Universal Fame.

It is amusing to observe how little mankind know of each other, although the vanity of human nature whispers to every distinguished person, that his fame will one day be universal.

It happened once on a time, that an Israelite, an Egyptian, a Greek, a Turk, a Persian, a Chinese, a Frenchman, an Englishman, a German, an Italian, and American, met by chance at a caravan.

"The Israelites," said the Jew, "were the chosen people; therefore they must be the most true and virtuous of mankind."

"The Greeks," exclaimed the Athenian, "were the brightest race that ever adorned the world. Look at their laws, their literature, and their arts."

"Pooh!" cried the Egyptian, "you had nothing but what you stole from us. You were ignorant barbarians, and so would have remained, if your wise men, as you call them, had not come to Egypt to learn their A B C."

"By your leave," said the Persian, "the natives of Irak being the most ancient people of the earth, must have been the parents of all human knowledge."

"Hi Yan!" quoth the Chinese, "every body knows my nation is the most ancient, by at least forty thousand years; and that the foreign barbarians derived all their knowledge from them."

"Mashallah!" said the Turk, taking his pipe from his mouth—"Mashallah! there is no religion but that of Mahomet, and no knowledge but that of the Koran. The Israelites are tchouffours, the Christians are dogs, and there is no truth but among the followers of the Prophet."

"Peste-e!" cried the Frenchman, "there is nobody knows the true art of living but the French."

"There is no nation whose music is not tolerable, but the Italian," said the Neapolitan.

"The Germans are all philosophers," quoth the native of Weimar.

"Yes, but England, old England," cried John Bull, "is the country for roast beef and freedom, nobody can deny that."

"I do," exclaimed the Yankee—"The Americans are the only free people in the world."

"Mashallah! whence did you come from?" asked the Turk.

"From the New World."

"Never heard of it before," said the Turk.

"Nor I," said the Persian.

"Nor I," said the Egyptian.

"Nor I," said the Chinese. "I don't believe there is any such place."

"Nor I," said the Turk. "There is but one world, one God, and Mahomet is his prophet."

"What a parcel of ignoramus!" exclaimed the Yankee.

As it is impossible to settle the claims of nations by these loose generalities, the company proceeded to particulars, each bringing forward the greatest men and greatest achievements of his countrymen, in battle array, to support his pretensions to superiority.

"Was there ever so wise a man as Solomon, so great a poet as David, so great a warrior as Joshua, who made the sun still, or such a prodigy of learning as Rabbi Ben Hammeskend, who wrote beyond the comprehension of all his readers?" asked the Israelite.

"Did ever the world produce such a hero as Napoleon, such a poet as Voltaire, such tragic writers as Corneille and Racine, such a comic one as Moliere, or such a dancer as Vestris?" cried the Frenchman.

"Bah!" exclaimed the Englishman. "What do you think of Wellington, Nelson, Shakespeare, Bacon, Newton, Locke, and all that sort of thing?"

"They can't hold a candle to Arminius, or Kant, or Galt, or Schiller, or Goethe," said the German.

been for Greek warriors, philosophers, poets and sages, you all would have remained barbarous to this day. What think of Homer, and Eschylus and Sophocles, and Euripides, and Demosthenes, and Miltiades, and Themistocles, and ten thousand others, whose fame extends to the utmost ends of the earth?"

"Who are these blockheads talking about?" asked the Egyptian, the Chinese, the Persian, and the Turk, of each other.

"Talking of!" cried the rest, with one voice—"of the lights of the world, the children of immortality, the heirs of UNIVERSAL FAME!"

Logic and Patriotism.

The New York Knickerbocker furnishes the following good thing among a number of others. We copy the one for its logic, the other for its amusing absurdity:

The philosophical argument, cited elsewhere, by Professor Rush, touching the change which the human body undergoes every seven years, was turned to a good account the other day by an Irishman, who was endeavoring to prove to a Native American, that the postulate of his doctrine was altogether erroneous.

"I was a-walking in the Whip procession," replied the lad. "Well, I'll walk into you, if I catch you doing such a thing again—now mind I tell you." Scarcely a week afterwards, he committed the same offence again.

"What were you doing out so late last night?" said an Irish mechanic to his son, one morning during the late excitement.

"I was a-walking in the Whip procession," replied the lad. "Well, I'll walk into you, if I catch you doing such a thing again—now mind I tell you." Scarcely a week afterwards, he committed the same offence again.

WRIGHT'S VEGETABLE INDIAN PILLS. During the continuance of Storms and Floods, the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be

OVERWHELMED WITH THE FLOOD. In a like manner with the human body—if the Skin, Kidneys, and Bowels, (the natural outlets for USELESS AND CORRUPT HUMORS) become so obstructed as to fail in affording a full discharge of those impurities which are in all cases

THE CAUSE OF SICKNESS: we surely can expect no other results than that the whole frame will sooner or later be OVERWHELMED WITH DISEASE. As in the first place, if we would prevent an inundation we must remove all obstructions, to the free discharge of the superabundant waters. So, in the second place, if we would prevent and cure disease, we must open and keep open, all the Natural Drains of the body.

