ill-fated Lucy Walker with clothes and other necessities, required by the sudden and appalling accident that had occurred. The Common Council, on their first meeting, unanimously appropriated \$1000 to meet the contingencies referred to.

A SIGNIFICANT FACT.—Rhode Island—poor, abject, despised, downtrodden Rhode Island—is the only State in the Union in which Federalism has increased its vote since 1840. Gen. Harrison carried it by 1,977 majority. Mr. Clay has succeeded by 2,502, shewing a Federal increase of 525. We rejoice in this result. We are heartily glad that the Algerine despoilers of Rhode Island, the merciless persecutors of the patriotic Dorn, have recorded their preference for Mr. Clay. It is in perfect accordance with their principle—or rather want of it.

GOOD BUSINESS.—The Hallowell (Maine) Cultivator says the proprietors of the steamboat Penobscot, will divide from \$40 to \$50,000 from the steamboat business the present season. This is probably full 100 per cent, on the capital. The Penobscot runs from Kennebec to Boston.

The Portland Argus says the Charter Oak, which runs from Bangor to Boston, via Portland, has cleared \$25,000 during this season.

PRAIRIE ON FIRE.—On the evening of the 30th ult., a fire broke out in the Monucello prairie, a few miles back of Alton, Illinois, and raged with great fury. Many farms were over-run by the fire, and the fences, barns, out-houses and crops destroyed. The farm of Mr. Corey, the superintendent of the Monticello Female Seminary, was much injured, and all the buildings on it consumed except the dwellings. The light was visible at St. Louis, a distance of more than twenty miles.

UNFORTUNATE OCCURRENCE.—A young man named Scott, lately from Pennsylvania, was accidentally killed on Friday evening, of last week, by the bursting of a cannon at Mason, Warren county, Ohio. The cannon was being discharged to celebrate a political victory in said township. After putting in the load, the cannon was filled partially with clay that caused the explosion, a piece of folly that no man in his right senses could be guilty of. Scott was the man who applied the match.—He was killed almost instantly by a piece of the gun striking his breast.

BETTING ON ELECTIONS.—Apropos of betting, here is a specimen, from a Michigan paper, which is the best bet on the election we have seen. Some Yankee girl in offering to bet on Polk's election with any respectable, good-looking young man, as follows: "The stakes shall be the parties; if Polk is elected, I win, and marry the gentleman who bets against me; if he is not, the gentleman wins and marries me."

MAIN LINE.—The Commissioners for the sale of stock in the Pennsylvania Canal and Railroad Company, agreeably to the act of the last Legislature, met at the Exchange, Philadelphia, on Monday last, and fixed upon the 20th of January, 1845, as the day for exposing said stock for sale.

DR. TAPPAN, son of Senator Tappan, has brought an action for libel against the editor of the Pittsburg Spirit of the Age, for the publication of an article charging him with having robbed and afterwards shot Mr. Dill A. Smith.

BERGARY.—The dwelling of Mr. Wm. Kock, near M'Keansburg, Schuylkill county, was broken into on the night of the 1st inst., and robbed of money to the amount of \$270.

## News from all Nations.

The Whigs have boastfully said that they hoped that Gen. Jackson would live until Henry Clay would be elected President of the United States.—We fervently hope he may, and for once heartily join with the Whigs in their hopes.

A serious fire occurred at St. Louis on Tuesday, Oct. 29, which destroyed the buildings known as the Hope Mills. They were owned by Messrs. Sutton, Culver and Black. There was an insurance for \$6000, or less than half the loss.

The wonders of corn cutting will never cease. The other day a traveling chirpologist not only extracted a corn from a gentleman's foot, but actually succeeded in removing a "Buryan" from a bookcase, without the owners being aware of it.

Hon. John M. Clayton, in his speech at Wilmington, declared three times that the great question to be decided in November was "a question of BREAD"—he didn't speak of beef once, "roasted or raw."

Mrs. Keeley, whom many of our readers will recollect as the very clever English actress and ballad singer, who visited this country five or six years since, with her husband, has become the manageress of the London Theatre, Royal Lyceum, late the English Opera House.

Jerry S. Cowden, caught by one of the St. Louis police in the act of signing a batch of counterfeit notes, and \$10,000 of them found in his drawer, has been discharged, after a hearing of his case, by Judge Koum, of the Circuit Court.

Oranges were the staple of Florida previous to 1835, and some trees were known to be one hundred and fifty years old; but one night in the month of February of that year, a severe frost killed them all, since which this profitable tree has been lost.

A London directory shows a large number of streets having the same name. For example, there are 28 King streets, 20 Queen streets, 26 Charles streets, 3 Water lanes, 2 Water streets, &c.

SICKNESS.—It is useless to wrap the body in flannels to shield it from the pernicious effects of the easterly wind, if the blood is in a corrupt and diseased state. Active medicines should be taken at this season to drive corruption, in every shape from the body—and then, and not till then, can health be looked for. To effect this desirable object, no article is so fit as the justly famous Wright's Indian Vegetable Pills. No medicine yet discovered so completely eradicates from the system all injurious particles that have a tendency to prevent the healthful operations of the machinery of life. They cleanse the stomach, liver and other organs, and thus speedily restore the suffering patient to health and happiness.

For sale at the store of J. D. & E. D. Montanye, in Towanda, and by agents published in another column of this paper.

Caution.—As counterfeiters are abroad, avoid all stores of doubtful character, and be particular, in all cases, to ask for Wright's Indian Vegetable Pills.
