Prospectus of the next (or 17th) Volume. The price of the DEMOCRATIC REVIEW has heretoore been too high—not for its size, cost, and character, but for the means of tens of thousands of readers who would be glad to receive it, and among whom it is high-ly desirable that it should circulate. For the purpose, therefore, of largely widening the range of its usefulness, and of multiplying the numbers of those to whom it may be accessible, it has been determined, simultaneously with the great reduction in the expense of postage, to reduce its subscription price also, from Fire to only Three dollars; and when several unite in subscription, to as low as \$2.50, or even \$2.30 per annum.

This very large reduction in the receipts (accompa-nied with but a comparatively small diminution of its ex-penses) involves, of course, an entire sacrifice of profit upon it, unless compensated by a vast multiplication of its subscribers. There will be at the outset only a small reduction in its number of pages; soon to be restored to its old number, without increase of price, when the anticipated success of the experiment shall justify it. These rates afford high inducements to agents and others to interest themselves to procure subscribers. The cash system and payment in advance must be uncompromisingly adhered to. The past relaxation of it has caused an accumulation of not far from \$40,000 of debts due to the work. Hereafter, this must be whole ly reformed; nor must either the most eminent political friend, or the most intimate personal one, be displeased on experiencing its application, in the stoppage of their numbers, if they neglect this rule; the vital necessity of which, at the present reduced rates, must be obvious to all. No communications will be taken from the Post Of

fice unless free of postage.

All communications, both on editorial and publishing husiness, must be addressed henceforward to the undersigned. Those relating to the settlement of the past debte due the work will be still addressed to Mr. H. G. LANG-LET, 8 Astor House, the past arrangements with whom, as publisher, have reached their termination.