WRIGHT'S INDIAN VEGETABLE PILLS, Of the North American College of Health, will be found one of the best if not the very BEST MEDICINE IN THE WORLD for carrying out this beautiful and simple theory; because they completely cleanse the Stomach and Bowels from all Bilious Humors and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the Natural Drains are opened, Disease of every name is literally driven from the Body.

Caution—As the great popularity and consequent great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country agents and storekeepers who are travelling about the country selling to the unsuspecting a spurious article for the genuine. It should be remembered that all authorized agents are provided a Certificate of Agency, signed by WILHELM WRIGHT, Vice President of the N. A. College of Health. Consequently, those who offer Indian Vegetable Pills and cannot show a Certificate, as above described, will be known as impostors.

The following highly respectable Storekeepers have been appointed Agents for the sale of WRIGHT'S INDIAN VEGETABLE PILLS, and of whom it is confidently believed the genuine medicine can with certainty be obtained: BRADFORD COUNTY, PA. J. D. & E. D. Montanye, Towanda.

D. Brink, P.M., Hornbrook. S. W. & D. F. Pomeroy, Troy. Lyman Durfee, Smithfield. J. J. & C. Warford, Monroeton. Wm. Gibson, Ulster. Ulysses Moody, Asylum. John Horton Jr., Terrytown. Coryell & Gee, Burlington corners. Benjamin Coolbaugh, Canton. L. S. Ellsworth & Co., Athens. Allen & Storrs, Sheshequin. Guy Tracy, Milan. A. R. Soper, Columbia Flatts.

Offices devoted exclusively to the sale of the medicine wholesale and retail, 228 Greenwich street, New York, No. 198 Tremont street, Boston, and 169 Race street, Philadelphia. BEWARE OF COUNTERFEITS.—The public are respectfully informed that medicine purporting to be Indian Pills, made by one V. O. Falek, are not the genuine Wright's Indian Vegetable Pills. [No. 16m]

IMPORTANT INFORMATION. It is a prevailing opinion among the enlightened Physicians of our country, that Cancer is a mass of living animalcules, which have taken up their abode in the human system. No matter how small, or how low in the scale of animated nature, the individual composing Cancer may be, they were so tenacious of existence, that the knife or the most powerful caustic, are the only means by which they can be removed.

When permitted to remain, they never fail to multiply and spread to neighboring parts, committing the most frightful depredations, until death comes to the relief of their victim. Worms in children, may be considered somewhat analogous. If they are less fatal, they are infinitely more common; and if suffered to remain, produce consequences scarcely less alarming. If the testimony of medical writers is to be relied upon, they often produce mania, apoplexy, epilepsy, palsy, convulsions and many other diseases equally dangerous, and often fatal. But here the parallel stops, Cancer being one of the most obdurate diseases, with which physicians have to contend, while worms are easily dislodged by proper remedies. HERRICK'S VERMIFUGE, has proved one of the most valuable medicines ever offered to the public for destroying worms in children. Hundreds of cases might be enumerated, where it has produced the happiest results. It is a syrup, and therefore easily administered to children. Price 25 cents per bottle.

THE POCAHONTAS PILL. In the present age, when "Patent Medicines" are so numerous, and their properties so unblushingly extolled by their respective proprietors, it becomes necessary for the public (to guard against imposition) to require some authentic evidence of their sensitive properties. The Pocahontas Pill is not offered as an antidote for all the diseases to which flesh is heir. We merely purpose to show, by the successive publication of certificates, voluntarily offered, that their present popularity is well founded; and that as a purgative medicine, they have proved pre-eminently beneficial. These Pills are compounded according to the rules of medical science, are entirely vegetable, and may be safely given to cleanse the stomach, purify the blood, remove inflammation, and correct the morbid secretions, without regard to age, sex or condition.

Certificate of Mr. Wm. Follmer, of Turbet, Northumberland county, Pa., says—"For some years past, I have been suffering from a severe and alarming disease of the liver. Several physicians had prescribed for me, and I had taken many articles highly recommended in the papers, without any benefit. About twelve months ago, I began using the Pocahontas Pills, and am happy to say, that in a few weeks I found my disease entirely removed; since which I have been free from cough and pain in the side, and consider my malady radically cured." Price 25 cents per box. Agents for the sale of the above medicine in Bradford County: A. D. Montanye, Towanda; J. J. & C. Warford, Monroeton; A. Dewing, Warrenham; Guy Tracy, Milan; George A. Perkins, Athens; Wm. Gibson, Ulster.
